Santa Barbara City College

July 18, 1967

TO: Dr. Robert C. Rockwell, President-Superintendent
FROM: Pat Huglin, Administrative Dean-Instruction
SUBJECT: Mesa Campus Building Priorities

A. PHASE III

The Board of Trustees, the Citizens Advisory Committee, the Division Chairman Committee and the administration have all recognized the need to complete Phase III of the Mesa Campus as soon as possible. However, the nature of the election set for October 10, 1967 (a bond issue of $2,835,000 to raise grants of $1,661,000 and a tax override at 35c for five years) will necessitate establishing priority rankings within Phase III. The following priorities and rationale for groupings are recommended:

**Group I**

Life Science and Geology (D-4)
Physical Education complex (G-2, G-4)
Health Occupations (J-1)

The bond passage with matching federal and state funds will provide for the above needed facilities.

**Group II**

Lecture Hall, Foreign Language, faculty offices (C-1, C-2, C-3)

The funding for the above facilities will necessarily be based on override funds and possible federal or state loans and/or grants. These facilities will provide general classrooms, office spaces and language laboratories that are now served by fourteen wooden portables and eight temporary classrooms in the library.

The lecture building is the next logical facility to consider for an application under the Higher Education Facilities Act.

**Group III**

Drama-Music, Arts and Crafts (E-1, E-2)

Music, drama, speech and art instruction at the college are all conducted in temporary and/or marginal classrooms. The art department has now reached a point of maximum enrollment because
of lack of space and related facilities. The performing arts
departments are presently using completely inadequate facilities.
A successful federal loan application could move construction
of these facilities up to 1968-69.

**Group IV**

Business Education (F-4, F-5)

All business education classes at the college are conducted in
temporary and/or marginal classrooms. The future data processing
installation, serving the total district needs, will be in this
facility.

**Group V**

Remodelling of Student Center (H-1, H-2)
Technical/Vocational - Building Trades (F-3)

The remodelling of the Student Center will provide increased
space for kitchen, dining and bookstore facilities as well as
additional area for student activity and government participation.
Enrollment projections indicate that the present facilities will
be totally inadequate to meet the anticipated growth of the
student body.

The Vocational/Technical facilities of the Mesa Campus will be
greatly increased with the completion of the Health Occupations
wing, the Business Education Building, and the Life Science
Building (Marine Technology.) Also, the classrooms now used by
Life Science and Geology in the Administration Building will be
converted to Vocational/Technical use when the former disciplines
shift to their new facility.

The building trades unit (F-3) will provide for the needs of the
present evening curriculum in apprenticeship and related subjects.
Hopefully, day-time curricula can be developed to increase utiliza-
tion standards for this facility.

**B. PHASE IV**

No decision should be made on Phase IV priorities at this time since
funding has not been provided for the completion of the Mesa Campus in
the October 10 election package.

The above priorities, based on curriculum needs in accordance with space
requirements for S.B.C.C., reflects the combined opinion of the architects,
the division chairman and the Administrative Dean-Instruction. Rigid
adherence to the groupings within Phase III should be avoided at this time,
inasmuch as future funding possibilities are unknown at this time.

The schedule of rental payments proposed in this Lease-Contract Agreement is as follows:

First Lease-Contract payment (35 days after Notice of Completion filed which cannot be filed prior to Architect's giving District his written completion certification). $12,014.00

Second Lease-Contract payment (on first anniversary of first payment) $15,476.44

Third Lease-Contract payment (on second anniversary of first payment) $14,762.14

Fourth Lease-Contract payment (on third anniversary of first payment) $14,047.84

Fifth Lease-Contract payment (on fourth anniversary of first payment) $13,333.54

Sixth Lease-Contract payment (on fifth anniversary of first payment) $12,618.24

Option to purchase portable buildings payment, paid concurrently with the Sixth Lease-Contract payment $ 500.00

TOTAL $82,752.20

In view of the urgent need for these portable buildings, the Superintendent recommends that the Board authorize the Administrative Dean, Business Services to enter into a Lease-Contract Agreement with Don Greene as outlined above.

1. The purchasing of school lots.
2. The building or purchasing of school buildings.
3. The making of alterations or additions to the school building or buildings other than those as may be necessary for current maintenance, operation or repairs.

All of the above enumerated purposes shall be united and voted upon as one single proposition.

Said bonds proposed to be issued and sold shall bear interest at a rate of not exceeding 5% per annum, payable annually for the first year the bonds have to run, and semi-annually thereafter, and the number of years the whole or any part of the bonds are to run shall not exceed 25 years from the date of the bonds or the date of any series thereof.
The election precincts and polling places are designated for the election as shown on Appendix "A" attached hereto and hereby made a part of this order.

IT IS FURTHER ORDERED that the statement of the purposes of the election in the form in which it is to appear on the card notice of election, pursuant to Sections 1345 and 21751 of the Education Code, shall be as follows:
