1.6 COMMUNICATIONS

The following reports were presented to the Board of Trustees about various matters involving the District. No action was taken unless listed on a subsequent agenda.

a. REPORT BY ACADEMIC SENATE – Ignacio Alarcon

Mr. Alarcon reported on the following: The Academic Senate held a meeting on June 15 to talk about the tentative budget for 2009-10, needless to say the fiscal difficulties of the state are on everyone’s mind. Things are developing rather quickly, as our meeting took place before the public notice from the District requesting bargaining units to consider a 2-5% reduction in pay was posted. There has been no opportunity for the Senate at large to weigh in on this request yet. Another item that occurred after the Senate meeting was the design of the new salary schedule for hourly workers. At the CPC meeting of June 17 the
faculty representatives expressed concern about a portion of the proposed schedule, the one that applies to the higher classifications. Several areas in some cases would rather have fewer hours available, than the rather pay rate reductions, so we welcome the effort that has been made to make these reductions less drastic than what was first proposed. The reductions are still painful and we are hopeful that they will not be to detrimental to the work that we need done at the College. The Academic Senate has a summer meeting scheduled for July 15. In the next few weeks more discussion will occur on the articulation of the faculty’s priorities and possible suggestions from the faculty that will help save resources during this fiscal crisis.

b. REPORT BY ASSOCIATED STUDENTS – None

c. REPORT ON CLASSIFIED EMPLOYEES – Liz Auchincloss

Ms. Auchincloss reported on the following: The Consultation Group met this week and needless to say we have switched from discussing accreditation to discussing the fiscal issues. During times like this people are always interested in looking at how money is being spent and other alternatives available. Since the public notice has been posted I’ve heard from many classified staff members who have made suggestions and given alternatives for possible ways to save money. Staff knows that other alternatives are being reviewed and perhaps this is the time to take this opportunity to look at how we actually function and as a college community perhaps we can discuss and review what kind of changes can be made to save money. Congratulated Marianna Mashek for her 10 years of service.

d. REPORT ON CURRENT EVENTS – Joan Galvan

Ms. Galvan reported on the following: The SBCC Theatre Group will present the Neil Simon comedy “Laughter on the 23rd Floor” July 8–25 in the Interim Theatre on West Campus. The SBCC School of Modern Languages will offer a four-day Japanese Summer Immersion Institute on July 11 and 12 and on July 18 and 19. The topics will cover both conversational Japanese and various elements of Japanese culture. The MESA newspaper featured extensive coverage of our May 22 Commencement ceremony, citing Dr. Serban’s speech, Phi Theta Kappa All-California Academic Team recipients, and the May 21 SoMA Showcase. Instructor Ignacio Ponce was interviewed about SBCC’s American Sign Language Program and ASL Summer Immersion Institute in the Santa Barbara News Press Fred DeLorenzo, Activities Director at Wood Glen Hall and SBCC’s Culinary Student of the Year, shared some favorite recipes for his senior clients at his “Cooking for Food and Thought” class in the Santa Barbara News Press.

e. REPORT FROM SUPERINTENDENT/PRESIDENT – Dr. Andreea M. Serban

1. We had a great start in our credit and non-credit summer terms, June 22 was the census day for the credit term and we are up by 16.5% in headcount compared to last summer and 14% up in total units enrolled. We are still in priority registration for the credit fall semester and headcount is up 37% compared to last fall and 19% up in total units enrolled.

2. Regardless of what budget version is passed it is known that there will be no growth funding for 2009-10. Also as opposed to all other community colleges in California, SBCC has not cut any sections in 2008-09, other than the effort being made to deal with the low enrollment sections, which is something we normally do. In this environment we need to keep in perspective the efforts being made by the College to not impact students. Acknowledged the work of the college community for the successful start of the summer term both in credit and non-credit.

3. To date we are still waiting for a state budget. Regardless of which version passes we are looking at a $4 million minimum reduction, it can go as high as $6-7 million. We also
need to keep in mind that we have used part of our reserves and we have used one-time solutions. We are indeed looking at all possible alternatives and taking this opportunity to see how things can be done differently. This is a major effort that we as a college community are all working on. Certainly this is not a one year budget problem, and it’s important for all to understand that the measures being put in place are for the long term. I was in Sacramento June 15 and 16 with a group of other educators from our area lobbying with our legislators regarding the community college priorities and needs.

4. We have revised the hourly employee and students’ pay scales and it’s something that should have done regardless of the budget challenges we are facing.

5. The District negotiation proposal with the two bargaining units has been modified to allow us to consider potential salary reductions, if needed, and we have to bring it for approval now before the beginning of the new fiscal period. I, along with the five vice presidents, have already agreed to take whatever cut is needed from the 2-5%, regardless of the outcome of our negotiations with the employee groups if the budget situation requires it. Thanked the vice presidents for putting the interest of the College first, it’s a great statement of our unity in work together as executive leadership of the College.

6. We had our second meeting with the Citizens’ Bond Oversight Committee on June 18, and we updated them on the status of various construction projects supported by Measure V and there is great interest on the part of the committee on what’s happening in terms of what we will do in the future given the fact that the State funding is deteriorating. By the time of our next meeting on November 12, we hope to have more information on the state funding issues.

7. Community Events attended:
   • The Visiting Nurse and Hospice Care Annual Mother’s Day Lunch on June 2
   • The South Coast Business & Technology Awards Program on June 4
   • Continuing Education Adult High School and GED Graduation on June 5

8. I am pleased to let you know that Continuing Education has been awarded a two-year grant of $128,793 to offer a Medical Assistant Training Program at SBCC. The funds are coming to us from the Chancellor’s Office through federal Economic Stimulus Program dollars. This grant will help meet a long-term community need for a cost-effective program in Medical Assistant Training. Currently the only existing program in town is through Santa Barbara Business College which charges $20,859 per student. Dr. Ofelia Arellano will be the project administrator and Marsha Roberson will be the Project Director. Congratulated Dr. Arellano and the entire team for securing this grant.

9. Congratulations to:
   • Sue Ehrlich, VP Human Resources on her birthday today.
   • Joan Galvan for her appointment as Public Information Officer effective July 1.
   • Marianna Mashek on her 10 years of service, it is an important achievement.

CLASSIFIED LONGEVITY CAREER INCREMENT

Jim Kiggen, Director of the South Coast Multimedia Regional Education Center, spoke on the 10 years of service of Marianna Mashek, Coordinator of the South Coast Multimedia Regional Education Center. It has been a pleasure and personal benefit to work with Marianna; she has been here long enough, so that she is the corporate memory keeper. We have been able to enjoy the relationships that she has built with the faculty at the regional colleges that we serve and the local employers that have been working with Guy and Marianna for many years. You may not know that Marianna speaks French and Russian, so when attending a conference it was a surprise to hear her speak to them in French. Marianna is easy going, has a great sense of humor and in the work that we do we have a constant evolving challenge of changes in technology, so the work is never the same and she has been gracious in accepting that constant ongoing change and very enthusiastic about learning to use new technology. Marianna, congratulations and it has been a pleasure working with you. President Serban presented Marianna with a certificate from the Board.
