AP 5520 STUDENT DISCIPLINE PROCEDURES

References:
Education Code Sections 66017, 66300, 72122, 76030 et seq., and 76120;
Penal Code Section 626.4

A. Definitions and Guidelines Governing These Procedures
The following guidelines govern the procedures described in this Administrative Procedure.

1. Definitions
The following terms have the following meanings whether or not they are capitalized:

a. District means the Santa Barbara Community College District.

b. Student means any person currently enrolled as a student or in any program offered by the District.

c. Faculty Member means any academic employee of the District and includes non-instructional faculty who provide services to students or have responsibility for a student's educational program.

d. Administrator means Dean, Educational Programs.

e. Property means (i) any District-owned or controlled property, including off-campus leased facilities; and (ii) other facilities owned or controlled by entities other than the District where District-sponsored activities take place, including but not limited to performances, concerts, and sporting events.

f. Chief Student Services Officer means the Dean, Educational Programs who oversees Student Services or his/her designee.

g. When determining response time, day means any day, excluding Saturdays, Sundays, and holidays, during which the District is open and conducting business.

h. Standards of Student Conduct mean the rules listed in AP 5500 Standards of Student Conduct.

i. External Adjudicator means a person selected by the Chief Student Services Officer to be a member of the Student Disciplinary Committee or to decide a matter involving an alleged violation of the Standards of Student Conduct in lieu of convening the Student Disciplinary Committee pursuant to Section 5.a.
2. Guidelines

a. Proceeding in Absentia
   In any proceeding or hearing at which the student has a right to attend and participate, if the student fails to attend or participate, the proceeding or hearing may take place in the student’s absence and the student will be bound by the result of the proceeding or hearing as if the student had attended and participated.

b. Continuances
   The District or student(s) directly involved in the violation of the Standards of Student Conduct may seek a continuance of any hearing date or deadline based upon a showing of good cause. Requests for a continuance shall be decided by the Chief Student Services Officer, unless the continuance concerns an expulsion hearing by the Board of Trustees, in which case the continuance request shall be decided by the President of the Board.

c. Repeat Offenders
   Subsequent violations of the Standards of Student Conduct by a student who has been previously disciplined will ordinarily be subject to more severe disciplinary actions than might be imposed for a first offense.

d. Notices to a Student’s Parent
   Where a student who is the subject of a disciplinary proceeding is a minor, notices and disciplinary decisions served upon the student shall also be sent to the parents or guardian of the student in the same manner and with the same effect as set forth in paragraph e, below.

e. Manner and Place to Which Notice is Sent
   Whenever notice or disciplinary decision is required to be served upon a student, it shall be sent via email to the student’s District-assigned email. Additionally, it may be sent via certified mail, postage paid and addressed to the last mailing address of the student on file with the District. Notice served by any of these methods shall be presumed to have been received by the student. Notice may also be served by personal service.

B. Jurisdiction
   The District may discipline students who have violated the Standards of Student Conduct. Students may be disciplined (including removal, suspension, or expulsion) where, based upon the facts and circumstances of the offense, the District determines that the violation is related to college activity or college attendance.

   For a violation of the Standards of Student Conduct pertaining to sexual assault and sexual exploitation, students may be disciplined (including removal, suspension, or expulsion) regardless of the victim’s affiliation with the District and regardless of whether the offense is or is not related to a District activity or attendance and even if the conduct does not take place on District property.
C. Commencing the Disciplinary Process

Any District employee or student may file a written complaint with the Chief Student Services officer against any student for violating the Standards of Student Conduct. Before any formal disciplinary proceeding is commenced, the complaining party and student alleged to have violated the Standards of Student Conduct are encouraged to try to informally resolve the complaint. The Chief Student Services Officer is available to assist the parties in mediating this informal process.

D. Disciplinary Actions

If a student violates the Standards of Student Conduct, the District may initiate the disciplinary actions listed below. These disciplinary actions are listed in order of severity but are not sequential steps which must be followed in the discipline process. The District will determine which disciplinary action is appropriate in each case based upon the severity of the student misconduct and the prior discipline record of the student.

1. Warning

A warning is a verbal or written notice to the student that continuing or repeating the student’s misconduct may be cause for more severe disciplinary action. A faculty member or administrator shall issue such a warning. A student has no right to appeal or to a due process hearing (Education Code Section 76031).

