GREETINGS FIRST YEAR STUDENTS!

If you are a first year student, the Degree Audit Reporting System (DARS) also known as U-Achieve, is a valuable self-advising tool that will greatly assist you with course selection. Here is how it works: As you take courses, it provides a report that shows your progress towards completing requirements for the following:

• SBCC Skill Competency Awards
• Certificates of Completion
• Associate Degrees
• Transfer eligibility (UC and CSU GPA and units)
• Satisfaction of IGETC and/or CSU GE Breadth for the UC and CSU systems

Check out your DARS report now!

1. •Log into pipeline
2. •In the Course Planning panel, click on My Course Planner (DARS)
3. •Select your program and semester
4. •Click on Submit a New Audit

Have questions? Check out DARS FAQs

If you are transfer student, DARS reports will not reflect your outside course work. Have your transcripts reviewed by an Academic Counselor ASAP to determine which requirements may already be met. This should be done in your first semester at SBCC.

We strongly encourage you to run a DARS report each semester, prior to and after enrolling, to ensure that you are taking courses and satisfying GPA and unit requirements that will apply to your educational goal(s). If, according to DARS, you have completed SBCC degree requirements, complete and submit your degree application.

Stay “In the Know”....
