Santa Barbara City College bases residency determinations upon various regulations and instructions from California Education Code, Federal legislation and guidelines from the California Community College Chancellor’s office. SBCC must first determine whether an individual’s citizenship/visa status allows a student to establish domicile in the United States for fee purposes. If the individual’s citizenship/visa allows establishment of domicile, then SBCC must determine physical presence and intent to make California the student’s home of record. In both cases, students must provide original documents showing evidence of valid status and proof of at least one year and one day’s physical presence in California coupled with intent to maintain California as their home. **Moving to California primarily to attend school does not constitute establishing California residence, regardless of the length of physical presence.**

There are essentially three conditions SBCC must examine for residency purposes:

1) **Legal Status** (US Citizen, Permanent Resident, Temporary Resident, Visa Status, etc. *Title 5 § 54045*)

2) **California Status** (Physical Presence and Intent to make California their home, *Title 5 § 54020 & 54022*)

3) **Financial Independence** (*Title 5 § 54032*)

If you have previously attended SBCC as a non-resident and are now eligible for resident status, you must submit the *Student Affidavit Residency Reclassification* together with documentation proving residency. Please note: incomplete Affidavits, or Affidavits without the required residency documentation will not be accepted. **The reclassification affidavit must be submitted by the Friday prior to the start of the semester the student is seeking reclassification.**

- Please direct questions regarding the Affidavit to Rosa Ruiz who is available by phone at (805) 965-0581 x5151 or by email at riruiz@sbcc.edu.

- Students who are ready to submit a completed Affidavit may make an appointment to meet with Rosa Ruiz by visiting www.sbcc.edu/residency.

It should be noted, the burden rests with the student to provide residency documentation. California Ed Code law gives SBCC the right to require information as deemed necessary (*Title 5 § 54026*). In addition, SBCC has the right to require information as deemed necessary to determine if the student has clearly established his/her residency for the purposes of tuition.

**Financial Dependence:** Please note that if a student remains financially dependent of a parent/guardian for tax purposes outside the state of California and/ or continues to receive financial support from a parent / guardian, this may weigh against finding California residence. Each student’s residency classification is unique and it is reviewed as such. Before filling out the attached Residency Affidavit, students should discuss the information with parents, as there may be certain financial considerations that will affect them.