2. Removal by Instructor

A faculty member may remove a student from class when the student’s conduct interferes with the instructional process on the day the interference occurs and, at the option of the faculty member, for the next class meeting. The faculty member shall immediately report the removal in writing to the Chief Student Services Officer. Records of the removal shall be retained in the office of the Chief Student Services Officer. A student who has been removed has no right to appeal or to a due process hearing (Education Code Section 76032). The student is responsible for any assignments or academic work missed as a result of the removal.

3. Official Reprimand

An official reprimand is a record that a student violated the Standards of Student Conduct. The reprimanded student shall be notified in writing that a further violation of the Standards of Student Conduct may result in additional disciplinary action against him/her. The Chief Student Services Officer shall issue the official reprimand. Records of official reprimands shall be retained in the office of the Chief Student Services Officer and in the student’s file. A student who has been issued an official reprimand has no right to appeal or to a due process hearing (Education Code Section 76031).

4. Restitution

Monetary restitution may be imposed whenever District property has been damaged or destroyed and/or whenever District funds have been fraudulently received or used for an unauthorized purpose. The Chief Student Services
Officer will place a hold on all student records until the monetary restitution is cleared.

5. Hold on Records
The Chief Student Services Officer may place a hold on all student records. Such holds are removed once the Preliminary Meeting is held (see Section E.2).

6. Disciplinary Probation
Disciplinary probation may consist of removal from all college clubs and organizations and denial of privileges of participating in all District or student-sponsored activities including public performances. Disciplinary probation may be imposed for a period not to exceed one year and can be rendered by an administrator. Notification of disciplinary probation actions shall be immediately reported in writing to the Chief Student Services Officer. A student placed on disciplinary probation may appeal to the Chief Student Services Officer. Records of disciplinary probation actions shall be retained in the office of the Chief Student Services Officer and in the student’s file. A student has no right to appeal or to a due process hearing (Education Code Section 76031).

7. Summary Suspension
Where an immediate suspension is required in order to protect lives or property and to ensure the maintenance of order, the Chief Student Services Officer may summarily suspend a student. A hearing shall be conducted within ten (10) days from the date the student is suspended utilizing the procedures set forth in Section E.2, Preliminary Meeting. At that hearing, if the District determines to reverse the summary suspension, the student will be allowed to make up any coursework missed during the summary suspension. If the District determines to uphold the summary suspension, the District may also decide to impose additional discipline. Records of the interim suspension shall be retained in the office of the Chief Student Services Officer and in the student’s file (Education Code Section 66017).

8. Disciplinary Suspension
Disciplinary suspension is a penalty for repeated, continued, or serious violations of the Standards of Student Conduct. A student may be suspended from one or more classes for a period of up to ten (10) days of instruction; from one or more classes for the remainder of the term; or from all classes and activities of the District for one or more terms. A suspended student may also be prohibited from occupying any portion of the campus and be denied participation in any or all college activities. Disciplinary suspensions shall be initiated by the Chief Student Services Officer and are subject to the Due Process Hearing and Appeal Procedures set forth in Section E. Records of disciplinary suspensions shall be retained in the office of the Chief Student Services Office and in the student’s file (Education Code Sections 66017, 76030, and 76031).

9. Expulsion
Expulsion is the permanent and unconditional removal of a student from the District. A student may be expelled only by the Board of Trustees upon
recommendation of the Superintendent/President. The expulsion of a student is initiated by the Chief Student Services Officer and is determined according to the Due Process Hearing and Appeal Procedures set forth in Sections E and F (Education Code Section 76030).

E. DUE PROCESS HEARING AND APPEAL PROCEDURES

A student may only be suspended (other than a summary suspension) or expelled if the District substantially complies with the following due process hearing and appeal procedures. Additionally, this due process hearing and appeal procedure is utilized for students who have been subject to summary suspension. The District will have substantially complied with these procedures unless the student alleged to have violated the Standards of Student Conduct can prove that any variance from these procedures resulted in him/her being suspended or expelled based upon unfair or mistaken findings of misconduct (Goss v. Lopez, 419 U.S. 565, 581-82 (1975); In re James F., 42 Cal.4th 901, 905 (2008)).

