American Sign Language

2017-18

Associate in Arts Degree in American Sign Language

The Associate degree in American Sign Language provides an AA option to students seeking to transfer in the growing field of American Sign Language Interpretation, ASL Education or Deaf Studies.

Students with a degree in American Sign Language may transfer to four-year institutions to major in Deaf Studies, American Sign Language, or Sign Language Interpreting. The program is designed to provide students with a foundation in ASL and would benefit those pursuing business or other service-oriented fields where they might be called upon to communicate directly with Deaf individuals.

Careers in American Sign Language

Students who complete the associate degree have enhanced employability working with the Deaf community in settings such as social work and education. They are well prepared for fulltime, permanent positions rather than temporary, on-call positions.
