The Superintendent stated that the Board has adopted policies for the selection of administrators and that recommendations on specific procedures for selection of a permanent replacement for Mr. Wake would be brought to the Board at the next meeting. Pending selection of a permanent replacement, the Board was informed of the necessity to make interim arrangements, and the Superintendent recommended the position be filled on an interim basis from October 1, 1972, through January 31, 1973.
2.1 b. Non-Routine Certificated Personnel Items (Cont'd)

Griffin, currently Continuing Education Counselor, to serve as Acting Coordinator, Continuing Education, at Step 1 on the Administrative Salary Schedule, effective from October 1, 1972, through January 31, 1973, as indicated in Attachment 2.1-b (2).

Mrs. Joanne Hendrick, Chairman of the Nursery School Education Department, introduced the new appointees to the Board members at the meeting.

installments of $2,458.33, beginning July 1, 1972, and nine
equal monthly installments of $2,581.25, beginning
November 1, 1972; and that effective July 1, 1973, a new

contract, be entered into with Dr. Gooder at an annual

Mr. Frank on behalf of the Board of Trustees stated
that the Board has been impressed with the Superintendent-
President's performance and have been waiting for this
opportunity to express their appreciation for his leadership.

The Superintendent thanked the Board of Trustees for
their action and indicated that he had not requested either
the salary adjustment or the contract extension but
appreciated them very much. He voiced his gratefulness
that the Board was interested in continuing their relation-
ship for another four years. He stated that although he
has worked in higher education all of his adult life, he
has never had a responsibility that was more satisfying
than the one he has had here. Reasons given were his
high regard for the members of the Board of Trustees, and
his high regard for the professional staff and the students
of the Santa Barbara Community College District. He stated
his belief that the work here is not done, referred to his
hopes and plans for the future, and said he was pleased to
extend their association and continue to build on the
"wonderful foundation that the Board and the faculty has
made for this College."

3. STUDENT PERSONNEL

3.1 Report on an Evaluation of the Summer Readiness Program: NYC Goes to College, Summer, 1972 (Research Office Memo No. 14-72)

Dr. Thomas MacMillan, Administrative Dean of Admissions, Guidance and Research, discussed an evaluation report of the recently completed NYC Summer Readiness Program. Enclosure 1 contained the report -- An Evaluation of the Summer Readiness Program: NYC goes to College, Summer, 1972 (Research Office Memo No. 14-72).

The Summer Readiness Program, jointly sponsored by SBCC and the Neighborhood Youth Corps (NYC), has been in operation since 1970. Students enrolling in the program are given tutorial assistance and group counseling, and are placed in part-time jobs up to 26 hours a week, as well as enrolling in a full-time summer load. The Report stated that the purpose of the study was "to provide descriptive data concerning the demographic characteristics of the NYC students enrolled Summer, 1972; to describe the academic aptitude of the enrolled students in the program; to describe the persistence and performance of the NYC participants in the summer session; and to make recommendations for the improvement of the program next year."

Dr. MacMillan called the Board's attention to the Tables contained in the Report (Enclosure 1), which summarized the results of the 1972 Summer Readiness Program. He indicated that the program continues to improve and attributed the success of the program to the Tutorial Center.

Mrs. Alexander commented on the excellence of the research provided by Dr. MacMillan and expressed the opinion that "this kind of statistics and strong points made in the study will help the District to obtain the necessary funding in the future."

3.2 Report on Student Enrollment for Fall Semester, 1972

Attachment 3.2 contained an Enrollment Report for the 1972 Fall Semester by Mr. Lisle Bresslin, Assistant Dean of Admissions and Records. Mr. Bresslin informed the Board that student enrollment had increased since his report on September 11 and gave the current figures to date.
3. **STUDENT PERSONNEL (CONT'D)**

3.2 continued

Student day enrollment has reached an all time high of 5175 students and evening credit enrollment has reached 1779 students, for a total of 6954 enrolled for the 1972 Fall semester. This is an increase of 446 day students, representing a percentage increase of 9.43; evening enrollment increased slightly. The total overall increase in credit enrollment was 501 students, or 8 percent. In addition, Mr. Bresslin reported that the day figures included 360 out-of-district California 18-year-olds as compared to 52 out-of-district students last year. He predicted that this trend will continue to increase in the future as a result of the new legislation passed in California.

3.3 **Adoption of 1972-73 Co-Curricular Budget**

The first co-curricular program and budget was adopted for the 1971-72 college year. It was felt that the program and budget met expectations and generally worked very satisfactorily. The budget, summarized in Attachment 3.3, essentially provides for the same type of program during 1972-73.

Upon recommendation of the Superintendent, it was moved by Mrs. Alexander, seconded by Dr. Dobbs, and unanimously carried by the Board to adopt the 1972-73 co-curricular budget as indicated in Attachment 3.3.

3.4 Agenda Item Withdrawn - The Superintendent informed the Board that this item contained the same recommendation as item 5.2-e and would be considered later under the Business Services section.

4. **CURRICULUM AND INSTRUCTION**

4.1 **Report of the Nursing Education Consultant's Survey of the SBCC Vocational Nursing Program**

The Superintendent referred the Board to Attachment 4.1, the report of the Nursing Education Consultant's survey of SBCC's Vocational Nursing Program. Particular attention was called to the

significant information or opinions on page 5 of the attachment. It was the decision of the Vocational Nursing Board that accreditation for the SBCC Vocational Nursing Program be continued and that another visit be made in one year. The Board recommended that the curriculum be revised and submitted for Board approval.

Miss Shirley Conklin, Assistant Dean of Health Occupations, discussed the report contained in Attachment 4.1 and responded to the comments made by the Nursing Education Consultant. The Board of Trustees were informed that the State had two Boards -- the Vocational Nursing Board and the Registered Nursing Board -- and that the State Legislature was considering joining the two boards. Miss Conklin indicated that the Vocational Nursing Board was more rigid in their rules and regulations.