1. Initiating a Charge of Misconduct

The representative of the District or other person having knowledge of the violation of the Standards of Student Conduct shall submit a written account to the Chief Student Services Officer detailing the alleged violation. The written account should, to the extent possible, include a specific description of the alleged misconduct, the dates and times when the alleged misconduct occurred, the names and contact information of any witnesses, and any documentary or other evidence relevant to the alleged violation.

2. Notifying the Student of the Misconduct Charge: Preliminary Meeting

A student charged with violations of the Standards of Student Conduct shall be notified that they are required to meet with the Chief Student Services Officer to discuss such alleged violations and any disciplinary action that may or will result if such charges are found to be true. The notice to attend the Preliminary Meeting may be verbal or written and it may be hand-delivered, emailed to the student’s District-assigned email, or mailed to the student’s address on file in the Admissions and Records Office.

At the Preliminary Meeting with the Chief Student Services Officer, the student shall be given a copy of the Standards of Student Conduct and a written statement of the alleged violation(s). The student will be given a reasonable opportunity to answer each alleged violation(s) and to present evidence demonstrating that the student did not commit those violations. The student will be informed of any possible disciplinary action(s) that may or will be taken. The student will be provided notice of further meetings if the Chief Student Services Officer deems such further meeting(s) necessary. The student will be provided written notice of his/her right to a hearing before the Student Disciplinary Committee or External Adjudicator on the matter before a suspension or expulsion is imposed.

3. Imposition of Discipline by the Chief Student Services Officer

If, after reviewing the situation with the student, the Chief Student Services Officer
concludes that disciplinary action is appropriate, the Chief Student Services Officer shall send a letter to the student, in the manner required by section A.2.e of these procedures, imposing one or more of the following types of disciplinary action: Warning; Official Reprimand; Disciplinary Probation; Summary Suspension; Disciplinary Suspension; Restitution; or Hold on Records. The Chief Student Services Officer may also recommend that a student be expelled but may not impose that discipline. The Chief Student Services Officer may impose the foregoing discipline or may recommend expulsion even if the student does not participate in a meeting with the Chief Student Services Officer per section A.2.a of these procedures.

In a case where the Chief Student Services Officer decides to impose any discipline other than (1) suspension or (2) to recommend expulsion, the decision of the Chief Student Services Officer shall be final. In a case where the Chief Student Services Officer decides to impose a suspension or to recommend expulsion, the student shall have the right to request a hearing before the Student Disciplinary Committee. That request must be made in writing and sent to the Chief Student Services Officer postmarked within ten (10) days of notice of the decision of the Chief Student Services Officer, or hand-delivered by the student or designee and received and receipted by the Chief Student Services Officer within ten (10) days from the date of notification to the student of the Chief Student Services Officer’s decision. If a student does not request a hearing, the imposition of a suspension by the Chief Student Services Officer shall be final. If the recommended discipline is that of expulsion, this recommendation shall be forwarded to the Superintendent/President without any intermediate review by the Student Disciplinary Committee pursuant to section F.1 of these procedures.

4. Notice of and Right to Appear at a Disciplinary Hearing in Cases of Suspension or Expulsion

If the student has requested a hearing to challenge the imposition of a suspension or a recommendation of expulsion, the Chief Student Services Officer shall prepare a detailed Statement of Charges specifying the (a) alleged misconduct, (b) evidence in support of the charges, and (c) proposed discipline the District intends to take against the student. The Chief Student Services Officer may redact the names of any witnesses from the Statement of Charges if the Chief Student Services Officer determines that disclosure of the identity of the witness would subject the witness to an unreasonable risk of psychological or physical harm.

In addition to the above statement of charges, the Chief Student Services Officer shall serve the student with a Notice of Intended Discipline, which will include (a) a copy of this Administrative Procedure, (b) notice of the date, time and place of the disciplinary hearing, (c) composition of the Student Disciplinary Committee/name of External Adjudicator, and (d) notice that the student may be accompanied at the hearing by legal counsel, if so desired. If the student is to be represented by legal counsel, he/she must so notify the Chief Student Services Officer of that fact at least five (5) days prior to the date of the scheduled hearing.
The disciplinary hearing will be held within ten (10) days after the date the Statement of Charges and Notice of Intended Discipline are served upon the student if it is served by email or personal service, or within thirteen (13) days if it is served by mail. This deadline may be extended under extenuating circumstances as determined by the Chief Student Services Officer on his/her own initiative and at his/her sole discretion. Absent extenuating circumstances, requests to reschedule submitted by the student must be submitted to the Chief Student Services Officer with an explanation for his/her request at least five (5) days prior to the hearing.

