Computer Information Systems

See “Computer Science” and “Computer Network Engineering and Electronics” sections for additional computer courses.

Degrees, Certificates and Awards

Associate in Science Degree:
Computer Information Systems

Associate in Science Degree: Computer Information Systems—Emphasis in System Administration

Certificate of Achievement: PC Support and Network Management

Certificate of Achievement: Database Programming and Applications Development

Skills Competency Award: Help Desk and Desktop Support (Level I)

Skills Competency Award: Help Desk and Desktop Support (Level II)

Skills Competency Award: Web Server Administration

Skills Competency Award: Technical Writing

Skills Competency Award: Microsoft Office Development

Skills Competency Award: Microsoft Windows System Administration and Security

Skills Competency Award: Microsoft SQL Server Database Administration

Skills Competency Award: Information Technology Management

Skills Competency Award: Virtualization System Administration

Skills Competency Award: Mobile Device Administration

Skills Competency Award: Access SQL Professional

Skills Competency Award: Mac OS X Administration

Skills Competency Award: Cloud Computing Specialist

Program Description

Computer Information Systems (CIS) provides students with a broad background in the application of computers to the emerging needs of business and industry. CIS courses prepare students for entry-level positions in computer programming, systems analysis, computer operations and network management, information systems management, and sales and technical information positions.

Santa Barbara City College’s CIS Department offers comprehensive training in these program areas:

1. An occupational A.S. Degree, with a strong emphasis in both computer systems and business studies.
2. An occupational A.S. Degree, with a strong emphasis in system administration.
3. A transfer curriculum in preparation for a 4-year program in Management Information Systems (MIS) or CIS.
4. A Certificate program which provides marketable skills in PC hardware and software support, network management and systems administration.
5. A Certificate program which provides marketable skills in database programming and applications development.
6. A series of Skills Competency Awards in Help Desk and Desktop Support.
7. A Skills Competency Award in Web Server Administration.
8. A Skills Competency Award in Technical Writing.
9. A Skills Competency Award in Microsoft Office Development.
10. A Skills Competency Award in Microsoft Windows System Administration and Security.
11. A Skills Competency Award in Microsoft SQL Server Database Administration.
12. A Skills Competency Award in Information Technology Management.
13. A Skills Competency Award in Virtualization System Administration.
14. A Skills Competency Award in Mobile Device Administration.
15. A Skills Competency Award in Access SQL Professional.
16. A Skills Competency Award in Mac OS X Administration.
17. A Skills Competency Award in Cloud Computing Specialist

The CIS Department also provides introductory and microcomputer courses (electives) for students in programs campus-wide.
Program Student Learning Outcomes

AS Degree: Computer Information Systems
1. Describe the role of and explain the value of operating systems, databases, programming and project management in IT.
2. Participate on an IT project team as a programmer, database designer, or system administrator.

AS Degree: Computer Information Systems — Emphasis in System Administration
1. Describe the role of and explains the value of operating systems, network technologies and system administration in IT.
2. Participate on an IT team at multiple levels, from help desk specialist, to system administrator, to project leader on system implementation.
3. Select and implement appropriate operating system and network technologies for an organization or business enterprise.

Database Programming and Applications Development Certificate
1. Create programs that reflect the use of modular design and incorporate event-driven and object-oriented approaches.
2. Use database management systems to retrieve discrete and aggregate data from databases and to insert, update and delete discrete data.
3. Create and implement well-designed databases to reflect enterprise needs.
4. Develop business applications using well-structured programs, normalized databases and a multi-tier architecture.

PC Support and Network Management Certificate
1. Design, select and implement essential software, hardware and networking components to satisfy user needs in a business environment.
2. Install and administer desktop and server operating systems.
3. Communicate effectively with users to diagnose and resolve computer-related problems.

Faculty and Offices
Jon Bek (BC-310, ext. 4216)
Esther Frankel (BC-216, ext. 2224)

Requirements for AS Degree: Computer Information Systems
The Associate Degree will be awarded upon completion of both department and college requirements.

