Addenda to Agenda for Regular Board Meeting
Thursday, August 18, 1960

SANTA BARBARA SCHOOL DISTRICT

2.2 Acceptance of Resignation: The Superintendent recommends acceptance of the resignation of Patricia J. Swaim, elementary teacher, effective immediately.

SANTA BARBARA HIGH SCHOOL DISTRICT

1.6 Communications

Hope School District Board of Trustees: The Superintendent has received a letter dated August 12, 1960, addressed to the Board of Education from Margaret E. Kindred, Secretary to the Hope School Board of Trustees, requesting that junior high school students living in the Apple Grove - Peach Grove area be permitted to attend La Colina Junior High School. This area is in the Hope School District and the attendance area for La Cumbre Junior High School.

At several Board meetings last summer, the Santa Barbara Board of Education considered transportation problems in both school districts. Its considerations included discussion of present and foreseeable school enrollments, safety factors, and relative distances from the various residential areas to the nearest schools. On July 23, 1959, the Board approved final transportation arrangements. Since the Apple Grove section is within walking distance of La Cumbre, the Board also took action at that time to transfer the general area of the Apple Grove subdivision from the La Colina attendance area to the La Cumbre attendance area, effective immediately.

Since specific children concerned for 1959-1960 had already enrolled at La Colina, their parents were notified on July 31, 1959, of the Board's action on the junior high attendance areas, and they were asked to indicate whether they wished to have their children attend La Colina or La Cumbre for 1959-1960. Of the 15 students immediately involved, 10 chose La Colina and 5 chose La Cumbre. Those who chose La Colina were asked to fill out customary intra-school transfer applications, which were approved for 1959-1960.

Any changes now in attendance area boundaries would probably affect all three junior high schools. Following are classroom and enrollment figures for your consideration:

<table>
<thead>
<tr>
<th>Junior High School</th>
<th>Present # Classrooms</th>
<th>Budgeted Enrollment Expectancy, Sept. '60</th>
</tr>
</thead>
<tbody>
<tr>
<td>La Colina</td>
<td>40 (including 2 portables)</td>
<td>1255</td>
</tr>
<tr>
<td>La Cumbre</td>
<td>45</td>
<td>1135</td>
</tr>
<tr>
<td>Santa Barbara</td>
<td>42</td>
<td>1140</td>
</tr>
</tbody>
</table>
Although the number of students concerned in the Apple Grove - Peach Grove area is relatively few at present, further residential development in that section could result in a number of additional pupils within the next year or so.

The Superintendent is of the opinion that any changes in school attendance areas are inadvisable at this late date. He also believes that students who wish to attend La Colina and who do not wish to attend La Cumbre can make application for intra-school transfers under the Board's present policy, which permits granting such requests under the following circumstances:

"1. a. Older sibling(s) who will attend said school the ensuing school year;
   b. Definite problem of physical health which is easily discernible to members of the school staff;
   c. Enrolled in special education program which is not offered in the school within the district of residence;

"2. In sufficiently extenuating circumstances, as determined by the Director of Pupil Personnel Services, acting in consultation with the Superintendent and others concerned, a student may be permitted to attend a junior or senior high school outside his district of residence. In such a case, the student may be declared ineligible to participate in inter-school athletics or to serve as a school or class officer."

Note: Excerpt from policy adopted by the Board of Education July 2, 1959

It should be pointed out, however, that due to anticipated growth at La Colina, no transfer permits should be approved until we have actual enrollment figures as of the 2nd day of the school term, Tuesday, September 13, 1960.

Since the Board of Education will not meet again until September 1, and the school term starts September 12, the Superintendent suggests that any changes in present procedure or attendance areas be decided at this meeting.

2.5 Assignment of Maurice L. Huglin, Jr. as Assistant Director, Adult Education Division, Santa Barbara City College: The Superintendent recommends that Mr. Huglin, now adult education assistant, be assigned as Assistant Director of the Adult Education Division to succeed Mr. Clark (reassigned to assistant principalship at San Marcos). Mr. Huglin's classification and salary in this position would be III-8-C-1, $7576, plus $150. transportation, 10 calendar months beginning September 1, 1960.

6.1 Approval of Vocational Nursing Graduates: Nineteen women have completed all requirements for Certificates of Completion in the Vocational Nursing program at Santa Barbara City College. The Superintendent recommends that the President of the City College be authorized to grant them said Certificates of Completion on behalf of the District at a ceremony scheduled for September 7, 1960.