If the student does not appear at the disciplinary hearing, no hearing need take place and (a) in cases where the Chief Student Services Officer has imposed a suspension, the suspension shall be final; (b) in cases where the Chief Student Services Officer has recommended expulsion, that recommendation shall be forwarded to the Superintendent/President without any intermediate review by the Student Disciplinary Committee pursuant to section F.1 of these procedures.

5. Disciplinary Hearing
In cases where the student has requested and appears at the disciplinary hearing, the hearing shall be conducted in the following manner.

a. Composition of the Student Disciplinary Committee/External Adjudicator
At the beginning of each fall term, the Chief Student Services Officer will ensure the Student Disciplinary Committee is appointed for the year.

The Chief Student Services Officer shall convene the Student Disciplinary Committee to hear the charges and recommend disciplinary action. The Student Disciplinary Committee shall be comprised as follows:

i. Two full-time faculty (voting) appointed for one academic year by the president of the Academic Senate. If either or both of these faculty appointees are a direct party to a particular disciplinary case, the Academic Senate president will appoint a substitute for that situation only.

ii. Chief Student Services Officer (non-voting).

iii. Administrator (voting) appointed for one academic year by the Superintendent/President. If this administrator appointee is a direct party to a particular disciplinary case, the Superintendent/President will appoint a substitute for that situation only.

iv. Two students (voting) appointed for one academic year by the president of the Associated Student Government (ASG). If either or both of these student appointees are a direct party to a particular disciplinary case, the ASG president will appoint a substitute for that situation only.
The administrator shall be the chairperson of the Student Disciplinary Committee.

At the discretion of the Chief Student Services Officer, the District may engage an External Adjudicator to serve as a member of the Student Disciplinary Committee or in lieu of the Student Disciplinary Committee whenever, in the exercise of judgment, doing so will best serve the fair and equitable resolution of the misconduct charge. In making the determination to select an External Adjudicator, the Chief Student Services Officer will consider, among other factors, the nature of the allegations, the legal complexity of the case, whether there is any issue of conflict of interest, expertise required, whether the District is in session or on break, or any other relevant factors.

The Chief Student Services Officer will provide all members of the Student Disciplinary Committee and/or External Adjudicator with the Statement of Charges and Notice of Intended Discipline.

All members of the Student Disciplinary Committee and External Adjudicators who are selected to decide cases involving allegations of sexual assault, dating violence, domestic violence, and stalking, must participate in annual training on non-discrimination; the dynamics of sexual harassment, sexual violence and intimate partner violence; the factors relevant to a determination of credibility; the appropriate manner in which to receive and evaluate sensitive information; the manner of deliberation; evaluation of consent and incapacitation; the application of the preponderance of the evidence standard; sanctioning; and the District's policies and procedures. The training will be coordinated by the Title IX Coordinator in conjunction with District and external partners.

b. Challenges to the Composition of the Student Disciplinary Committee or External Adjudicator
The complaining party and the student alleged to have violated the Standards of Student Conduct may submit a written request to the Chief Student Services Officer that a member of the Student Disciplinary Committee or External Adjudicator be removed. The request must clearly state the grounds to support a claim of bias, conflict of interest, or an inability to be fair and impartial. This challenge must be raised in writing with the Chief Student Services Officer within five (5) days of receipt of the Notice of Intended Discipline. All objections must be raised prior to the commencement of the hearing in alignment with the deadline noted. Failure to object prior to the hearing will forfeit one's ability to appeal the outcome based on perceived or actual bias.

c. Conduct of the Disciplinary Hearing
Persons who are direct parties to the case shall have the right to be present during the hearing proceedings. The student’s parent or guardian may also attend the hearing if the student is a minor. Witnesses may be excluded until it is their turn to testify. All hearing proceedings will be tape-recorded. If there
is a mechanical failure of the recording equipment, the hearing shall be re-conducted, unless the District and the student agree that a re-hearing is unnecessary and agree to a joint statement of factual findings.

The District and the student may each be represented by legal counsel. If the student is to be represented by legal counsel, he/she must so notify the Chief Student Services Officer of that fact at least five (5) days prior to the date of the scheduled hearing. If the student is not represented by legal counsel, the student may be accompanied by another person at the hearing provided that person does not participate in any way except to offer counsel to the student.

