Title 5 Sections 55024, 58004, and 58161

Adding Courses

Students may add open classes through the registration period.

Once a class closes or the registration period concludes, classes may only be added by obtaining permission from faculty through the last day to add deadline.

1. Full semester length fall/spring classes must be added with faculty permission by the end of the second week of the semester.
2. Fall/spring courses less than full semester in length and all summer courses must be added prior to the 20% length of the class. Find the last day to add by clicking on the CRN from the semester web schedule of classes.

Students who miss the last day to add deadline for a course due to extenuating circumstances may submit a Petition for Late Add to Admissions & Records. In order to be eligible for consideration of a late add a student must have begun attending the course prior to the last day to add deadline. Faculty approval and signature are required for consideration. The final deadline to submit a Petition for Late Add is the end of the 4th week of the semester for full semester length classes (25% length of the class for classes less than full semester in length).

A section switch from one section of the same course to another section is permitted with the permission of the faculty member(s) through the end of the ninth week of instruction for full semester length classes or 60% of the course for all other classes and in summer.

A level switch from a higher/lower to a lower/higher level of the same course (e.g. Spanish 102 to Spanish 101) is allowed through the end of the fifth week of instruction for full semester length classes or 30% of the course for all other classes and in summer with permission from the faculty member(s).

Drops/Withdrawals

Withdrawals, or drops, are authorized through the last Friday of the ninth week of instruction for full semester length classes or 60% of the course for all other classes and in summer.

Students who drop classes during the first two weeks or 20% of the term, whichever is less, will receive no notation on their academic record.

It is the student's responsibility to officially withdraw from courses by the appropriate deadline(s). A student who remains in a semester length class beyond the 9th week

(60% point of the class for all other classes and in summer) must receive an evaluative grade other than a “W.”

Faculty shall clear their rolls of all inactive students by 11:59 p.m. Pacific Time prior to census. No notation, “W” or other shall be made on the academic record of a student who withdraws prior to census. “Inactive students” include:

- Students identified as no-shows.
- Students who officially withdraw.
- Students who are no longer participating in the courses and are therefore dropped by the faculty.

Faculty may drop a student from the course roster resulting in a withdrawal (“W”) notation on the student’s record from a semester length course through the end of the 9th week of the semester (60% point of the class for all other classes and in summer) for excessive unexcused absences. Absence is considered excessive if a student misses more than the equivalent of one week of class during the semester or as defined in the course syllabus.

Faculty may reinstate a student when it is determined that the student has been dropped in error. Faculty may not drop a student from a full semester length class after the 9th week (60% length of the class for all other classes and in summer). After the end of the 9th week (60% length of the class for all other and summer), an evaluative grade symbol must be assigned.

A student may petition the Scholastic Standards Committee for a “W” to be recorded after the 9th week (semester length classes or 60% length of all other classes) due to extenuating circumstances. Extenuating circumstances are verified cases of accidents, illnesses, or other circumstances beyond the control of the student.

Limitations on Withdrawals

The maximum number of times a student may withdraw and receive a “W” symbol on his/her record for enrollment in the same course is three.

A student may be permitted, through the petition process, to enroll again in a course after having previously received the maximum authorized number of “W” symbols in the same course. Students wishing to petition to register in a course in which their academic record reflects three previously recorded “W” notations should complete a Petition to Register in a Course with three Previously Recorded Withdrawals. The form is available at www.sbccc.edu/forms. The completed petition and documentation (if required) must be submitted to Admissions & Records (SS-110). The petition will be reviewed by the Scholastic Standards Committee. If approved, the student must agree that a grade or a non-evaluative symbol other than a “W” will be assigned upon completion of the course.

In such cases, apportionment is limited in accordance with Title 5 Section 58161.