Department Requirements (33-34 units)
CIS 101 — Introduction to Computers and Information Systems .............................................4
CIS 107 — Introduction to Database Systems .................................................................4
CIS/ENG 181 — Technical Writing ..........................................................3
CIS/COMP 118 — Visual Basic for Applications
    Programming or ..............................................................................................................4
CIS 119 — Intro to Programming Using Visual Basic ..................................................4
CIS 201 — UNIX/Linux System Administration or
    CIS 206 — MS Windows Server System Administration ..........................4
CIS 218 — MS Windows Desktop System Admin .........................................................4
+CIS 243 — Systems Analysis and Design .............................................................4
CIS 245 — IT Project Management or
    CIS 246 — Management of Information Technology .............................................3
CNEE 110 — Networking Essentials .....................................................................3-4

+Students who completed CIS 240 are not required to complete CIS 243.

Optional
CIS 290 — Work Experience in Comp Info Systems ...................................................1-4

Recommended Sequence: First semester: CIS 101, CIS 218; second semester: CNEE 110, CIS 107; third semester: CIS 181/ENG 181, CIS 118/COMP 118 or CIS 119, CIS 201 or CIS 206; fourth semester: CIS 243+, CIS 245 or CIS 246

Requirements for AS Degree: Computer Information Systems—Emphasis in System Administration
The Associate Degree will be awarded upon completion of both department and college requirements.

Department Requirements (30 units)
CIS 101 — Introduction to Computers and Information Systems .............................................4
CIS 114 — Virtualization Concepts ........................................................................2
CIS/ENG 181 — Technical Writing .............................................. 3
CIS 200 — Windows PowerShell .............................................. 2
CIS 201 — UNIX/Linux System Administration or
   CIS 206 — MS Windows Server System Administration..4
CIS 218 — MS Windows Desktop System Administration ..4
CIS 245 — IT Project Management ............................................ 2
CNEE 110 — Networking Essentials ........................................ 3
COMP 101 — Introduction to Computer Applications ............ 4

Recommended Sequence: First semester: CIS 101, COMP 101; second semester: CIS 114, 218, CNEE 110; third semester: CIS 200, 201 or 219 or 228, CNEE 110, 112.

College Requirements
For complete information, see “Graduation Requirements” in the Catalog Index.

Certificate of Achievement: PC Support and Network Management
This Certificate program provides training in preparation for immediate employment in a variety of information systems positions in business, government and industrial settings. It provides skills needed for career entry and/or advancement in such positions as business applications specialist, PC network support technician and information systems/database specialist.

Department Requirements (36-37 units)
CIS 101 — Introduction to Computers and Information Systems .......................................................... 4
CIS 111 — Computer User Support ............................................. 2
CIS 112 — Help Desk Concepts .................................................... 2
CIS 114 — Virtualization Concepts or
   CIS 115 — Cloud Computing Essentials ................................. 2
CIS 200 — Windows PowerShell ................................................ 2
CIS 201 — UNIX/Linux System Administration or
   CIS 219 — VMware vSphere System Administration or
   CIS 228 — Mac OS X System Administration ........................ 3-4
CIS 206 — MS Windows Server System Administration ......4
CIS 218 — MS Windows Desktop System Administration ..4
CNEE 102 — Fundamentals of PC Support ............................. 3
CNEE 110 — Networking Essentials ........................................ 3
CNEE 112 — Advanced Computer Support:
   A+ Practical Applications .................................................... 3
COMP 101 — Introduction to Computer Applications ............ 4

Optional:
CIS 290 — Work Experience in Comp Info Systems ........ 1-4

Recommended Sequence: First semester: CIS 101, COMP 101; second semester: CIS 114, 218, COMP 101; second semester: CIS 112, 114 or 115, 206, CNEE 102; third semester: CIS 200, 201 or 219 or 228, CNEE 110, 112.

Certificate of Achievement Requirements: Complete all department requirements for the certificate with a cumulative GPA of 2.0 or better. Candidates for a Certificate of Achievement are required to complete at least 20% of the department requirements through SBCC.