The District and the student shall have the right to call, examine, and cross-examine witnesses at the hearing. The chairperson of the Student Disciplinary Committee, or the External Adjudicator if the matter is not being heard by the Student Disciplinary Committee, may, upon a finding that good cause exists, determine that the disclosure of either the identity of a witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the members of the Student Disciplinary Committee or the External Adjudicator. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

d. **Decision of the Student Disciplinary Committee or External Adjudicator**

The members of the Student Disciplinary Committee shall consider and reach a decision by a simple majority vote on each of the charges against the student. If the matter is being heard solely by the External Adjudicator, the External Adjudicator shall render the decision. The Student Disciplinary Committee or the External Adjudicator shall apply the preponderance of the evidence standard of proof in determining whether the student is found to be in violation of the Standards of Student Conduct.

e. **General Evidentiary Rules**

The decision shall not be based solely upon hearsay evidence, unless the chairperson of the Student Disciplinary Committee or the External Adjudicator has allowed the testimony of all witnesses to be presented at the hearing in the form of sworn declarations as permitted in paragraph E.3.c. above.

f. **Evidence of the Complaining Party’s Prior Sexual History**

In general, a complainant’s prior sexual history is not relevant and will not be admitted as evidence at a hearing. Where there is a current or ongoing relationship between the complainant and the student alleged to have violated the Standards of Student Conduct, and that student alleges consent, the prior sexual history between the parties may be relevant to assess the manner and nature of communications between the parties. As noted in other sections of this policy, however, the mere fact of a current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Any prior sexual
history of the complaining party with other individuals is typically not relevant and will not be permitted.

g. **Evidence of Student’s Pattern of Conduct**
   Where there is evidence of pattern of conduct similar in nature by the student alleged to have violated the Standards of Student Conduct, either prior to or subsequent to the conduct in question, regardless of whether there has been a finding of responsibility, this information may be deemed relevant and probative to the Student Disciplinary Committee’s/External Adjudicator’s determination of responsibility and/or assigning of a disciplinary sanction. The determination of relevance will be based on an assessment by the Student Disciplinary Committee/External Adjudicator of whether the previous and/or subsequent incident was substantially similar to the conduct cited in the Statement of Charges and indicates a pattern of behavior and substantial conformity with that pattern by the student. Where there is a prior finding of responsibility for a similar act of sexual misconduct, there is a presumption of relevance and the finding may be considered in making a determination as to responsibility and/or assigning of a sanction.

h. **Affirmative Consent in Sexual Assault Cases**
   In cases involving charges of sexual assault, where the defense of the student alleged to have violated the Standards of Student Conduct is that the complaining party consented to the sexual act, the following rules shall be applied by the Student Disciplinary Committee or the External Adjudicator:

   “Affirmative consent” means affirmative, conscious, and voluntary agreement to engage in sexual activity.

   It is the student’s responsibility to ensure that he/she has the affirmative consent of the complaining party to engage in the sexual activity. Lack of protest or resistance by the complaining party does not mean consent, nor does silence mean consent.

   Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the student alleged to have violated the Standards of Student Conduct and the complaining party, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.

   It shall not be a valid excuse to alleged lack of affirmative consent that the student believed that the complaining party consented to the sexual activity under either of the following circumstances:

   a) The student’s belief in affirmative consent arose from the intoxication or recklessness of the complaining party.
b) The student did not take reasonable steps, in the circumstances known to the student at the time, to ascertain whether the complaining party affirmatively consented.

Further, it shall not be a valid excuse that the accused student believed that the complaining party affirmatively consented to sexual activity if the accused student knew or reasonably should have known that the complaining party was unable to consent to the sexual activity under any of the following circumstances:

a) The complaining party was asleep or unconscious.

b) The complaining party was incapacitated due to the influence of drugs, alcohol, or medication, so that the complainant could not understand the fact, nature, or extent of the sexual activity.

c) The complaining party was unable to communicate due to a mental or physical condition.

i. The Decision
The decision of the Student Disciplinary Committee or the External Adjudicator shall be one of four options: (1) recommend expulsion; (2) impose a suspension; (3) impose a lesser disciplinary action; (4) find that the charges against the student alleged to have violated the Standards of Student Conduct have not been proven and no discipline should be imposed.

