

What are Idioms?

*Idioms are words, phrases, or expressions that are either grammatically **unusual**, as in, “Long time, no see!”, or their **meaning cannot be taken literally**, as in, “It’s raining cats and dogs!” This expression does not mean that cats and dogs are falling from the sky, but it is a metaphorical expression (word picture) that means that it is raining very heavily.*

WHY SHOULD YOU LEARN ENGLISH IDIOMS?

Idioms are an important part of **every** language. Therefore, as a language learner, knowing idioms is useful in at least two ways:

- 1) The more idioms you know, the more native-like your language will sound;
- 2) By learning idioms, you learn a lot about the culture of the community speaking the language you are learning.

 In order to find out what the idiom means, your regular dictionary may not be very helpful. Instead, you may want to consult special idiom dictionaries. Here are some helpful **online idiom dictionaries**: <http://dictionary.cambridge.org/> and <http://idioms.thefreedictionary.com/>.
