Santa Barbara City College

Spanish

2017-18

Associate in Arts Degree in Spanish

Spanish, as an integral part of the humanities, prepares students for transfer to a university by teaching them new modes of expression and cultural attitudes. It also perfects their knowledge and understanding of the structure of English. A foreign language is a basic element of general education because it provides an opening to understanding and participating in the cultures of the world.

Careers in Spanish

In addition to careers in education and business, Spanish provides occupational opportunities in all areas in which it is advantageous to be bilingual in English and Spanish, a skill which is especially useful in California.

The Spanish program also has Study Abroad programs in Mexico, Spain, Costa Rica and Chile/Argentina. Programs are not offered every year.
