- Psychology
- Sociology
- Spanish
- Teaching English as a Foreign Language
- Theatre Arts
- Water Science

Self-Guided Campus Tour

Welcome to Santa Barbara City College -
SBCC - home of the Vaqueros!

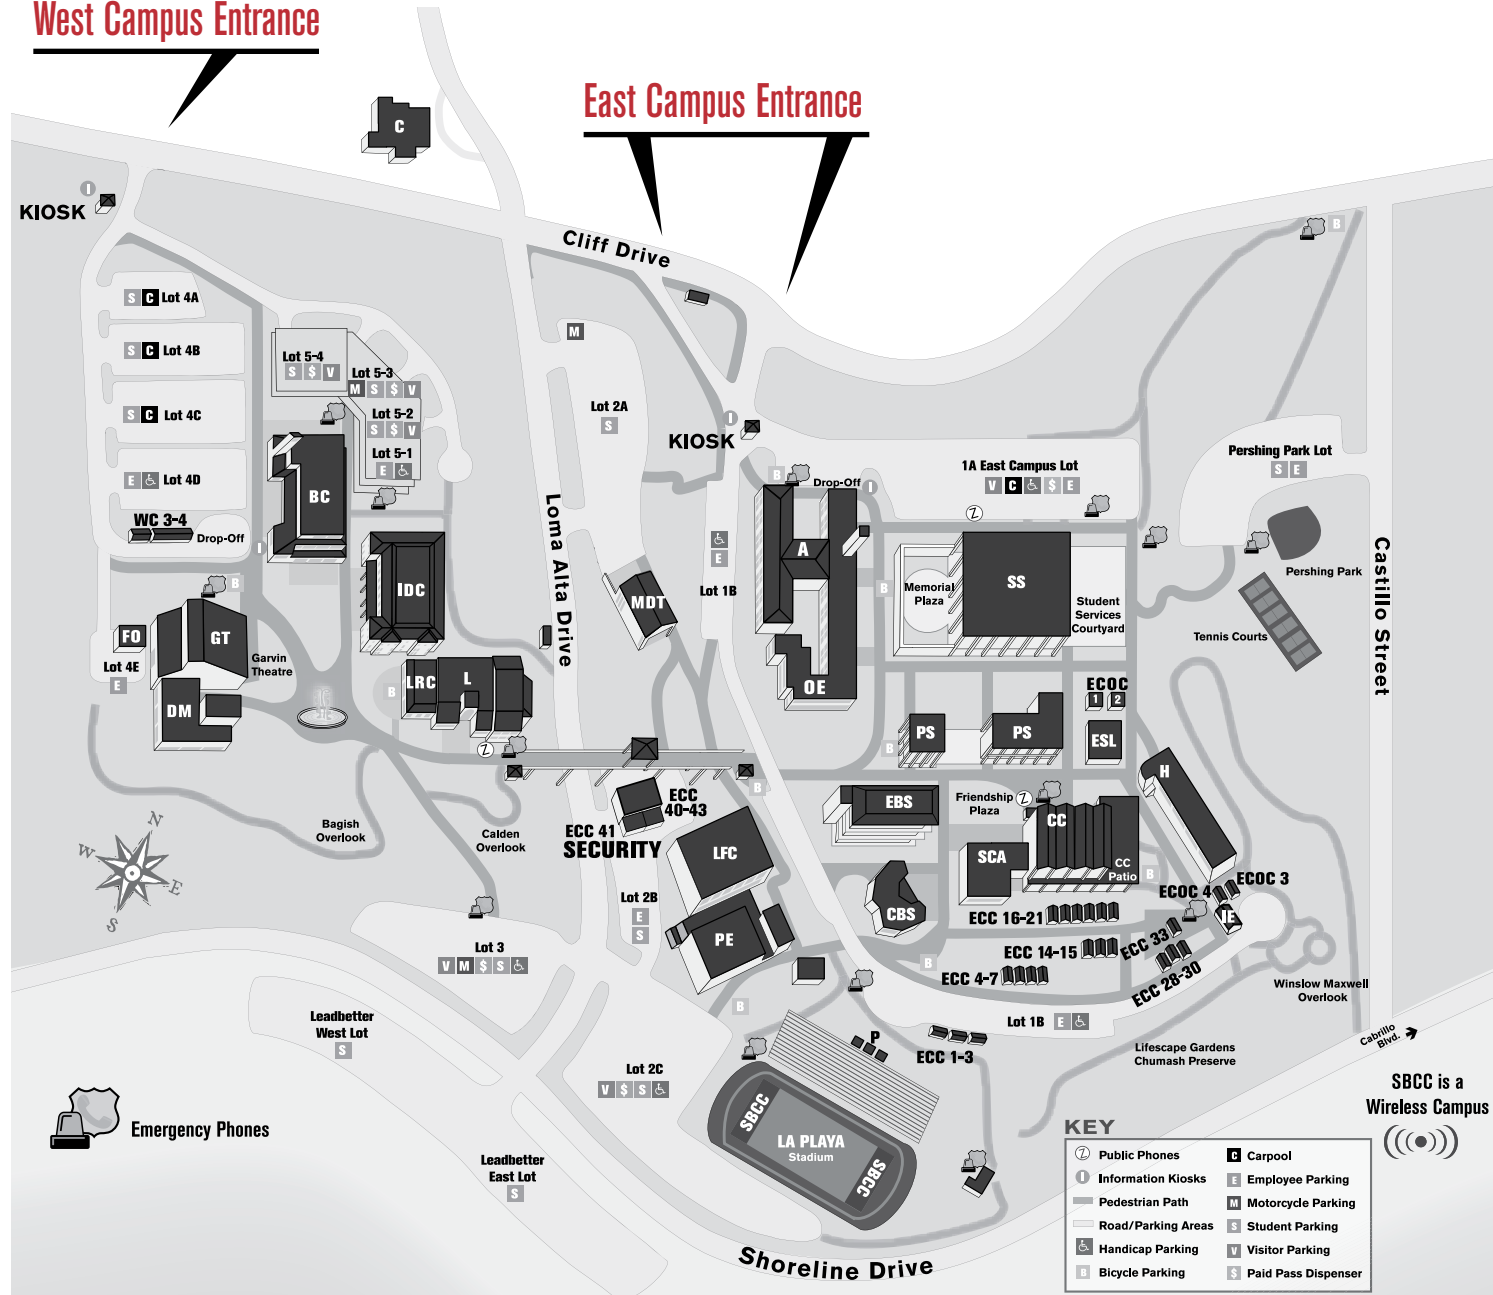

In 2013, Santa Barbara City College was named the #1 Community College in the Nation—as awarded by The Aspen Institute’s College Excellence Program. Quality faculty, exceptional academic and career technical programs, comprehensive student services, and premier facilities create a thriving educational environment designed with one goal in mind—ensuring the success of every student. The 74-acre campus is uniquely situated overlooking the Pacific Ocean. Known to many as the American Riviera, Santa Barbara’s relaxed community provides an unmatched backdrop to an educational experience of a lifetime for its 20,000 students. We welcome you to come explore the possibilities at Santa Barbara City College.

Self-Guided Campus Tour

West Campus Entrance

East Campus Entrance

In addition to the classrooms and laboratories, the campus has numerous outdoor areas that are worth exploring. On the East Campus, take a moment to walk to the **Winslow Maxwell Overlook** and see the breathtaking views of the Pacific Ocean, including the Santa Barbara Harbor and Stearns Wharf. On a clear day, you should be able to see the Channel Islands. Follow the path and walk through the Lifescape Gardens at the Chumash Point Ethnobotanical Preserve dedicated Earth Day, 1993 to the Chumash of today and tomorrow.

On the West Campus, follow the path to **Calden Overlook** and the **Bagish Overlook** and enjoy the view of Leadbetter Beach. The Bagish Overlook is a landscaped public gathering site located adjacent to the Great Meadow. This beautiful site, with seating and a fountain features large, flat stones collected by Professor Henry Bagish from his worldwide treks. The 18-foot fountain located in the center of the Great Meadow, called "Mentors" was created by artist, Aris Demetrios and installed in 2000. Students enjoy studying, relaxing and playing music by this stunning work.

West Campus

Luria Library - L

Crossing the pedestrian bridge from East Campus onto West Campus, you will immediately view the Eli Luria Library overlooking the Pacific Ocean. The library has over 115,000 titles (books, CD-ROMs, E-books, and pamphlets), and offers students a comfortable place to study, read, research, work in groups, use computers, or even relax with coffee and snacks from the cafe located on the main floor. Librarians are ready to answer student questions and assist with all research needs.

Directly next to the Luria Library is the Cartwright Learning Resource Center (CLRC). The CLRC provides learning support to students in a variety of ways that include: Tutorial Center, Writing Lab, computer classrooms, and student computer access. Students can find a tutor for more than 50 subjects in the Tutorial Center along with tutors who help students improve their writing ability.

