Santa Barbara City College

Environmental Horticulture

2017-18

Certificate of Achievement in Environmental Horticulture

Jobs and a preferred lifestyle are what inspire most students to enter Santa Barbara City College's Environmental Horticulture program. The department offers a one-year Certificate in Environmental Horticulture as well as a two-year A.S. degree with six areas of emphasis to choose from.

"Learn by doing" is the program's philosophy. Practical labs, cooperative work study and apprentice training are heavily integrated into the program.

Careers in Environmental Horticulture

A major in Environmental Horticulture can lead to careers in landscape contracting (C-27 license), maintenance contracting, landscape design, nursery/greenhouse technologies, turf care, urban forestry/arboriculture, irrigation specialist, xeriscaping, integrated pest management, park administration, edible and production horticulture, floriculture and floristry, estate/grounds management, horticulture business management, green resource recycling, biodiversity conservancy and sustainable horticulture, plus many more.
