EUREKA: SBCC students can use EUREKA, a powerful online interactive tool to explore paths of study, schools and careers. Go to www.eureka.org and create your own account using the SBCC site ID code: vuohndu. EUREKA provides a wealth of career and occupational information linked to in-depth descriptions of majors, training programs, and schools in California and nationwide.

State of California Employment Development Department (EDD): The California EDD site at http://www.labormarketinfo.edd.ca.gov/ is open access and offers newly developed Occupational Guides for many, but not all fields.

O*NET ONLINE: (National: open access) http://online.onetcenter.org/

The O*NET program is the nation's primary source of occupational information. Central to the project is the O*NET database, containing information on hundreds of standardized and occupation-specific descriptors. The database is continually updated by surveying a broad range of workers from each occupation—with new information on “green” careers being added.
