### ART NC211 - Beginning Drawing: For Older Adults (0 Unit)

This course is designed for the older adult who wants to draw and deepen their understanding of drawing and composition. Students will expand their observational skills and learn to develop skills to create interesting compositions. Students will learn about gesture, shadows and shading with the use of a variety of materials, enhancing ability to focus on visual detail. Two outside campus field trips to Santa Barbara Mission and Natural History Museum.

### ART NC525 - Antiques for Older Adults (0 Unit)

Always new and fresh, this class is vital if you have inherited pieces or are fascinated by antiques, cultures, art and history. This is a "road show"-type class without values, but with the keys to telling genuine from fake. Short lectures are followed by physical examination of antiques and discussions about our cultural history. Antique collectors will have an opportunity to share their knowledge. Covers topics as diverse as: plein air painting, furniture, folk art, antique silver, Oriental arts, Americana, arts and crafts, art glass, ceramics, Native American basketry, quilts, textiles, prints, book arts and much more.

### ART NC585 - Art Experiences and Conversations: For Older Adults (0 Unit)

Older adult students practice self-expression by viewing works of art and discussing basic art principles. Students familiarize themselves with the work of a number of artists by viewing prints of the artwork, then express their feelings discussing the prints and the artist's background. Discussion topics include art principles such as color, line and shape, and recollections and associations about art, history and life.

### ART NC704 - Stained Glass: Leaded, Copper Foil and Mosaic: For Older Adults (0 Unit)

This class is designed for older adults with previous experience working with glass. This will be a hands-on class for those wanting to advance their skills in the art of leaded stained glass, copper foil stained glass and mosaic. The instruction in this class will take the student through every stage needed to fabricate a glass project. It will also include weekly handouts covering the history of stained glass from its humble beginnings to present day. Course enhances mental acuity, manual dexterity, and attention to visual detail.

**Hours:** 30 (10 lecture,20 lab)

### ART NC823 - Ceramics, an Option for Creative Learning: For Older Adults (0 Unit)

Older adult students make clay objects using hand techniques or the potter's wheel. Students will improve hand strength and coordination, develop cognitive flexibility to learn and execute a new skill, experience the sensory and creative stimulation fostered by working with clay and exercise socialization skills. Topics include the principles of clay construction, glazing, the kiln firing process, and increasingly difficult clay techniques.
