

## **AP 4227      REPEATABLE COURSES**

### **References:**

Title 5 Sections 55000, 55040, 55041, 55253, and 56029

Pursuant to Title 5 Section 55041, the following types of courses may be designated as repeatable with a maximum enrollment of four times:

- Courses for which repetition is necessary to meet the major requirements of CSU or UC for completion of a bachelor's degree and has been so designated by the Curriculum Advisory Committee;
- Intercollegiate athletics courses; and
- Intercollegiate academic or career and technical education competition courses.

This enrollment limitation applies even if the student receives a substandard grade or "W" during one or more of the enrollments in such a course or petitions for repetition due to extenuating circumstances as provided in Title 5 Section 55045.

The District must identify and designate such repeatable courses in its catalog.

Students can repeat a Disabled Student Programs and Services (DSPS) subject-coded course any number of times when an individualized determination by the Director of DSPS or designee verifies that such repetition is required as a disability-related accommodation for the student for one of the reasons specified in Title 5 Section 56029.

Students are allowed to repeat a Occupational Work Experience course if a college only offers one course in Occupational Work Experience in a given field and that course is not offered as a variable unit open-entry/open-exit course. Where only one Occupational Work Experience course is offered subject to the above conditions, students may be permitted to repeat this course any number of times as long as they do not exceed the limit on the number of units of Cooperative Work Experience set forth in Title 5 Section 55253(a).

The District shall develop and implement a mechanism to allow it to properly monitor course repetition.
