In accordance with Education Code Section 76001, special-part-time K–12 students enrolled in the secondary schools and attending SBCC (enrolled up to and including 11.9 units) are exempt from paying the enrollment fee. Special full-time K–12 students (12 units and above per semester) may not be exempted from the enrollment fee; they may, however, be individually considered for the BOGW fee waivers Part A, B or C. Those students who do not qualify for a BOGW fee waiver will be required to pay the enrollment fee for all units. All other out-of-state, non-resident and international students must pay tuition. High school students who are concurrently registered in courses on the SBCC campus must pay the transportation and health fees. The Dual Enrollment Application and Dual Enrollment Approval Form are available through student school counselors, Admissions & Records and online at www.sbcc.edu/apply. The Dual Enrollment Approval Form must have a signature indicating the student’s principal or high school counselor, and signature of a parent. Students enrolling in a K-12 course must attach a copy of the Home School Affidavit to the Dual Enrollment Approval Form. Contact Lauren Winterneyer, Dual Enrollment Coordinator, at (805) 730-3020 or for more information visit www.sbcc.edu/dua/enrollment.

Middle College
Through Middle College, a limited number of local high school students who want to avoid the diploma in the SBCC environment may complete their high school requirements through an Independent Study Program while also taking limited curriculum in a major or minor. The student must be taking on the same basis as California residents except that they will be required to pay tuition, as well as enrollment fees, prescribed by the Board of Trustees to cover the costs of instruction. After a student has been physically present in California for one year and has manifested clear intent to become a California resident, he/she may be considered a California resident when applying for college. State law requires consideration of financial indepen- dence for students seeking reclassification. It is the student’s responsibility to substantiate his or her claim for residency. Visit www.sbcc.edu/residency, for more information.

International Students:
Other than F-1 or M-1 Visa
Students on visas other than F-1 or M-1 will be evaluated for eligibility to be admitted to register and for residency status based on the type of visa, visa issuance and expiration date, length of stay in California and the student’s intent to maintain California as their permanent home.

International Students: F-1 or M-1 Visa
Admission Requirements
1. Apply by the following application deadlines:
   Fall Semester: July 1*, July 15**
   Spring Semester: November 1*, November 15**
   Summer Session: May 1*, May 15**

2. Current F-1/USA students
   **Current F-1 students in USA

3. Students must be 18 years or older by the time of arrival at SBCC.
4. Confidential Financial Statement: Verification of funds sufficient to cover all expenses while in the U.S. and for the academic year (subject to change).

5. All students must take the SBCC English proficiency assessment test to determine their level of proficiency in English.

6. All international students are required to purchase the insurance package through International Student Health Insurance.
7. Submit a transfer form only if you are transferring from a school in and maintain 12 or more units unless they have prior written authorization by the Department of Homeland Security. Failure to do so will constitute a violation of visa status. Authorization for reduced course load will be given only in limited circumstances, as specified by federal regulations. When a student has violated the visa status, the student must apply to the Department of Homeland Security for reinstatement. Until the student is reinstated, the student’s ability to travel, to work, or to transfer is suspended.

8. International students cannot depend on employment for financial support while in the U.S. Employment in the U.S. is unlawful unless it is authorized by the Department of Homeland Security. Students who successfully complete one semester of studies at SBCC and maintain 12 units are permitted to work on campus up to 19.5 hours per week. After one academic year, students may work 40 hours per week.

9. International students are required to adhere to the same academic standards as other students and must follow the rules of probation and disqualification. A student who is academically disqualified is in violation of student visa status.
Program Admission—Supplemental Applications

The following instructional programs require supplemental applications, in addition to the general college application.

Cosmetology/Esthetician

Acceptance to the Cosmetology Academy is based on the number of spaces available, the postmark date of the completed application, and attendance at an SBCC Cosmetology Academy Orientation meeting. Applications are available from the Cosmetology Academy, 5160 Hollister Ave., Santa Barbara, CA 93111. For more information, please contact Ms. Awanda Johnson at (805) 683-4191, ext. 2, or refer to the Cosmetology Academy in the Department and Course Description sections of this Catalog.

Learning Communities

For program information and applications, visit www.sbcc.edu/lpgs, or call (805) 965-0581, ext. 4274.

