School District as were taken in the Santa Barbara School District concerning the

2.4 Continuance of Studies by Salary Survey Committee

2.5 Other Recommendations Concerning Certificated Personnel
   (please see supplemental report 2.5 for further details)

2.6 Second Reading and Final Approval of Statement on Deductions
    from Gross Earnings

2.7 Hearings on Dismissal of Probationary Teachers: For many years, teachers
   in a school system of our size have been able to attain permanent classification
   (tenure) only after successful completion of three years of probationary service.
   State law provided that the local governing board had the discretion of releasing
   or dismissing probationary teachers at the end of any school year of proba-
   tionary service. The 1961 State Legislature enacted legislation making it
   mandatory that, upon the request of a probationary teacher, he be given a
   statement of the reasons for his dismissal and a hearing before the Board.

Upon the recommendation of the Superintendent, the Board took action at its
meeting on May 3, 1962, to release several probationary teachers from their
present positions at the close of the current school year. We have received
a formal request from one of the teachers for a statement of the reasons for
his release, and a hearing before the Board of Education. The Superintendent
recommends that the Board give consideration to when and how it wishes to
handle hearings on dismissal of probationary teachers.

2.8 Approval of Consultant for Homemaking Workshop: The Superintendent
   recommends approval of Mrs. Madeline Minchin, Homemaking Coordinator
   for Phoenix, Arizona, secondary schools, as professional consultant for
   a summer workshop on Homemaking June 18 - 22, 1962. Mrs. Minchin's
   fee would be $375, including expenses.

2.9 Classified Personnel Changes (please see 2.a, Elementary District)

3 CURRICULUM AND INSTRUCTION

3.1 Statement on Purposes and Objectives of the Santa Barbara City Schools
   (please see 3.1, Elementary District Agenda)
3.2 Report re. Study on Teacher Load by Professional Relations Committee of City Teachers' Association: During the past year the Professional Relations Committee of the Santa Barbara City Teachers' Association has given considerable attention to the matter of teacher load, particularly the seven-period day. The Committee has asked the Superintendent to present its conclusions to the Board, and the Superintendent will make such a report at the Board meeting this Thursday.

3.3 Presentation of Textbooks to be Recommended for Adoption: Attached is a list of proposed junior and senior high school textbooks which will be recommended for adoption at the regular Board meeting on June 7, 1962. In accordance with customary procedure, these textbooks will be on display in the Instructional Materials Building for the next three weeks.

4 SCHOOL PLANTS AND PROPERTY

4.1 Continuance of Public Hearing: The Superintendent recommends continuance to July 5, 1962, on or about the hour of 4:00 p.m., of public hearing on conveyance of property on West Cabrillo Boulevard to the City of Santa Barbara. It is earnestly hoped that this and a similar item of business in the Elementary District can be completed soon.

4.2 Working Drawings on Portable Classrooms: Noel D. Cooke, Architect, will attend the Board meeting to present working drawings on portable classrooms. The Superintendent recommends they be approved with authorization for submission to the State Division of Architecture together with the necessary filing fee.

4.3 Adoption of Necessary Resolution to Initiate Condemnation Proceedings on Property: In accordance with the Board's action on May 3, 1962, the necessary form of resolution to initiate condemnation proceedings on the Bumstead property on Patterson Avenue has been prepared by the County Counsel's Office. The owners of this property, which will be used immediately as the site for an urgently needed junior high school, have not accepted the Board's offer of $156,500. The Superintendent recommends that the prescribed form of resolution be adopted by the Board at this meeting.

4.4 Advertised Bids on San Marcos High School Classrooms: A tabulation of advertised bids on additional classrooms at San Marcos High School will be presented at the Board meeting. Said bids were opened Tuesday, May 15, 1962, at 2:30 p.m. Since a construction contract cannot be awarded until after funds are available through sale of bonds, the Superintendent recommends that this matter be continued to the next regular Board meeting on June 7, 1962.

4.5 Recommended Contract with Noel-Henderson, Architects: On April 19, 1962, the Board retained Frederick Noel as Architect on bond building projects at La Cumbre Junior High School. Mr. Noel has since gone into partnership with John Robert Henderson, A.I.A., under the firm name of Noel -
Henderson, A.I.A., Architects. The proposed form of agreement with said architectural firm will be presented at the Board meeting.

2. PERSONNEL

At its last meeting, the Board accepted for further study the report and recommendations of the Salary Survey Committee concerning interim salary adjustments of certificated and classified employees for the 1962-1963 school year. The administration has given careful consideration to these interim recommendations, and requests that the Board of Education take the following actions at this meeting covering salary rates for 1962-1963.

