4.4 Sale of Obsolete Instructional Materials: Judge Atwell Westwick is interested in acquiring educational materials for use in a two-room school in Colonia Guerra, Mexico. It is recommended that the Board declare the following materials are obsolete, that they are not now and will not be needed for local school purposes, and that they have a total value of less than $200:

- 6 obsolete maps
- 2 obsolete globes

It is further recommended that the Associate Superintendent be authorized to sell said materials to Judge Westwick for a nominal amount to be determined by the Board.

The Superintendent recommends that the total low bid of C. W. Berry
Construction, Inc., in the amount of $12,679.50, be accepted, and that the
Business Office be authorized to proceed with contract documents.

Completion of the parking area will require an additional expenditure of
about $1500, for lighting, fencing, and marking. This will bring the total
expenditure for this improvement to approximately $11,883, which is
approximately $2000 more than the bond fund appropriation of $9900,
recommended by the CAC. It is recommended that this additional amount,
together with the $2,296.50 for sidewalk sections, etc., be charged against
the remaining balance in the 1957 bond fund.

5. b Approval of Claim by Architect: The Superintendent recommends authorization
for progress payment in the amount of $5,712.00 to Arendt/Mosher/Grant
for professional services in connection with the La Colina Multi-use
Auditorium.
