How to lookup SBCC School of Extended Learning Noncredit classes online (2 ways)

Go to: http://www.sbcc.edu/
Click on the menu stack, and then click on Find a Class

Once the page loads, click on **Term**, and then on **Noncredit** or **Adult HS**, and then click on "Select " button. Let the screen refresh and then you can search by subject, or any of the other search criteria, or just click on the search button to get all of the classes offered for the term. In the example for ART below I've searched by Subject, and then clicked on the "Search" button.

Image below is a sample of search results. Classes will be listed alphabetically by subject, course number, and then by CRN (class number).

Older adult students concentrate on composition, simplification of subject and presentation. Students are encouraged to bring to class new ideas, works in progress or rework older paintings. Class is structured as a semi-tutorial open studio atmosphere.