Certificate of Achievement: Database Programming and Applications Development

Department Requirements (22-25 units)
CIS 101 — Introduction to Computers and Info Systems.....4
CIS 107 — Introduction to SQL ................................................. 4
CIS 118 — Visual Basic: Applications Programming or ......4
   COMP 118 — Visual Basic for Applications Programming or ........... 4
   CIS 119 — Introduction to Programming: Visual Basic ....4
COMP 111 — Microsoft Access ................................................. 4

Two courses from the following list:
CIS 231 — SQL Server Design and Programming or .......3
CIS 234 — Oracle Design and Programming or .......... 4
CIS 252 — MySQL Design and Programming ............... 3

Plus six units from the following:
CIS 120 — Introduction to NoSQL Databases 3
CIS 232 — SQL Server Database Administration ...........3
CIS 235 — Oracle PL/SQL Programming ..........................4
CIS 236 — Oracle Database Administration ..................3
CIS 237 — Advanced SQL Programming ......................... 2
CIS 238 — Data Warehousing with SQL Server ..............3
CIS 239 — Crystal Reports .................................................... 2
CIS 251 — Advanced SQL Server Programming ..............4
CIS 253 — Business Intelligence with MS SQL Server ....4
Certificate of Achievement Requirements: Complete all department requirements for the certificate with a cumulative GPA of 2.0 or better. Candidates for a Certificate of Achievement are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Help Desk and Desktop Support (Level 1)
Department Requirements (12 units)
CIS 101 — Intro to Computers and Info. Systems .................4
CIS 111 — Computer User Support ..................................2
CIS 112 — Help Desk Concepts .........................................2
COMP 101 — Introduction to Computer Applications .............4

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Help Desk and Desktop Support (Level 2)
Department Requirements (12 units)
CIS 114 — Virtualization Concepts ..................................2
CIS 218 — MS Windows Desktop System Administration .......4
CNEE 102 — Fundamentals of PC Support ..........................3
CNEE 112 — Advanced Computer Support:
  A+ Practical Applications ...........................................3

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Access SQL Professional
Department Requirements (10 units)
CIS 101 — Intro to Computers and Info. Systems .................4
CIS 117 — Introduction to SQL ........................................2
COMP 111 — Microsoft Access ........................................4

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Web Server Administration
Department Requirements (16 units)
CIS 201 — UNIX/LINUX System Administration .................4
CIS 206 — MS Windows Server System Administration .......4
CIS 224 — Apache Web Server Administration ......................2
CNEE 110 — Networking Essentials ..................................3
CS 111 — HTML and Webmastering ..................................3

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Technical Writing
Department Requirements (10 units)
CIS 101 — Introduction to Computers and Information Systems .................................................4
CIS 181/ENG 181 — Tech. and Professional Writing .............3
GDP 111 — Graphic Design Basics .....................................3

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Microsoft Office Development
Department Requirements (16 units)
CIS 101 — Introduction to Computers and Information Systems .................................................4
CIS 118/COMP 118 — Visual Basic for Applications Programing .................................................4
COMP 109 — Microsoft Excel .............................................4
COMP 111 — Microsoft Access ...........................................4

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.
Skills Competency Award: Microsoft Windows System Administration and Security

Department Requirements (15 units)
CIS 206 — MS Windows Server System Administration 4
CIS 218 — MS Windows Desktop System Administration 4
CIS 221 — MS Windows Server Enterprise Administration .4
CNEE 206 — MS Windows Network Infrastructure 3

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Microsoft SQL Server Database Administration

Department Requirements (10 units)
CIS 206 — MS Windows Server System Administration 4
CIS 231 — SQL Server Design and Programming 3
CIS 232 — SQL Server Database Administration 3

Students must complete the above courses with the grade of “C” or higher or pass in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Information Technology Project Management

Department Requirements (13 units)
BUS 101 — Introduction to Business or
MGMT 102 — Leadership in Organizations 3
CIS 245 — Information Technology Project Management 4
CIS 246 — Management of Information Technology 3
MGMT 101 — Introduction to Management 3

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Virtualization System Administration

Department Requirements (17 units)
CIS 114 — Virtualization Concepts 2
CIS 201 — UNIX/Linux System Administration or
CIS 206 — MS Windows Server System Administration 4
CIS 219 — VMware vSphere System Administration or
CIS 222 — MS Private Cloud Administration 3
CIS 225 — Citrix XenApp Administration or
CIS 226 — Citrix XenDesktop Administration or
CIS 262 — VMware Desktop Virtualization Administration 3
CNEE 125 — CCNA I: Intro to Networking and Routers 5

Students must complete the above courses with the grade of “C” or higher or pass in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Mobile Device Administration

