Work Experience

Santa Barbara City College offers three types of Work Experience — General Work Experience, General Work Experience International and Occupational Work Experience.

General Work Experience

General Work Experience 290 assists students to acquire good work habits, attitudes and career awareness in actual job settings. Units are based on the number of hours worked throughout the semester: 
For paid work, 1 unit = 75 hours, 2 units = 150 hours, 3 units = 225 hours. For volunteer work, 1 unit = 60 hours, 2 units = 120 hours, 3 units = 180.

Internships and Volunteer Experience

Internships and volunteer experience can be a powerful career development tool. By participating in an internship students gain practical hands-on job experience, learn industry standards, and evaluate actual work environments. For paid internships, 1 unit = 75 hours, 2 units = 150 hours, 3 units = 225 hours. For volunteer internships, 1 unit = 60 hours, 2 units = 120 hours, 3 units = 180. Students desiring to receive academic credit for internships and volunteer experience should sign up for WEXP 290 — General Work Experience.

Program/Student Expectations

For each semester that a student is enrolled in Work Experience, it is required that the student provide evidence of new or expanded responsibilities or learning opportunities beyond those experienced during previous employment.

Satisfactory completion of specific job-oriented learning objectives is required for determining the student’s progress and improvement of performance on the job.

Occupational Work Experience

This type of work experience combines on-the-job training with classroom instruction, enabling the student to acquire knowledge, skills and attitudes necessary to enter and/or progress in a chosen occupation. Class attendance in a regularly scheduled weekly coordinating class is required by some SBCC departments.

By satisfactorily completing the Occupational Work Experience course, a student may earn one to four (1–4) college units. A maximum of sixteen (16) such units may be applied as electives toward the 60 units required for an Associate in Arts or Science Degree.

Occupational Work Experience Prerequisites

An Occupational Work Experience class must be directly related to the student’s stated major and the college program in which he/she is enrolled.

The center can provide referrals for part-time and full-time jobs and internships. The center maintains an online job referral system and sponsors an annual Job Fair, held every spring, that invites local employers and allows students to learn about career opportunities and to apply for job openings.
