MDLIVE

Your plan includes MDLIVE, a 24/7/365 service where you have access to doctors and pediatricians to help you anytime, anywhere about your medical care. You can register by calling MDLIVE toll free at 888-632-2738 or going on the internet at mdlive.com/sisc, be prepared to provide your name, the patient’s name (if you’re not calling for yourself), the member’s identification number, and the patient’s phone number.

Services are provided either through online video, where you see a doctor using your computer over the internet, over the telephone or through secure email.

The doctor will ask you some questions to help determine your health care needs. Based on the information you provide, the advice will include general health care and pediatric care of you or your dependent’s condition. When to use MDLIVE:

- If you’re considering the ER or urgent care center for a non-emergency medical issue.
- Your primary care doctor is not available.
- Traveling and in need of medical care.
- During or after normal business hours, nights, weekends and holidays.
- Request prescriptions or get refills.

We have made arrangements with an independent company to make MDLIVE available to you as a special service. It may be discontinued without notice.

Note: MDLIVE is an optional service. Remember, register to get started.

ConditionCare

Your plan includes ConditionCare to help you better understand and manage specific chronic health conditions and improve your overall quality of life. ConditionCare provides you with current and accurate data about Asthma, Diabetes, Congestive Heart Failure (CHF), Coronary Artery Disease (CAD) and Chronic Obstructive Pulmonary Disease (COPD) plus education to help you better manage and monitor your condition. ConditionCare also provides depression screening.

You may be identified for participation through paid claims history, hospital discharge reports, physician referral, or Case Management, or you may request to participate by calling ConditionCare toll free at 1-800-621-2232. Participation is voluntary and confidential. These programs are available at no cost to you. Once identified as a potential participant, a ConditionCare representative will contact you. If you choose to participate, a program to meet your specific needs will be designed. A team of health professionals will work with you to assess your individual needs, identify lifestyle issues, and support behavioral changes that can help resolve these issues. Your program may include:

- Mailing of educational materials outlining positive steps you can take to improve your health; and/or
- Phone calls from a nurse or other health professional to coach you through self-management of your condition and to answer questions.

ConditionCare offers you assistance and support in improving your overall health. It is not a substitute for your physician’s care.
Dear Plan Member:

The benefits of this plan are provided for medically necessary services and supplies for the subscriber and enrolled dependents for a covered condition, subject to all of the terms and conditions of this plan, the participation agreement between the participating employers and SISC III, and the eligibility rules of SISC III.

This Benefit Booklet provides a complete explanation of your benefits, limitations and other plan provisions which apply to you.

Subscribers and covered dependents (“members”) are referred to in this booklet as “you” and “your”. The plan administrator is referred to as “we”, “us” and “our”.

All italicized words have specific definitions. These definitions can be found either in the specific section or in the DEFINITIONS section of this booklet.

Please read this Benefit Booklet (“benefit booklet”) carefully so that you understand all the benefits your plan offers. Keep this Benefit Booklet handy in case you have any questions about your coverage.

Important: This is not an insured benefit plan. The benefits described in this Benefit Booklet or any rider or amendments hereto are funded by the plan administrator who is responsible for their payment. Anthem Blue Cross Life and Health Insurance Company provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

Anthem Blue Cross Life and Health Insurance Company is an independent licensee of the Blue Cross Association (BCA).
COMPLAINT NOTICE

All complaints and disputes relating to coverage under this plan must be resolved in accordance with the plan’s grievance procedures. Grievances may be made by telephone (please call the Member Services number on your Identification Card) or in writing (write to the Customer Service Department named on your identification card marked to the attention of the Customer Service Department). If you wish, the Customer Service will provide a Complaint Form which you may use to explain the matter.

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BENEFIT BOOKLET ENTITLED DEFINITIONS.

Participating Providers in California. The claims administrator has established a network of various types of "Participating Providers". These providers are called "participating" because they have agreed to participate in the claims administrator's preferred provider organization program (PPO), which the claims administrator calls the Prudent Buyer Plan. Participating providers have agreed to a rate they will accept as reimbursement for covered services. The amount of benefits payable under this plan will be different for non-participating providers than for participating providers. See the definition of "Participating Providers" in the DEFINITIONS section for a complete list of the types of providers which may be participating providers.

A directory of participating providers is available upon request. The directory lists all participating providers in your area, including health care facilities such as hospitals and skilled nursing facilities, physicians, laboratories, and diagnostic x-ray and imaging providers. You may call the customer service number listed on your ID card and request for a directory to be sent to you. You may also search for a participating provider using the "Provider Finder" function on the claim administrator's website at www.anthem.com/ca/sisc. The listings include the credentials of their participating providers such as specialty designations and board certification.

How to Access Primary and Specialty Care Services

Your health plan covers care provided by primary care physicians and specialty care providers. To see a primary care physician, simply visit any participating provider physician who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any participating provider specialty care provider you choose (certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy), see "Physician," below). Referrals are never needed to visit any participating provider specialty care provider including a behavioral health care provider.

To make an appointment call your physician’s office:

- Tell them you are a Prudent Buyer Plan member.
- Have your Member ID card handy. They may ask you for your group number, member I.D. number, or office visit copay.
- Tell them the reason for your visit.

When you go for your appointment, bring your Member ID card.

After hours care is provided by your physician who may have a variety of ways of addressing your needs. Call your physician for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an emergency, call 911 or go to the nearest emergency room.

Participating Providers Outside of California

If you are outside of the California service areas, please call the toll-free BlueCard Provider Access number on your ID card to find a participating provider in the area you are in. A directory of PPO Providers for outside of California is available upon request.
Non-Participating Providers. *Non-participating providers* are providers which have not agreed to participate in the Prudent Buyer Plan network. They have not agreed to the reimbursement rates and other provisions of a Prudent Buyer Plan contract.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the *plan*. This doesn't mean they can provide every service that a medical doctor could; it just means that the *plan* will cover expense you incur from them when they're practicing within their specialty the same as if care were provided by a medical doctor. As with the other terms, be sure to read the definition of "Physician" to determine which providers' services are covered. Only providers listed in the definition are covered as *physicians*. Please note also that certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy). Providers for whom referral is required are indicated in the definition of "physician" by an asterisk (*).

Other Health Care Providers. "Other Health Care Providers" are neither physicians nor hospitals. They are mostly free-standing facilities or service organizations. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. *Other health care providers* are not part of the Prudent Buyer Plan provider network.

Contracting and Non-Contracting Hospitals. Another type of provider is the "contracting hospital". This is different from a hospital which is a *participating provider*. As a health care service plan, the *claims administrator* has traditionally contracted with most hospitals to obtain certain advantages for patients by the *plan*. While only some hospitals are *participating providers*, all eligible California hospitals are invited to be contracting hospitals and most--over 90%--accept.

Reproductive Health Care Services. Some hospitals and other providers do not provide one or more of the following services that may be covered under your *plan* contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more before you enroll. Call your prospective physician or clinic, or call the customer service telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Centers of Medical Excellence. The *claims administrator* is providing access to the following separate *Centers of Medical Excellence* (CME) networks. The facilities included in each of these CME networks are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, CME have agreed to a rate they will accept as payment in full for covered services. **These procedures are covered only when performed at a CME.**

- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. **These procedures are covered only when performed at a CME.**

A *participating provider* in the Prudent Buyer Plan network is not necessarily a CME facility.

Care Outside the United States—BlueCard Worldwide

Prior to travel outside the United States, call the customer service telephone number listed on your ID card to find out if your plan has BlueCard Worldwide benefits. Your coverage outside the United States is limited and it is recommend:

- Before you leave home, call the customer service number on your ID card for coverage details. *You have coverage for services and supplies furnished in connection only with urgent care or an emergency when travelling outside the United States.*

- Always carry your current ID card.

- In an emergency, seek medical treatment immediately.
• The BlueCard Worldwide Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177. An assistance coordinator, along with a medical professional, will arrange a physician appointment or hospitalization, if needed.

Payment Information

• Participating BlueCard Worldwide hospitals. In most cases, you should not have to pay upfront for inpatient care at participating BlueCard Worldwide hospitals except for the out-of-pocket costs you normally pay (non-covered services, deductible, copays, and coinsurance). The hospital should submit your claim on your behalf.

• Doctors and/or non-participating hospitals. You will have to pay upfront for outpatient services, care received from a physician, and inpatient care from a hospital that is not a participating BlueCard Worldwide hospital. Then you can complete a BlueCard Worldwide claim form and send it with the original bill(s) to the BlueCard Worldwide Service Center (the address is on the form).

Claim Filing

• Participating BlueCard Worldwide hospitals will file your claim on your behalf. You will have to pay the hospital for the out-of-pocket costs you normally pay.

• You must file the claim for outpatient and physician care, or inpatient hospital care not provided by a participating BlueCard Worldwide hospital. You will need to pay the health care provider and subsequently send an international claim form with the original bills to us.

Claim Forms

• International claim forms are available from the claims administrator, from the BlueCard Worldwide Service Center, or online at:

www.bcbs.com/bluecardworldwide.

The address for submitting claims is on the form.
SUMMARY OF BENEFITS

THE BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR THOSE SERVICES THAT ARE DETERMINED TO BE MEDICALLY NECESSARY. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS A SERVICE DOES NOT, IN ITSELF, MEAN THAT THE SERVICE IS MEDICALLY NECESSARY OR THAT THE SERVICE IS COVERED UNDER THIS PLAN. CONSULT THIS BENEFIT BOOKLET OR TELEPHONE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

THIS PLAN CONTAINS MANY IMPORTANT TERMS (SUCH AS "MEDICALLY NECESSARY" AND "MAXIMUM ALLOWED AMOUNT") THAT ARE DEFINED IN THE DEFINITIONS SECTION. WHEN READING THROUGH THIS BENEFIT BOOKLET, CONSULT THE DEFINITIONS SECTION TO BE SURE THAT YOU UNDERSTAND THE MEANINGS OF THESE ITALICIZED WORDS.

For your convenience, this summary provides a brief outline of your benefits. You need to refer to the entire benefit booklet for more complete information, and the exact terms and conditions of your coverage.

Second Opinions. If you have a question about your condition or about a plan of treatment which your physician has recommended, you may receive a second medical opinion from another physician. This opinion visit will be provided according to the benefits, limitations, and exclusions of this plan. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a participating provider. You may also ask your physician to refer you to a participating provider to receive a second opinion.

Triage or Screening Services. If you have questions about a particular health condition or if you need someone to help you determine whether or not care is needed, triage or screening services are available to you from us by telephone. Triage or screening services are the evaluation of your health by a physician or a nurse who is trained to screen for the purpose of determining the urgency of your need for care. Please contact the MDLIVE 24/7/365 at the telephone number listed on your identification card 24 hours a day, 7 days a week.

After Hours Care. After hours care is provided by your physician who may have a variety of ways of addressing your needs. You should call your physician for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an emergency, call 911 or go to the nearest emergency room.

Telehealth. This plan provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the plan. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. “Telehealth” is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, and management of the patient’s health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, or electronic mail.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this plan may be subject to the SUBROGATION AND REIMBURSEMENT section.
MEDICAL BENEFITS

CALENDAR YEAR DEDUCTIBLES

- Member Deductible ................................................................................................................................. $300
- Family Deductible ................................................................................................................................. $600

Exceptions:
- The Calendar Year Deductible will not apply to benefits for Preventive Care Services provided by a participating provider.
- The Calendar Year Deductible will not apply to office visits to a physician who is a participating provider.
  
  Note: This exception only applies to the charge for the visit itself. It does not apply to any other charges made during that visit, such as for testing procedures, surgery, etc.
- The Calendar Year Deductible will not apply to diabetes education program services provided by a physician who is a participating provider.
- The Calendar Year Deductible will not apply to hospice care services provided by a physician who is participating provider.
- The Calendar Year Deductible will not apply to transplant travel expenses authorized by the claims administrator in connection with a specified transplant procedure provided at a designated CME.
- The Calendar Year Deductible will not apply to bariatric travel expense in connection with an authorized bariatric surgical procedure provided at a designated CME.
- The Calendar Year Deductible will not apply to consultations or second opinions provided by the claims administrators Telemedicine Network Specialty Center. The Calendar Year Deductible will apply to all other services provided by a Telemedicine Network Presentation Site or Specialty Center.

CO-PAYMENTS

Co-Payments.* After you have met your Calendar Year Deductible, you will be responsible for the following percentages of the maximum allowed amount:

- Participating Providers............................................................................................................................. 20%
- Other Health Care Providers ................................................................................................................... 20%
- Non-Participating Providers subject to Scheduled Amounts (See the SCHEDULES FOR NON-PARTICIPATING PROVIDERS) or Maximum Dollar Amounts for services or supplies, as shown under MEDICAL BENEFIT MAXIMUMS ........................................................................ No Co-Payment except member is responsible for any amount exceeding the maximum allowed amount
- All other Non-Participating Providers ..................................................................................................... 20%

Note: In addition to the Co-Payment shown above, you will be required to pay any amount in excess of the maximum allowed amount for the services of an other health care provider or non-participating provider.

*Exceptions:
- There will be no Co-Payment for any covered services provided by a participating provider under the Preventive Care benefit.
– Your Co-Payment for office visits to a physician who is a participating provider will be $20. This Co-Payment will not apply toward the satisfaction of the Calendar Year Deductible, nor will it apply satisfaction of the Out-of-Pocket Amount.

Note: This exception applies only to the charge for the visit itself. It does not apply to any other charges made during that visit, such as testing procedures, surgery, etc.

– Your Co-Payment for diabetes education program services provided by a physician who is a participating provider will be $20. This Co-Payment will not apply toward the satisfaction of the Calendar Year Deductible, nor will it apply toward satisfaction of the Out-of-Pocket Amount.

– Your Co-Payment for covered outpatient services and supplies provided by a non-participating hospital, including outpatient surgery will be 50% of the maximum allowed amount. This Co-Payment does not apply to emergencies as defined in the DEFINITIONS section.

– Your Co-Payment for consultations or second opinions provided by the claims administrators Telemedicine Network Specialty Center will be $20. This Co-Payment will not apply toward the satisfaction of the Calendar Year Deductible, nor will it apply toward satisfaction of the Out-of-Pocket Amount.

Note: This exception applies only to the consultation or second opinion portion of the Specialty Center’s bill. It does not apply to any other charges made.

– In addition to the Co-Payments shown above, you will be required to pay an additional $100 Co-Payment for emergency room services and supplies. This Co-Payment will not apply if you are admitted as a hospital inpatient immediately following emergency room treatment. This Co-Payment will not apply toward the satisfaction of the Calendar Year Deductible, nor will it apply toward satisfaction of the Out-of-Pocket Amount.

– There will be no Co-Payment for any covered services provided by a participating provider under the Hospice Services benefit.

– Your Co-Payment for specified transplants (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) determined to be medically necessary and performed at a designated CME will be the same as for participating providers. Services for specified transplants are not covered when performed at other than a designated CME. See UTILIZATION REVIEW PROGRAM.

NOTE: No Co-Payment will be required for the transplant travel expenses authorized by the claims administrator in connection with a specified transplant performed at a designated CME. Transplant travel expense coverage is available when the closest CME is 75 miles or more from the recipient’s or donor’s residence.

– Your Co-Payment for bariatric surgical procedures determined to be medically necessary and performed at a designated CME will be the same as for participating providers. Services for bariatric surgical procedures are not covered when performed at other than a designated CME. See UTILIZATION REVIEW PROGRAM.

NOTE: Co-Payments do not apply to bariatric travel expenses authorized by the claims administrator. Bariatric travel expense coverage is available when the closest CME is 50 miles or more from the member’s residence.

Important Note About Maximum Allowed Amount And Your Co-Payment: The maximum allowed amount for non-participating providers is significantly lower than what providers customarily charge. (See the SCHEDULES FOR NON-PARTICIPATING PROVIDERS.) You must pay all of this excess amount in addition to your Co-Payment.
**Out-of-Pocket Amount.** After you have made the following total out-of-pocket payments for covered charges incurred during a *calendar year*, you will no longer be required to pay a Co-Payment for the remainder of that year, but you remain responsible for costs in excess of the *maximum allowed amount*.

- **Member Out-of-Pocket Maximum**............................................................................................................. $1,000
- **Family Out-of-Pocket Maximum**............................................................................................................. $3,000

*Exceptions:

- Any Co-Payments you make for donor searches for transplants will not be applied toward the satisfaction of your Out-of-Pocket Amount.

- Your Co-Payment for office visits to a *physician* who is a *participating provider* will not be applied toward the satisfaction of your Out-of-Pocket Amount. In addition, you will be required to continue to pay your Co-Payment for such visits even after you have reached that amount.

- Your Co-Payment for diabetes education program services provided by a *physician* who is a *participating provider* will not be applied toward the satisfaction of your Out-of-Pocket Amount. In addition, you will be required to continue to pay your Co-Payment for such services even after you have reached that amount.

- Your Co-Payment for covered outpatient services and supplies provided by a *non-participating hospital*, including outpatient surgery will not be applied toward the satisfaction of your Out-of-Pocket Amount. In addition, you will be required to continue to pay your Co-Payment for such services even after you have reached that amount.

- Your Co-Payment for consultations or second opinions provided by the *claims administrators* Telemedicine Network Specialty Center will not be applied toward the satisfaction of your Out-of-Pocket Amount. In addition, you will be required to continue to pay your Co-Payment for such services even after you have reached that amount.

- Your $100 Co-Payment for emergency room services and supplies will not be applied toward the satisfaction of your Out-of-Pocket Amount. In addition, you will be required to continue to pay this Payment for such services even after you have reached that amount.

- Any expense which is in excess of the *non-participating provider* amount for inpatient hospital services will not be applied toward the satisfaction of your Out-of-Pocket Amount.

- Any expense which is in excess of the limitation for *participating hospitals* for hip or knee joint replacement surgery will not be applied toward the satisfaction of your Out-of-Pocket Amount.

- Expense which is applied toward the Calendar Year Deductible, which is incurred for non-covered services or supplies, or which is in excess of the amount of the *maximum allowed amount*, will not be applied toward your Out-of-Pocket Amount, and is always your responsibility.

**MEDICAL BENEFIT MAXIMUMS**

The *plan* will pay for the following services and supplies, up to the maximum amounts, or for the maximum number of days or visits shown below:

**Hospital**

- For all *covered hospital services and supplies*, other than emergency room care, received during any one day ............................................................................................................. $600*  

*Non-participating providers only
Skilled Nursing Facility
- For covered skilled nursing facility care ................................................................. 100 days per calendar year
- For covered skilled nursing facility care in a non-participating provider facility ................................................................. $600 per day

Mental or Nervous Disorders or Substance Abuse
- For all covered hospital services and supplies, other than emergency room care, received during any one day ................................................................................................................ $600*
  *Non-participating providers only

Home Health Care
- For covered home health services ............................................................................. 100 visits per calendar year

Home Infusion Therapy
- For all covered services and supplies received during any one day ................................................................................................................ $600*
  *Non-participating providers only

Ambulatory Surgical Center
- For all covered services ................................................................................................ $350*
  *Non-participating providers only

Outpatient Hemodialysis
- For all covered services .............................................................................................. $350* per visit
  *Non-participating providers only

Advanced Imaging Procedures
- For all covered services .............................................................................................. $800* per procedure
  *Non-participating providers only

Ambulance
- For air ambulance transportation that is not related to an emergency ............................................................................................... $50,000* per trip
  *Non-participating providers only

Acupuncture
- For covered services provided by participating physicians ....................................... $50 per visit
- For covered services provided by non-participating physicians ................................ $25
• For covered services provided by participating and non-participating physicians............... 12 visits per calendar year

Hearing Aid Services
• Hearing aids ............................................................................................................................................ $700 in a 24-month period

Transplant Travel Expense
• For all authorized travel expense in connection with a specified transplant performed at a designated CME ........................................................................................................ $10,000 per transplant

Unrelated Donor Searches
• For all charges for unrelated donor searches for covered bone marrow/stem cell transplants ........................................................................................................... $30,000 per transplant

Bariatric Travel Expense
• For all authorized travel expenses in connection with a specified bariatric surgery performed at a designated CME ........................................................................................................ up to $3,000 per surgery

Hip or Knee Joint Replacement Surgery
• For all covered inpatient services by a participating provider ........................................ up to $30,000 per surgery
• For all covered inpatient services by a non-participating provider received during any one day ................................................................. $600

Hip or Knee Joint Replacement Travel Expense
• For all authorized travel expenses in connection with a specified hip replacement or knee joint replacement surgery ........................................................................................................ up to $3,000 per surgery

Lifetime Maximum
• For all medical benefits................................................................................................................... Unlimited
YOUR MEDICAL BENEFITS

MAXIMUM ALLOWED AMOUNT

General

This section describes the term “maximum allowed amount” as used in this benefit booklet, and what the term means to you when obtaining covered services under this plan. The maximum allowed amount is the total reimbursement payable under your plan for covered services you receive from participating and non-participating providers. It is the plan’s payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire maximum allowed amount. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire maximum allowed amount for covered services. In addition, if these services are received from a non-participating provider, you may be billed by the provider for the difference between their charges and the maximum allowed amount. In many situations, this difference could be significant.

Below are examples which illustrate how the maximum allowed amount works. These examples are for illustration purposes only.

1. Example: The plan has a member Co-Payment of 20% for participating provider services after the Deductible has been met.

   The member receives services from a participating surgeon. The charge is $2,000. The maximum allowed amount under the plan for the surgery is $1,000. The member’s Co-Payment responsibility when a participating surgeon is used is 20% of $1,000, or $200. This is what the member pays. The plan pays 80% of $1,000, or $800. The participating surgeon accepts the total of $1,000 as reimbursement for the surgery regardless of the charges.

2. Example: The plan has a member Co-Payment of 20% for non-participating provider services after the Deductible has been met.

   The member receives services from a non-participating surgeon. The charge is $2,000. The maximum allowed amount under the plan for the surgery is $1,000. The member’s Co-Payment responsibility when a non-participating surgeon is used is 20% of $1,000, or $200. The plan pays the remaining 80% of $1,000, or $800. In addition, the non-participating surgeon could bill the member the difference between $2,000 and $1,000. So the member’s total out-of-pocket charge would be $200 plus an additional $1,000, for a total of $1,200.

3. Example: The plan has no co-payment for non-participating provider services subject to Scheduled Amounts after the Deductible has been met.

   The member receives services from a non-participating surgeon subject to scheduled amounts. The charge is $2,000. The maximum allowed amount under the plan for the surgery is $500. The member pays no co-payment when a non-participating surgeon subject to scheduled amounts is used. The plan pays the remaining 100% of $500. In addition, the non-participating surgeon could bill the member the difference between $2,000 and $500. So the member’s total out-of-pocket charge would be $1,500. The scheduled amounts are often much less than the billed amount and the member is responsible for all billed charges not paid by the plan.