Department Requirements (14 units)
CIS 206 — MS Windows Server System Administration 4
CIS 213 — MS Exchange Server Administration 3
CIS 217 — BlackBerry Enterprise Server System Admin or
CIS 263 — MS System Center Configuration Manager Admin 3
CIS 218 — MS Windows Desktop System Administration 4

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award: Mac OS X Administration

Department Requirements (12 units)
CIS 101 — Intro to Computers and Info. Systems 4
CIS 111 — Computer User Support 2
CIS 112 — Help Desk Concepts 2
CIS 228 — Mac OS X System Administration 4
Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Skills Competency Award:
Cloud Computing Specialist
Department Requirements (13 units)
CIS 114 — Virtualization Concepts ........................................2
CIS 115 — Cloud Computing Essentials..............................2
CIS 116 — Cloud Implementation...........................................2
CIS 201 — UNIX/Linux System Administration or.................4
    CIS 206 — MS Windows Server System Administration..4
CNEE 110 — Networking Essentials....................................3

Students must complete the above courses with a grade of “C” or higher or credit in all courses. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Planning a Program of Study
Students are advised to see a college counselor and a departmental instructor in planning a program of study. Factors to be considered in the plan...
1. Academic goals (i.e., occupational degree, transfer, or certificate programs).
2. Career and occupational goals (i.e., programmer, operations analyst, technical support, sales).

Program Cost and Outcome
For planning purposes, the webpages to follow provide information on the cost of attendance, program length (assuming a student attends full-time), financing options and historical student completion rates:

Computer Information Systems Courses

CIS 101 — Introduction to Computers and Information Systems
(4) — CSU, UC*
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 101
Hours: 72 lecture
Introduction to the role of computer information systems within modern organizations. Topics include hardware and software functions, programming, systems development and networks. Students use computers for programming, as well as popular microcomputer applications such as word processing, spreadsheets and database management. (*UC Transfer Limit: CIS 101 combined with CS 101: maximum credit, one course)

CIS 107 — Introduction to Database Systems
(4) — CSU, UC
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 101
Hours: 72 lecture
Introduction to relational database management concepts. Includes database creation, manipulation, modification and reporting; queries using SQL and Query-by-Example (QBE); and database design and normalization.

CIS 111 — Computer User Support
(2) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 101
Hours: 36 lecture
Computer user support methodologies; focus on understanding interpersonal skills required for user support.

CIS 112 — Help Desk Concepts
(2) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 101
Hours: 36 lecture
Introduction to computer help desk methodologies, using the ITIL framework.
CIS 114 — Virtualization Concepts  
(2) — CSU, UC  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 218  
Hours: 36 lecture

Introduction to virtualization concepts, with an overview of virtualization products. Creation, configuration and management of virtual machines. Provides occupational preparation for information systems professionals, such as PC support personnel, computer programmers, network/systems managers and related technical and operations-administration personnel.

CIS 115 — Cloud Computing Essentials  
(2) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 112 and 101  
Hours: 36 lecture

Introduction to cloud computing. Implementation, management, security and privacy issues associated with cloud computing. Provides occupational preparation for information systems professionals, such as PC support personnel, computer programmers, network/system managers and related technical and operations administration personnel.

CIS 116 — Cloud Implementation  
(2) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 114, 115  
Hours: 36 lecture

Implementing cloud services in the enterprise. Provides occupational preparation for information systems professionals such as PC support personnel, computer programmers, network/system managers, and related technical and operations administration personnel.

CIS 117 — Introduction to SQL Programming  
(2) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 101  
Hours: 36 lecture

Using SQL to retrieve, insert, update and delete information from relational databases. Creating row and aggregate functions, inner and outer joins, set operations, subqueries and parameter queries.

CIS 118/COMP 118 — Visual Basic for Applications Programming  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 101 and COMP 109 and 111  
Hours: 72 lecture

Fundamental concepts of application development using Visual Basic for Applications (VBA).

CIS 119 — Introduction to Programming Using Visual Basic  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 101  
Hours: 72 lecture

Fundamental programming concepts and application development for students new to programming. Covers flowcharting and pseudocode; algorithms and program structure; control structures; objects, events and variables; modular design, sub-programs and functions; and file processing.

CIS 120 — Introduction to NoSQL Databases  
(2) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 107 or CIS 117  
Hours: 36 lecture

Introduction to NoSQL databases. Fundamentals of NoSQL databases and survey of NoSQL products.