2.1 Teachers' Salaries for 1962-1963:

a. The Superintendent recommends that the Board adopt the basic salary schedule for 1962-1963 as recommended by the Salary Survey Committee, said salary schedule to be applicable to the following classes of certificated employees (please see Attachment 2.1):
   Teachers, counselors, librarians, nurses, and other regularly employed certificated staff members other than administrators, day-to-day and short-term substitute teachers, and certificated personnel employed on an hourly basis.

b. The Superintendent recommends continuance on an interim basis for 1962-1963 of the present schedule of fixed annual differentials for special teachers, nurses, Head Teacher at Parma School, department and division chairmen, Adult Division assistants, teacher-counselors, counselors, pupil personnel consultants.
etc., and the 75% of basic salary differential for special summer work.

c. The Superintendent recommends election for 1962-1963 of the following persons, and authorization for the Personnel Office to issue contracts to said employees in accordance with the basic salary schedule for said school year, and applicable laws and Board regulations:

Those certificated staff members stipulated above who were employed on an annual basis during 1961-1962, with the exception of those who have resigned, retired, become deceased, been reassigned, transferred, released, or granted leaves of absence without salary.

d. Upon the recommendation of the Salary Survey Committee, the Superintendent recommends approval of the following salary rates for substitute teachers and hourly certificated personnel for the 1962-1963 school year:

***- proportions of full-time load to be determined by administrator in charge, subject to approval by Assistant Superintendent of Personnel and Special Services

** - administrative recommendations:

The Committee has recommended that Home Teachers be paid next year at the rate of $6.00 / hour. The Superintendent recommends that the salary rate for these teachers for 1962-1963 be $6.50 / hour (the same as that recommended for teachers of City College and Adult Division lecture courses).

The Superintendent also recommends that Assistant Physicians in the Health Department be paid for their part-time services during 1962-1963 at the rate of $9.50 / hour. The present hourly rate is $9.00 / hour.

2.2 Administrators' Salaries for 1962-1963:

a. The Superintendent recommends that present administrative personnel in the Santa Barbara City Schools be reemployed in their present positions for
1962-1963, subject to approval of position title changes recommended below, and excluding those persons who have resigned, retired, been granted leaves of absence without salary, etc.

b. The Superintendent recommends that salaries for 1962-1963 of said administrative personnel, excluding the Superintendent, be determined on the basis of the recommendations of the Salary Survey Committee, and that the Personnel Office be authorized to issue contracts to said persons in accordance with the following calculation formula on recommended equity adjustments:

1. Salary for 1961-1962 in administrative position

2. Equity adjustment to partially compensate for "freeze" of administrative differentials last year:
   a. $420, for each Assistant Superintendent (difference between salary on 1960-1961 basic salary schedule, and salary on 1961-1962 basic salary schedule)
   
   b. Difference, if any, between actual administrative differential for 1960-1961, and the amount of administrative differential which would have been received in 1962-1963 if the 1960-1961 basic and administrative salary schedules had continued in effect

Note: The amounts payable under this recommendation range from nothing for a number of persons at the top steps of their respective basic and administrative salary schedule classes in 1960-1961, to $627, for one individual who was advancing in both his basic and administrative salary schedule classes in 1960-1961

3. 4% of the sum of #1 and #2 (excluding doctorate differential, if any), but with total increase for each employee of not to exceed 7-1/2% of his salary for 1961-1962, excluding doctorate differential

4. Salary adjustment for increased time assignment, if any, during 1962-1963 school year (amount of salary adjustment to be based on 1/10 of salary for 10 calendar months for each month of extended time assignment in those specific cases where the duties and responsibility levels during the period of extended time are the same as the duties and responsibility levels during the regular school term; please see Recommendation 2.2e for specific administrative positions being recommended for said extended time assignments)

The Superintendent wishes to point out that all calculations on equity adjustments for administrators are based on 1960-1961 salary levels, and do not take into consideration the basic salary schedule increases authorized for 1961-1962, or recommended for 1962-1963. In every instance, the equity adjustment for the
individual administrator is substantially below the amount he would have been paid had the Board not taken action last spring to freeze administrative differentials at the 1960-1961 levels. Even with the recommended adjustments for next year, our administrative salaries will still be below the medians of salaries paid this year for comparable positions.

c. The Salary Survey Committee recommended that the amount of the Superintendent's salary be a matter for direct negotiation between the Board of Education and the Superintendent. The Superintendent recommends that this matter be held for consideration at a later Board meeting.

d. The Superintendent recommends approval of the following changes in administrative position titles, said changes to be without any salary adjustment for the 1962-1963 school year:

<table>
<thead>
<tr>
<th>Present Title</th>
<th>Recommended Title</th>
</tr>
</thead>

e. The Superintendent recommends approval of additional time assignments for the following administrative positions for the 1962-1963, with payment for said additional services to be at the rate of 1/10 of the salary for 10 calendar months for each month of extended time assignment:

