5.3 Agreement with the University of California, Santa Barbara, for Work Study Aides

Under provisions of the Economic Opportunity Act of 1964, the University of California, Santa Barbara, has received a grant to pay qualified students for work which will assist with the cost of their education. Through this grant, the Santa Barbara Junior College District is able to secure the services of some of these students at a cost of 10 per cent of the total funds involved. It is proposed that the services of several UCSB students be utilized in the Santa Barbara Junior College District during the 1966-67 school year. The funds to cover this expenditure have been budgeted. Those students employed would assist regular instructors as readers and with clerical duties. The Superintendent requests authorization to enter into an agreement with UCSB for these services.

8. GENERAL INFORMATION

8.1 Progress Report on Bond Election Campaign

A progress report will be made on bond election campaign plans and accomplishments.

8.2 Board Endorsement of Propositions 2 and 4

Among the many propositions on the November 8, 1966, ballot, there are two which are of great concern to the Santa Barbara Junior College District. These are Propositions 2 and 4. Proposition 2 will make possible funds to guarantee construction of buildings for both the University and the state colleges. Proposition 4 would lower the number of votes required to pass school bond issues from 66-2/3 to 60 per cent. The Superintendent recommends that the Board of Trustees endorse both Propositions 2 and 4.