When you receive covered services, the claims administrator will, to the extent applicable, apply claim processing rules to the claim submitted. The claims administrator uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the maximum allowed amount if the claims administrator determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the maximum allowed amount will be based on the single procedure code.
Provider Network Status

The maximum allowed amount may vary depending upon whether the provider is a participating provider, a non-participating provider or other health care provider.

Participating Providers and CME. For covered services performed by a participating provider or CME the maximum allowed amount for this plan will be the rate the participating provider or CME has agreed with the claims administrator to accept as reimbursement for the covered services. Because participating providers have agreed to accept the maximum allowed amount as payment in full for those covered services, they should not send you a bill or collect for amounts above the maximum allowed amount. However, you may receive a bill or be asked to pay all or a portion of the maximum allowed amount to the extent you have not met your Deductible or have a Co-Payment. Please call the customer service telephone number on your ID card for help in finding a participating provider or visit www.anthem.com/ca.

If you go to a hospital which is a participating provider, you should not assume all providers in that hospital are also participating providers. To receive the greater benefits afforded when covered services are provided by a participating provider, you should request that all your provider services (such as services by an anesthesiologist) be performed by participating providers whenever you enter a hospital.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an ambulatory surgical center. An ambulatory surgical center is licensed as a separate facility even though it may be located on the same grounds as a hospital (although this is not always the case). If the center is licensed separately, you should find out if the facility is a participating provider before undergoing the surgery.

Non-Participating Providers.

Providers who are not in the Prudent Buyer network are non-participating providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. The maximum allowed amount for services provided by a non-participating provider will always be the lesser of the billed charge or the scheduled amount. See the SCHEDULES FOR NON-PARTICIPATING PROVIDERS, and the definition of "Scheduled Amount" in the DEFINITIONS section. You will be responsible for any billed charge which exceeds the scheduled amount for services provided by a non-participating provider.

Other Health Care Providers.

Other health care providers are providers for which there is no network. They are subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from an other health care provider the maximum allowed amount will be based on the claims administrator's applicable non-participating provider rate or fee schedule for this plan, an amount negotiated by the claims administrator or a third party vendor which has been agreed to by the non-participating provider, an amount derived from the total charges billed by the non-participating provider, or an amount based on information provided by a third party vendor, an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the maximum allowed amount upon the level or method of reimbursement used by CMS, the claims administrator will update such information, which is unadjusted for geographic locality, no less than annually.

Unlike participating providers, non-participating providers and other health care providers may send you a bill and collect for the amount of the non-participating provider’s or other health care provider’s charge that exceeds the maximum allowed amount under this plan. You may be responsible for paying the difference between the maximum allowed amount and the amount the non-participating provider or other health care provider charges. This amount can be significant. Choosing a participating provider will likely result in lower out of pocket costs to you. Please call the customer service number on your ID card for help in finding a participating provider or visit the claims administrator’s website at www.anthem.com/ca. Customer service is also available to assist you in determining this plan’s maximum allowed amount for a particular covered service from a non-participating provider or other health care provider.

Please see the “Out of Area Services” section in the Part entitled “GENERAL PROVISIONS” for additional information.
*Exceptions:

- **Cancer Clinical Trials.** The *maximum allowed amount* for services and supplies provided in connection with Cancer Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a *participating provider.*

If Medicare is the primary payor, the *maximum allowed amount* does not include any charge:

1. By a *hospital,* in excess of the approved amount as determined by Medicare; or
2. By a *physician* who is a *participating provider* who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or
3. By a *physician* who is a *non-participating provider or other health care provider* who accepts Medicare assignment, in excess of the lesser of *maximum allowed amount* stated above, or the approved amount as determined by Medicare; or
4. By a *physician or other health care provider* who does not accept Medicare assignment, in excess of the lesser of the *maximum allowed amount* stated above, or the limiting charge as determined by Medicare.

**You will always be responsible for expense incurred which is not covered under this plan.**

**Member Cost Share**

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the *maximum allowed amount* as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a *participating provider or non-participating provider.* Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using *non-participating providers.* Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the customer service telephone number on your ID card to learn how this *plan’s* benefits or cost share amount may vary by the type of provider you use.

The *claims administrator* will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a *participating provider or non-participating provider.* Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the *participating provider* cost share percentage when you use a *non-participating provider.* For example, if you go to a *participating* hospital or facility and receive covered services from a *non-participating provider* such as a radiologist, anesthesiologist or pathologist providing services at the hospital or facility, you will pay the *participating provider* cost share percentage of the *maximum allowed amount* for those covered services. However, you also may be liable for the difference between the *maximum allowed amount* and the *non-participating provider’s charge.*

**Authorized Referrals**

In some circumstances the *claims administrator* may authorize *participating provider* cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a *non-participating provider.* In such circumstance, you or your physician must contact the *claims administrator* in advance of obtaining the covered service. It is your responsibility to ensure that the *claims administrator* has been contacted. If the *claims administrator* authorizes a *participating provider* cost share amount to apply to a covered service received from a *non-participating provider,* you also may still be liable for the difference between the *maximum allowed amount* and the *non-participating provider’s charge.* Please call the customer service telephone number on your ID card for *authorized referral* information or to request authorization.
CALENDAR YEAR DEDUCTIBLE, CO-PAYMENTS, OUT-OF-POCKET AMOUNTS AND MEDICAL BENEFIT MAXIMUMS

After your Calendar Year Deductible and your Co-Payment, is subtracted, the plan will pay benefits up to the maximum allowed amount, not to exceed any applicable Medical Benefit Maximum. The Calendar Year Deductible amounts, Co-Payments, Out-of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

CALENDAR YEAR DEDUCTIBLES

Each year, you will be responsible for satisfying the Member Calendar Year Deductible before we begin to benefits. If members of an enrolled family pay deductible expense in a year equal to the Family Deductible, the Calendar Year Deductible for all family members will be considered to have been met. No further Calendar Year Deductible expense will be required for any enrolled member of your family.

The maximum allowed amount applied to your Calendar Year Deductible during October through December will also be applied toward your Calendar Year Deductible for the next year.

CO-PAYMENTS

After you have satisfied the Calendar Year Deductible, your Co-Payment will be subtracted from the maximum allowed amount remaining.

If your Co-Payment is a percentage, the applicable percentage will be applied to the maximum allowed amount remaining after the Calendar Year Deductible has been met. This will determine the dollar amount of your Co-Payment.

OUT-OF-POCKET AMOUNTS

Satisfaction of the Out-of-Pocket Amount. If, after you have met your Calendar Year Deductible, you pay Co-Payments equal to your Out-of-Pocket Amount per member during a calendar year, you will no longer be required to make Co-Payments for any additional covered services or supplies during the remainder of that year, other than for covered outpatient services and supplies provided by a non-participating hospital, including outpatient surgery, office visits to a physician who is a participating provider, diabetic education program services provided by a physician who is a participating provider, the $100 Co-Payment applicable to emergency room services and supplies, any co-payments you make for donor searches for transplants and consultations or second opinions provided by the claims administrators Telemedicine Network Specialty Center.

Charges Which Do Not Apply Toward the Out-of-Pocket Amount. The following charges will not be applied toward satisfaction of an Out-of-Pocket Amount:

- Charges for services or supplies not covered under this plan;
- Charges which exceed the maximum allowed amount;
- Any expense applied to the Calendar Year Deductible; and
- Charges for office visits to a physician who is a participating provider;
- Charges for diabetic education program services provided by a physician who is a participating provider;
- Any Co-Payments you make for donor searches for transplants;
- Any expense which is in excess of the non-participating provider amount for inpatient hospital services;
- Any expense which is in excess of the limitation for participating hospitals for hip or knee joint replacement surgery;
- The $100 Co-Payment applicable to emergency room services and supplies;
• Charges for consultations or second opinions provided by the claims administrators Telemedicine Network Specialty Center; and

• Charges for covered outpatient services and supplies provided by a non-participating hospital, including outpatient surgery.

In addition, you will continue to be required to pay your Co-Payment for covered outpatient services and supplies provided by a non-participating hospital, including outpatient surgery, office visits to a physician who is a participating provider, diabetic education program services provided by a physician who is a participating provider, the $100 Co-Payment applicable to emergency room services and supplies, any co-payments you make for donor searches for transplants and consultations or second opinions provided by the claims administrators Telemedicine Network Specialty Center even after the Out-of-Pocket Amount is reached.

MEDICAL BENEFIT MAXIMUMS

The plan does not make benefit payments for any member in excess of any of the Medical Benefit Maximums.

CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

1. You must incur this expense while you are covered under this plan. Expense is incurred on the date you receive the service or supply for which the charge is made.

2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.

3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.

4. The expense must not be for a medical service or supply listed in MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this plan.

5. The expense must not exceed any of the maximum benefits or limitations of this plan.

6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. Benefits are provided only for the number of days required to treat your illness or injury.

7. All services and supplies must be ordered by a physician.
MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, the plan will provide benefits for the following services and supplies:

Urgent Care. Services and supplies received to prevent serious deterioration of your health or, in the case of pregnancy, the health of the unborn child, resulting from an unforeseen illness, medical condition, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed. Urgent care services are not emergency services. Services for urgent care are typically provided by an urgent care center or other facility such as a physician’s office. Urgent care can be obtained from participating providers or non-participating providers.

Hospital

1. Inpatient services and supplies, provided by a hospital. The maximum allowed amount will not include charges in excess of the hospital’s prevailing two-bed room rate unless there is a negotiated per diem rate between the claims administrator and the hospital, or unless your physician orders, and the claims administrator authorizes, a private room as medically necessary.

2. Services in special care units.

3. Outpatient services and supplies provided by a hospital, including outpatient surgery.

For services provided by a hospital which is a non-participating provider, our maximum payment will not exceed $600 for inpatient services and supplies, other than emergency room care, provided by that hospital during any one day.

Hospital services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Skilled Nursing Facility. Inpatient services and supplies provided by a skilled nursing facility, for up to 100 days per calendar year. The amount by which your room charge exceeds the prevailing two-bed room rate of the skilled nursing facility is not considered covered under this plan.

Skilled nursing facility services and supplies are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

For services and supplies provided by a non-participating provider facility, our maximum payment is limited to $600 per day.

If covered charges are applied toward the Calendar Year Deductible and payment is not provided, those days will be included in the 100 days for that year.

Home Health Care. The following services provided by a home health agency:

1. Services of a registered nurse or licensed vocational nurse under the supervision of a registered nurse or a physician.

2. Services of a licensed therapist for physical therapy, occupational therapy, speech therapy, or respiratory therapy.

3. Services of a medical social service worker.

4. Services of a health aide who is employed by (or who contracts with) a home health agency. Services must be ordered and supervised by a registered nurse employed by the home health agency as professional coordinator. These services are covered only if you are also receiving the services listed in 1 or 2 above.

5. Medically necessary supplies provided by the home health agency.
In no event will benefits exceed 100 visits during a calendar year. A visit of four hours or less by a home health aide shall be considered as one home health visit.

If covered charges are applied toward the Calendar Year Deductible and payment is not provided, those visits will be included in the 100 visits for that year.

Home health care services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Home health care services are not covered if received while you are receiving benefits under the "Hospice Care" provision of this section.

**Hospice Care.** The services and supplies listed below are covered when provided by a hospice for the palliative treatment of pain and other symptoms associated with a terminal disease. You must be suffering from a terminal illness as certified by your physician and submitted to the claims administrator. Covered services are available on a 24-hour basis for the management of your condition.

1. Interdisciplinary team care with the development and maintenance of an appropriate plan of care.
2. Short-term inpatient hospital care when required in periods of crisis or as respite care. Coverage of inpatient respite care is provided on an occasional basis and is limited to a maximum of five consecutive days per admission.
3. Skilled nursing services provided by or under the supervision of a registered nurse. Certified home health aide services and homemaker services provided under the supervision of a registered nurse.
4. Social services and counseling services provided by a qualified social worker.
5. Dietary and nutritional guidance. Nutritional support such as intravenous feeding or hyperalimentation.
6. Physical therapy, occupational therapy, speech therapy, and respiratory therapy provided by a licensed therapist.
7. Volunteer services provided by trained hospice volunteers under the direction of a hospice staff member.
8. Pharmaceuticals, medical equipment, and supplies necessary for the management of your condition. Oxygen and related respiratory therapy supplies.
9. Bereavement services, including assessment of the needs of the bereaved family and development of a care plan to meet those needs, both prior to and following the member’s or the dependent’s death. Bereavement services are available to surviving members of the immediate family for a period of one year after the death. Your immediate family means your spouse, children, step-children, parents, and siblings.
10. Palliative care (care which controls pain and relieves symptoms, but does not cure) which is appropriate for the illness.

Your physician must consent to your care by the hospice and must be consulted in the development of your treatment plan. The hospice must submit a written treatment plan to the claims administrator every 30 days.

**Home Infusion Therapy.** The following services and supplies when provided by a home infusion therapy provider in your home for the intravenous administration of your total daily nutritional intake or fluid requirements, medication related to illness or injury, chemotherapy, antibiotic therapy, aerosol therapy, tocolytic therapy, special therapy, intravenous hydration, or pain management:

1. Medication, ancillary medical supplies and supply delivery, (not to exceed a 14-day supply); however, medication which is delivered but not administered is not covered;
2. Pharmacy compounding and dispensing services (including pharmacy support) for intravenous solutions and medications;
3. Hospital and home clinical visits related to the administration of infusion therapy, including skilled nursing services including those provided for: (a) patient or alternative caregiver training; and (b) visits to monitor the therapy;
4. Rental and purchase charges for durable medical equipment (as shown below); maintenance and repair charges for such equipment;

5. Laboratory services to monitor the patient's response to therapy regimen.

The plan’s maximum payment will not exceed $600 for the services or supplies received during any one day when provided by a home infusion therapy provider which is not a participating provider.

Home infusion therapy provider services are subject to pre-service review to determine medical necessity. See UTILIZATION REVIEW PROGRAM for details.

Ambulatory Surgical Center. Services and supplies provided by an ambulatory surgical center in connection with outpatient surgery.

For the services of a non-participating provider facility only, the plan’s maximum payment is limited to $350 each time you have outpatient surgery at an ambulatory surgical center.

Ambulatory surgical center services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Retail Health Clinic. Services and supplies provided by medical professionals who provide basic medical services in a retail health clinic including, but not limited to:

1. Exams for minor illnesses and injuries.
2. Preventive services and vaccinations.
3. Health condition monitoring and testing.

Online Care Services. When available in your area, covered services will include medical consultations using the internet via webcam, chat, or voice. Online care services are covered under plan benefits for office visits to physicians.

Non-covered services include, but are not limited to, the following:

- Reporting normal lab or other test results.
- Office visit appointment requests or changes.
- Billing, insurance coverage, or payment questions.
- Requests for referrals to other physicians or healthcare practitioners.
- Benefit precertification.
- Consultations between physicians.
- Consultations provided by telephone, electronic mail, or facsimile machines.

Note: You will be financially responsible for the costs associated with non-covered services.

Professional Services

1. Services of a physician.
2. Services of an anesthetist (M.D. or C.R.N.A.).

Reconstructive Surgery. Reconstructive surgery performed to correct deformities caused by congenital or developmental abnormalities, illness, or injury for the purpose of improving bodily function or symptomatology or creating a normal appearance. This includes medically necessary dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. “Cleft palate” means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.
Ambulance. The following ambulance services:

1. Base charge, mileage and non-reusable supplies of a licensed ambulance company for ground service to transport you to and from a hospital.

2. Emergency services or transportation services that are provided to you by a licensed ambulance company as a result of a “911” emergency response system* request for assistance if you believe you have an emergency medical condition requiring such assistance.

3. Base charge, mileage and non-reusable supplies of a licensed air ambulance company to transport you from the area where you are first disabled to the nearest hospital where appropriate treatment is provided if, and only if, such services are medically necessary and ground ambulance service is inadequate. Pre-service review is required for air ambulance in a non-medical emergency. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

   The plan’s maximum payment will not exceed $50,000 per trip for air ambulance transportation that is not related to an emergency when performed by a non-participating provider.

4. Monitoring, electrocardiograms (EKGs; ECGs), cardiac defibrillation, cardiopulmonary resuscitation (CPR) and administration of oxygen and intravenous (IV) solutions in connection with ambulance service. An appropriately licensed person must render the services.

* If you have an emergency medical condition that requires an emergency response, please call the “911” emergency response system if you are in an area where the system is established and operating.

Diagnostic Services. Outpatient diagnostic imaging and laboratory services. This does not include services covered under the “Advanced Imaging Procedures” provision of this section.

Advanced Imaging Procedures. Imaging procedures, including, but not limited to, Magnetic Resonance Imaging (MRI), Computerized Tomography (CT scans), Positron Emission Tomography (PET scan), Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography and nuclear cardiac imaging are subject to pre-service review to determine medical necessity. You may call the toll-free customer service telephone number on your identification card to find out if an imaging procedure requires pre-service review. See UTILIZATION REVIEW PROGRAM for details.

Advanced imaging procedures, when performed by a non-participating provider, will have a maximum benefit of $800 per procedure.

Radiation Therapy

Chemotherapy.

Hemodialysis Treatment. Treatment provided by a freestanding outpatient hemodialysis center which is a non-participating provider is limited to $350 per visit.

Prosthetic Devices

1. Breast prostheses following a mastectomy.

2. Prosthetic devices to restore a method of speaking when required as a result of a covered medically necessary laryngectomy.

3. The plan will pay for other medically necessary prosthetic devices, including:
   a. Surgical implants;
   b. Artificial limbs or eyes;
   c. The first pair of contact lenses or eye glasses when required as a result of a covered medically necessary eye surgery;
   d. Therapeutic shoes and inserts for the prevention and treatment of diabetes-related foot and
e. Orthopedic footwear used as an integral part of a brace; shoe inserts that are custom molded to the
patient.

**Durable Medical Equipment.** Rental or purchase of dialysis equipment; dialysis supplies. Rental or
purchase of other medical equipment and supplies which are:

1. Of no further use when medical needs end;
2. For the exclusive use of the patient;
3. Not primarily for comfort or hygiene;
4. Not for environmental control or for exercise; and
5. Manufactured specifically for medical use.

Rental charges that exceed the reasonable purchase price of the equipment are not covered. The claims
administrator will determine whether the item satisfies the conditions above.

Specific durable medical equipment is subject to pre-service review to determine medical necessity. Please
refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

**Pediatric Asthma Equipment and Supplies.** The following items and services when required for the
medically necessary treatment of asthma in a dependent child:

1. Nebulizers, including face masks and tubing, inhaler spacers, and peak flow meters.
2. Education for pediatric asthma, including education to enable the child to properly use the items listed
above. This education will be covered under the plan's benefits for office visits to a physician.

**Blood.** Blood transfusions, including blood processing and the cost of unreplaced blood and blood products.
Charges for the collection, processing and storage of self-donated blood are covered, but only when
specifically collected for a planned and covered surgical procedure.

**Dental Care**

1. **Admissions for Dental Care.** Listed inpatient hospital services for up to three days during a hospital
stay, when such stay is required for dental treatment and has been ordered by a physician (M.D.) and a
dentist (D.D.S. or D.M.D.). The claims administrator will make the final determination as to whether the
dental treatment could have been safely rendered in another setting due to the nature of the procedure or
your medical condition. Hospital stays for the purpose of administering general anesthesia are not
considered necessary and are not covered except as specified in #2, below.

2. **General Anesthesia.** General anesthesia and associated facility charges when your clinical status or
underlying medical condition requires that dental procedures be rendered in a hospital or ambulatory
surgical center. This applies only if (a) the member is less than seven years old, (b) the member is
developmentally disabled, or (c) the member's health is compromised and general anesthesia is medically necessary.
Charges for the dental procedure itself, including professional fees of a dentist, are not covered.

3. **Dental Injury.** Services of a physician (M.D.) or dentist (D.D.S. or D.M.D.) solely to treat an accidental
injury to natural teeth. Coverage shall be limited to only such services that are medically necessary to
repair the damage done by accidental injury and/or restore function lost as a direct result of the accidental
injury. Damage to natural teeth due to chewing or biting is not accidental injury.

4. **Cleft Palate.** Medically necessary dental or orthodontic services that are an integral part of
reconstructive surgery for cleft palate procedures. “Cleft palate” means a condition that may include cleft
palate, cleft lip, or other craniofacial anomalies associated with cleft palate.

**Important:** If you decide to receive dental services that are not covered under this plan, a participating
provider who is a dentist may charge you his or her usual and customary rate for those services. Prior to
providing you with dental services that are not a covered benefit, the dentist should provide a treatment plan
that includes each anticipated service to be provided and the estimated cost of each service. If you would more information about the dental services that are covered under this plan, please call us customer service telephone number listed on your ID card. To fully understand your coverage under this plan, please carefully review this benefit booklet document.

**Pregnancy and Maternity Care**

1. All medical benefits for an enrolled member when provided for pregnancy or maternity care, including the following services:
   a. Prenatal and postnatal care;
   b. Ambulatory care services (including ultrasounds, fetal non-stress tests, physician office visits, and other medically necessary maternity services performed outside of a hospital);
   c. Involuntary complications of pregnancy;
   d. Diagnosis of genetic disorders in cases of high-risk pregnancy; and
   e. Inpatient hospital care including labor and delivery.

   Inpatient hospital benefits in connection with childbirth will be provided for at least 48 hours following a normal delivery or 96 hours following a cesarean section, unless the mother and her physician decide on an earlier discharge. Please see the section entitled FOR YOUR INFORMATION for a statement of your rights under federal law regarding these services.

2. Medical hospital benefits for routine nursery care of a newborn child, if the child's natural mother is an enrolled member. Routine nursery care of a newborn child includes screening of a newborn for genetic diseases, congenital conditions, and other health conditions provided through a program established by law or regulation.

3. Certain services are covered under the “Preventive Care Services” benefit. Please see that provision for further details.

**Transplant Services.** Services and supplies provided in connection with a non-investigative organ or tissue transplant, if you are:

1. The recipient; or
2. The donor.

If you are the recipient, an organ or tissue donor who is not an enrolled member is also eligible for services as described. Benefits are reduced by any amounts paid or payable by that donor's own coverage. The maximum allowed amount for a donor, including donor testing and donor search, is limited to expense incurred for medically necessary medical services only. The maximum allowed amount for services incidental to obtaining the transplanted material from a living donor or a human organ transplant bank will be covered. Such charges, including complications from the donor procedure for up to six weeks from the date of procurement, are covered. Services for treatment of a condition that is not directly related to or a direct result of, the transplant are not covered. The plan’s payment for unrelated donor searches for bone marrow/stem cell transplants will not exceed $30,000 per transplant.

