SBCC
Express to Success Program (ESP)
Fall 2011 – Spring 2013
Results Highlights

ESP Students
• 257 students participated in 10 learning communities in fall 2011
• 208 students participated in 8 learning communities in spring 2012
• 474 students participated in 17 learning communities in fall 2012
• 395 students participated in 14 learning communities in spring 2013
• Latino students
  o 73% in fall 2011
  o 67% in spring 2012
  o 62% in fall 2012
  o 60% in spring 2013
• Low income students (received BOG waiver)
  o 74% in fall 2011
  o 76% in spring 2012
  o 79% in fall 2012
  o 73% in spring 2013
• EOPS students
  o 58% in fall 2011
  o 69% in spring 2012
  o 27% in fall 2012
  o 27% in spring 2013
• BOG recipients who were Latino
  o 79% in fall 2011
  o 70% in spring 2012
  o 71% in fall 2012
  o 69% in spring 2013
• Latino students were BOG recipients
  o 80% in fall 2011
  o 79% in spring 2012
  o 90% in fall 2012
  o 84% in spring 2013

Success Rates – Highlights
• All ESP students achieved higher success rates than students in comparable English and math courses and these differences are more pronounced among Latino, BOG and EOPS students.
Passed One Level – Highlights
• All ESP students were more likely to pass one level in both English and math than students in comparable courses, but the difference is more pronounced among Latino, BOG and EOPS students.
Passed Two Levels – Highlights
- All ESP students are much more likely to complete two levels in the accelerated format of ESP than students pursuing the traditional courses that require two semesters to complete two levels and this difference is much more pronounced among Latino, BOG and EOPS students
- In most terms, all ESP students were more likely to pass two levels than students enrolled in comparable courses in the same term, but the difference is more pronounced among Latino and BOG students