Interdisciplinary Building - IDC

Just past the Luria Library you will find this lovely 32,000-square-foot, three-level building. The two lower floors provide classrooms in the areas of math, English and the social sciences. The top floor houses 51 faculty offices. Classroom size will vary from 25 to 35 students per class.

Business and Communication Building - BC

This complex houses the academic departments of Business and Communication, the Fé Bland Auditorium, as well as, a small snack bar. A distinguishing architectural feature of this structure is the 40-foot clock tower with its French-cast bells.

Garvin Theatre / Drama Music Complex - GT, DM

The college is bordered on the west side by the Garvin Theatre and the Drama/Music Building. The Garvin Theatre is a 400-seat theatre that provides an intimate atmosphere for the production and enjoyment of live theatre. SBCC's five-show season presented from November through July each year attracts an audience base of 10,000 and allows students ample opportunities for participation. The Jurkowitz Theatre is a 100-seat, flexible "black box" theatre located in the Garvin Theatre Complex. In addition to the two shows presented in this theatre, all student-directed shows and acting classes are also held here.

The Music Department at SBCC has been recognized nationally for its excellence in music history and appreciation and for its jazz performance. The curriculum provides the music major with thorough training in theory, musicianship, composition, history, keyboard performance, and vocal and instrumental performance. There are also several courses designed for musicians who wish to use their computer to compose, record, print, rehearse and create CDs using software.

The Garvin Theatre and Drama/Music buildings have just been restored to "like new" again. This \$24 million renovation was spearheaded by award-winning theatre architect John Sergio Fisher.

FIVE MUST SEE Campus Locations

1. Winslow Maxwell Overlook
2. Calden Overlook
3. Bagish Overlook
4. Campus Center Patio
5. La Playa Stadium

East Campus

Student Services Building - SS

The Student Service Building houses a majority of student support services. The services located on the first floor include Admissions & Records, Academic Counseling, Student Health Services, Disabled Student Programs and Services (DSPS) and Transfer Center. The Transfer Center provides information on both public and private four-year colleges and universities and is designed to offer assistance to students and staff with transfer information and education.

On the second floor of the SS Building you will find the Schall Career Center where professional staff assists students with many services including career counseling, internship opportunities and a comprehensive job referral system. EOPS (Extended Opportunity Programs & Services) is a state-funded, comprehensive support system for qualified low-income students and is located adjacent to the Office of Financial Aid.

Administration Building - A

The Administration building houses many of the SBCC administrative offices including the President's Office. Centrally located in the administration quad is the Automotive Program. Located on the second floor facing the Student Services Building is the Health Technologies Office and Nursing Lab. SBCC offers health programs with the following majors: Nursing (CNA, LVN and ADN), Radiographic and Imaging Sciences, Diagnostic Medical Sonography, Emergency Medical Technician, and our fully online programs in Health Information Technology and Cancer Information Management. Directly under the Nursing Lab on the first floor is the Digital Arts Center (DAC). The DAC is part of our School of Media Arts (SOMA) and the departmental home of the Multimedia Arts, Graphic Design and Photography Departments. There are two 36-station laboratory classrooms, one 60-station Media Lab open for student use, and one 12-station high-end production laboratory.

Campus Center - CC

The Campus Center is headquarters for nearly all organized student activities. It houses the Office of Student Life, SBCC's student newspaper *The Channels* and the School of Culinary Arts program. For a tasty treat, visit our Cafeteria, with its amazing patio, Snack Shop, JSB Café or Gourmet Dining Room where our Culinary Arts students can be found implementing what they have learned in classroom lectures and labs.

Earth & Biological Sciences Building - EBS

This building is home to many departments: Biological Sciences, Earth and Planetary Science, Environmental Studies, Geography, Geology. All laboratories, lecture halls, offices and computer classrooms are seamlessly tied together with an advanced computer network.

Campus Book Store - CBS

If you are looking for a sweatshirt, art supplies or textbooks the Book Store is the place. Stop in to find the latest SBCC merchandise to show your school spirit.

La Playa Stadium / Life Fitness Center - LFC

This breathtaking, ocean view stadium serves as the home of SBCC's football team, Los Vaqueros. The Nick Carter Track is named after former 1928 Olympian. SBCC offers 17 sports for men and women.

The LFC provides SBCC students, faculty, staff and community with a first-class facility to "get in shape". In addition, the Life Fitness Center and the Human Performance Lab provide an excellent teaching facility for students interested in careers in fitness training (A.A. Degree in Physical Education with an emphasis in Exercise Science).