Covered services are subject to any applicable deductibles, co-payments and medical benefit maximums set forth in the SUMMARY OF BENEFITS. The maximum allowed amount does not include charges for services received without first obtaining the claims administrator’s prior authorization or which are provided at a facility other than a transplant center approved by the claims administrator. See UTILIZATION REVIEW PROGRAM for details.

**Specified Transplants**

You must obtain the claims administrator’s prior authorization for all services including, but not limited to, preoperative tests and postoperative care related to the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and
similar procedures. Specified transplants must be performed at Centers of Medical Excellence (CME). Charges for services provided for or in connection with a specified transplant performed at a facility other than a CME will not be covered. Call the toll-free telephone number for pre-service review on your identification card if your physician recommends a specified transplant for your medical care. A case manager transplant coordinator will assist in facilitating your access to a CME. See UTILIZATION REVIEW PROGRAM for details.

Transplant Travel Expense

Certain travel expenses incurred in connection with an approved, specified transplant (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) performed at a designated CME that is 75 miles or more from the recipient’s or donor’s place of residence are covered, provided the expenses are authorized by the claims administrator in advance. The plan’s maximum payment will not exceed $10,000 per transplant for the following travel expenses incurred by the recipient and one companion or the donor:

- Ground transportation to and from the CME when the designated CME is 75 miles or more from the recipient’s or donor’s place of residence.
- Coach airfare to and from the CME when the designated CME is 300 miles or more from the recipient’s or donor’s residence
- Lodging, limited to one room, double occupancy
- Other reasonable expenses. Tobacco, alcohol, drug, and meal expenses, are excluded.

*Note: When the member recipient is under 18 years of age, this benefit will apply to the recipient and two companions or caregivers.

The Calendar Year Deductible will not apply and no co-payments will be required for transplant travel expenses authorized in advance by the claims administrator. The plan will provide benefits for lodging and ground transportation up to the current limits set forth in the Internal Revenue Code.

Expense incurred for the following is not covered: interim visits to a medical care facility while waiting for the actual transplant procedure; travel expenses for a companion and/or caregiver for a transplant donor; return visits for a transplant donor for treatment of a condition found during the evaluation; rental cars, buses, taxis or shuttle services; and mileage within the city in which the medical transplant facility is located.

Details regarding reimbursement can be obtained by calling the customer service number on your identification card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

Bariatric Surgery. Services and supplies in connection with medically necessary surgery for weight loss, only for morbid obesity and only when performed at a designated CME facility. See UTILIZATION REVIEW PROGRAM for details.

You must obtain pre-service review for all bariatric surgical procedures. Charges for services provided for or in connection with a bariatric surgical procedure performed at a facility other than a CME will not be covered.

Bariatric Travel Expense. Certain travel expenses incurred in connection with an approved, specified bariatric surgery, performed at a designated CME that is fifty (50) miles or more from the member’s place of residence, are covered, provided the expenses are authorized by the claims administrator in advance. The fifty (50) mile radius around the CME will be determined by the bariatric CME coverage area. (See DEFINITIONS.) The plan’s maximum payment will not exceed $3,000 per surgery for the following travel expenses incurred by the member and/or one companion:

- Transportation for the member and/or one companion to and from the CME. Mileage reimbursement will be based on the IRS recommended reimbursement amount at the time of travel.
- Lodging, limited to one room, double occupancy.
• Other reasonable expenses. Lodging expenses for band adjustments and expenses for tobacco, alcohol, drug and meal expenses are excluded from coverage.

Customer service will confirm if the “Bariatric Travel Expense” benefit is available in connection with access to the selected bariatric CME. Details regarding reimbursement can be obtained by calling the customer service number on your I.D. card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

**Hip or Knee Joint Replacement Surgery.** Inpatient services and supplies provided for hip or knee joint replacement surgery by a *participating provider* is limited to a maximum of $30,000 per surgery. Any amount exceeding $30,000 is the member's responsibility to pay.

Covered services are subject to any applicable deductibles, co-payments and medical benefit maximums set forth in the SUMMARY OF BENEFITS.

To find a *participating hospital* that may provide service within the limitation please contact Customer Service and/or visit http://www.anthem.com/ca/SISC. Please make sure you check with the *participating hospital* you have chosen to confirm they will provide this type of service within the $30,000 limitation.

Inpatient services are provided for *non-participating providers* up to a maximum amount of $600 per day. Any amount billed in excess of the $600 limitation per day is the member's responsibility to pay. No amounts in excess of $600 are applied toward your out-of-pocket amount. Please refer to the “Charges Which Do Not Apply Toward the Out-of-Pocket Amount” section in this booklet.

Hip or knee joint replacement surgery services are subject to pre-service review to determine medical necessity. Benefits are provided for inpatient services for medically necessary hip replacement or knee joint replacement surgery. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

**Hip or Knee Joint Replacement Travel Expense.** The following travel expense benefits will be provided when the *member's* home is fifty (50) miles or more from a low cost facility. The *plan's* maximum payment will not exceed $3,000 per surgery for the following travel expenses incurred by the *member* and/or one companion:

• Transportation for the *member* and/or one companion to and from the facility. Mileage reimbursement will be based on the IRS recommended reimbursement amount at the time of travel.

• Lodging, limited to one room, double occupancy.

• Other reasonable expenses. Tobacco, alcohol, drug and meal expenses are excluded from coverage.

Details regarding reimbursement can be obtained by calling the customer service number on your I.D. card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

**Mental or Nervous Disorders or Substance Abuse.** Covered services shown below for the *medically necessary* treatment of mental or nervous disorders or substance abuse, or to prevent the deterioration of chronic conditions.

1. Inpatient *hospital* services as stated in the "Hospital" provision of this section, services from a *residential treatment center*, and visits to a *day treatment center*.

2. *Physician* visits during a covered inpatient stay.

3. *Physician* visits for outpatient psychotherapy or psychological testing for the treatment of mental or nervous disorders or substance abuse.

4. Behavioral health treatment for pervasive developmental disorder or autism. See the section BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM for a description of the services that are covered. **Note:** You must obtain pre-service review for all behavioral health treatment services for the treatment of pervasive developmental disorder or autism in order for these services to be covered by this *plan* (see
UTILIZATION REVIEW PROGRAM for details). No benefits are payable for these services if pre-service review is not obtained.

For services provided by a hospital which is a non-participating provider, our maximum payment will not exceed $600 for inpatient services and supplies, other than emergency room care, provided by that hospital during any one day.

(Note: The maximum allowed amount for non-participating providers will not exceed the scheduled amount. See the SCHEDULES FOR NON-PARTICIPATING PROVIDERS.)

Treatment for substance abuse does not include smoking cessation programs, nor treatment for nicotine dependency or tobacco use.

Preventive Care Services. Outpatient services, supplies, and office visits provided in connection with preventive care services as shown below. The calendar year deductible will not apply to these services or supplies when they are provided by a participating provider. No co-payment will apply to these services or supplies when they are provided by a participating provider.

1. A physician’s services for routine physical examinations.
2. Immunizations prescribed by a examining physician.
3. Radiology and laboratory services and tests ordered by the examining physician in connection with a routine physical examination, excluding any such tests related to an illness or injury. Those radiology and laboratory services and tests related to an illness or injury will be covered as any other medical service available under the terms and conditions of the provision “Diagnostic Services”.
4. Health screenings as ordered by the examining physician for the following: breast cancer, cervical cancer, including human papillomavirus (HPV), prostate cancer, colorectal cancer, and other medically accepted cancer screening tests, blood led levels, high blood pressure, type 2 diabetes mellitus, cholesterol, and obesity.
5. Human immunodeficiency virus (HIV) testing, regardless of whether the testing is related to a primary diagnosis.
6. Counseling and risk factor reduction intervention services for sexually transmitted infections, human immunodeficiency virus (HIV), contraception, tobacco use, and tobacco use-related diseases.
7. Additional preventive care and screening for women provided for in the guidelines supported by the Health Resources and Services Administration, including the following:
   a. Women’s contraceptives, sterilization procedures, and counseling. This includes injectable contraceptives and patches. Contraceptive devices such as diaphragms, intra uterine devices (IUD)s, and implants are also covered.
   b. Breast feeding support, supplies, and counseling. One breast pump will be covered per calendar year under this benefit.
   c. Gestational diabetes screening.

This list of preventive care services is not comprehensive. Preventive tests and screenings with a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF), or those supported by the Health Resources and Services Administration (HRSA) will be covered with no copayment and will not apply to the calendar year deductible.

See the definition of “Preventive Care Services” in the DEFINITIONS section for more information about services that are covered by this plan as preventive care services.

Services under the Preventive Care Services benefit are covered only if provided by a participating provider.
Breast Cancer. Services and supplies provided in connection with the screening for, diagnosis of, and treatment for breast cancer whether due to illness or injury, including:

1. Diagnostic mammogram examinations in connection with the treatment of a diagnosed illness or injury. Routine mammograms will be covered initially under the Preventive Care Services benefit.
2. Mastectomy and lymph node dissection; complications from a mastectomy including lymphedema.
3. Reconstructive surgery of both breasts performed to restore and achieve symmetry following a medically necessary mastectomy.
4. Breast prostheses following a mastectomy (see “Prosthetic Devices”).

This coverage is provided according to the terms and conditions of this plan that apply to all other medical conditions.

Cancer Clinical Trials. Coverage is provided for services and supplies for routine patient care costs, as defined below, in connection with phase I, phase II, phase III and phase IV cancer clinical trials, if all the following conditions are met:

1. The treatment provided in a clinical trial must either:
   a. Involve a drug that is exempt under federal regulations from a new drug application, or
   b. Be approved by (i) one of the National Institutes of Health, (ii) the federal Food and Drug Administration in the form of an investigational new drug application, (iii) the United States Department of Defense, or (iv) the United States Veteran’s Administration.
2. You must be diagnosed with cancer to be eligible for participation in these clinical trials.
3. Participation in such clinical trials must be recommended by your physician after determining participation has a meaningful potential to benefit the member.
4. For the purpose of this provision, a clinical trial must have a therapeutic intent. Clinical trials to just test toxicity are not included in this coverage.

Routine patient care costs means the costs associated with the provision of services, including drugs, items, devices and services which would otherwise be covered under the plan, including health care services which are:

1. Typically provided absent a clinical trial.
2. Required solely for the provision of the investigational drug, item, device or service.
3. Clinically appropriate monitoring of the investigational item or service.
4. Prevention of complications arising from the provision of the investigational drug, item, device, or service.
5. Reasonable and necessary care arising from the provision of the investigational drug, item, device, or service, including the diagnosis or treatment of the complications.

Routine patient care costs do not include the costs associated with any of the following:

1. Drugs or devices not approved by the federal Food and Drug Administration that are associated with the clinical trial.
2. Services other than health care services, such as travel, housing, companion expenses and other nonclinical expenses that you may require as a result of the treatment provided for the purposes of the clinical trial.

3. Any item or service provided solely to satisfy data collection and analysis needs not used in the clinical management of the patient.

4. Health care services that, except for the fact they are provided in a clinical trial, are otherwise specifically excluded from the plan.

5. Health care services customarily provided by the research sponsors free of charge to members enrolled in the trial.

**Note:** You will be financially responsible for the costs associated with non-covered services.

**Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care.** The following services provided by a physician under a treatment plan:

1. Physical therapy and physical medicine and chiropractic care provided on an outpatient basis for the treatment of illness or injury, including the therapeutic use of heat, cold, exercise, electricity, ultra violet radiation, manipulation of the spine or massage for the purpose of improving circulation, strengthening muscles, or encouraging the return of motion. (This includes many types of care which are customarily provided by chiropractors, physical therapists and osteopaths.)

2. Occupational therapy provided on an outpatient basis when the ability to perform daily life tasks has been lost or reduced by, or has not been developed due to, illness or injury including programs which are designed to rehabilitate mentally, physically or emotionally handicapped persons. Occupational therapy programs are designed to maximize or improve a patient's upper extremity function, perceptual motor skills and ability to function in daily living activities.

Benefits are not payable for care provided to relieve general soreness or for conditions that may be expected to improve without treatment. For the purposes of this benefit, the term "visit" shall include any visit by a physician in that physician's office, or in any other outpatient setting, during which one or more of the services covered under this limited benefit are rendered, even if other services are provided during the same visit.

Outpatient visits will require medical necessity review after the first 5 visits per calendar year. Visits are counted on an annual basis per member, per provider office.

The review process for Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care will be managed by American Specialty Health Networks, Inc. (ASH Networks) through a Health Care Service Agreement with Anthem Blue Cross Life and Health Insurance Company (Anthem). The program is designed to assure that the services you receive are medically necessary and appropriate, and that your benefits are used to your best advantage.

All Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care, regardless of the provider type, will be submitted by your provider to ASH Networks for medical necessity review. If the service is within the first 5 visits per member, per provider, the service will be automatically authorized. After 5 visits, services provided by participating providers and non-participating providers may or may not be authorized as medically necessary by ASH Networks.

Medical necessity review after the first 5 visits is not required, however it is highly recommended. If the services requested by a non-par provider do not meet medical necessity criteria, the member will be financially responsible for services not approved as medically necessary. Services for Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care are subject to medical necessity by ASH Networks which allows providers and members to know up front what will be covered. If authorization is not obtained, claims for Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care will be reviewed upon receipt of the claim.

There is no limit on the number of covered visits for medically necessary Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care. But additional visits in excess of the number of visits stated above must be authorized in advance.
Contraceptives. Services and supplies provided in connection with the following methods of contraception:

- Injectable drugs and implants for birth control, administered in a physician’s office, if medically necessary.
- Intrauterine contraceptive devices (IUDs) and diaphragms, dispensed by a physician if medically necessary.
- Professional services of a physician in connection with the prescribing, fitting, and insertion of intrauterine contraceptive devices or diaphragms.

If your physician determines that none of these contraceptive methods are appropriate for you based on your medical or personal history, coverage will be provided for another prescription contraceptive method that is approved by the Food and Drug Administration (FDA) and prescribed by your physician.

Certain contraceptives are covered under the “Preventive Care Services” benefit. Please see that provision for further details.

Outpatient Speech Therapy.

Acupuncture. The services of a physician for acupuncture treatment to treat a disease, illness or injury, including a patient history visit, physical examination, treatment planning and treatment evaluation, electroacupuncture, cupping and moxibustion. The plan will pay for up to 12 visits during a calendar year, for up to a maximum of $50, including the office visit, for all covered services rendered during each visit by a participating physician and $25 for all covered services, including the office visit, rendered during each visit by a non-participating physician.

If we apply covered charges toward the Calendar Year Deductible and do not provide payment, that visit is included in the visit maximum (12 visits) for that year.

Hearing Aid Services. The following hearing aid services are covered when provided by or purchased as a result of a written recommendation from a otolaryngologist or a state-certified audiologist.

1. Audiological evaluations to measure the extent of hearing loss and determine the most appropriate make and model of hearing aid.

2. Hearing aids (monaural or binaural) including ear mold(s), the hearing aid instrument, batteries, cords and other ancillary equipment up to a maximum payment of $700 per member once in a twenty-four (24) month period.

3. Visits for fitting, counseling, adjustments and repairs for a one year period after receiving the covered hearing aid.

No benefits will be provided for the following:

1. Charges for a hearing aid which exceeds specifications prescribed for the correction of hearing loss.

2. Surgically implanted hearing devices (i.e., cochlear implants, audient bone conduction devices). Medically necessary surgically implanted hearing devices may be covered under your plan’s benefits for prosthetic devices (see “Prosthetic Devices”).

Diabetes. Services and supplies provided for the treatment of diabetes, including:

1. The following equipment and supplies:
   a. Blood glucose monitors, including monitors designed to assist the visually impaired.
   b. Insulin pumps.
   c. Pen delivery systems for insulin administration (non-disposable).
   d. Visual aids (but not eyeglasses) to help the visually impaired to properly dose insulin.
   e. Podiatric devices, such as therapeutic shoes and shoe inserts, to treat diabetes-related complications.
Items a through d above are covered under your plan’s benefits for durable medical equipment (see “Durable Medical Equipment”). Item e above is covered under your plan’s benefits for prosthetic devices (see “Prosthetic Devices”).

2. Diabetes education program which:
   a. Is designed to teach a member who is a patient and covered members of the patient's family about the disease process and the daily management of diabetic therapy;
   b. Includes self-management training, education, and medical nutrition therapy to enable the member to properly use the equipment, supplies, and medications necessary to manage the disease; and
   c. Is supervised by a physician.

Diabetes education services are covered under plan benefits for office visits to physicians.

3. The following item is covered as a medical supply:
   a. Alcohol swabs.

Insulin and other prescriptive medications, insulin syringes, lancets, urine testing strips, blood glucose testing strips and disposable pen delivery systems for insulin administration are covered under your drug card plan unless you are enrolled in Medicare Part B as primary. If Medicare Part B covers any of the aforementioned under part B, this medical plan will cover as secondary.

4. Screenings for gestational diabetes are covered under your Preventive Care Services benefit. Please see that provision for further details.

Christian Science Benefits. The following provisions relate only to charges for Christian Science treatment:

1. A Christian Science sanatorium will be considered a hospital for purposes of this plan. The sanatorium must be accredited by the Department of Care of the First Church of Christ, Scientist; Boston, Massachusetts.

2. The term physician includes a Christian Science practitioner approved and accredited by the Mother Church, The First Church of Christ, Scientist; Boston, Massachusetts.

3. Benefits for the following services will be provided when you manifest symptoms of a covered illness or injury and receive Christian Science treatment for such symptoms.
   a. Christian Science Sanatorium. Services provided by a Christian Science sanatorium if you are admitted for active care of any illness or injury.

NO BENEFITS ARE AVAILABLE FOR SPIRITUAL REFRESHMENT. All other provisions under the section of this benefit booklet entitled YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS NOT COVERED apply equally to Christian Science benefits as to all other benefits and providers of care.

Jaw Joint Disorders (TMJ). The plan will pay for splint therapy or surgical treatment for disorders or conditions of the joints linking the jawbones and the skull (the temporomandibular joints), including the complex of muscles, nerves and other tissues related to those joints. Prior authorization is available for (i) surgical treatment of jaw joint disorders or conditions.

Special Food Products. Special food products and formulas that are part of a diet prescribed by a physician for the treatment of phenylketonuria (PKU). These items will be covered as medical supplies.

Telemedicine Program. Coverage will be provided for telemedicine, as defined in the DEFINITIONS section, for members only when provided by the claim administrators Telemedicine Network of designated providers specifically equipped and trained to provide telemedicine health care services.
Prescription Drugs Obtained From Or Administered By a Medical Provider. Your plan includes benefits for prescription drugs when they are administered to you as part of a physician visit, services from a home health agency, or at an outpatient hospital. This includes drugs for infusion therapy, chemotherapy, specialty pharmacy drugs, and blood products. This section describes your benefits when your physician orders the medication and administers it to you.

Non-duplication of benefits applies to pharmacy drugs under this plan. When benefits are provided for pharmacy drugs under the plan’s medical benefits, they will not be provided under any prescription drug plan sponsored by SISC III. Conversely, if benefits are provided for pharmacy drugs under your prescription drug plan sponsored by SISC III, they will not be provided under the plan’s medical benefits.

Prior Authorization. Certain specialty pharmacy drugs require written prior authorization of benefits in order for you to receive them. Prior authorization criteria will be based on medical policy and the pharmacy and therapeutics process. You may need to try a drug other than the one originally prescribed if it’s determined that it should be clinically effective for you. However, if it’s determined through prior authorization that the drug originally prescribed is medically necessary and is cost effective, you will be provided the drug originally requested. If, when you first become a member, you are already being treated for a medical condition by a drug that has been appropriately prescribed and is considered safe and effective for your medical condition, the claims administrator will not require you to try a drug other than the one you are currently taking.

In order for you to get a specialty pharmacy drug that requires prior authorization, your physician must make a request to the claims administrator for you to get it. The request may be made by either telephone or facsimile to the claims administrator. At the time the request is initiated, specific clinical information will be requested from your physician based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the physician’s statement in the request or clinical rationale for the specialty pharmacy drug.

If the request is not for urgently needed drugs, after the claims administrator gets the request from your physician:

- Based on your medical condition, as medically necessary, the claims administrator will review it and decide if they will approve benefits within 5-business days. The claims administrator will tell you and your physician what they have decided in writing - by fax to your doctor, and by mail, to you.

- If more information is needed to make a decision, the claims administrator will tell your physician in writing within 5-business days after they get the request what information is missing and why they cannot make a decision. If, for reasons beyond the claims administrator’s control, they cannot tell your physician what information is missing within 5-business days, the claims administrator will tell your physician that there is a problem as soon as they know that they cannot respond within 5-business days. In any event, the claims administrator will tell you and your physician that there is a problem by telephone, and in writing by facsimile, to your physician, and in writing to you by mail.

- As soon as the claims administrator can, based on your medical condition, as medically necessary, within 5-business days after they have all the information they need to decide if they will approve benefits, the claims administrator will tell you and your physician what has been decided in writing - by fax to your physician and by mail to you.

If you have any questions regarding whether a specialty pharmacy drug requires prior authorization, please call the telephone number on your I.D. card.

If a request for prior authorization of a specialty pharmacy drug is denied, you or your prescribing physician may appeal the decision by calling the telephone number on your I.D. card.
MEDICAL CARE THAT IS NOT COVERED

No payment will be made under this plan for expenses incurred for or in connection with any of the items below. (The titles given to these exclusions and limitations are for ease of reference only; they are not meant to be an integral part of the exclusions and limitations and do not modify their meaning.

Not Medically Necessary. Services or supplies that are not medically necessary, as defined.

Experimental or Investigative. Any experimental or investigative procedure or medication. But, if you are denied benefits because it is determined that the requested treatment is experimental or investigative, you may request an independent review. (See YOUR RIGHT TO APPEALS at the end of this plan.)

Crime or Nuclear Energy. Conditions that result from: (1) your commission of or attempt to commit a as long as any injuries are not a result of a medical condition or an act of domestic violence; or (2) any of nuclear energy, whether or not the result of war, when government funds are available for treatment of illness or injury arising from such release of nuclear energy.

Not Covered. Services received before your effective date or after your coverage ends, except as stated under EXTENSION OF BENEFITS.

Non-Licensed Providers. Treatment or services rendered by non-licensed health care providers and treatment or services for which the provider of services is not required to be licensed. This includes treatment or services from a non-licensed provider under the supervision of a licensed physician, except as specifically provided or arranged by the claims administrator. This exclusion does not apply to the medically necessary treatment of pervasive developmental disorder or autism, to the extent stated in the section BENEFITS FOR PERVERSIVE DEVELOPMENTAL DISORDER OR AUTISM.