- Director of Special Education - annual time assignment increased from 10 to 11 calendar months/school year
- Director of Pupil Personnel Services - annual time assignment increased from 10-1/2 to 11 calendar months/school year
- Assistant Director of Pupil Personnel Services - annual time assignment increased from 10 to 11 calendar months/school year
2.3 Classified Personnel Salaries for 1962-1963:
a. In concurrence with recommendations of the Salary Survey Committee, the Superintendent recommends:

Continuance of the present classified salary schedule for 1962-1963
(please see Attachment 2.3)

Authorization of a 5% across-the-board increase for present classified positions, said increase to be accomplished by moving each position up one range on the present salary schedule

b. Following re-evaluation of the present schematic placement of classified positions on the salary schedule, the Superintendent recommends approval of changes in position titles, reclassification of positions upon the master schedule, and/or discontinuance of present positions in accordance with the following details:

Note: The proposed salary rates for next year are based on the Salary Survey Committee's recommendation for a 5% increase for classified personnel.

d. 2.4 Continuance of Studies by Salary Survey Committee: The Superintendent recommends that the Salary Survey Committee be requested to continue its deliberations for the balance of the current school year on a long-range compensation plan for teachers, a salary schedule for administrators, etc. Recommendations on membership of the Committee for 1962-1963 will be presented to the Board at a subsequent meeting.

2.5 Other Recommendations Concerning Certificated Personnel:
The Superintendent recommends approval of certificated personnel items noted on supplemental report 2.5, together with election of new teachers for 1962-1963 as listed thereon, with salaries for the respective classifications to be in accordance with the basic salary schedule approved by the Board at this meeting.

2.6 Second Reading and Final Approval of Statement on Deductions from Gross Earnings: The Superintendent recommends second reading and final adoption of the statement of policy on deductions from gross earnings which was accepted as revised for first reading at the Board meeting on May 3, 1962, said revision in the original wording being as follows:

Deductions for Organization Dues:
The Board of Education may in its discretion permit payroll deductions for the purpose of paying dues for membership in professional organizations, subject to authorization by individual employees concerned. Such payroll deduction plans without charge shall be limited to the following principal organizations of which the majority of school district employees are members:
2. a **Classified Personnel Recommendations:** The Superintendent recommends approval of changes in classified personnel assignments for the balance of the current school year in accordance with details of supplemental report 2. a.

3 **CURRICULUM AND INSTRUCTION**

3.1 **Statement on Purposes and Objectives of the Santa Barbara City Schools:**
The Superintendent is pleased to present for the Board’s information the attached statement on "Purposes and Objectives of the Santa Barbara City Schools." This statement is the most recent of a series of drafts extending over a period of more than two years. It reflects the thinking in depth of a great many people—teachers, administrators, other staff members, individual Board members, parents, and other citizens. It also reflects a skillful job of synthesizing suggestions from many resources.

The general purposes and objectives relate the basic goals which are common to all levels of the school system. The implementing statements on the elementary school, junior high school, senior high school, and City College levels relate the principal objectives which are more or less singular to the respective educational levels.

Copies of the proposed statement are being distributed to certificated staff members, the PTA Study Committee on Curriculum, Santa Barbara PTA Presidents, and other interested citizens. Recommendations for first reading, and second reading and final adoption will be scheduled for the regular Board meetings in June.

4 **SCHOOL PLANTS AND PROPERTY**

4.1 **Continuance of Public Hearing:** The Superintendent recommends continuance to Thursday, July 5, 1962, of public hearing on conveyance of a portion of the Washington School site to the City of Santa Barbara, said hearing to begin on or about the hour of 4:00 p.m.

4.2 **Resolution of Intent to Lease School Property:** The Assistant Superintendent of Business Services will present a proposed resolution of intent to lease school district property known as Phelps' Field in Mission Canyon for a day
camp during the summer months at a minimum lease payment of $150/month/three months. The Superintendent recommends adoption of said resolution and authorization to advertise for bids thereon, with the bid opening to be on Thursday, June 7, 1962.

4.3 Renewal of Lease with Peter Cavalletto: The Board now has a lease with Peter Cavalletto for lemon growing activities on school district property off of Modoc Road, said property having been acquired by the Board as the site for a future elementary school. The lease, which expires June 30, 1962, provides for extension for a period of one-year upon the request of the lessee. Mr. Cavalletto has made such a request in writing, and the Superintendent recommends that the extension be granted at an annual payment of $1200.

