The Career Center supports all students in finding employment in order to provide opportunities for:

- Fiscal stability while pursuing education;
- Discerning employment related strengths and interests;
- Resume building for future employment opportunities;
- Discovering a meaningful career path.

The Career Center assists students with finding on and off campus jobs, internships, and volunteer positions by one or more of the following means:

- Personalized interactions with a Career Center staff member;
- On-line job posting system;
- Campus marketing;
- Job binders in the Career Center
- On-campus recruiter visits
- On-campus job and internship fairs

The Career Center provides support services including assistance with researching organizations, writing resumes, completing job applications, and providing mock interviews.
