ADVISORY COMMITTEES for OCCUPATIONAL EDUCATION

SANTA BARBARA CITY COLLEGE
721 CLIFF DRIVE
SANTA BARBARA, CALIF. 93109
FOREWORD

Increasingly, education will be a cooperative and complementary effort between College and Community.

This publication contains the names of those who serve on citizen advisory committees to Santa Barbara City College. The advisory committees represent a wide range of occupational areas. Each committee serves as an example of cooperation between the Community and the College. Each contributes to improving the quality of service to the Community by the College and to increasing the responsiveness of the College to the Community.

The citizens listed here give generously of their time, their experience, and their professional knowledge through advisory committees. They assist College personnel to develop new occupational programs related to changing needs. They recommend courses of study, equipment, supplies, and they describe instructional needs. They assist the College to prepare students for useful and productive occupations.

The Board of Trustees, the faculty, the students, and the staff of Santa Barbara City College are deeply grateful to each member of these committees for their assistance and guidance.