Within ten (10) days after conducting the hearing, the Student Disciplinary Committee or External Adjudicator shall render a decision, prepare written findings and conclusions, and serve them upon the student alleged to have violated the Standards of Student Conduct with a copy sent to the Chief Student Services Officer. With the exception of a recommendation of expulsion, the Chief Student Services Officer will implement the decision of the Student Disciplinary Committee or the External Adjudicator. If the Student Disciplinary Committee or the External Adjudicator recommends that the student be expelled, the Chief Student Services Officer shall forward the findings to the Superintendent/President for further action pursuant to Section F.

F. Rules Pertaining to Expulsion Recommendations

1. Review by the Superintendent/President
Within five (5) days of receiving the findings and conclusions of the Student Disciplinary Committee or the External Adjudicator recommending that the student be expelled, the Superintendent/President shall review the findings and conclusions, and shall prepare a discipline decision (1) recommending that the student be expelled; (2) imposing some lesser discipline; (3) deciding that no discipline should be imposed; or (4) remanding the matter back to the Student Disciplinary Committee or the External Adjudicator for a further hearing to more
fully develop the factual record or to take any other actions directed by the Superintendent/President.

If the Superintendent/President concurs with the expulsion recommendation, the Superintendent/President shall also prepare an Expulsion Hearing Notice stating (1) the date, time, and place of the meeting of the Board of Trustees at which the matter of expulsion shall be considered; (2) notice that the student may be accompanied at the hearing by legal counsel, if so desired; and (3) that the student may submit a written request, within two (2) days after receipt of the written notification, that the hearing of the Board be held as a public meeting rather than in closed session.

The Superintendent/President’s discipline decision and the Expulsion Hearing Notice (if applicable) shall be served upon the student, and a copy sent to the Chief Student Services Officer. If the Superintendent/President concurs with the expulsion recommendation, the discipline decision and Expulsion Hearing Notice shall also be sent to the Board of Trustees.

2. Review by the Board of Trustees

a. The Expulsion Hearing Date
   The hearing before the Board of Trustees will be held within ten (10) days after the date the Superintendent/President’s discipline determination and the expulsion hearing notice are served upon the student if he/she is served by email or personal service, or within thirteen (13) days if he/she is served by mail. This deadline may be extended under extenuating circumstances as determined by the Board on its own initiative and in its sole discretion. Absent extenuating circumstances, requests to reschedule submitted by the complaining party or student alleged to have violated the Standards of Student Conduct must be submitted to the Board with an explanation for his/her request at least five (5) days prior to the hearing.

b. Conduct of the Hearing by the Board of Trustees
   Unless the student requests that the hearing of the Board of Trustees be held as a public meeting, the hearing to consider the matter shall be conducted by the Board in closed session. If a written request by the student is submitted, the meeting shall be public except that any discussion at the meeting that might be in conflict with the right to privacy of any student other than the student requesting the public meeting, shall be in closed session.

   The student, student’s counsel, Chief Student Services Officer, chairperson of the Student Disciplinary Committee or the External Adjudicator if the matter was decided solely by the External Adjudicator, Superintendent/President, and District’s legal counsel may attend the hearing before the Board of Trustees. Whether the hearing is conducted before the public or in closed session, the Board shall confer in private as necessary with its designated legal counsel and Superintendent/President to consider the evidence presented and reach its determination in the matter. When these deliberations are completed, the
final action of the Board shall be taken at a public meeting and the result of that action shall be made a part of the public record of the District (Education Code Section 72122).

c. **The Decision of the Board of Trustees**

The student shall be expelled if a majority of the members of the Board of Trustees present at the hearing vote to expel the student. If a majority of the members of the Board of Trustees do not vote to expel the student, they may, by majority vote of the members: (1) impose some lesser discipline; (2) decide that no discipline should be imposed; or (3) remand the matter to the Student Disciplinary Committee or the External Adjudicator for a further hearing to more fully develop the factual record or to take any other actions directed by the Board of Trustees. The decision of the Board shall be final.

If the majority of the members of the Board of Trustees present at the hearing cannot reach a decision to expel the student or to take some other action, the matter shall be remanded to the Superintendent/President who shall suspend or impose some lesser discipline on the student.

The decision of the Board of Trustees or the Superintendent/President shall be implemented immediately, and within five (5) days of making that decision, the decision shall be served upon the student and sent to the Chief Student Services Officer.