Excess Amounts. Any amounts in excess of maximum allowed amounts or any Medical Benefit Maximum.

Work-Related. Work-related conditions if benefits are recovered or can be recovered, either by adjudication, settlement or otherwise, under any workers' compensation, employer's liability law or occupational disease law, even if you do not claim those benefits.

If there is a dispute or substantial uncertainty as to whether benefits may be recovered for those conditions pursuant to workers' compensation, benefits will be provided subject to the right of recovery and reimbursement under California Labor Code Section 4903, and as described in SUBROGATION AND REIMBURSEMENT.

Government Treatment. Any services you actually received that were provided by a local, state or federal government agency, or by a public school system or school district, except when payment under this plan is expressly required by federal or state law. The plan will not cover payment for these services if you are not required to pay for them or they are given to you for free. You are not required to seek any such services prior to receiving medically necessary health care services that are covered by this plan.

Services of Relatives. Professional services received from a person who lives in your home or who is related to you by blood or marriage, except as specifically stated in the “Home Infusion Therapy” provision of MEDICAL CARE THAT IS COVERED.

Voluntary Payment. Services for which you have no legal obligation to pay, or for which no charge would be made in the absence of insurance coverage or other health plan coverage, except services received at a non-governmental charitable research hospital. Such a hospital must meet the following guidelines:

1. It must be internationally known as being devoted mainly to medical research;
2. At least 10% of its yearly budget must be spent on research not directly related to patient care;
3. At least one-third of its gross income must come from donations or grants other than gifts or payments for patient care;
4. It must accept patients who are unable to pay; and
5. Two-thirds of its patients must have conditions directly related to the hospital’s research.
Not Specifically Listed. Services not specifically listed in this plan as covered services.

Private Contracts. Services or supplies provided pursuant to a private contract between the member and a provider, for which reimbursement under the Medicare program is prohibited, as specified in Section 1802 (42 U.S.C. 1395a) of Title XVIII of the Social Security Act.

Inpatient Diagnostic Tests. Inpatient room and board charges in connection with a hospital stay primarily for diagnostic tests which could have been performed safely on an outpatient basis.

Nicotine Use. Smoking cessation programs or treatment of nicotine or tobacco use. Smoking cessation drugs.

Orthodontia. Braces and other orthodontic appliances or services, except as specifically stated in the “Reconstructive Surgery” or “Dental Care” provisions of MEDICAL CARE THAT IS COVERED.

Dental Services or Supplies. For dental treatment, regardless of origin or cause, except as specified below. “Dental treatment” includes but is not limited to preventative care and fluoride treatments; dental x rays, supplies, appliances, dental implants and all associated expenses; diagnosis and treatment related to the teeth, jawbones or gums, including but not limited to:

- Extraction, restoration, and replacement of teeth;
- Services to improve dental clinical outcomes.

This exclusion does not apply to the following:

- Services which are required by law to cover;
- Services specified as covered in this benefit booklet;
- Dental services to prepare the mouth for radiation therapy to treat head and/or neck cancer.

Hearing Aids or Tests. Hearing aids, except as specifically stated in the “Hearing Aid Services” provision of MEDICAL CARE THAT IS COVERED. Routine hearing tests, except as specifically provided under the “Preventive Care Services” and “Hearing Aid Services” provisions of MEDICAL CARE THAT IS COVERED.

Optometric Services or Supplies. Optometric services, eye exercises including orthoptics. Routine eye exams and routine eye refractions, except when provided as part of a routine exam under the “Preventive Care Services” provision of MEDICAL CARE THAT IS COVERED. Eyeglasses or contact lenses, except as specifically stated in the “Prosthetic Devices” provision of MEDICAL CARE THAT IS COVERED.

Outpatient Occupational Therapy. Outpatient occupational therapy, except by a home health agency, hospice or home infusion therapy provider as specifically stated in the "Home Health Care", "Hospice Care", "Home Infusion Therapy", "Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care" provisions of MEDICAL CARE THAT IS COVERED. This exclusion also does not apply to the medically necessary treatment of severe mental disorders, or to the medically necessary treatment of pervasive developmental disorder or autism, to the extent stated in the section BENEFITS FOR PERSVATIVE DEVELOPMENTAL DISORDER OR AUTISM.

Outpatient Speech Therapy. Outpatient speech therapy except as stated in the “Outpatient Speech Therapy” provision of MEDICAL CARE THAT IS COVERED. This exclusion also does not apply to the medically necessary treatment of severe mental disorders, or to the medically necessary treatment of pervasive developmental disorder or autism, to the extent stated in the section BENEFITS FOR PERSVATIVE DEVELOPMENTAL DISORDER OR AUTISM.

Cosmetic Surgery. Cosmetic surgery or other services performed solely for beautification or to alter or reshape normal (including aged) structures or tissues of the body to improve appearance. This exclusion does not apply to reconstructive surgery (that is, surgery performed to correct deformities caused by congenital or developmental abnormalities, illness, or injury for the purpose of improving bodily function or symptomatology or to create a normal appearance), including surgery performed to restore symmetry following mastectomy. Cosmetic surgery does not become reconstructive surgery because of psychological or psychiatric reasons.
Scalp hair prostheses. Scalp hair prostheses, including wigs or any form of hair replacement.

Commercial Weight Loss Programs. Weight loss programs, whether or not they are pursued under medical or physician supervision, unless specifically listed as covered in this plan.

This exclusion includes, but is not limited to, commercial weight loss programs (Weight Watchers, Jenny Craig, LA Weight Loss) and fasting programs.

This exclusion does not apply to medically necessary treatments for morbid obesity or dietary evaluations and counseling, and behavioral modification programs for the treatment of anorexia nervosa or bulimia nervosa. Surgical treatment for morbid obesity is covered as stated in the “Bariatric Surgery” provision of MEDICAL CARE THAT IS COVERED.

Sex Transformation. Procedures or treatments to change characteristics of the body to those of the opposite sex.

Sterilization Reversal. Reversal of sterilization.

Infertility Treatment. Any services or supplies furnished in connection with the diagnosis and treatment of infertility, including, but not limited to, diagnostic tests, medication, surgery, artificial insemination, in vitro fertilization, sterilization reversal, and gamete intrafallopian transfer.

Surrogate Mother Services. For any services or supplies provided to a person not covered under the plan connection with a surrogate pregnancy (including, but not limited to, the bearing of a child by another woman for an infertile couple).

Orthopedic Supplies. Orthopedic shoes and shoe inserts. This exclusion does not apply to orthopedic footwear used as an integral part of a brace, shoe inserts that are custom molded to the patient, or therapeutic shoes and inserts designed to treat foot complications due to diabetes, as specifically stated in “Prosthetic Devices” provision of MEDICAL CARE THAT IS COVERED.

Air Conditioners. Air purifiers, air conditioners, or humidifiers.

Custodial Care or Rest Cures. Inpatient room and board charges in connection with a hospital stay for environmental change or physical therapy. Custodial care or rest cures, except as specifically provided under the “Hospice Care” or “Home Infusion Therapy” provisions of MEDICAL CARE THAT IS COVERED. Services provided by a rest home, a home for the aged, a nursing home or any similar facility. Services provided by a skilled nursing facility, except as specifically stated in the “Skilled Nursing Facility” provision of MEDICAL CARE THAT IS COVERED.

Health Club Memberships. Health club memberships, exercise equipment, charges from a physical fitness instructor or personal trainer, or any other charges for activities, equipment or facilities used for developing or maintaining physical fitness, even if ordered by a physician. This exclusion also applies to health spas.

Personal Items. Any supplies for comfort, hygiene, beautification or incontinence.

Educational or Academic Services. This plan does not cover:

1. Educational or academic counseling, remediation, or other services that are designed to increase academic knowledge or skills.
2. Educational or academic counseling, remediation, or other services that are designed to increase socialization, adaptive, or communication skills.
3. Academic or educational testing.
4. Teaching skills for employment or vocational purposes.
5. Teaching art, dance, horseback riding, music, play, swimming, or any similar activities.
6. Teaching manners and etiquette or any other social skills.
7. Teaching and support services to develop planning and organizational skills such as daily activity planning and project or task planning.

This exclusion does not apply to the medically necessary treatment of pervasive developmental disorder or autism, to the extent stated in the section BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM.

Food or Dietary Supplements. Nutritional and/or dietary supplements and counseling, except as provided this plan or as required by law. This exclusion includes, but is not limited to, those nutritional formulas and dietary supplements that can be purchased over the counter, which by law do not require either a written prescription or dispensing by a licensed pharmacist.

Telephone, Facsimile Machine and Web Consultations. Consultations provided by telephone, facsimile machine or by internet, except as provided under the “Christian Science Benefits” and “Telemedicine Program” provisions of MEDICAL CARE THAT IS COVERED.

Routine Exams or Tests. Routine physical exams or tests which do not directly treat an actual illness, injury or condition, including those required by employment or government authority, except as specifically stated in the "Preventive Care Services" provision of MEDICAL CARE THAT IS COVERED. Executive physical examinations and routine full body scans.

Acupuncture. Acupuncture treatment except as specifically stated in the "Acupuncture" provision of MEDICAL CARE THAT IS COVERED. Acupressure, or massage to control pain, treat illness or promote health by applying pressure to one or more specific areas of the body based on dermatomes or acupuncture points.

Eye Surgery for Refractive Defects. Any eye surgery solely or primarily for the purpose of correcting refractive defects of the eye such as nearsightedness (myopia) and/or astigmatism. Contact lenses and eyeglasses required as a result of this surgery.

Physical Therapy or Physical Medicine. Services of a physician for physical therapy or physical medicine, except when provided during a covered inpatient confinement, or as specifically stated in the "Home Health Care", "Hospice Care", "Home Infusion Therapy", "Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care" provisions of MEDICAL CARE THAT IS COVERED. This exclusion also does not apply to the medically necessary treatment of severe mental disorders, or to the medically necessary treatment of pervasive developmental disorder or autism, to the extent stated in the section BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM.

Outpatient Prescription Drugs and Medications. Outpatient prescription drugs or medications and insulin, except as specifically stated in the "Home Infusion Therapy" provision of MEDICAL CARE THAT IS COVERED. Non-prescription, over-the-counter patent or proprietary drugs or medicines. Cosmetics, health or beauty aids.

Specialty drugs. Lost or stolen specialty drugs. Specialty drugs that must be obtained from the specialty drug program, but, which are obtained from another vendor, including but not limited to a retail pharmacy are not covered by this plan. You will have to pay the full cost of the specialty drugs you get from a retail pharmacy that you should have obtained from the specialty drug program. This does not apply to exceptions that have been approved.

Contraceptive Devices. Contraceptive devices prescribed for birth control except as specifically stated in “Contraceptives” provision in MEDICAL CARE THAT IS COVERED.

Private Duty Nursing. Private duty nursing services.

Varicose Vein Treatment. Treatment of varicose veins or telangiectatic dermal veins (spider veins) by any method (including sclerotherapy or other surgeries) when services are rendered for cosmetic purposes.

Lifestyle Programs. Programs to alter one’s lifestyle which may include but are not limited to diet, exercise, imagery or nutrition. This exclusion will not apply to cardiac rehabilitation programs approved by the claims administrator.
Transportation and Travel Expense. Expense incurred for transportation, except as specifically stated in the “Ambulance”, “Transplant Travel Expense”, “Bariatric Travel Expense” and “Hip or Knee Joint Replacement Travel Expense” provisions of MEDICAL CARE THAT IS COVERED. Mileage reimbursement except as specifically stated in the “Transplant Travel Expense”, “Bariatric Travel Expense” and “Hip or Knee Joint Replacement Travel Expense” provisions of MEDICAL CARE THAT IS COVERED and approved by the claims administrator. Charges incurred in the purchase or modification of a motor vehicle. Charges incurred for care, telephone calls, laundry, postage, or entertainment. Frequent flyer miles; coupons, vouchers or travel tickets; prepayments of deposits.

Clinical Trials. Services and supplies in connection with clinical trials, except as specifically stated in the “Cancer Clinical Trials” provision under the section MEDICAL CARE THAT IS COVERED.
BENEFITS FOR PERVERSIVE DEVELOPMENTAL DISORDER OR AUTISM

This plan provides coverage for behavioral health treatment for Pervasive Developmental Disorder or autism. This coverage is provided according to the terms and conditions of this plan that apply to all other medical conditions, except as specifically stated in this section.

Behavioral health treatment services covered under this plan are subject to the same deductibles, coinsurance, and copayments that apply to services provided for other covered medical conditions. Services provided by Qualified Autism Service Providers, Qualified Autism Service Professionals, and Qualified Autism Service Paraprofessionals (see the “Definitions” below) will be covered under plan benefits for office visits to physicians, whether services are provided in the provider’s office or in the patient’s home. Services provided in a facility, such as the outpatient department of a hospital, will be covered under plan benefits that apply to such facilities.

You must obtain pre-service review for all behavioral health treatment services for the treatment of Pervasive Developmental Disorder or autism in order for these services to be covered by this plan (see UTILIZATION REVIEW PROGRAM for details). No benefits are payable for these services if pre-service review is not obtained.

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in this section, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this “Definitions” provision.

DEFINITIONS

Pervasive Developmental Disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, includes Autistic Disorder, Rett’s Disorder, Childhood Disintegrative Disorder, Asperger’s Disorder, and Pervasive Developmental Disorder Not Otherwise Specified.

Applied Behavior Analysis (ABA) means the design, implementation, and evaluation of systematic instructional and environmental modifications to promote positive social behaviors and reduce or ameliorate behaviors which interfere with learning and social interaction.

Intensive Behavioral Intervention means any form of Applied Behavioral Analysis that is comprehensive, designed to address all domains of functioning, and provided in multiple settings for no more than 40 hours per week, across all settings, depending on the individual’s needs and progress. Interventions can be delivered in a one-to-one ratio or small group format, as appropriate.

Qualified Autism Service Provider is either of the following:

- A person, entity, or group that is certified by a national entity, such as the Behavior Analyst Certification Board, that is accredited by the National Commission for Certifying Agencies, and who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the person, entity, or group that is nationally certified; or
- A person licensed as a physician and surgeon (M.D. or D.O.), physical therapist, occupational therapist, psychologist, marriage and family therapist, educational psychologist, clinical social worker, professional clinical counselor, speech-language pathologist, or audiologist pursuant to state law, who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the licensee.

The claims administrator’s network of participating providers is limited to licensed Qualified Autism Service Providers who contract with the claims administrator and who may supervise and employ Qualified Autism Service Professionals or Qualified Autism Service Paraprofessionals who provide and administer Behavioral Health Treatment.

Qualified Autism Service Professional is a provider who meets all of the following requirements:

- Provides behavioral health treatment,
- Is employed and supervised by a Qualified Autism Service Provider,
• Provides treatment according to a treatment plan developed and approved by the Qualified Autism Service Provider,

• Is a behavioral service provider approved as a vendor by a California regional center to provide services as an associate behavior analyst, behavior analyst, behavior management assistant, behavior management consultant, or behavior management program as defined in state regulation, and

• Has training and experience in providing services for Pervasive Developmental Disorder or autism pursuant to applicable state law.

Qualified Autism Service Paraprofessional is an unlicensed and uncertified individual who meets all of the following requirements:

• Is employed and supervised by a Qualified Autism Service Provider,

• Provides treatment and implements services pursuant to a treatment plan developed and approved by the Qualified Autism Service Provider,

• Meets the criteria set forth in any applicable state regulations adopted pursuant to state law concerning the use of paraprofessionals in group practice provider behavioral intervention services, and

• Has adequate education, training, and experience, as certified by a Qualified Autism Service Provider.

BEHAVIORAL HEALTH TREATMENT SERVICES COVERED

The behavioral health treatment services covered by this plan for the treatment of Pervasive Developmental Disorder or autism are limited to those professional services and treatment programs, including Applied Behavior Analysis and evidence-based behavior intervention programs, that develop or restore, to the maximum extent practicable, the functioning of an individual with Pervasive Developmental Disorder or autism and that meet all of the following requirements:

• The treatment must be prescribed by a licensed physician and surgeon (an M.D. or D.O.) or developed by a licensed clinical psychologist,

• The treatment must be provided under a treatment plan prescribed by a Qualified Autism Service Provider and administered by one of the following: (a) Qualified Autism Service Provider, (b) Qualified Autism Service Professional supervised and employed by the Qualified Autism Service Provider, or (c) Qualified Autism Service Paraprofessional supervised and employed by a Qualified Autism Service provider, and

• The treatment plan must have measurable goals over a specific timeline and be developed and approved by the Qualified Autism Service Provider for the specific patient being treated. The treatment plan must be reviewed no less than once every six months by the Qualified Autism Service Provider and modified whenever appropriate, and must be consistent with applicable state law that imposes requirements on the provision of Applied Behavioral Analysis services and Intensive Behavioral Intervention services to certain persons pursuant to which the Qualified Autism Service Provider does all of the following:

  ♦ Describes the patient's behavioral health impairments to be treated,

  ♦ Designs an intervention plan that includes the service type, number of hours, and parent participation needed to achieve the intervention plan's goal and objectives, and the frequency at which the patient's progress is evaluated and reported,

  ♦ Provides intervention plans that utilize evidence-based practices, with demonstrated clinical efficacy in treating Pervasive Developmental Disorder or autism,

  ♦ Discontinues Intensive Behavioral Intervention services when the treatment goals and objectives are achieved or no longer appropriate, and

  ♦ The treatment plan is not used for purposes of providing or for the reimbursement of respite care, day care, or educational services, and is not used to reimburse a parent for participating in the treatment program. No coverage will be provided for any of these services or costs. The treatment plan must be made available to us upon request.
SUBROGATION AND REIMBURSEMENT

These provisions apply when the plan pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source. A “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance, uninsured/underinsured motorist proceeds, worker’s compensation insurance or fund, “no-fault” insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

The plan has the right to recover payments it makes on your behalf from any party responsible for compensating you for your illnesses or injuries. The following apply:

- The plan has first priority from any Recovery for the full amount of benefits it has paid regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- You and your legal representative must do whatever is necessary to enable the plan to exercise the plan's rights and do nothing to prejudice those rights.
- In the event that you or your legal representative fail to do whatever is necessary to enable the plan to exercise its subrogation rights, the plan shall be entitled to deduct the amount the plan paid from any future benefits under the plan.
- The plan has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the plan.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the plan's subrogation claim and any claim held by you, the plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.
- The plan is not responsible for any attorney fees, attorney liens, other expenses or costs you incur without the plan's prior written consent. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the plan.

Reimbursement

If you obtain a Recovery and the plan has not been repaid for the benefits the plan paid on your behalf, the plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following provisions will apply:

- You must reimburse the plan from any Recovery to the extent of benefits the plan paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the plan shall have a right of full recovery, in first priority, against any Recovery. Further, the plan's rights will not be reduced due to your negligence.
- You and your legal representative must hold in trust for the plan the proceeds of the gross Recovery (i.e., the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the plan immediately upon your receipt of the Recovery. You must reimburse the plan, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the plan.
- If you fail to repay the plan, the plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the plan has paid or the amount of your Recovery whichever is less, from any future benefit under the plan if:
  1. The amount the plan paid on your behalf is not repaid or otherwise recovered by the plan; or
2. You fail to cooperate.

- In the event that you fail to disclose the amount of your settlement to the plan, the plan shall be entitled to deduct the amount of the plan's lien from any future benefit under the plan.

- The plan shall also be entitled to recover any of the unsatisfied portion of the amount the plan has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the plan has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the plan will not have any obligation to pay the Provider or reimburse you.

- The plan is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate you or make you whole.

Your Duties

- You must notify the plan promptly of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved.

- You must cooperate with the plan in the investigation, settlement and protection of the plan's rights. In the event that you or your legal representative fail to do whatever is necessary to enable the plan to exercise its subrogation or reimbursement rights, the plan shall be entitled to deduct the amount the plan paid from any future benefits under the plan.

- You must not do anything to prejudice the plan's rights.

- You must send the plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.

- You must promptly notify the plan if you retain an attorney or if a lawsuit is filed on your behalf.

The plan administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this plan in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The plan is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

The plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by you to the contrary. The plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.
COORDINATION OF BENEFITS

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans, as shown below. These coordination provisions apply separately to each member, per calendar year, and are largely determined by California law. Any coverage you have for medical or dental benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this “Definitions” provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by at least one Other Plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid.

Other Plan is any of the following:
1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trusteeed plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.
4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program, including a self-insured program.

The term “Other Plan” refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this plan which provides benefits subject to this provision.

EFFECT ON BENEFITS

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The following rules determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as a subscriber pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired employee.
For example: You are covered as a retired employee under this plan and eligible for Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first and the plan which covers you as a retired employee would pay last.

3. For a dependent child covered under plans of two parents, the plan of the parent whose birthday falls earlier in the calendar year pays before the plan of the parent whose birthday falls later in the calendar year. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent child of parents who are divorced or separated, the following rules will be used in place of Rule 3:

a. If the parent with custody of that child for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that child as a dependent pays first.

b. If the parent with custody of that child for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
   i. The plan which covers that child as a dependent of the parent with custody.
   ii. The plan which covers that child as a dependent of the stepparent (married to the parent with custody).
   iii. The plan which covers that child as a dependent of the parent without custody.
   iv. The plan which covers that child as a dependent of the stepparent (married to the parent without custody).

c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that child's health care coverage, a plan which covers that child as a dependent of that parent pays first.

4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.

5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the Order of Benefit Determination provisions of This Plan, this rule will not apply.

6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.
Right of Recovery. If payments made under this Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

For Active Subscribers and Dependents. Members entitled to Medicare receive the full benefits of this plan, except for those members listed below who are eligible for Medicare Part A because they have worked the required amount of time under the Social Security System:

1. Members who are receiving treatment for end-stage renal disease following the first 30 months such members are entitled to end-stage renal disease benefits under Medicare; and

2. Members who are entitled to Medicare benefits as disabled persons; unless, the members have a current employment status, as determined by Medicare rules, through a group of 100 or more employees (according to federal OBRA legislation).

In cases where exceptions 1 or 2 apply, payment will be determined according to the provisions in the section entitled COORDINATION OF BENEFITS and the provision “Coordinating Benefits With Medicare”, below.

For Retired Employees and Their Spouses. If you are a retired employee or the spouse of a retired employee and you are eligible for Medicare Part A because you made the required number of quarterly contributions to the Social Security System, your benefits under this plan will be subject to the section entitled COORDINATION OF BENEFITS and the provision “Coordinating Benefits With Medicare”, below.