Marine Diving Technologies

Applicants must submit the Application for Diving/Hyperbaric Exposure along with a $50 application fee and Scuba certification card to: SBCC Marine Technologies Department 721 Cliff Drive, Santa Barbara, CA 93109-2394. Applications are available upon request from the Academic Counseling Center (SCS-120). For additional information, contact the Marine Diving Technologies Department, (805) 965-0581, ext. 2426.

Radiographic and Imaging Sciences/Diagnostic Medical Sonography

Special supplemental application procedures and admission criteria apply to this program. Refer to the Radiographic and Imaging Sciences section of this Catalog for additional information, or contact the Health Technologies Office, (805) 730-4166.

School of Culinary Arts and Hotel Management

Applications for the Culinary Program should be submitted to the School of Culinary Arts and Hotel Management (SCHAHM) Department. Please call the department at (805) 730-4258 for program information or to schedule an appointment with Randy Bublitz, SCHAHM Director.

School of Nursing: Associate Degree Nursing, Vocational Nursing, Certified Nursing Assistant, Home Health Aide

Special supplemental application procedures and admission criteria apply to these programs. Refer to the School of Nursing in the College Index for additional information, or contact the Health Technologies Office, (805) 730-4166.

Residence Requirements

Each person applying for admission to, or enrolled in, a California Community College is classified for tuition purposes as a “resident,” “nonresident,” or “non-resident” of the State of California. The right of a student to attend any public community college in California as a resident requires that he/she:

1. Be a citizen of the United States, or possess or be an applicant for a permanent resident alien visa, or be eligible for a nonimmigrant visa status, for a minimum of one year and one day, that does not preclude establishing domicile in the United States and California for purposes as either a “resident” or “non-resident” of the State of California.

2. Be at least 19 years of age, and have lived in California one year and one day prior to the residency determination date: Fall 2013—August 25, 2013; and Spring 2014—January 26, 2014. (Note: A student, who has not been a resident of California for more than one year and who is the dependent child for income tax purposes of a California resident who has been a resident since the above-named residence determination date, is entitled to resident classification. Submit documentation with application.)

3. Have parents or a guardian who have resided in California for one year and one day. If he/she is younger than 18 years of age.

4. Present evidence showing the student’s or the student’s parents’ (if under 19) intent to make California their permanent home.

5. Manifest residency intent if the student is 19 years of age or over by maintaining a home in California continuously for the last two years, unless there is contrary evidence of intent.

6. Manifest residency intent, if the student is under 19 years of age, by both the student and his/her parents maintaining a home in California continuously for the last two years, unless there is contrary evidence of intent.

7. Possess a California driver’s license.

8. Own or rent property and have a California state income tax return for the current year.

9. Be employed or have a written statement verifying financial independence and must provide evidence of intent to establish domicile in the United States and California one year and one day, that does not preclude establishing domicile in the United States and California for purposes as either a “resident” or “non-resident” of the State of California.

10. Be a high school student who is attending a public or private high school in California, who has met the above requirements of intent to make California his or her permanent home, and for whom a California address is recorded in the high school student attendance system.

Non-resident students do not automatically become residents by being in California for one year. A student seeking reclassification from non-resident to resident status must complete and file a residency questionnaire with the Board of Trustees of the Santa Barbara Community College District.

Military personnel on active duty in California, their spouses and dependent children qualify as immediate residents. (Submit documentation with application.)

Eligibility for resident status is available to certain non-resident students who attended high school in California and who have received a California high school diploma or its equivalent (per AB 540 statute). Contact Admissions & Records for information and an exemption request form or go to www.sbcc.edu/forms.

Students are classified as resident on the basis of intent to make California his or her permanent home. A student who cannot qualify as a resident of California must pay non-resident tuition, as stipulated by the Board of Trustees of the Santa Barbara Community College District.

Exemption from non-resident tuition is available to certain non-resident students who attended high school in California and who have received a California high school diploma or its equivalent (per AB 540 statute). Contact Admissions & Records for information and an exemption request form or go to www.sbcc.edu/forms.

Non-resident students do not automatically become residents by being in California for one year. A student seeking reclassification from non-resident to resident status must complete and file a residency questionnaire with the Board of Trustees of the Santa Barbara Community College District.

The burden of proof is on the student to clearly demonstrate physical presence in California, intent to establish California residency and, in the case of students changing from non-resident to resident, financial independence from non-resident parents.

The Supervisor of Admissions & Records shall determine residency of all applicants. Appeals of residency decisions shall be determined by the Dean, Educational Programs—Student Support Services or his designee.
