❖ From the current SBCC BP 5055 titled Enrollment Priorities

Open course enrollment (See BP 5052 Open Enrollment) is subject to state and local enrollment priorities and enrollment limitations (including prerequisites, co-requisites, and other practicalities) as authorized by Title 5. All courses of the District shall be open to enrollment, subject to a priority system that may be established. Enrollment also may be limited to students meeting properly validated prerequisites and co-requisites, or due to other practical considerations.

The Superintendent/President, in consultation with appropriate shared participatory governance groups as stipulated in BP 2510 Participation in Local Decision Making, shall establish procedures defining enrollment priorities, limitations, and processes for student challenge, which shall comply with state and federal laws including Title 5 regulations. Locally determined enrollment priorities shall be approved by the Board of Trustees.