Coordinating Benefits With Medicare. The plan will not provide benefits that duplicate any benefits to which you would be entitled under full Medicare coverage (Medicare Parts A and B), whether or not you are actually enrolled in Medicare Parts A or B, and whether or not the benefits to which you are entitled are actually paid by Medicare.

If you are entitled to Medicare, your Medicare coverage will not affect the services covered under this plan except as follows:

1. Medicare must provide benefits first to any services covered both by Medicare and under this plan.

2. For services you receive that are covered both by Medicare and under this plan, coverage under this plan will apply only to Medicare deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.

3. For any given claim, the combination of benefits provided by Medicare and the benefits provided under this plan will not exceed the maximum allowed amount for the covered services.

The claims administrator will apply any charges paid by Medicare for services covered under this plan toward your plan deductible, if any.

REQUIRED MONTHLY CONTRIBUTIONS FOR MEDICARE ELIGIBLE MEMBERS

For Active Subscribers and Dependents Entitled to but not enrolled under Medicare Part A and/or Medicare Part B. The required monthly contribution for coverage under this plan will be the required monthly contribution due for members covered under this plan who are not entitled to Medicare.

For Retired Employees and Their Spouses Entitled to but not enrolled under Medicare Part A and/or Medicare Part B. The required monthly contribution for coverage under this plan will be increased by an amount necessary to provide the hospital and/or medical benefits of this plan.
UTILIZATION REVIEW PROGRAM

Benefits are provided only for medically necessary and appropriate services. Utilization Review is designed to work together with you and your provider to ensure you receive appropriate medical care and avoid unexpected out of pocket expense.

No benefits are payable, however, unless your coverage is in force at the time services are rendered, and the payment of benefits is subject to all the terms and requirements of this plan.

Important: The Utilization Review Program requirements described in this section do not apply when coverage under this plan is secondary to another plan providing benefits for you or your dependents.

The utilization review program evaluates the medical necessity and appropriateness of care and the setting in which care is provided. You and your physician are advised if the claims administrator has determined that services can be safely provided in an outpatient setting, or if an inpatient stay is recommended. Services that are medically necessary and appropriate are certified by the claims administrator and monitored so that you know when it is no longer medically necessary and appropriate to continue those services.

This plan includes the processes of pre-service, care coordination, and retrospective reviews to determine when services should be covered. Their purpose is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place of service where care is provided. This plan requires that covered services be medically necessary for benefits to be provided.

Certain services require pre-service review of benefits in order for benefits to be provided. Participating providers will initiate the review on your behalf. A non-participating provider may or may not initiate the review for you. In both cases, it is your responsibility to initiate the process and ask your physician to request pre-service review. You may also call the claims administrator directly. Pre-service review criteria are based on multiple sources including medical policy, clinical guidelines, and pharmacy and therapeutics guidelines. The claims administrator may determine that a service that was initially prescribed or requested is not medically necessary if you have not previously tried alternative treatments that are more cost effective.

It is your responsibility to determine whether a particular service requires pre-service authorization. Please read the following information that follows to assist you in this determination and please feel free to visit www.anthem.com or call the toll-free number for pre-service printed on your identification card if you have any questions about making this determination.

It is also your responsibility to see that your physician starts the utilization review process before scheduling you for any service subject to the utilization review program. If you receive any such service, and do not follow the procedures set forth in this section, your benefits will be reduced as shown in the "Effect on Benefits".

UTILIZATION REVIEW REQUIREMENTS

The stages of utilization review are pre-service review, care coordination review, and retrospective review.

Pre-service review determines in advance the medical necessity and appropriateness of certain procedures or admissions and the appropriate length of stay, if applicable. Pre-service review is required for the services listed below.

- Scheduled, non-emergency inpatient hospital stays and residential treatment center admissions.

Exceptions: Pre-service review is not required for inpatient hospital stays for the following services:

- Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
- Mastectomy and lymph node dissection.
• Specific outpatient services, including diagnostic treatment and other services.
• Specific outpatient surgeries performed in an outpatient facility or a doctor’s office.
• *Facility-based care for the treatment of mental or nervous disorders* and substance abuse.
• Transplant services.
• Air ambulance in a non-medical emergency.
• Visits for physical therapy, physical medicine, occupational therapy and chiropractic care beyond those described under the "Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care" provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. While there is no limit on the number of covered visits for *medically necessary* physical therapy, physical medicine, and occupational therapy and chiropractic care, additional visits in excess of the stated number of visits must be authorized in advance.
• Specific durable medical equipment.
• Home infusion therapy.
• Home health care.
• Admissions to a *skilled nursing facility*.
• Hip or knee joint replacement surgery.
• Bariatric surgical services performed at a *Centers of Medical Excellence (CME)* facility.
• Advanced imaging procedures, including but not limited to: Magnetic Resonance Imaging (MRI), Computerized Tomography (CT scan), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography, and Nuclear Cardiac Imaging. You may call the toll-free customer service telephone number on your identification card to find out if an imaging procedure requires pre-service review.
• Behavioral health treatment for pervasive developmental disorder or autism, as specified in the section BENEFITS FOR PERVERSIVE DEVELOPMENTAL DISORDER OR AUTISM.

**Care coordination review** determines whether services are *medically necessary* and appropriate when the claims administrator is notified while service is ongoing, for example, an emergency admission to the hospital.

**Retrospective review** is performed to review services that have already been provided. This applies in cases when pre-service or care coordination review was not completed, or in order to evaluate and audit medical documentation subsequent to services being provided. Retrospective review may also be performed for services that continued longer than originally certified.

**EFFECT ON BENEFITS**

In order for the full benefits of this *plan* to be payable, the following criteria must be met:

1. The appropriate utilization reviews must be performed in accordance with this *plan*.
2. When pre-service review is performed and the admission, procedure or service is determined to be *medically necessary* and appropriate, benefits will be provided for the following:
   • Transplant services as follows:
     a. For bone, skin or cornea transplants, if the physicians on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.
     b. For transplantation of heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney or bone marrow/stem cell and similar procedures, if the providers of the related
preoperative and postoperative services are approved and the transplant will be performed at a 
Centers of Medical Excellence (CME) facility.

- Air ambulance in a non-medical emergency.
- A specified number of additional visits for physical therapy, physical medicine, occupational therapy and 
  chiropractic care if you need more visits than is provided under the “Physical Therapy, Physical Medicine, 
  Occupational Therapy or Chiropractic Care” provision of YOUR MEDICAL BENEFITS: MEDICAL 
  CARE THAT IS COVERED. While there is no limit on the number of covered visits for medically necessary 
  physical therapy, physical medicine, occupational therapy and chiropractic care, additional visits in 
  excess of the stated number of visits must be authorized in advance.
- Specific durable medical equipment.
- Services of a home infusion therapy provider if the attending physician has submitted both a 
  prescription and a plan of treatment before services are rendered.
- Home health care services if:
  a. The services can be safely provided in your home, as certified by your attending physician;
  b. Your attending physician manages and directs your medical care at home; and
  c. Your attending physician has established a definitive treatment plan which must be consistent 
     with your medical needs and lists the services to be provided by the home health agency.
- Services provided in a skilled nursing facility if you require daily skilled nursing or rehabilitation, as 
  certified by your attending physician.
- Hip or knee joint replacement surgery.
- Bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss if:
  a. The services are to be performed for the treatment of morbid obesity;
  b. The physicians on the surgical team and the facility in which the surgical procedure is to take 
     place are approved for the surgical procedure requested; and
  c. The bariatric surgical procedure will be performed at a CME facility.
- Advanced imaging procedures, including, but not limited to: Magnetic Resonance Imaging (MRI), 
  Computerized Axial Tomography (CAT scans), Positron Emission Tomography (PET scan), Magnetic 
  Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), 
  Echocardiography and Nuclear Cardiac Imaging.
- Behavioral health treatment for pervasive developmental disorder or autism, as specified in the 
  section BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM.

If you proceed with any services that have been determined to be not medically necessary and 
appropriate at any stage of the utilization review process, benefits will not be provided for those services.

3. Services that are not reviewed prior to or during service delivery will be reviewed retrospectively when the 
   bill is submitted for benefit payment. If that review results in the determination that part or all of the 
   services were not medically necessary and appropriate, benefits will not be provided for those services.

HOW TO OBTAIN UTILIZATION REVIEWS

Remember, it is always your responsibility to confirm that the review has been performed.

Pre-service Reviews.

1. For all scheduled services that are subject to utilization review, you or your physician must initiate the 
   service review at least five working days prior to when you are scheduled to receive services.
2. You must tell your physician that this plan requires pre-service review. Physicians who are participating providers will initiate the review on your behalf. A non-participating provider may initiate the review for you, or you may call the claims administrator directly. The toll-free number for pre-service review is printed on your identification card.

3. If you do not receive the reviewed service within 60 days of the certification, or if the nature of the service changes, a new pre-service review must be obtained.

4. The claims administrator will determine if services are medically necessary and appropriate. For inpatient hospital and residential treatment center stays, the claims administrator will, if appropriate, specify a specific length of stay for services. For facility-based care for the treatment of mental or nervous disorders and substance abuse the claims administrator will, if appropriate, specify the type and level of services, as well as their duration. You, your physician and the provider of the service will receive a written confirmation showing this information.

Care coordination Reviews

1. If pre-service review was not performed, you, your physician or the provider of the service must contact the claims administrator for care coordination review. For an emergency admission or procedure, the claims administrator must be notified within one working day of the admission or procedure, unless extraordinary circumstances* prevent such notification within that time period.

2. When participating providers have been informed of your need for utilization review, they will initiate the review on your behalf. You may ask a non-participating provider to call the toll free number printed on your identification card or you may call directly.

3. When the claims administrator determines that the service is medically necessary and appropriate, the claims administrator will, depending upon the type of treatment or procedure, specify the period of time for which the service is medically appropriate. The claims administrator will also determine the medically appropriate setting.

4. If the claims administrator determines that the service is not medically necessary and appropriate, your physician will be notified by telephone no later than 24 hours following their decision. The claims administrator will send written notice to you and your physician within two business days following their decision. However, care will not be discontinued until your physician has been notified and a plan of care that is appropriate for your needs has been agreed upon.

*Extraordinary Circumstances. In determining "extraordinary circumstances", the claims administrator may take into account whether or not your condition was severe enough to prevent you from notifying the claims administrator, or whether or not a member of your family was available to notify the claims administrator for you. You may have to prove that such "extraordinary circumstances" were present at the time of the emergency.

Retrospective Reviews

1. Retrospective review is performed when the claims administrator is not notified of the service you received, and are therefore unable to perform the appropriate review prior to your discharge from the hospital or completion of outpatient treatment. It is also performed when pre-service or care coordination review has been done, but services continue longer than originally certified. It may also be performed for the evaluation and audit of medical documentation after services have been provided, whether or not pre-service or care coordination review was performed.

2. Such services which have been retroactively determined to not be medically necessary and appropriate will be retrospectively denied certification.

THE MEDICAL NECESSITY REVIEW PROCESS

The claims administrator works with you and your health care providers to cover medically necessary and appropriate care and services. While the types of services requiring review and the timing of the reviews may
vary, the claims administrator is committed to ensuring that reviews are performed in a timely and professional manner. The following information explains the claims administrator’s review process.

1. A decision on the medical necessity of a pre-service request will be made no later than five business days from receipt of the information reasonably necessary to make the decision, and based on the nature of your medical condition.

   When your medical condition is such that you face an imminent and serious threat to your health, including the potential loss of life, limb, or other major bodily function and the normal five day timeframe described above would be detrimental to your life or health or could jeopardize your ability to regain maximum function, a decision on the medical necessity of a pre-service request will be made no later than 72 hours after receipt of the information reasonably necessary to make the decision (or within any shorter period of time required by applicable federal law, rule, or regulation).

2. A decision on the medical necessity of a care coordination request will be made no later than one business day from receipt of the information reasonably necessary to make the decision, and based on the nature of your medical condition. However, care will not be discontinued until your physician has been notified and a plan of care that is appropriate for your needs has been agreed upon.

3. A decision on the medical necessity of a retrospective review will be made and communicated in writing no later than 30 days from receipt of the information necessary to make the decision to you and your physician.

4. If the claims administrator does not have the information they need, they will make every attempt to obtain that information from you or your physician. If the claims administrator is unsuccessful, and a delay is anticipated, they will notify you and your physician of the delay and what they need to make a decision. The claims administrator will also inform you of when a decision can be expected following receipt of the needed information.

5. All pre-service, care coordination and retrospective reviews for medical necessity are screened by clinically experienced, licensed personnel (called “Review Coordinators”) using pre-established criteria and the claims administrator’s medical policy. These criteria and policies are developed and approved by practicing providers not employed by the claims administrator, and are evaluated at least annually and updated as standards of practice or technology change. Requests satisfying these criteria are certified as medically necessary. Review Coordinators are able to approve most requests.

6. For pre-service and care coordination requests, written confirmation including the specific service determined to be medically necessary will be sent to you and your provider no later than 2 business days after the decision, and your provider will be initially notified by telephone within 24 hours of the decision for pre-service and care coordination reviews.

7. If the request fails to satisfy these criteria or medical policy, the request is referred to a Peer Clinical Reviewer. Peer Clinical Reviewers are health professionals clinically competent to evaluate the specific clinical aspects of the request and render an opinion specific to the medical condition, procedure and/or treatment under review. Peer Clinical Reviewers are licensed in California with the same license category as the requesting provider. When the Peer Clinical Reviewer is unable to certify the service, the requesting physician is contacted by telephone for a discussion of the case. In many cases, services can be certified after this discussion. If the Peer Clinical Reviewer is still unable to certify the service, your provider will be given the option of having the request reviewed by a different Peer Clinical Reviewer.

8. Only the Peer Clinical Reviewer may determine that the proposed services are not medically necessary and appropriate. Your physician will be notified by telephone within 24 hours of a decision not to certify and will be informed at that time of how to request reconsideration. Written notice will be sent to you and the requesting provider within two business days of the decision. This written notice will include:

   • an explanation of the reason for the decision,

   • reference of the criteria used in the decision to modify or not certify the request,

   • the name and phone number of the Peer Clinical Reviewer making the decision to modify or not certify the request,
• how to request reconsideration if you or your provider disagree with the decision.

9. Reviewers may be plan employees or an independent third party the claims administrator chooses at their sole and absolute discretion.

10. You or your physician may request copies of specific criteria and/or medical policy by writing to the address shown on your plan identification card. The claims administrator discloses their medical necessity review procedures to health care providers through provider manuals and newsletters.

A determination of medical necessity does not guarantee payment or coverage. The determination that services are medically necessary is based on the clinical information provided. Payment is based on the terms of your coverage at the time of service. These terms include certain exclusions, limitations, and other conditions. Payment of benefits could be limited for a number of reasons, including:

• The information submitted with the claim differs from that given by phone;
• The service is excluded from coverage; or
• You are not eligible for coverage when the service is actually provided.

Revoking or modifying an authorization. An authorization for services or care may be revoked or modified prior to the services being rendered for reasons including but not limited to the following:

• Your coverage under this plan ends;
• The agreement with the plan terminates;
• You reach a benefit maximum that applies to the services in question;
• Your benefits under the plan change so that the services in question are no longer covered or are covered in a different way.

PERSONAL CASE MANAGEMENT

The personal case management program enables the claims administrator to authorize you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, the claims administrator has the right to recommend an alternative plan of treatment which may include services not covered under this plan. It is not your right to receive personal case management, nor does the claims administrator have an obligation to provide it; the claims administrator provides these services at their sole and absolute discretion.

HOW PERSONAL CASE MANAGEMENT WORKS

You may be identified for possible personal case management through the plan’s utilization review procedures, by the attending physician, hospital staff, or the claims administrator’s claims reports. You or your family may also call the claims administrator.

Benefits for personal case management will be considered only when all of the following criteria are met:

1. You require extensive long-term treatment;
2. The claims administrator anticipates that such treatment utilizing services or supplies covered under this plan will result in considerable cost;
3. The claims administrator’s cost-benefit analysis determines that the benefits payable under this plan for the alternative plan of treatment can be provided at a lower overall cost than the benefits you would otherwise receive under this plan while maintaining the same standards of care; and
4. You (or your legal guardian) and your physician agree, in a letter of agreement, with the claims administrator’s recommended substitution of benefits and with the specific terms and conditions under which alternative benefits are to be provided.
**Alternative Treatment Plan.** If the claims administrator determines that your needs could be met more efficiently, an alternative treatment plan may be recommended. This may include providing benefits not otherwise covered under this plan. The claims administrator’s case manager will review the medical records and discuss your treatment with the attending physician, you and your family.

The claims administrator makes treatment recommendations only; any decision regarding treatment belong to you and your physician. The plan will, in no way, compromise your freedom to make such decisions.

**EFFECT ON BENEFITS**

1. Benefits are provided for an alternative treatment plan on a case-by-case basis only. The claims administrator has absolute discretion in deciding whether or not to authorize services in lieu of benefits for any member, which alternatives may be offered and the terms of the offer.

2. The claims administrator’s authorization of services in lieu of benefits in a particular case in no way commits the claims administrator to do so in another case or for another member.

3. The personal case management program does not prevent the claims administrator from strictly applying the expressed benefits, exclusions and limitations of this plan at any other time or for any other member.

**Note:** The claims administrator reserves the right to use the services of one or more third parties in the performance of the services outlined in the letter of agreement. No other assignment of any rights or delegation of any duties by either party is valid without the prior written consent of the other party.

**DISAGREEMENTS WITH MEDICAL MANAGEMENT DECISIONS**

1. If you or your physician disagree with a decision, or question how it was reached, you or your physician may request reconsideration. Please refer to YOUR RIGHT TO APPEALS – EXTERNAL REVIEW for information on how to obtain the proper review.

2. If the appeal decision is still unsatisfactory, your remedy may be binding arbitration. (See BINDING ARBITRATION.)

**EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM**

From time to time, the claims administrator may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in the claims administrator’s discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, the claims administrator may select certain qualifying health care providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. The claims administrator may also exempt claims from medical review if certain conditions apply.

If the claims administrator exempts a process, health care provider, or claim from the standards that would otherwise apply, they are in no way obligated to do so in the future, or to do so for any other health care provider, claim, or member. The claims administrator may stop or modify any such exemption with or without advance notice.

You may determine whether a health care provider participates in certain programs by checking the online provider directory on the claims administrator’s website at www.anthem.com/ca or by calling the customer service telephone number listed on your ID card.
QUALITY ASSURANCE

Utilization review programs are monitored, evaluated, and improved on an ongoing basis to ensure consistency of application of screening criteria and medical policy, consistency and reliability of decisions by reviewers, and compliance with policy and procedure including but not limited to timeframes for decision making, notification and written confirmation. The claims administrator’s Board of Directors is responsible for medical necessity review processes through its oversight committees including the Strategic Planning Committee, Quality Management Committee, and Physician Relations Committee. Oversight includes approval of policies and procedures, review and approval of self-audit tools, procedures, and results. Monthly process audits measure the performance of reviewers and Peer Clinical Reviewers against approved written policies, procedures, and timeframes. Quarterly reports of audit results and, when needed, corrective action plans are reviewed and approved through the committee structure.
HOW COVERAGE BEGINS AND ENDS

HOW COVERAGE BEGINS

PARTICIPATION REQUIREMENTS

1. Full-Time Subscribers

All eligible full-time subscribers, as defined by SISC, or subscribers who receive 100% of the amount contributed towards the cost of a full-time subscriber must enroll under the plan.

2. Less Than Full-Time Subscribers

Subscribers who work less than 90% of the fulltime equivalent for the appropriate job classification or receive less than 90% of the amount that is contributed towards an eight-hour full-time subscriber may decline coverage. Except as stated under SPECIAL ENROLLMENT PERIODS, subscribers who decline coverage when first eligible or at any subsequent Open Enrollment Period may not re-enroll under the plan until the next Open Enrollment Period.

Less than full-time subscribers or subscribers who receive less than the amount contributed toward the cost of a full-time subscriber who declined coverage and subsequently become full-time subscribers or begin to receive 100% of the amount contributed toward the cost of a full-time subscriber must enroll immediately. Such subscribers cannot wait until the next Open Enrollment Period to enroll. Coverage will become effective on the first day of the month following the date they become full-time subscribers or begin to receive 100% of the amount contributed toward the cost of a full-time subscriber.

3. Non-Eligible Subscribers

Subscribers who do not receive contributions towards the cost of the plan based on a pro-rata share of the number of hours worked or subscribers who work less than half-time are not eligible to enroll under the plan.

ELIGIBLE STATUS

1. Subscriber’s

   a. A classified non-temporary subscriber who works the minimum number of hours required by SISC III and the participating employer.
   
   b. A certificated subscriber under contract and who works a minimum of 50% of a certificated job.
   
   c. A retired employee who retired from active employment and was covered under a plan sponsored by SISC III immediately prior to retirement.

2. Dependent’s

   The following persons are eligible to enroll as dependents: (a) Either the subscriber’s spouse or domestic partner; and (b) A child.

Definition of Dependent

1. Spouse is the subscriber’s spouse under a legally valid marriage. Spouse does not include any person who is in active service in the armed forces.

2. Domestic partner is the subscriber’s domestic partner. Domestic partner does not include any person who is in active service in the armed forces. In order for the subscriber to include their domestic partner as a dependent, the subscriber and domestic partner must meet the following requirements:

   a. Both persons have a common residence.

   b. Both persons agree to be jointly responsible for each other’s basic living expenses incurred during their domestic partnership.
c. Neither person is married or a member of another domestic partnership.

d. The two persons are not related by blood in a way that would prevent them from being married to each other in California.

e. Both persons are at least 18 years of age.

f. Either of the following:

  i. Both persons are members of the same sex; or

  ii. One or both of the persons meet the eligibility criteria under Title II of the Social Security Act as defined in 42 U.S.C. Section 402(a) for old-age insurance benefits or Title XVI of the Social Security Act as defined in 42 U.S.C. Section 1381 for aged members. Notwithstanding any other provision of this section, persons of opposite sexes may not constitute a domestic partnership unless one or both of the persons are over the age of 62.

g. Both persons are capable of consenting to the domestic partnership.

h. Neither person has previously filed: (1) a Declaration of Domestic Partnership with the California Secretary of State, or a similar form with another governing jurisdiction, that has not been terminated pursuant to the laws of California, or of that other jurisdiction; or, if (1) does not apply, (2) an affidavit with SISC III declaring they are part of a domestic partnership that they have not been terminated by giving SISC III written notice that it has.

i. It has been at least six months since: (1) the date that the Notice of Termination of Domestic Partnership was filed with the California Secretary of State, or similar form was filed with another governing authority; or, if (1) does not apply, (2) either person has given written notice to SISC III that the domestic partnership they declared in an affidavit, given to SISC III, has terminated. This item does not apply if the previous domestic partnership ended because one of the partners died or married.

j. Both partners:

  i. If they reside in the State of California, must file a Declaration of Domestic Partnership with the California Secretary of State pursuant to Division 2.5 of the California Family Code to establish their domestic partnership. The subscriber must provide SISC III with a certified copy of the Declaration of Domestic Partnership that was filed with the California Secretary of State;

  ii. If they reside in another state or governing jurisdiction that registers domestic partnerships, they must register their domestic partnership with that state or governing jurisdiction. The subscriber must provide SISC III with a certified copy of the document that was filed with the governing jurisdiction registering their domestic partnership; or

  iii. If the subscriber and their domestic partner do not reside in a city, county or state that allows them to register as domestic partners, they must provide SISC III with a signed, notarized, affidavit certifying they meet all of the requirements set forth in 2.a through 2.i above, inclusive.