Miss Conklin made the Board aware of the present situation taking place in the health care field. There is a national trend toward less and less patients in hospitals; therefore, less trained persons in health care are needed and jobs are not as plentiful. Possible reasons for the current trend are: high cost of health care, length of time people can afford to be in hospitals because of insurance limitation, preventive medicine approach by some companies, and new programs such as Medicare and Medi-Cal. Miss Conklin believes that the reduction in the number of patients is a temporary trend, but that health care needs of people will be met within the community -- in clinics, in patient's and in convalescent homes--in places other than hospitals. To prepare SBCC students for the future, the students are being trained in convalescent homes as well as local hospitals; but it is difficult at the present time to find adequate learning experience for students and jobs after graduation are hard to find. The Health Occupations staff is concerned about the current trend and is informing applicants of the situation as well as studying it to see if other decisions need to be made. Miss Conklin concluded by saying that as the transition in the health care field takes place, health workers will be doing things other than they have been doing in the past. Mr. Frank thanked Miss Conklin for her informative report.

4.2 Report of the Scores on MDTA – LVN Students in State Board Exams

Miss Shirley Conklin, Assistant Dean of Health Occupations, referred to Attachment 4.2, which reported the scores made by candidates from Santa Barbara City College on the last licensure examination for vocational nurses. All 12 SBCC students passed and of the 24 schools in the State, Santa Barbara City College placed sixth. Both Miss Conklin and the Superintendent gave credit to the Health Occupations staff who worked with these students.

5. BUSINESS SERVICES

5.1 Routine

Upon recommendation of the Superintendent, it was moved by Mr. Garvin, seconded by Mrs. Alexander, and carried by the Board to approve the actions requested in Items 5.1-a and 5.1-b, as indicated in the attachments:

a. Authorization and/or Ratification of Purchase Order Numbers P23-0477 through P23-0624 for Supplies, Equipment, and Services – Attachment 5.1-a

b. Authorization and/or Ratification of Payment of Claims as Listed on Attachment 5.1-b and such other claims that may have been submitted prior to the meeting

5.2 Non-Routine

a. Approval of Employment of Consulting Geologist for Seismic Study of Continuing Education Site

Before construction can begin on the Ceramic-Glassblowing Laboratory, a seismic study of the site must be conducted. It is the recommendation of Mr. Wallace Arendt that the District employ the same firm which did the study of the Mesa Campus site. Attachment 5.2-a delineated the schedule of charges for this type of study. It is estimated that this study would not exceed the cost of the Mesa Campus study which was less than $500.
5.2 Non-Routine Business Services Items (Cont'd)
   a. continued

   Upon recommendation of the Superintendent, it was moved by Mrs. Alexander, seconded by Mr. Garvin, and unanimously carried by the Board to approve the employment of Glenn A. Brown and Associates, consulting geologists, to conduct a seismic study of the Continuing Education site at 914 Santa Barbara Street where the Ceramics-Glassblowing Laboratory will be built.

   b. Acknowledgment of Notification of District Status on Deficit Financing

   Attachment 5.2-b contained a notification from the County Superintendent, in compliance with Education Code Section 21107.5, that the District adopted budget has a deficit of $268,703 between income and expenditures. (At the last meeting, a similar notice was given based upon the Publication Budget. At that time the deficit was $245,166.)

   Upon recommendation of the Superintendent, it was moved by Dr. Dobbs, seconded by Mrs. Meigs, and carried by the Board to acknowledge receipt of the Notice of Deficit Financing from the Santa Barbara County Superintendent of Schools.

   c. Civil Defense, Disaster, and Disturbance Plan

   The Superintendent called the Board's attention to the Recommended Civil Defense, Disaster and Disturbance Plan for the Santa Barbara Community College District, distributed as Enclosure 2. State law requires that the Board of Trustees annually approve the District's Plan. Because a major revision has been made in this year's Plan, the Superintendent stated that the Board might wish to study it further before taking action.

   Upon Dr. Dobbs' request, action on the new Plan was tabled until the next meeting. The Superintendent indicated that the staff would take the liberty of utilizing the Plan during the "Disaster Drill" planned for Wednesday, September 20th. Dr. Sorsabal stated that by October 1 of each year the plan must be adopted.
5.2 Non-Routine Business Services Items (Cont'd)

d. Adjustments in Intra-District Travel Allowance Approved

As a result of changes in assignments within the Continuing Education Division, the Board was informed that three intra-district travel allowances required adjustment. Attachment 5.2-d listed the suggested changes.

Upon recommendation of the Superintendent, it was moved by Mrs. Meigs, seconded by Dr. Dobbs, and unanimously carried by the Board to approve the monthly travel allowances for the following personnel, as indicated in Attachment 5.2-d:

e. Approval of Agreement with Shasta-Tehama-Trinity Joint Community College District in connection with the NORCAL Research Project

Upon recommendation of the Superintendent, it was moved by Mr. Garvin, seconded by Dr. Dobbs, and carried by the Board to approve the agreement with the Shasta-Tehama-Trinity Joint Community College District to reimburse them for serving as fiscal agent for research projects undertaken cooperatively through the Northern California (NORCAL) Research Group during the 1972-73 school year.

The NORCAL Group will continue research training activities this academic year, as it has the past two years, and Dr. Thomas MacMillan, Administrative Dean of Admissions, Guidance and Research, will be one of the training consultants. In addition, the District will be able to send one administrator or faculty member to the training workshops. Our fee is $350; but since all travel and conference expenses are paid, the District will receive at least that amount of money in reimbursement travel costs as well as the value gained by the training activities and research efforts.
