**REALISTIC**

- Prefer practical, hands-on, physical activities with tangible results.
- Prefer strict business situations, involving data analysis, finance, planning and organizational tasks. Value efficiency and order.

**INVESTIGATIVE**

- Prefer to solve abstract problems involving science or engineering related subjects. Curious about the physical world why and how it works. Enjoy intellectual challenges and original or unconventional attitudes.

**CONVENTIONAL**

- Prefer business situations involving persuasion, selling, or influence. Enthusiastic, energetic, assertive, and self-confident. Drawn to management, leadership or marketing roles.

**ARTISTIC**

- Prefers unstructured situations involving self expression of ideas and concepts through different artistic mediums such as art, music, theatre, film or multimedia or writing.

**ENTERPRISING**

- Prefer direct service or helping opportunities involving advising, counseling, coaching, monitoring, teaching, or group discussion. Drawn to humanistic or social causes.

---