Note: For the purposes of 2.j.i above, if the subscriber and their domestic partner registered their relationship prior to July 1, 2000, with a local governing jurisdiction in California, in lieu of supplying SISC III with a certified copy of the Declaration of Domestic Partnership (a State of California form), the subscriber may provide SISC III with a certified copy of the form filed with the local governing jurisdiction.
For the purposes of this provision, the following definitions apply:

"Have a common residence" means that both domestic partners share the same residence. It is not necessary that the legal right to possess the common residence be in both of their names. Two people have a common residence even if one or both have additional residences. Domestic partners do not cease to have a common residence if one leaves the common residence but intends to return.

"Basic living expenses" means shelter, utilities, and all other costs directly related to the maintenance of the common household of the common residence of the domestic partners. It also means any other cost, such as medical care, if some or all of the cost is paid as a benefit because a person is another person’s domestic partner.

"Joint responsibility" means that each partner agrees to provide for the other partner’s basic living expenses if the partner is unable to provide for herself or himself. Persons to whom these expenses are owed may enforce this responsibility if, in extending credit or providing goods or services, they relied on the existence of the domestic partnership and the agreement of both partners to be jointly responsible for those specific expenses.

3. **Child** is the subscriber’s, spouse’s or domestic partner’s natural child, stepchild, legally adopted child, or child for whom the subscriber, spouse or domestic partner has been appointed legal guardian by a court of law, subject to the following:

   a. The child is under 26 years of age.

   b. The unmarried child is 26 years of age, or older and: (i) was covered under the prior plan, was covered as a dependent of the subscriber under another plan or health insurer, or has six or more months of other creditable coverage; (ii) continues to be dependent on the subscriber, spouse or domestic partner for financial support and maintenance as defined by IRS rules; or (iii) is incapable of self-sustaining employment due to a physical or mental condition. A physician must certify in writing that the child is incapable of self-sustaining employment due to a physical or mental condition. SISC III must receive the certification, at no expense to itself, within 60-days of the date the subscriber receives the request from SISC III. SISC III may request proof of continuing dependency and that a physical or mental condition still exists, but not more often than once each year after the initial certification. This exception will last until the child is no longer chiefly dependent on the subscriber, spouse or domestic partner for financial support as defined by IRS rules and maintenance due to a continuing physical or mental condition. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

   c. A child who is in the process of being adopted is considered a legally adopted child if SISC III receives legal evidence of both: (i) the intent to adopt; and (ii) that the subscriber, spouse or domestic partner have either: (a) the right to control the health care of the child; or (b) assumed a legal obligation for full or partial financial responsibility for the child in anticipation of the child’s adoption.

   Legal evidence to control the health care of the child means a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or relinquishment form, signed by the child’s birth parent, or other appropriate authority, or in the absence of a written document, other evidence of the subscriber’s, the spouse’s or domestic partner’s right to control the health care of the child.

   d. A Child for whom the subscriber, spouse or domestic partner is a legal guardian is considered eligible on the date of the court decree. SISC III must receive legal evidence of the decree. Such Child must be enrolled as set forth in the ENROLLMENT and EFFECTIVE DATE provisions below.

**Important Note**: Before a dependent’s enrollment is processed, SISC III reserves the right to request documentation or proof of his or her eligibility (that is a marriage certificate, a birth certificate, a court decree or adoption papers). In addition, before you can enroll your domestic partner, SISC III reserves the right to request documentation or proof to support the domestic partnership (that is a Declaration of Domestic Partnership or properly executed affidavit as noted above under **Domestic Partner**).
ELIGIBILITY DATE

1. For subscribers, you become eligible for coverage on the first day of the month following the date you meet the enrollment requirement of your participating employer and SISC III guidelines.

2. For dependents, you become eligible for coverage on the later of: (a) the date the subscriber becomes eligible for coverage; or, (b) the date you meet the dependent definition.

ENROLLMENT

To enroll as a subscriber, or to enroll dependents, the subscriber must properly file an application with SISC III. An application is considered properly filed, only if it is personally signed, dated, and given to SISC III within 31 days from your eligibility date. If any of these steps are not followed, your coverage may be denied or you may have to wait until the next Open Enrollment Period to enroll.

EFFECTIVE DATE

Your effective date of coverage is subject to the timely payment of required monthly contributions as stated in the participation agreement. The date you become covered is determined as follows:

1. **Timely Enrollment:** If you enroll for coverage before, on, or within 31 days after your eligibility date, then your coverage will begin as follows: (a) for subscribers, on the first day of the month following your date of hire or the first day of your hire month if your hire date is the first working day of the month; and (b) for dependents, on the later of (i) the date the subscriber's coverage begins, or (ii) the first day of the month after the dependent becomes eligible. If you become eligible before the plan takes effect, coverage begins on the effective date of the plan, provided the enrollment application is on time and in order.

2. **Late Enrollment:** If you enroll more than 31 days after your eligibility date, you must wait until the next Open Enrollment Period to enroll.

3. **Disenrollment:** If you voluntarily choose to disenroll from coverage under this plan, you will be eligible to reapply for coverage as set forth in the "Enrollment" provision above, during the next Open Enrollment Period (see OPEN ENROLLMENT PERIOD).

For late enrollees and disenrollees: You may enroll earlier than the next Open Enrollment Period if you meet any of the conditions listed under SPECIAL ENROLLMENT PERIODS.

**Important Note for Newborn and Newly-Adopted Children.** If the subscriber (or spouse or domestic partner, if the spouse or domestic partner is enrolled) is already covered: (1) any child born to the subscriber, spouse or domestic partner will be covered from the moment of birth; and (2) any child being adopted by the subscriber, spouse or domestic partner will be covered from the date on which either: (a) the adoptive child's birth parent, or other appropriate legal authority, signs a written document granting the subscriber, spouse or domestic partner the right to control the health care of the child (in the absence of a written document, other evidence of the subscriber's, spouse's or domestic partner's right to control the health care of the child may be used); or (b) the subscriber, spouse or domestic partner assumed a legal obligation for full or partial financial responsibility for the child in anticipation of the child's adoption. The written document referred to above includes, but is not limited to, a health facility minor release report, a medical authorization form, or relinquishment form.

In both cases, coverage will be in effect for 31 days. For coverage to continue beyond this 31-day period, the subscriber must enroll the child within the 31-day period by submitting a membership change form to SISC III. Any membership change form not filed within the 31-day period must be submitted to SISC III during the Open Enrollment Period generally held during September of each year for an effective date of October 1.

**Special Enrollment Periods**

You may enroll without waiting for the next Open Enrollment Period if you are otherwise eligible under any one of the circumstances set forth below:
1. For less than full-time subscribers or subscribers who receive less than the amount contributed toward the cost of a full-time subscriber:

   a. If you declined coverage you must file an application with SISC III to enroll within a time period ending 31 days after: (a) the date of an increase in the number of hours worked; or (b) the date of an increase in amount contributed by the participating employer. Coverage will become effective on the first day of the month following the date of the event.

   b. If you declined coverage because you were covered elsewhere, you must file an application with SISC III to enroll within a time period ending 31 days after the date you lose coverage. You must have signed a declination of coverage form when first eligible or during the Open Enrollment Period stating you declined coverage because you were covered elsewhere and evidence of loss of coverage must be submitted to SISC III with your application for enrollment. Coverage will become effective on the first day of the month following the date you lost coverage.

2. For all other subscribers and eligible dependents:

   You have met all of the following requirements:

   a. You were covered as a member or dependent under either:

      i. Another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation; or

      ii. A state Medicaid plan or under a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program.

      iii. You certified in writing at the time you became eligible for coverage under this plan that you were declining coverage under this plan or disenrolling because you were covered under another health plan as stated above and you were given written notice that if you choose to enroll later, you may be required to wait until the next open enrollment period to do so.

      iv. Your coverage under the other health plan wherein you were covered as a member or dependent ended as follows:

         a. If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation, coverage ended because you lost eligibility under the other plan, your coverage under a COBRA or CalCOBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated.

            Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the plan, termination of the other plan, legal separation, divorce, death of the person through whom you were covered, and any loss of eligibility for coverage after a period of time that is measured by reference to any of the foregoing.

         b. If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program. You must properly file an application with SISC III within 60 days after the date your coverage ended.

   v. You properly file an application with SISC III within 31 days from the date on which you lose coverage.

   b. A court has ordered coverage be provided under your employee health plan for: (i) a spouse; (ii) a domestic partner; or (iii) a dependent child, but only if the spouse, domestic partner and/or dependent child meets the eligibility requirements of the plan. Application must be filed within 31 days from the date the court order is issued.
You have a change in family status through either marriage or domestic partnership, or the birth, adoption, or placement for adoption of a child:

i. If you are enrolling following marriage or domestic partnership, you and your new spouse or domestic partner, must enroll within 31 days of the date of marriage or domestic partnership. Your new spouse or domestic partner’s children may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. Coverage will be effective on the first day of the month following the date you file the enrollment application.

ii. If you are enrolling following the birth, adoption, or placement for adoption of a child, your spouse (if you are already married) or domestic partner, who is eligible but not enrolled, may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. Application must be made within 31 days of the birth or date of adoption or placement for adoption; coverage will be effective on the first day of the month following the date of birth. For adoption, or placement for adoption coverage will be effective as of the date of the court decree.

3. You meet or exceed a lifetime limit on all benefits under another health plan. Application must be made within 31 days of the date a claim or a portion of a claim is denied due to your meeting or exceeding the lifetime limit on all benefits under the other plan. Coverage will be effective on the first day of the month following the date you file the enrollment application.

4. You become eligible for assistance, with respect to the cost of coverage under the employer’s plan, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file an application with SISC III within 60 days after the date you are determined to be eligible for this assistance.

Effective date of coverage. For enrollments during a special enrollment period as described above, coverage will be effective on the first day of the month following the date you file the enrollment application, except as specified below:

If a court has ordered that coverage be provided for a dependent child, coverage will become effective for child on the earlier of (a) the first day of the month following the date you file the enrollment application or (b) within 30 days after we receive a copy of the court order or of a request from the district attorney, either parent or the person having custody of the child, the employer, or the plan administrator.

OPEN ENROLLMENT PERIOD

There is an open enrollment period once each year. This period of time is generally held during the month of September. During that time, a member who meets the eligibility requirements as a subscriber under this plan may enroll. A subscriber may also enroll any eligible dependents at that time. Persons eligible to enroll as dependents may enroll only under the subscriber’s plan.

For anyone so enrolling, coverage under this plan will begin on the first day of October following the end of the Open Enrollment Period. Coverage under the former plan ends when coverage under this plan begins.

HOW COVERAGE ENDS

Coverage may be cancelled without notice from SISC III for any of the reasons listed below. SISC III does not provide notice of cancellation to members, but will notify the participating employer.

1. Subscriber

   a. If the participation agreement between the participating employer and SISC III terminates, the subscriber’s coverage ends at the same time. Either the participating employer or SISC III may cancel or change the participation agreement without notice to subscribers.

   b. If the participating employer no longer provides coverage for the class of members to which the subscriber belongs, the subscriber’s coverage ends when coverage for that class ends.
c. If the subscriber no longer meets the eligibility requirements established by SISC III in the participation agreement, the subscriber’s coverage ends as of the next required monthly contribution due date. This is usually the first of the month.

d. If required monthly contributions are not paid on the subscriber’s behalf, the subscriber’s coverage will end on the first day of the period for which required monthly contributions are not paid.

e. If less than full-time subscribers or subscribers who receive less than the amount contributed toward the cost of a full-time subscriber voluntarily cancel coverage, coverage ends on the first day of the month following a 30-day notice.

f. If a retired employee does not elect coverage upon his or her retirement, coverage ends on the first day of the month immediately following his or her retirement date. If a retired employee declines district coverage, the retired employee may not elect coverage at a future date.

Exception to item c.:
If required monthly contributions are paid, coverage may continue for a subscriber who is granted a temporary leave of absence up to six months, a sabbatical year’s leave of absence of up to 12 months, or an extended leave of absence due to illness certified annually by the participating employer.

2. Dependents

a. If coverage for the subscriber ends, coverage for dependents ends at the same time.

b. If coverage for dependents ceases to be available to the subscriber, dependent’s coverage ends on that date.

c. If the participating employer fails to pay the required monthly contributions on behalf of a dependent, coverage ends on the last date for which the participating employer made this payment.

d. If a dependent’s coverage is canceled, coverage ends on the first day of the month following a written notice.

e. If a dependent no longer meets the requirements set forth in the “Eligible Status” provision of HOW COVERAGE BEGINS, coverage ends on the first day of the month following that date.

Exceptions to item e.:

Handicapped Children: If a child reaches the age limits shown in the “Eligible Status” provision of this section, the child will continue to qualify as a dependent if he or she is (i) covered under this plan, (ii) still chiefly dependent on the subscriber, spouse or domestic partner for support and maintenance as defined by IRS rules, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A physician must certify in writing that the child has a physical or mental condition that makes the child incapable of obtaining self-sustaining employment. SISC III will notify the subscriber that the child’s coverage will end when the child reaches the plan’s upper age limit at least 90-days prior to the date the child reaches that age. The subscriber must send SISC III proof of the child’s physical or mental condition within 60-days of the date the subscriber receives SISC III’s request. If SISC III does not complete their determination of the child’s continuing eligibility by the date the child reaches the plan’s upper age limit, the child will remain covered pending determination by SISC III. When a period of two years has passed, SISC III may request proof of continuing dependency due to a continuing physical or mental condition, but not more often than once each year. This exception will last until the child is no longer chiefly dependent on the subscriber, spouse or domestic partner for support and maintenance or a physical or mental condition no longer exists. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.
All conditions of eligibility shall be in accordance with the eligibility rules adopted by SISC III.

**Note:** If a marriage or domestic partnership terminates, the *subscriber* must give or send to SISC III written notice of the termination. Coverage for a former *spouse* or *domestic partner*, if any, ends according to the “Eligible Status” provisions. If SISC III suffers a loss as a result of the subscriber failing to notify them of the termination of their marriage or domestic partnership, SISC III may seek recovery from the *subscriber* for any actual loss resulting thereby. Failure to provide written notice to SISC III will not delay or prevent termination of the marriage or domestic partnership. If the *subscriber* notifies the *plan administrator* in writing to cancel coverage for a former *spouse* or *domestic partner* and the *children* of the *spouse* or *domestic partner*, if any, immediately upon termination of the *subscriber’s* marriage or domestic partnership, such notice will be considered compliance with the requirements of this provision.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE, CALCOBRA CONTINUATION OF COVERAGE, CONTINUATION FOR DISABLED DISTRICT MEMBERS, COVERAGE FOR SURVIVING SPOUSES OF CERTIFICATED MEMBERS, CONTINUATION DURING LABOR DISPUTE, EXTENSION OF BENEFITS, and HIPAA COVERAGE AND CONVERSION.
CONTINUATION OF COVERAGE

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the plan is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to continuation of coverage. Check with your plan administrator for details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will appear in capital letters. When you see these capitalized words, you should refer to this "Definitions" provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

Qualified Beneficiary means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this plan as either a subscriber or dependent; and (b) a child who is born to or placed for adoption with the subscriber during the COBRA continuation period. Qualified Beneficiary does not include any person who was not enrolled during the Initial Enrollment Period, including any dependents acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the plan. The events will be referred to throughout this section by number.

1. For Subscribers and Dependents:
   a. The subscriber’s termination of employment, for any reason other than gross misconduct; or
   b. A reduction in the subscriber’s work hours.

2. For Retired Employees and their Dependents. Cancellation or a substantial reduction of retiree benefits under the plan due to SISC III or the participating employer filing for Chapter 11 bankruptcy, provided that:
   a. The plan expressly includes coverage for retirees; and
   b. Such cancellation or reduction of benefits occurs within one year before or after SISC III or the participating employer’s filing for bankruptcy.

3. For Dependents:
   a. The death of the subscriber;
   b. The spouse’s divorce or legal separation from the subscriber;
   c. The end of a domestic partner’s partnership with the subscriber;
   d. The end of a child’s status as a dependent child, as defined by the plan; or
   e. The subscriber’s entitlement to Medicare.

ELIGIBILITY FOR COBRA CONTINUATION

A subscriber or dependent may choose to continue coverage under the plan if your coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION
Notice. The participating employer or its administrator (we are not the administrator) will notify either the subscriber or dependent of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Events 1, or 2, the participating employer or its administrator will notify the subscriber of the right to continue coverage.

2. For Qualifying Events 3(a) or 3(e) above, a dependent will be notified of the COBRA continuation right.

3. You must inform the participating employer within 60 days of Qualifying Events 3(b), 3(c) or 3(d) above if you wish to continue coverage. The participating employer in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the participating employer within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all members within a family, or only for selected members.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial required monthly contribution, must be delivered to the participating employer within 45 days after you elect COBRA continuation coverage.

Additional Dependents. A spouse, domestic partner or child acquired during the COBRA continuation period is eligible to be enrolled as a dependent. The standard enrollment provisions of the plan apply to enrollees during the COBRA continuation period.

Cost of Coverage. The participating employer may require that you pay the entire cost of your COBRA continuation coverage. This cost, called the "required monthly contribution", must be remitted to the participating employer each month during the COBRA continuation period. SISC III must receive payment of the required monthly contribution each month from the participating employer in order to maintain the coverage in force.

Besides applying to the subscriber, the subscriber's rate also applies to:

1. A spouse whose COBRA continuation began due to divorce, separation or death of the subscriber;

2. A domestic partner whose COBRA continuation began due to the end of the domestic partnership or death of the subscriber;

3. A child if neither the subscriber nor the spouse has enrolled for this COBRA continuation coverage (if more than one child is so enrolled, the required monthly contribution will be the two-party or three-party rate depending on the number of children enrolled); and

4. A child whose COBRA continuation began due to the person no longer meeting the dependent child definition.

Subsequent Qualifying Events. Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, a member, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a child may have been originally eligible for this COBRA continuation due to termination of the subscriber's employment, and enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the child reaches the upper age limit of the plan, the child is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the required monthly contribution is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.
For dependents properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the plan.

**When the COBRA Continuation Ends.** This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*

2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the subscriber, divorce or legal separation, the end of a domestic partnership, or the end of dependent child status;*

3. The end of 36 months from the date the subscriber became entitled to Medicare, if the Qualifying Event was the subscriber's entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the subscriber will end 36 months from the date the subscriber became entitled to Medicare;

4. The date the plan terminates;

5. The end of the period for which required monthly contributions are last paid;

6. The date, following the election of COBRA, the member first becomes covered under any other group health plan, unless the other group health plan contains an exclusion or limitation relating to a pre-existing condition of the member, in which case this COBRA continuation will end at the end of the period for which the pre-existing condition exclusion or limitation applied; or

7. The date, following the election of COBRA, the member first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

*For a member whose COBRA continuation coverage began under a prior plan, this term will be dated from the time of the Qualifying Event under that prior plan. Additional note: If your COBRA continuation under this plan began on or after January 1, 2003 and ends in accordance with item 1, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this benefit booklet for more information.

Subject to the plan remaining in effect, a retired employee whose COBRA continuation coverage began due to Qualifying Event 2 may continue coverage for 36 months after the subscriber's death. But coverage could terminate prior to such time for either the subscriber or dependent in accordance with items 4, 5 or 6 above.

If your COBRA continuation under this plan ends in accordance with items 1, 2 or 3, you may be eligible for medical conversion coverage. If your COBRA continuation under this plan ends in accordance with items 1, 2, 3, or 4 you may be eligible for HIPAA coverage. The participating employer will provide notice of these options within 180 days prior to your COBRA termination date. Please see HIPAA COVERAGE AND CONVERSION in this benefit booklet for more information.

**EXTENSION OF CONTINUATION DURING TOTAL DISABILITY**

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered members may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

**Eligibility for Extension.** To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled member must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

**Notice.** The *member* must furnish the *plan administrator* with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

**Cost of Coverage.** For the 19th through 29th months that the total disability continues, the *participating employer* must remit the cost for the extended continuation coverage to SISC III. This cost (called the "required monthly contribution") shall be subject to the following conditions:

1. If the disabled *member* continues coverage during this extension, this charge shall be 150% of the applicable rate for the length of time the disabled *member* remains covered, depending upon the number of covered dependents. If the disabled *member* does not continue coverage during this extension, this charge shall remain at 102% of the applicable rate.
2. The cost for extended continuation coverage must be remitted to SISC III by the *participating employer* each month during the period of extended continuation coverage. SISC III must receive timely payment of the required monthly contribution each month from the *participating employer* in order to maintain the extended continuation coverage in force.
3. The *participating employer* may require that you pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The required monthly contribution shall then be 150% of the applicable rate for the 19th through 36th months if the disabled *member* remains covered. The charge will be 102% of the applicable rate for any periods of time the disabled *member* is not covered following the 18th month.

**When The Extension Ends.** This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;
2. The end of 29 months from the Qualifying Event*;
3. The date the *plan* terminates;
4. The end of the period for which required monthly contributions are last paid;
5. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan, unless the other group health plan contains an exclusion or limitation relating to a pre-existing condition of the *member*, in which case this COBRA extension will end at the end of the period for which the pre-existing condition exclusion or limitation applied; or
6. The date, following the election of COBRA, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the *participating employer* within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.
*Note: If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 2, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this *benefit booklet* for more information.
CALCOBRA CONTINUATION OF COVERAGE

If your continuation coverage under federal COBRA began on or after January 1, 2003, you have the option to further continue coverage under CalCOBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or

2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. You are not eligible to further continue coverage under CalCOBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan, as long as you are not subject to a pre-existing condition limitation under that coverage; or (c) are eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

TERMS OF CALCOBRA CONTINUATION

Notice. Within 180 days prior to the date federal COBRA ends, your participating employer will notify you of your right to further elect coverage under CalCOBRA. If you choose to elect CalCOBRA coverage, you must notify your participating employer in writing within 60 days of the date your coverage under federal COBRA ends or when you are notified of your right to continue coverage under CalCOBRA, whichever is later. Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.