5 BUSINESS AND FINANCE

5.1 Proposal for Research Study on Public School Financing in California:
The problem of adequate financing of public school education in California is becoming increasingly acute, and public school districts in the State are increasingly concerned about their financial ability to provide a satisfactory education program over the coming decade. A large number of districts in the State have jointly invited Stanford Research Institute to submit a proposal for an objective study of:

1. the economic, demographic, and financial factors that will affect the requirements and financial support of public school education in California over the 1963-1973 period; and

2. the amount of revenue for public school support that may be reasonably expected over this period from the traditional sources of public school revenue, from development of new local sources of revenue, and from changes in State policies relating to subventions to local school districts for the support of public education.

Approximately 40 of the large school districts in California have evidenced their interest in participating in this research study. The Superintendent and Mr. Browne feel strongly that inclusion of the Santa Barbara City Schools would be of inestimable value to the Board, the staff, and the community at large in our planning to meet future educational needs. The total expense to the local school system is estimated to cost between $3000 and $4000.

The Superintendent recommends that the Board indicate its intention to participate in such a study by Stanford Research Institute, and authorize the administration to proceed with further planning, subject to approval of the formal contract form by the Board of Education. The Superintendent and Mr. Browne will present further details on this proposal at the Board meeting.
5.2 **Transfer from Undistributed Reserve:** The Superintendent recommends that the Board request the County Superintendent of Schools and County Auditor to transfer the sum of $4,000. from the Undistributed Reserve of the Santa Barbara School District for 1961-1962 to Budget Classification 9 - Community Services. Mr. Browne will present further details at the Board meeting.

5.3 **Amendment to Transportation Contract:** The Superintendent recommends amendment to the contract with Tanner Motor Livery, Ltd., for transportation of special education students for the balance of the current school year:

- **Trips #7 & 18** Delete one Parma School student at reduced cost of $2.00/day, effective April 2, 1962
- **Trip #5** Change of address for one student at Franklin School, additional cost of $2.00/day, effective May 1, 1962

5.a **Purchase Order Report:** The Superintendent recommends authorization and/or ratification of the purchase of supplies, equipment, and services on purchase orders numbers 915 through 1042 in conjunction with the Santa Barbara High School District.

5.b **Payment of Claims:** The Superintendent recommends authorization and/or ratification of the payment of the following claims in conjunction with the Santa Barbara High School District:

- General claims on Warrants Numbers 5730 through 6050 ("B" warrants)
- 1472 payroll warrants for April, 1962, in amount of $577,450.38

5.c **Financial Statements, April 30, 1962:** The Superintendent recommends that the following financial statements as of April 30, 1962, be received and ordered filed: General Fund, Cafeteria Fund.

6 **PUPIL PERSONNEL**

6.1 **Changes in Elementary School Attendance Areas, Effective 1962-1963:** At its regular meeting on May 3, 1962, the Board signified its intent to make certain changes in elementary school attendance areas, effective 1962-1963, and continued final action to this Board meeting. In accordance with details of the recommendation presented two weeks ago, the Superintendent recommends approval of the following changes in attendance areas for Santa Barbara elementary schools, effective 1962-1963:

Include with Garfield School attendance area:
- Pilgrim Terrace optional area
- Area bounded by Mission, Hollister, Arrellaga, and San Andres
- Area bounded by Mission Creek and Alamar Avenue

6. 2 Inter-District Attendance Agreements: The Superintendent recommends
approval of the prescribed agreement to cover the attendance of Debra Sue
Louden, resident of Goleta Union School District, in the Santa Barbara

COMMUNITY RELATIONS

7. 1 Appointment of Advisory Committee on Pupil Transportation Services:
Last August the Board authorized appointment of an advisory committee of
representative citizens "to study the entire matter of pupil transportation
services . . ., and to advise the Board on development of a long-range
policy with reference to such transportation services, keeping in mind that
the problem is becoming increasingly complex and the cost increasingly
burdensome to the High School District." The Citizens' Advisory Committee
attempted to include this phase of school district operations in its studies last
fall, but referred it back to the Board and administration due to the pressures
of its other deliberations. Several of the citizens who evidence particular
interest in the problem have now arranged to proceed with the study. The
Superintendent recommends appointment of the following persons on this
advisory committee, with the first meeting to be held Monday evening, May 28:

John P. Franklin, Chairman
Roy H. Ellis
Lawrence C. Lane

Mrs. Robert D. McClurg
Edward Tschupp
R. V. Jackson, Staff Consultant
8 ADJOURNMENT

The Superintendent recommends adjournment of this meeting to Thursday, May 24, 1962, at 4:00 p.m., for the purpose of considering matters relating to the school district budgets for 1962-1963.

It also appears at this time that it will be necessary for the Board to meet in adjourned session on Thursday, May 31, for further budget considerations.
