Dr. Glenn G. Gooder
Supt./President
Santa Barbara Community College
721 Cliff Drive
Santa Barbara, Calif.

Dear Dr. Gooder:

Club West has started a drive to raise $30,000 to apply to the cost of an all-weather track at La Playa Stadium and we feel that one good fund raising event is all that we need to enable us to meet this goal.

We have been working with the advice and suggestions of Athletic Director Ed De Lacy, Coach Les Stevens and others and in compliance with our written agreement with S.B.C.C. for such an endeavor.

If this item is placed on the August 4 agenda of your Board we will be represented by some of our Board members to discuss the details of this proposed event and will be prepared to answer any questions your Board may have. We would hope that your athletic department would also be represented to assist in this presentation.

An all-weather track should greatly enhance the athletic facilities and activities of S.B.C.C. and we are most anxious to reach our goal and make this improvement possible.

If this request is granted and the item placed on the agenda will you kindly see that I am informed so we can be properly represented. My home phone is 687-6323 and a message can be left there at any time.

Very truly yours,

George H. Adams, Pres.
CLUB WEST

P. S. The nature of the event is explained in the enclosed copy of the Request to Use Facilities.

TO: Local, State, and Federal Agencies, Special Districts and Agencies, Neighboring Jurisdictions, and Utility Companies Affected by Local Coastal Program Development

FROM: Planning Division - Local Coastal Program Staff

SUBJECT: The City of Santa Barbara's Preparation of Its Local Coastal Program; Designation of Agency Liaison

The City of Santa Barbara has recently begun preparation of its Local Coastal Program (LCP) as mandated by the California Coastal Act of 1976. The LCP, when completed and certified, will embody the City's policies and regulations for development in its Coastal Zone.

In order to establish a mechanism providing maximum opportunity for your agency to participate in our LCP preparation, we are requesting that you designate a liaison person from your staff who may, from time to time, be requested to: 1) make available relevant information; 2) keep us alerted as to your agency's development plans, activities, etc., in the City's Coastal Zone; and, 3) provide input reflecting your agency's area of expertise as the LCP is developed.

Your agency will be receiving a copy of the "LCP Newsletter" created by the County of Santa Barbara-City of Carpinteria LCP staff to provide background and progress information for affected agencies, concerned groups, and individuals. The City of Santa Barbara is participating in the newsletter and items of local interest should help keep you informed of City, as well as regional, LCP progress.

Please notify the Planning Division of your designated liaison at your earliest convenience (preferably before the end of August 1977). Communications regarding the liaison designation and any questions about the City's Local Coastal Program should be directed to Meredith Getches or Robert Fraker at (805) 963-0611, ext. 251. Your cooperation in this matter is greatly appreciated.

LOCAL COASTAL PROGRAM – BACKGROUND AND DESCRIPTION

The California Coastal Act of 1976* mandates that, "Each local government lying, in whole or in part, within the coastal zone shall prepare a local coastal program for that portion of the coastal zone within its jurisdiction" (Section 30500a). The Local Coastal Program (LCP) cannot be submitted to the regional commission prior to July 1, 1978 or later than January 1, 1980.

A Local Coastal Program involves the preparation of a land use plan, zoning ordinances, and, in the case of sensitive coastal resource areas, implementing actions, which are consistent with the State Coastal Act. The land use plan is defined by the Coastal Act as follows:

"Land use plan means the relevant portions of a local government's general plan, which are sufficiently detailed to indicate the kinds, location, and intensity of land uses, the applicable resource protection and development policies and, where necessary, a listing of implementing actions." (Section 30108.5)

The land use plan and accompanying zoning map, when completed, will be presented to the regional and State Coastal Commissions for certification. Upon certification, the City will assume responsibility for administering its own coastal permits, and the new land use plan and accompanying zoning ordinance will supersede previously adopted plans and zoning for the City's Coastal Zone.

The Coastal Act requires that local governments provide maximum opportunities for the public and affected agencies to participate in the preparation of the LCP. One of the real challenges of the LCP will be to incorporate the plans and proposed development activities of affected agencies and special districts into the land use plan. Interagency coordination is especially important because, once certified the development activities of all government agencies must conform to the LCP. Affected agencies are being contacted in order to establish lines of communication early in the LCP planning process. Each affected agency will designate a liaison person who will provide information and input during the LCP preparation.

*The provisions of SB 1277 (Chapter 1330-1976 Statutes), AB 2948 (Chapter 1331), and AB 400 (Chapter 1440) together constitute the Coastal Act.
The City of Santa Barbara has recently begun the initial phase of the preparation of its LCP. Basically, there will be three phases in LCP preparation:

1. **Initial Phase - The Work Program**
   - Identify "issues" (conflicts between existing City conditions and/or policies - including allowable development and public service system constraints - and the Coastal Act)
   - Evaluate sufficiency of information contained in existing plans and regulations and outline tasks required to bring local plans and zoning into conformity
   - Establish procedures for providing maximum opportunities for the participation of the public and all affected governmental agencies

2. **Phase II - Land Use Plan**
   - Address coastal planning issues identified in the work program and prepare any amendments or modifications to existing plans, or new elements, to constitute the coastal land use plan
   - Coordinate with affected agencies
   - Provide for citizen participation
   - Prepare necessary environmental documents

3. **Phase III - Zoning and Implementing Actions**
   - Following certification of land use plan, prepare and submit zoning ordinances, zoning maps, and implementing actions that carry out the land use plan.

The Initial Phase (development of the Work Program) should be completed in September, 1977. Combined, Phase II and Phase III are anticipated to take approximately 1½ to 2 years to complete.

Any questions and/or comments should be directed to the Planning Division's Local Coastal Program staff:

RESOLUTION
OF THE GOVERNING BOARD OF THE
SANTA BARBARA COMMUNITY COLLEGE DISTRICT

RE: NAMING OF DISTRICT FACILITIES

WHEREAS, the SANTA BARBARA COMMUNITY COLLEGE DISTRICT has a comprehensive master plan for facilities construction on the college campus and is developing a plan for reconstruction of the Continuing Education Center; and

WHEREAS, it is both appropriate and customary for college facilities to be named in honor of people who have made noteworthy contributions to the college; and

WHEREAS, guidelines should be developed in advance in order to provide orderly procedures for naming facilities in honor of a person or persons;

THEREFORE, BE IT RESOLVED THAT the SANTA BARBARA COMMUNITY COLLEGE DISTRICT adopts the following policy related to the naming of District facilities:

1) District buildings and facilities will be named by the Board of Trustees;

2) major buildings or facilities ordinarily will be named for the instructional program(s) housed or the function served in the building;

3) major buildings or facilities may be named for individual persons as an exception to the usual procedure under the following conditions:
   a) the person so honored must be judged by the Board of Trustees to have made an exceptionally noteworthy contribution to the college, or to its immediate community;
   b) District facilities will not be named for a person serving on the Board of Trustees, the faculty, or the staff;
c) buildings or major facilities may be named for a former member of the Board of Trustees, or the faculty, or the staff, no sooner than five years after the person, so honored, has served on the Board, the faculty, or the staff;
d) portions of facilities (such as museums, galleries, auditoriums, rooms, lounges) may be named for former members of the Board of Trustees, or the faculty, or the staff, no sooner than one year after the person, so honored, has served on the Board, the faculty, or the staff.

PASSED AND ADOPTED this ___ day of August, 1977