Additional Dependents. A dependent acquired during the CalCOBRA continuation period is eligible to be enrolled as a dependent. The standard enrollment provisions of the plan apply to enrollees during the CalCOBRA continuation period.

Cost of Coverage. You may be required to pay the entire cost of your CalCOBRA continuation coverage (this is the "required monthly contribution"). This cost must be remitted to the participating employer each month during the CalCOBRA continuation period. This cost will be:

1. 110% of the applicable group rate if your coverage under federal COBRA ended after 18 months; or
2. 150% of the applicable group rate if your coverage under federal COBRA ended after 29 months.

You must make payment to your participating employer within the timeframes specified below. Your participating employer must receive payment of your required monthly contribution each month to maintain your coverage in force.

Payment Dates. The first payment is due along with your enrollment form within 45 days after you elect continuation coverage. You must make this payment by first-class mail or other reliable means of delivery, in an amount sufficient to pay any required monthly contribution and monthly contributions due. Failure to submit the correct amount within this 45-day period will disqualify you from receiving continuation coverage under CalCOBRA. Succeeding monthly contributions are due on the first day of each following month. If monthly contributions are not received when due, your coverage will be cancelled. The participating employer will cancel your coverage only upon sending you written notice of cancellation at least 30 days prior to cancelling your coverage (or any longer period of time required by applicable federal law, rule, or regulation). If you make payment in full within this time period, your coverage will not be cancelled. If you do not make the required payment in full within this time period, your coverage will be cancelled as of 12:00 midnight on the thirtieth day after the date on which the notice of cancellation is sent (or any longer period of time required by applicable federal law, rule, or regulation) and will not be reinstated. Any payment the participating employer receives after this time period runs out will be refunded to you within 20 business days. Note: You are still responsible for any unpaid monthly contributions that you owe to the participating employer, including monthly contributions that apply during any grace period.
Change of the Monthly Contribution. The amounts of the required monthly contribution may be changed the participating employer as of any monthly contribution due date. The participating employer will provide you with written notice at least 60 days prior to the date any monthly contribution increase goes into effect.

CalCOBRA Continuation Coverage Under the Prior Plan. If you were covered through CalCOBRA continuation under the prior plan, your coverage may continue under this plan for the balance of the continuation period. However your coverage shall terminate if you do not comply with the enrollment requirements and required monthly contribution payment requirements of this plan within 30 days of receiving notice that your continuation coverage under the prior plan will end.

When CalCOBRA Continuation Coverage Begins. When you elect CalCOBRA continuation coverage and pay the required monthly contribution, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For dependents properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the plan.

When the CalCOBRA Continuation Ends. This CalCOBRA continuation will end on the earliest of:

1. The date that is 36 months after the date of your qualifying event under federal COBRA*;
2. The date the plan terminates;
3. The end of the period for which required monthly contributions are last paid;
4. The date you become covered under any other health plan, unless the other health plan contains an exclusion or limitation relating to a pre-existing condition that you have. In this case, this continuation will end at the end of the period for which the pre-existing condition exclusion or limitation applied;
5. The date you become entitled to Medicare; or
6. The date you become covered under a federal COBRA continuation.

CalCOBRA continuation will also end if you move out of our service area or if you commit fraud.

*If your CalCOBRA continuation coverage began under a prior plan, this term will be dated from the time of the qualifying event under that prior plan.

If your CalCOBRA continuation under this plan ends in accordance with item 1, you may be eligible for medical conversion coverage. If your CalCOBRA continuation under this plan ends in accordance with items 1 or 2, you may be eligible for HIPAA coverage. You will receive notice of these options within 180 days prior to your CalCOBRA termination date. Please see HIPAA COVERAGE AND CONVERSION in this benefit booklet for more information.
CONTINUATION FOR DISABLED DISTRICT MEMBERS

If you become disabled as a result of a violent act directed at you while performing duties in the scope of employment as a district member, your benefits under this plan may be continued.

Eligibility. You must be a member of the State Teachers' Retirement System or a classified school subscriber member of the Public Employees' Retirement System and be covered under the participation agreement at the time of the violent act causing the disability.

Cost of Coverage. The participating employer may require that you pay the entire cost of your continuation coverage. This cost (called the "required monthly contribution") must be remitted to the participating employer each month during your continuation. SISC III must receive payment of the required monthly contribution each month from the participating employer in order to maintain the coverage in force. SISC III will accept required monthly contributions only from the participating employer. Payment made by you directly to SISC III will not continue coverage.

When Continuation Coverage Begins. When continuation coverage is elected and the required monthly contribution is paid, coverage is reinstated back to the date you became disabled, so that no break in coverage occurs, but only if you elect to continue coverage within sixty (60) days after your coverage terminates. For dependents acquired and properly enrolled during the continuation, coverage begins according to the enrollment provisions of the participation agreement.

When Continuation Coverage Ends. This continuation coverage ends for the subscriber on the earliest of:

1. The date the participation agreement terminates;
2. The end of the period for which required monthly contributions are last paid; or
3. The date the maximum benefits of this plan are paid.

For dependents, this continuation coverage ends according to the provisions of the section entitled HOW COVERAGE BEGINS AND ENDS.

COVERAGE FOR SURVIVING SPOUSES OF CERTIFICATED MEMBERS

If the subscriber dies while covered under this plan as a certificated subscriber or a certificated retired employee, coverage continues for an enrolled spouse until one of the following occurs:

1. The spouse becomes covered under another group health plan, or
2. The spouse’s coverage ends as described under HOW COVERAGE BEGINS AND ENDS: HOW COVERAGE ENDS.

Exception: If the subscriber dies while covered under this plan as a classified subscriber or a classified retired employee, the enrolled spouse may be eligible to continue coverage under this benefit. Please consult your participating employer for details regarding their policy.
CONTINUATION DURING LABOR DISPUTE

If you are an eligible subscriber who stops working because of a labor dispute, the participating employer arrange for coverage to continue as follows:

1. **Required Monthly Contributions**: Required monthly contributions are determined by SISC III as stated in the participation agreement. These required monthly contributions become effective on the required monthly contribution due date after work stops.

2. **Collection of Required Monthly Contributions**: The participating employer is responsible for collecting required monthly contributions from those subscribers who choose to continue coverage. The participating employer is also responsible for submitting required monthly contributions to SISC III on or before each required monthly contribution due date.

3. **Cancellation if participation falls below 75%**: SISC III must receive premium for at least 75% of the subscribers who stop work because of the labor dispute. If at any time participation falls below 75%, coverage may be cancelled. This cancellation is effective 10 days after written notice to the participating employer. The participating employer is responsible for notifying the subscribers.

4. **Length of coverage**: Coverage during a labor dispute may continue up to six months. After six months, coverage is cancelled automatically without notice from SISC III.

EXTENSION OF BENEFITS

If you are a totally disabled subscriber or a totally disabled dependent and under the treatment of a physician on the day your coverage under this plan ends, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a hospital or skilled nursing facility, you are considered totally disabled as long as the inpatient stay is medically necessary, and no written certification of the total disability is required. If you are discharged from the hospital or skilled nursing facility, you may continue your total disability benefits by submitting written certification by your physician of the total disability within 90 days of the date of your discharge. Thereafter, the claims administrator must receive proof of your continuing total disability at least once every 90 days while benefits are extended.

2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your physician of the total disability. The claims administrator must receive this certification within 90 days of the date coverage ends under the participation agreement. At least once every 90 days while benefits are extended, the claims administrator must receive proof that your total disability is continuing.

3. Your extension of benefits will end when any one of the following circumstances occurs:
   a. You are no longer totally disabled.
   b. The maximum benefits available to you under this plan are paid.
   c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
   d. A period of up to 12 months has passed since your extension began.
HIPAA COVERAGE AND CONVERSION

If your coverage for medical benefits under this plan ends, you may be eligible to enroll for coverage with any carrier or health plan that offers individual medical coverage. HIPAA coverage and Conversion coverage are available upon request if you meet the requirements stated below. Both HIPAA coverage and conversion are available for medical benefits only. Please note that the benefits and cost of these plans will differ from your participating employer’s plan.

HIPAA Coverage

The Health Insurance Portability and Accountability Act (HIPAA) is a federal law that provides an option for individual coverage when coverage under the plan ends. To be eligible for HIPAA coverage, you must meet all of the following requirements:

1. You must have a minimum of 18 months of continuous health coverage, most recently under an employer-sponsored health plan, and have had coverage within the last 63 days.
2. Your most recent coverage was not terminated due to nonpayment of required monthly contributions or fraud.
3. If continuation of coverage under the plan was available under COBRA, CalCOBRA, or a similar state program, such coverage must have been elected and exhausted.
4. You must not be eligible for Medicare, Medi-Cal, or any group medical coverage and cannot have other medical coverage.

You must apply for HIPAA coverage within 63 days of the date your coverage under the plan ends. Any carrier or health plan that offers individual medical coverage must make HIPAA coverage available to qualified persons without regard to health status. If you decide to enroll in HIPAA coverage, you will no longer qualify for conversion coverage.

Conversion Coverage

To apply for a conversion plan, you must submit an application to us and make the first required monthly contribution within 63 days of the date your coverage under the participating employer’s plan ends. Under certain circumstances you are not eligible for a conversion plan. They are:

1. You are not eligible if your coverage under this plan ends because the participation agreement between your participating employer and SISC III terminates and is replaced by another group plan within 15 days.
2. You are not eligible if your coverage under this plan ends because required monthly contributions are not paid when due because you (or the subscriber who enrolled you as a dependent) did not contribute your part, if any.
3. You are not eligible for a conversion plan if you are eligible for health coverage under another group plan when your coverage ends.
4. You are not eligible for a conversion plan if you are eligible for Medicare coverage when your coverage under this plan ends, whether or not you have actually enrolled in Medicare.
5. You are not eligible for a conversion plan if you are covered under an individual health plan.
6. You are not eligible for a conversion plan if you were not covered for medical benefits under the plan for three consecutive months immediately prior to the termination of your coverage.

If you decide to enroll in a conversion plan, you will no longer qualify for HIPAA coverage.

Important: The intention of conversion coverage is not to replace the coverage you have under this plan, but to make available to you a specified amount of coverage for medical benefits until you can find a replacement. The conversion plan provides lesser benefits than this plan and the provisions and rates differ.
When coverage under your participating employer’s group plan ends, you will receive more information about how to apply for HIPAA coverage or conversion, including a postcard for requesting an application and a telephone number to call if you have any questions.

**GENERAL PROVISIONS**

**Description of Coverage.** This benefit booklet is not a participation agreement. It does not change the coverage under the participation agreement in any way. This benefit booklet, which is evidence of coverage under the participation agreement, is subject to all of the terms and conditions of that participation agreement.

**Providing of Care.** SISC III is not responsible for providing any type of hospital, medical or similar care, nor is SISC III responsible for the quality of any such care received.

**Independent Contractors.** The claims administrator’s relationship with providers is that of an independent contractor. Physicians, and other health care professionals, hospitals, skilled nursing facilities and other community agencies are not the claims administrator’s agents nor is the claims administrator, or any of the employees of the claims administrator, an employee or agent of any hospital, medical group or medical care provider of any type.

**Non-Regulation of Providers.** The benefits of this plan do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with participating providers.

**Out of Area Services.** The claims administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs”. Whenever you obtain healthcare services outside of our service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard® Program and may include negotiated National Account arrangements available between the claims administrator and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside the service area, you may obtain care from healthcare providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from non-participating healthcare providers. The payment practices in both instances are described below.

Under the BlueCard® Program, when you access covered healthcare services within the geographic area served by a Host Blue, the claims administrator will remain responsible for fulfilling their contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers.

Whenever you access covered healthcare services outside the service area and the claim is processed through the BlueCard® Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to the claims administrator.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However such adjustments will not affect the price the claims administrator uses for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.
Providers available to you through the BlueCard Program have not entered into contracts with the claims administrator. If you have any questions or complaints about the BlueCard Program, please call the service telephone number listed on your ID card.

Terms of Coverage

1. In order for you to be entitled to benefits under the plan, both the participation agreement and your coverage under the plan must be in effect on the date the expense giving rise to a claim for benefits is incurred.

2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.

3. The plan is subject to amendment, modification or termination according to the provisions of the plan without your consent or concurrence.

Protection of Coverage. SISC III does not have the right to cancel your coverage under this plan while: (1) this plan is in effect; (2) you are eligible; and (3) your required monthly contributions are paid according to the terms of the plan; and (4) the participation agreement is still in effect.

Free Choice of Provider. This plan in no way interferes with your right as a member entitled to hospital benefits to select a hospital. You may choose any physician who holds a valid physician and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the hospital where services are received. You may also choose any other health care professional or facility which provides care covered under this plan, and is properly licensed according to appropriate state and local laws. However, your choice may affect the benefits payable according to this plan.

Provider Reimbursement. Physicians and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating physician may, after notice from the claims administrator, subject to a reduced negotiated rate in the event the participating physician fails to make routine referrals to participating providers, except as otherwise allowed (such as for emergency services). Hospitals and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Availability of Care. If there is an epidemic or public disaster and you cannot obtain care for covered services, SISC III refunds the unearned part of the required monthly contribution paid. A written request for that refund and satisfactory proof of the need for care must be sent to us within 31 days. This payment fulfills the obligations of SISC III under the participation agreement.

Medical Necessity. The benefits of this plan are provided only for services which the claims administrator determines to be medically necessary. The services must be ordered by the attending physician for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or deny health care services under this plan is available to you upon request.

Expense in Excess of Benefits. SISC III is not liable for any expense you incur in excess of the benefits of this plan.

Benefits Not Transferable. Only the member is entitled to receive benefits under this plan. The right to benefits cannot be transferred.

Notice of Claim. You or the provider of service must send properly and fully completed claim forms to the claims administrator within 90 days of the date you receive the service or supply for which a claim is made. Services received and charges for the services must be itemized, and clearly and accurately described. If it not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. SISC III is not liable for the benefits of the plan if you do not file claims within the required time period. Claim forms must be used; canceled checks or receipts are not acceptable.
Payment to Providers. The benefits of this plan will be paid directly to contracting hospitals, participating providers, CME and medical transportation providers. If you or one of your dependents receives services from non-contracting hospitals or non-participating providers, payment will be made directly to the subscriber and you will be responsible for payment to the provider. The plan will pay non-contracting hospitals and other providers of service directly when emergency services and care are provided to you or one of your dependents. The plan will continue such direct payment until the emergency care results in stabilization. If you are a MediCal member and you assign benefits in writing to the State Department of Health Services, the benefits of this plan will be paid to the State Department of Health Services. These payments will fulfill the plan’s obligation to you for those covered services.

Right of Recovery. Whenever payment has been made in error, SISC III will have the right to recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event SISC III recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, SISC III will only recover such payment from the provider within 365 days of the date the payment was made on a claim submitted by the provider. SISC III reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if the claims administrator pays your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, SISC III may collect such amounts directly from you. You agree that SISC III has the right to recover such amounts from you.

The claims administrator has oversight responsibility for compliance with provider and vendor and subcontractor contracts. The claims administrator may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

The claims administrator has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. The claims administrator will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. The claims administrator may not provide you with notice of overpayments made by the plan or you if the recovery method makes providing such notice administratively burdensome.

Workers’ Compensation Insurance. The participation agreement does not affect any requirement for coverage by workers’ compensation insurance. It also does not replace that insurance.

Prepayment Fees. Your participating employer is responsible for paying required monthly contributions to SISC III for all coverage provided to you and your dependents. Your participating employer may require that you contribute all or part of the costs of these required monthly contributions. Please consult your participating employer for details.

Renewal Provisions. The plan is subject to renewal at certain intervals. The required monthly contribution or other terms of the plan may be changed from time to time.

Financial Arrangements with Providers. The claims administrator or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as “Providers”) for the provision of and payment for health care services rendered to its members and subscribers entitled to health care benefits under individual certificates and group policies or contracts to which claims administrator or an affiliate is a party, including all persons covered under the plan.

Under the above-referenced contracts between Providers and claims administrator or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the plan may differ from the rates paid for persons covered by other types of products or programs offered by the claims administrator or an affiliate for the same medical services. In negotiating the terms of the plan, the plan administrator was aware that the claims administrator or its affiliates offer several types of products and programs. The members, subscribers and plan administrator are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically set forth in the plan.

Certificate of Creditable Coverage. Certificates of creditable coverage are issued automatically when your coverage under this plan ends. We will also provide a certificate of creditable coverage in response to your request, or to a request made on your behalf, at any time while you are covered under this plan and up to 24
months after your coverage under this plan ends. The certificate of creditable coverage documents your coverage under this plan. To request a certificate of creditable coverage, please call the customer service telephone number listed on your ID card.

**Transition Assistance for New Members:** Transition Assistance is a process that allows for completion of covered services for new members receiving services from a non-participating provider. If you are a new member, you may request Transition Assistance if any one of the following conditions applies:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.

2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the claims administrator in consultation with you and the non-participating provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the time you enroll in this plan.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.

5. The care of a newborn child between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the time the child enrolls in this plan.

6. Performance of a surgery or other procedure that the claims administrator have authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the time you enroll in this plan.

Please contact customer service at the telephone number listed on your ID card to request Transition Assistance or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Transition Assistance does not provide coverage for services not otherwise covered under the plan.

The claims administrator will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the plan. Financial arrangements with non-participating providers are negotiated on a case-by-case basis. The claims administrator will request that the non-participating provider agree to accept reimbursement and contractual requirements that apply to participating providers, including payment terms. If the non-participating provider does not agree to accept said reimbursement and contractual requirements, the claims administrator is not required to continue that provider’s services. If you do not meet the criteria for Transition Assistance, you are afforded due process including having a physician review the request.

**Continuity of Care after Termination of Provider:** Subject to the terms and conditions set forth below, benefits will be provided at the participating provider level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider’s contract with the claims administrator terminates (unless the provider’s contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).

You must be under the care of the participating provider at the time the provider’s contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with the claims administrator prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the claims administrator.
administrator prior to termination. If the provider does not agree with these contractual terms and conditions, the provider’s services will not be continued beyond the contract termination date.

Benefits for the completion of covered services by a terminated provider will be provided only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.

2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the claims administrator in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider’s contract terminates.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.

5. The care of a newborn child between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider’s contract terminates.

6. Performance of a surgery or other procedure that the claims administrator has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider’s contract terminates.

Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact customer service at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the plan.

You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the plan. Financial arrangements with terminated providers are negotiated on a case-by-case basis. The terminated provider will be asked to agree to accept reimbursement and contractual requirements that apply to participating providers, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, that provider’s services will not be continued. If you disagree with the determination regarding continuity of care, you may file a complaint as described in the COMPLAINT NOTICE section.
YOUR RIGHT TO APPEALS

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the plan for which you have not received the benefit or for which you may need to obtain approval in advance.

- A post-service claim is any other claim for benefits under the plan for which you have received the service.

If your claim is denied:

- you will be provided with a written notice of the denial; and

- you are entitled to a full and fair review of the denial.

The procedure the claims administrator will follow will satisfy following the minimum requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, the claims administrator’s notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific plan provision(s) on which the claims administrator’s determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the plan’s review procedures and the time limits that apply to them, if you appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision; and
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you.

For claims involving urgent/concurrent care:

- the claims administrator’s notice will also include a description of the applicable urgent/concurrent review process; and

- the claims administrator may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial. You will have the opportunity to submit written comments, documents, records, and other information supporting your
claim. The claims administrator’s review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

- The claims administrator shall offer a single mandatory level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the claims administrator to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the claims administrator’s decision, can be sent between the claims administrator and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the claims administrator at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the provider’s name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member’s authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 60007, Los Angeles, CA 90060

You must include Your Member Identification Number when submitting an appeal.

Upon request, the claims administrator will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. “Relevant” means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the plan, applied consistently for similarly-situated claimants; or
- is a statement of the plan’s policy or guidance about the treatment or benefit relative to your diagnosis.

The claims administrator will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the claims administrator will provide you, free of charge, with the rationale.

For Out of State Appeals You have to file Provider appeals with the Host Plan. This means Providers must file appeals with the same plan to which the claim was filed.

How Your Appeal will be Decided

When the claims administrator considers your appeal, the claims administrator will not rely upon the initial benefit determination to the earlier appeal determination. The review will be conducted by an appropriate
reviewer who did not make the initial determination and who does not work for the person who made the determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not medically necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

**Notification of the Outcome of the Appeal**

If you appeal a claim involving urgent/concurrent care, the claims administrator will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the claims administrator will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the claims administrator will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

**Appeal Denial**

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the claims administrator will include all of the information set forth in the above subsection entitled “Notice of Adverse Benefit Determination.”

**External Review**

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the claims administrator within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the claims administrator determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the claims administrators internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the claims administrator’s decision, can be sent between the claims administrator and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the claims administrator at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider’s name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the claims administrator determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:
Anthem Blue Cross Life and Health Insurance Company  
ATTN: Appeals  
P.O. Box 60007, Los Angeles, CA 90060

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this care plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws.

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the Plan's internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan.

The claims administrator reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.
BINDING ARBITRATION

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this plan or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort, or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The member and the plan administrator agree to be bound by this Binding Arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The member and the plan administrator agree to give up the right to participate in class arbitration against each other. Even if applicable law permits class actions or class arbitrations, the member waives any right to pursue, on a class basis, any such controversy or claim against the plan administrator and the plan administrator waives any right to pursue on a class basis any such controversy or claim against the member.

The arbitration findings will be final and binding except to the extent that state or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the member making written demand on the plan administrator. Any demand for arbitration must be made within one (1) year from the issuance by the claims administrator of its decision following appeal. In cases where the amount in controversy is within the jurisdiction of small claims court, suit must be filed within one (1) year from the issuance by the claims administrator of its decision following appeal. Failure to demand arbitration or file in small claims court within one (1) year of the issuance by the claims administrator of its decision following appeal shall result in the forfeiture of any right to arbitration or to take any other legal action. Any written demand should be sent to the plan administrator at the address shown below:

SISC III
P.O. Box 1847
Bakersfield, CA 93303-1847

The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”) according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the member and the plan administrator, or by order of the court, if the member and the plan administrator cannot agree. The arbitration will be held at a time and location mutually agreeable to the member and the plan administrator.
DEFINITIONS

The meanings of key terms used in this benefit booklet are shown below. Whenever any of the key terms shown below appear, it will appear in italicized letters. When any of the terms below are italicized in this benefit booklet, you should refer to this section.

