Addenda to Agenda for Regular Board of Education Meeting
Thursday, January 4, 1962, 4:00 p.m.

SANTA BARBARA HIGH SCHOOL DISTRICT

Communications:

1.6 County Planning Commission: As a property owner within 300 feet of the boundary of the property described below, the Santa Barbara High School District has received a notice from the Santa Barbara County Planning Commission regarding the application of C. W. Grandin and H. Berling to rezone property at the northwest corner of Turnpike Road and Hollister Avenue from 6-R-1 (residential) to C-2 (commercial) or 6-R-1-PC (planned commercial). This property is immediately across Turnpike Road from the San Marcos High School site.

The administration would appreciate the reactions of the Board as to whether it wishes to take any position regarding the rezoning request, or whether it wishes to be represented at the public hearing therein next Wednesday, January 10, at 2:15 p.m. in the Board of Supervisors Room.

Personnel:

2.1 Certificated Personnel Recommendation: The Superintendent recommends approval of transportation allowance at the rate of 8¢ a mile for Margaretta R. Vacin, home teacher, for the period January 3 - 26, 1962. Mrs. Vacin is teaching a child at Dos Pueblos.

2.2 Approval of Educational Consultant: The Superintendent recommends approval of Dr. June King McFee of Stanford University as educational consultant to junior and senior high school art teachers on January 16 and 17, 1962, with payment of expenses only from High School District funds. Dr. McFee's honorarium will be paid by Stanford University.

Curriculum and Instruction:

3.4 Lecture Series on European Architecture: The Superintendent withdraws this recommendation from the agenda since it was included on lists previously approved by the Board.

School Plants and Property:

4.4 Request for Temporary Use of San Ysidro Site: A verbal request has been received from the contractor for the Montecito Sanitary District project for use of a portion of our school site on San Ysidro Road for headquarters and storage of equipment and pipe. The portion requested is behind the avocado grove and south of the residence, entry and egress to be by the dirt road at the southern
boundary of the property. Our tenants on the property have no objection to the request. A letter is expected from the contractor, outlining details of the facilities desired, and the consideration he is prepared to pay for the use.

Subject to receipt of such a letter concerning request details as we understand them to be, the Superintendent recommends that Mr. Browne be authorized and directed to proceed with necessary arrangements with the contractor for short-term use of a portion of the San Ysidro property as outlined above.

4.5 Appreciation for Completion of Improvements at San Marcos High School:
The Board recently authorized installation of foot bridges and a gravel pathway at the east side of the San Marcos High School campus to facilitate pedestrian traffic on Hollister Avenue, particularly for students attending Cathedral Oaks Elementary School. This project was completed during the Christmas vacation. Mr. Steve Molnar, Safety Chairman of the Cathedral Oaks PTA, telephoned Mr. Browne to express appreciation for the speed with which this improvement was accomplished.

Pupil Personnel:

6.1 Redraft of Proposed Policy re. Release of Information on Senior Classes:
Last September the Board referred back to the Superintendent's Office a proposed policy re. release of names and addresses of High School seniors and City College students. The Board requested that the policy be made more restrictive. In accordance with the provisions of Education Code Section 10751, the Superintendent recommends the following policy for first reading:

"As a general policy, lists of names and addresses of high school seniors, and students at the City College, shall not be provided for any purpose. Exceptions to this general policy may be granted at the discretion of the Board of Education."