CIS 133A/COMP 133A — Visual Basic for Applications: Word  
(0.5)  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: COMP 132C  
Hours: 9 lecture

Automating Word applications, using Visual Basic for applications programming.

CIS 133B/COMP 133B — Visual Basic for Applications: Excel  
(0.5)  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: COMP 134C  
Hours: 9 lecture

Automating Excel applications, using Visual Basic for applications programming.
CIS 133C/COMP 133C — Visual Basic for Applications: Access  
(0.5)  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: COMP 135C  
Hours: 9 lecture  
Automating Access applications, using Visual Basic for applications programming.

CIS 181/ENG 181 — Technical and Professional Writing  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Hours: 54 lecture  
Writing course designed to teach professional-level written communication in technical fields.

CIS 200 — Windows PowerShell  
(2) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 218  
Hours: 36 lecture  
Automating system administration functions in Windows, using Windows PowerShell.

CIS 201 — UNIX/Linux System Administration  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 218 or CS 130  
Hours: 72 lecture  
Introduction to UNIX and Linux system administration. Occupational preparation for PC-support personnel, programmers and network systems managers.

CIS 206 — MS Windows Server System Administration  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 218  
Hours: 72 lecture  
Introduction to Microsoft Windows Server, with emphasis on system administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers, and related technical and operations administration personnel.

CIS 209 — Visual Basic.NET Programming  
(4) — CSU, UC  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 119  
Hours: 72 lecture  
Windows programming, using Visual Basic.NET forms, controls, menus, procedures, arrays and error-handling techniques. Accessing files and databases. Designed for students familiar with programming concepts, but little or no experience with Visual Basic.NET.

CIS 213 — MS Exchange Server Administration  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 206  
Hours: 54 lecture  
Introduction to Microsoft Exchange Server, with emphasis on system administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers, and related technical and operations/administration personnel.

CIS 217 — BlackBerry Enterprise Server System Administration  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 213  
Hours: 54 lecture  
Introduction to BlackBerry Enterprise Server system administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, network/systems managers and related technical operations/administration personnel.

CIS 218 — MS Windows Desktop System Administration  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 101  
Hours: 72 lecture  
Introduction to Microsoft Windows desktop system administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers and related technical and operations/administration personnel.
CIS 219 — VMware vSphere System Administration  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 114 and either 201 or 206  
Hours: 54 lecture  
Introduction to VMware vSphere system administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers and related technical and operations administration personnel.

CIS 220/MKT 220 — Introduction to Electronic Commerce  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: BUS 101 and COMP 103  
Hours: 54 lecture  
Survey of electronic commerce and the use of the Internet to conduct business. Introduces such major components as marketing, communications, cyberlaw, operations and technical issues. Includes an interdisciplinary exploration of the issues, trends, opportunities and technologies which shape electronic commerce.

CIS 221 — MS Windows Server Enterprise System Administration  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 206  
Hours: 72 lecture  
Introduction to Microsoft Windows Server, with emphasis on enterprise system administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers, and related technical and operation administration personnel.

CIS 222 — MS Private Cloud Administration  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 114 and 206  
Hours: 54 lecture  
Introduction to configuration and administration of a Microsoft private cloud. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers, and technical and operations administration personnel.

CIS 223 — MS Sharepoint Server Administration  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 206  
Hours: 54 lecture  
Introduction to Microsoft Sharepoint Server, with emphasis on system administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers, and technical and operations administration personnel.

CIS 224 — Apache Web Server Administration  
(2) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 201 or 206  
Hours: 36 lecture  
Installing, configuring and trouble-shooting Apache Web Server on multi-platform environments.

CIS 225 — Citrix XenApp Administration  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 114 and 206  
Hours: 54 lecture  
Introduction to Citrix XenApp administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers and related technical and operations administration personnel.

CIS 226 — Citrix XenDesktop Administration  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 114 and 206  
Hours: 54 lecture  
Introduction to Citrix XenDesktop administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers and related technical and operations administration personnel.

CIS 228 — Mac OS X System Administration  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 101  
Hours: 72 lecture
Introduction to Mac OS X desktop and server administration. Provides occupational preparation for information systems professionals, such as PC-support personnel, network/systems managers, and related technical and operations administration personnel.

**CIS 229 — Advanced Visual Basic.NET Programming**  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 209  
Hours: 72 lecture  
Developing and distributing advanced Visual Basic.NET applications. Designed for individuals with experience in Visual Basic programming.

**CIS 230 — Active Server Pages Using Visual Basic**  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 117 or 107 and 119  
Hours: 72 lecture  
Developing Internet and intranet business applications with Active Server Pages and Visual Basic. Accessing databases, managing enterprise data, implementing transaction processing, electronic commerce and Internet mail.

**CIS 231 — SQL Server Design and Programming**  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 117 or 107 and 119  
Hours: 54 lecture  
Designing and implementing SQL Server databases. Programming in Transact-SQL. Designed for students and professionals seeking Microsoft certification.

**CIS 232 — SQL Server Database Administration**  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 206 and 231  
Hours: 54 lecture  
Administering, backing up and recovering SQL Server databases. Designed for students and professionals seeking Microsoft certification.

**CIS 234 — Oracle Design and Programming**  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 117 or 107  
Hours: 72 lecture  
Programming in SQL and creating basic PL/SQL procedures. Designed for students and professionals seeking Oracle certification.

**CIS 235 — Oracle PL/SQL Programming**  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 234  
Hours: 72 lecture  
Programming PL/SQL procedures, functions, triggers, packages and object types in Oracle’s SQL *Plus and Procedure Builder environments. Designed for students and professionals seeking Oracle certification.

**CIS 236 — Oracle Database Administration**  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 234 and 201 or 206  
Hours: 54 lecture  
Administering, backing up and recovering Oracle databases. Designed for students and professionals seeking Oracle certification.

**CIS 237 — Advanced SQL Programming**  
(2) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 107 or 117  
Hours: 36 lecture  
Using SQL to clean and consolidate data; perform correlated subqueries and hierarchical retrievals; write SQL queries; and access object-relational data, VARRAYs and nested tables.

**CIS 238 — Data Warehousing with SQL Server**  
(3) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 107 or 117  
Hours: 54 lecture  
Using Microsoft SQL Server to create data warehouses and analyze warehoused data.

**CIS 243 — Systems Analysis and Design**  
(4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: CIS 101  
Hours: 72 lecture  
Analyzing and designing information systems. Information gathering, cost-benefit analysis, systems modeling techniques and prototyping.
CIS 244 — UML for Business Processes
(2) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 107
Hours: 36 lecture
Using Unified Modeling Language (UML) for systems analysis and design.

CIS 245 — IT Project Management
(4) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 101
Hours: 72 lecture
Introduction to information technology project management.

CIS 246 — Management of Information Technology
(3) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 101
Hours: 54 lecture
Introduction to the management of information technology.

CIS 251 — Advanced SQL Server Programming
(4) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 231
Hours: 72 lecture
SQL Server programming, using advanced features of Transact-SQL. Coding functions, procedures and triggers, using Common Language Runtime integration.

CIS 252 — MySQL Design and Programming
(3) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 107 or 117
Hours: 54 lecture
Programming in SQL and creating basic procedures and functions in MySQL. Designed for students and professionals seeking MySQL certification.

CIS 253 — Business Intelligence with Microsoft SQL Server
(4) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 238
Hours: 72 lecture
Implementing and designing business intelligence solutions with Microsoft SQL Server. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers, and related technical and operations administration personnel.

CIS 262 — VMware Desktop Virtualization Administration
(3) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 219 and 206
Hours: 54 lecture
Virtual desktop administration using VMware Horizon View. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers, and related technical and operations administration personnel.

CIS 263 — MS System Center Configuration Manager Administration
(3) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
Course Advisories: CIS 206
Hours: 54 lecture
Administering and deploying Microsoft System Center Configuration Manager. Provides occupational preparation for information systems professionals, such as PC-support personnel, computer programmers, network/systems managers, and related technical and operations administration personnel.

CIS 290 — Work Experience in Computer Information Systems
(1-4) — CSU
Skills Advisories: Eligibility for ENG 110 or 110H
75 hours of work experience = 1 unit of credit
Hours: 60-300 lab
Consists of supervised employment for students whose career objectives, course of study and employment complement each other. Students must accomplish specific course objectives. Class meetings on campus are scheduled each semester.