Accidental injury is physical harm or disability which is the result of a specific unexpected incident caused an outside force. The physical harm or disability must have occurred at an identifiable time and place. Accidental injury does not include illness or infection, except infection of a cut or wound.

Agreement Date. The Agreement Date is the date the Participation Agreement between SISC III and the Participating Employer comes into effect.

Ambulatory surgical center is a freestanding outpatient surgical facility. It must be licensed as an clinic according to state and local laws and must meet all requirements of an outpatient clinic providing surgical services. It must also meet accreditation standards of the Joint Commission on Accreditation of Health Care Organizations or the Accreditation Association of Ambulatory Health Care.

Authorized referral occurs when you, because of your medical needs, are referred to a non-participating provider, but only when:

1. There is no participating provider who practices in the appropriate specialty, which provides the required services, or which has the necessary facilities within a 50-mile radius of your residence;
2. You are referred in writing to the non-participating provider by the physician who is a participating provider,
3. The referral has been authorized by the claims administrator before services are rendered.

You or your physician must call the toll-free telephone number printed on your identification card prior to scheduling an admission to, or receiving the services of, a non-participating provider.

Such authorized referrals are not available for transplant and bariatric surgical services. These services are only covered when performed at a designated bariatric CME.

Bariatric CME Coverage Area is the area within the 50-mile radius surrounding a designated bariatric CME.

Benefit Booklet (benefit booklet) is this written description of the benefits provided under the plan.

Centers of Medical Excellence (CME) are health care providers designated by the claims administrator as a selected facility for specified medical services. A provider participating in a CME network has an agreement in effect with the claims administrator at the time services are rendered or is available through their affiliate companies or their relationship with the Blue Cross and Blue Shield Association. CME agree to accept the maximum allowed amount as payment in full for covered services. A participating provider in the Prudent Buyer Plan network is not necessarily a CME.

Child meets the plan’s eligibility requirements for children as outlined under HOW COVERAGE BEGINS AND ENDS.

Claims administrator refers to Anthem Blue Cross Life and Health Insurance Company. On behalf of Anthem Blue Cross Life and Health Insurance Company, Anthem Blue Cross shall perform all administrative services in connection with the processing of claims under the plan. The claims administrator is in no event the administrator for coverage as stated under CONTINUATION OF COVERAGE, nor is Anthem Blue Cross Life Health Insurance Company the plan fiduciary or financially responsible for benefits. SISC III assumes full liability for payment of benefits described in the plan and thereby acts as plan fiduciary, and benefits are payable solely from the assets of SISC III.

Confinement period is one continuous stay or successive stays that are separated by fewer than 28 consecutive days during which the member is not confined as an inpatient in a hospital, skilled nursing facility or any other place of residence for ill or disabled persons, other than the member’s home.
**Contracting hospital** is a hospital which has a Standard Hospital Contract in effect with the **claims administrator** to provide care to **members**. A contracting hospital is not necessarily a **participating provider**. A list of contracting hospitals will be sent on request.

**Creditable coverage** is any individual or group plan that provides medical, hospital and surgical coverage, including continuation or conversion coverage, coverage under Medicare or Medicaid, TRICARE, the Federal Employees Health Benefits Program, programs of the Indian Health Service or of a tribal organization, a state health benefits risk pool, coverage through the Peace Corps, the State Children's Health Insurance Program, or a public health plan established or maintained by a state, the United States government, or a foreign country. Creditable coverage does not include accident only, credit, coverage for on-site medical clinics, disability income, coverage only for a specified disease or condition, hospital indemnity or other fixed indemnity insurance, Medicare supplement, long-term care insurance, dental, vision, workers' compensation insurance, automobile insurance, no-fault insurance, or any medical coverage designed to supplement other private or governmental plans. Creditable coverage is used to set up eligibility rules for children who cannot get a self-sustaining job due to a physical or mental condition.

If your prior coverage was through an employer, you will receive credit for that coverage if it ended because your employment ended, the availability of medical coverage offered through employment or sponsored by the employer terminated, or the employer's contribution toward medical coverage terminated, and any lapse between the date that coverage ended and the date you become eligible under this **plan** is no more than 180 days.

If your prior coverage was not through an employer, you will receive credit for that coverage if any lapse between the date that coverage ended and the date you become eligible under this **plan** is no more than 63 days.

**Custodial care** is care provided primarily to meet your personal needs. This includes help in walking, or dressing. It also includes: preparing food or special diets; feeding by utensil, tube or gastrostomy; suctioning and administration of medicine which is usually self-administered or any other care which does not require continuing services of medical personnel.

If **medically necessary**, benefits will be provided for feeding (by tube or gastrostomy) and suctioning.

**Day treatment center** is an outpatient psychiatric facility which is licensed according to state and local laws provide outpatient programs and treatment of **mental or nervous disorders** or substance abuse under the supervision of **physicians**.

**Dependent** meets the **plan’s** eligibility requirements for dependents as outlined under HOW COVERAGE AND ENDS.

**Domestic partner** meets the **plan’s** eligibility requirements for domestic partners as outlined under HOW COVERAGE BEGINS AND ENDS: HOW COVERAGE BEGINS.

**Effective date** is the date your coverage begins under this **plan**.

**Emergency** is a sudden, serious, and unexpected acute illness, injury, or condition (including without limitation sudden and unexpected severe pain), or a **psychiatric emergency medical condition**, which the **member** reasonably perceives, could permanently endanger health if medical treatment is not received immediately. Final determination as to whether services were rendered in connection with an emergency will rest solely with the **claims administrator**.

**Emergency services** are services provided in connection with the initial treatment of a medical or psychiatric emergency.
Experimental procedures are those that are mainly limited to laboratory and/or animal research.

Facility-based care is care provided in a hospital, psychiatric health facility, residential treatment center or day treatment center for the treatment of mental or nervous disorders or substance abuse.

Home health agencies are home health care providers which are licensed according to state and local laws to provide skilled nursing and other services on a visiting basis in your home, and recognized as home health providers under Medicare and/or accredited by a recognized accrediting agency such as the Joint Commission on the Accreditation of Healthcare Organizations.

Home infusion therapy provider is a provider licensed according to state and local laws as a pharmacy, must be either certified as a home health care provider by Medicare, or accredited as a home pharmacy by the Joint Commission on Accreditation of Health Care Organizations.

Hospice is an agency or organization primarily engaged in providing a specialized form of interdisciplinary health care that provides palliative care (pain control and symptom relief) and alleviates the physical, emotional, social, and spiritual discomforts of a terminally ill person, as well as providing and supportive care to the primary caregiver and the patient’s family. A hospice must be currently licensed as a hospice pursuant to Health and Safety Code section 1747 or a licensed home health agency with federal Medicare certification pursuant to Health and Safety Code sections 1726 and 1747.1. A list of hospices meeting these criteria is available upon request.

Hospital is a facility which provides diagnosis, treatment and care of persons who need acute inpatient hospital care under the supervision of physicians. It must be licensed as a general acute care hospital according to state and local laws. It must also be registered as a general hospital by the American Hospital Association and meet accreditation standards of the Joint Commission on Accreditation of Health Care Organizations.

For the limited purpose of inpatient care, the definition of hospital also includes: (1) psychiatric health facilities (only for the acute phase of a mental or nervous disorder or substance abuse), and (2) residential treatment centers.

Infertility is: (1) the presence of a condition recognized by a physician as a cause of infertility; or (2) the inability to conceive a pregnancy or to carry a pregnancy to a live birth after a year or more of regular sexual relations without contraception.

Investigative procedures or medications are those that have progressed to limited use on humans, but which are not widely accepted as proven and effective within the organized medical community.

Maximum allowed amount is the maximum amount of reimbursement we will allow for covered medical services and supplies under this plan. See YOUR MEDICAL BENEFITS: MAXIMUM ALLOWED AMOUNT.

Medically necessary procedures, supplies equipment or services are those the claims administrator determines to be:

1. Appropriate and necessary for the diagnosis or treatment of the medical condition;
2. Provided for the diagnosis or direct care and treatment of the medical condition;
3. Within standards of good medical practice within the organized medical community;
4. Not primarily for your convenience, or for the convenience of your physician or another provider; and
5. Not more costly than an equivalent service or sequence of services that is medically appropriate and is likely to produce equivalent therapeutic or diagnostic results in regard to the diagnosis or treatment of the patient’s illness, injury, or condition; and
6. The most appropriate procedure, supply, equipment or service which can safely be provided. The most appropriate procedure, supply, equipment or service must satisfy the following requirements:
   a. There must be valid scientific evidence demonstrating that the expected health benefits from the procedure, supply, equipment or service are clinically significant and produce a greater likelihood of
benefit, without a disproportionately greater risk of harm or complications, for you with the particular medical condition being treated than other possible alternatives; and

b. Generally accepted forms of treatment that are less invasive have been tried and found to be ineffective or are otherwise unsuitable; and

c. For hospital stays, acute care as an inpatient is necessary due to the kind of services you are receiving or the severity of your condition, and safe and adequate care cannot be received by you as an outpatient or in a less intensified medical setting.

Member is the subscriber or dependent.

Mental or nervous disorders, for the purposes of this plan, are conditions that affect thinking and the ability to figure things out, perception, mood and behavior. A mental or nervous disorder is recognized primarily by symptoms or signs that appear as distortions of normal thinking, distortions of the way things are perceived (e.g., seeing or hearing things that are not there), moodiness, sudden and/or extreme changes in mood, depression, and/or unusual behavior such as depressed behavior or highly agitated or manic behavior.

Any condition meeting this definition is a mental or nervous disorder no matter what the cause of the condition may be.

Non-contracting hospital is a hospital which does not have a Standard Hospital Contract in effect with the claims administrator at the time services are rendered.

Non-participating provider is one of the following providers which does NOT have a Prudent Buyer Plan Participating Provider Agreement in effect with the claims administrator at the time services are rendered:
1. A hospital;
2. A physician;
3. An ambulatory surgical center;
4. A home health agency;
5. A facility which provides diagnostic imaging services;
6. A durable medical equipment outlet;
7. A skilled nursing facility;
8. A clinical laboratory;
9. A home infusion therapy provider;
10. An urgent care center;
11. A retail health clinic;
12. A hospice; or
13. A qualified autism service provider.

They are not participating providers. Remember that the maximum allowed amount may only represent a portion of the amount which a non-participating provider charges for services. See YOUR MEDICAL BENEFITS: MAXIMUM ALLOWED AMOUNT.

Other health care provider is one of the following providers:
1. A certified registered nurse anesthetist;
2. A blood bank.

The provider must be licensed according to state and local laws to provide covered medical services.

Participating Employer is an employer that has a participation agreement in effect with SISC as of the subscribers’ effective date.

Participation Agreement is the agreement between Self-Insured Schools of California and the participating employer providing for the participation of specified subscribers in this plan.
**Participating provider** is one of the following providers or other licensed health care professionals who have a Prudent Buyer Plan Participating Provider Agreement in effect with the claims administrator at the time services are rendered:

1. A hospital;
2. A physician;
3. An ambulatory surgical center;
4. A licensed ambulance company;
5. A home health agency;
6. A facility which provides diagnostic imaging services;
7. A durable medical equipment outlet;
8. A skilled nursing facility;
9. A clinical laboratory;
10. A home infusion therapy provider;
11. An urgent care center;
12. A retail health clinic;
13. A hospice; or

**Participating providers** agree to accept the maximum allowed amount as payment for covered services. A directory of participating providers is available upon request.

**Physician** means:

1. A doctor of medicine (M.D.) or doctor of osteopathy (D.O.) who is licensed to practice medicine or osteopathy where the care is provided; or

2. One of the following providers, but only when the provider is licensed to practice where the care is provided, is rendering a service within the scope of that license, and such license is required to render that service, and is providing a service for which benefits are specified in this benefit booklet:

   a. A dentist (D.D.S. or D.M.D.)
   b. An optometrist (O.D.)
   c. A dispensing optician
   d. A podiatrist or chiropodist (D.P.M., D.S.P. or D.S.C.)
   e. A licensed clinical psychologist
   f. A licensed educational psychologist for the provision of behavioral health treatment services for the treatment of pervasive developmental disorder or autism only
   g. A chiropractor (D.C.)
   h. An acupuncturist (but only for acupuncture and for no other services) (A.C.)
   i. A licensed clinical social worker (L.C.S.W.)
   j. A marriage and family therapist (M.F.T.)
   k. A licensed professional clinical counselor (L.P.C.C.)
   l. A physical therapist (P.T. or R.P.T.)*
   m. A speech pathologist*
   n. An audiologist*
   o. An occupational therapist (O.T.R.)*
   p. A respiratory care practitioner (R.C.P.)*
   q. A nurse practitioner
   r. A physician assistant
   s. A psychiatric mental health nurse (R.N.)*
t. A nurse midwife**
u. A registered dietitian (R.D.)* for the provision of diabetic medical nutrition therapy only

*Note: The providers indicated by asterisks (*) are covered only by referral of a physician as defined in 1 above.

**If there is no nurse midwife who is a participating provider in your area, you may call the Customer Service telephone number on your ID card for a referral to an OB/GYN.

Plan is the set of benefits described in this benefit booklet or as amended hereafter and adopted by the participating employer through its participation agreement with Self-Insured Schools of California. These benefits are subject to the terms and conditions of the plan. If changes are made to the plan, an amendment or revised benefit booklet will be issued to each participating employer affected by the change.

Plan administrator refers to Self-Insured Schools of California (SISC III), the entity which is responsible for the administration of the plan.

Preventive Care Services include routine examinations, screenings, tests, education, and immunizations administered with the intent of preventing future disease, illness, or injury. Services are considered preventive if you have no current symptoms or prior history of a medical condition associated with that screening or service. These services shall meet requirements as determined by federal and state law. Sources for determining which services are recommended include the following:

1. Services with an “A” or “B” rating from the United States Preventive Services Task Force (USPSTF);
2. Immunizations recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;
3. Preventive care and screenings for infants, children, and adolescents as provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and
4. Additional preventive care and screening for women provided for in the guidelines supported by the Health Resources and Services Administration.

Please call the customer service number listed on your ID card for additional information about services that are covered by this plan as preventive care services. You may also refer to the following websites that are maintained by the U.S. Department of Health & Human Services.

http://www.healthcare.gov/center/regulations/prevention.html
http://www.ahrq.gov/clinic/uspstfix.htm
http://www.cdc.gov/vaccines/recs/acip/

Prior plan is a plan sponsored by SISC III which was replaced by this plan within 60 days. You are considered covered under the prior plan if you: (1) were covered under the prior plan on the date that plan terminated; (2) properly enrolled for coverage within 31 days of this plan’s Effective Date; and (3) had coverage terminate solely due to the prior plan’s termination.

Prosthetic devices are appliances which replace all or part of a function of a permanently inoperative, or malfunctioning body part. The term "prosthetic devices" includes orthotic devices, rigid or semi-supportive devices which restrict or eliminate motion of a weak or diseased part of the body.

Psychiatric emergency medical condition is a mental or nervous disorder that manifests itself by acute symptoms of sufficient severity that the patient is either (1) an immediate danger to himself or herself or to others, or (2) immediately unable to provide for or utilize food, shelter, or clothing due to the mental or nervous disorder.

Psychiatric health facility is an acute 24-hour facility as defined in California Health and Safety Code 1250.2. It must be:
1. Licensed by the California Department of Health Services;

2. Qualified to provide short-term inpatient treatment according to the state law;

3. Accredited by the Joint Commission on Accreditation of Health Care Organizations; and

4. Staffed by an organized medical or professional staff which includes a physician as medical director.

**Psychiatric mental health nurse** is a registered nurse (R.N.) who has a master's degree in psychiatric mental health nursing, and is registered as a psychiatric mental health nurse with the state board of nurses.

**Residential treatment center** is an inpatient treatment facility where the member resides in a modified community environment and follows a comprehensive medical treatment regimen for treatment and rehabilitation as the result of a mental or nervous disorder or substance abuse. The facility must be licensed to provide psychiatric treatment of mental or nervous disorders or rehabilitative treatment of substance abuse according to state and local laws.

**Residential treatment center** is an inpatient treatment facility where the member resides in a modified community environment and follows a comprehensive medical treatment regimen for treatment and rehabilitation as the result of a mental or nervous disorder or substance abuse. The facility must be licensed to provide psychiatric treatment of mental or nervous disorders or rehabilitative treatment of substance abuse according to state and local laws.

**Retail Health Clinic** - A facility that provides limited basic medical care services to members on a “walk-in” basis. These clinics normally operate in major pharmacies or retail stores.

**Retired employee** meets the plan’s eligibility requirements for retired employees as outlined under HOW COVERAGE BEGINS AND ENDS.

**Scheduled amount** is determined according to the SCHEDULES FOR NON-PARTICIPATING PROVIDERS. Any amount by which a non-participating provider’s charge exceeds this schedule, exceeds the maximum allowed amount and is not covered under this plan. You are responsible for paying any such excess amount.

**Service area** is the area in which the provider's principal place of business is located. The counties encompassed by each service area are listed in the SCHEDULES FOR NON-PARTICIPATING PROVIDERS.

**SISC** is Self-Insured Schools of California joint powers authority.

**SISC III** means the medical benefit plans developed by SISC.

**Skilled nursing facility** is an institution that provides continuous skilled nursing services. It must be licensed according to state and local laws and be recognized as a skilled nursing facility under Medicare.

**Special care units** are special areas of a hospital which have highly skilled personnel and special equipment for acute conditions that require constant treatment and observation.

**Specialty drugs** are typically high-cost, injectable, infused, oral or inhaled medications that generally require close supervision and monitoring of their effect on the patient by a medical professional. Certain specified specialty drugs may require special handling, such as temperature controlled packaging and overnight delivery, and therefore, certain specified specialty drugs will be required to be obtained through the specialty pharmacy program, unless you qualify for an exception.

**Spouse** meets the plan’s eligibility requirements for spouses as outlined under HOW COVERAGE BEGINS AND ENDS.

**Stay** is inpatient confinement which begins when you are admitted to a facility and ends when you are discharged from that facility.

**Subscriber** is the person who, by meeting the plan’s eligibility requirements for employees, is allowed to choose membership under this plan for himself or herself and his or her eligible dependents. Such requirements are outlined in HOW COVERAGE BEGINS AND ENDS.

**Telemedicine** is the diagnosis, consultation, treatment, transfer of medical data and medical education through the use of advanced electronic communication technologies such as interactive audio, video or other electronic media that facilitates access to health care services or medical specialty expertise. Standard telephone, facsimile or electronic mail transmissions, or any combination therein, in the absence of other
integrated information or data adequate for rendering a diagnosis or treatment, do not constitute telemedicine services.

**Totally disabled dependent** is a *dependent* who is unable to perform all activities usual for persons of that age.

**Totally disabled subscriber** is a subscriber who, because of illness or injury, is unable to work for income in any job for which he/she is qualified or for which he/she becomes qualified by training or experience, and who is in fact unemployed.

**Transplant Centers of Medical Excellence maximum allowed amount (CME maximum allowed amount)** is the fee CME agree to accept as payment for covered services. It is usually lower than their normal charge. CME maximum allowed amounts are determined by Centers of Medical Excellence Agreements.

**Unit Value Schedule** lists the unit values of medical services. For any procedure not listed in the schedule, we provide a benefit on the basis of comparable service. Benefits are determined based on the schedule in effect at the time the claim is paid. The unit value schedule listed in this Benefit Booklet is only a partial listing.

**Urgent care** is the services received for a sudden, serious, or unexpected illness, injury or condition, other than one which is life threatening, which requires immediate care for the relief of severe pain or diagnosis and treatment of such condition.

**Urgent care center** is a physician's office or a similar facility which meets established ambulatory care and provides medical care outside of a hospital emergency department, usually on an unscheduled, walk-in basis. Urgent care centers are staffed by medical doctors, nurse practitioners and physician assistants primarily for the purpose of treating patients who have an injury or illness that requires immediate care but is not serious enough to warrant a visit to an emergency room.

To find an urgent care center, please call the customer service number listed on your ID card or you can also search online using the “Provider Finder” function on the website at [www.anthem.com/ca](http://www.anthem.com/ca). Please call the urgent care center directly for hours of operation and to verify that the center can help with the specific care that is needed.

**We (us, our)** refers to Self-Insured Schools of California.

**Year or calendar year** is a 12 month period starting January 1 at 12:01 a.m. Pacific Standard Time.

**You (your)** refers to the *subscriber* and *dependents* who are enrolled for benefits under this *plan*. 
SCHEDULES FOR NON-PARTICIPATING PROVIDERS

This section explains how the claims administrator determines the scheduled amount (the maximum allowed amount for non-participating providers) and is subject to the maximums, conditions, exclusions and limitations of this plan.

SERVICE AREAS

A provider’s service area is determined by the area in which the provider’s principal place of business is located.

- **Service Area 1**: Counties of Alpine, Amador, Butte, Calaveras, Colusa, Del Norte, El Dorado, Glenn, Humboldt, Inyo, Kings, Lake, Lassen, Madera, Mariposa, Mendocino, Merced, Modoc, Mono, Nevada, Placer, Plumas, Sacramento, San Benito, Shasta, Sierra, Siskiyou, Solano, Sutter, Tehama, Trinity, Tulare, Tuolumne, Yolo and Yuba.

- **Service Area 2**: Counties of Alameda, Contra Costa, Monterey, Napa and Santa Cruz.

- **Service Area 3**: Counties of Marin, San Francisco, San Mateo and Santa Clara.

- **Service Area 4**: Counties of Los Angeles and Riverside (City of Palm Springs only).

- **Service Area 5**: Orange County.

- **Service Area 6**: Counties of Kern, Riverside (except City of Palm Springs), San Bernardino, San Luis Obispo, Santa Barbara and Ventura.

- **Service Area 7**: San Diego County.

- **Service Area 8**: Counties of Fresno, San Joaquin, Sonoma and Stanislaus.

- **Service Area 9**: Imperial County.

- **Service Area 10**: Outside California.

**Important Note**: The claims administrator has the right to adjust, without notice, all schedules found in this section in order to maintain the relationship between these scheduled amounts for non-participating providers and the fee schedule negotiated by the claims administrator with participating providers. Benefits are determined based on the schedule in effect at the time services are rendered.

CHARGES BY A PHYSICIAN WHO IS A NON-PARTICIPATING PROVIDER

1. Charges for services of a physician who is a non-participating provider are determined by multiplying the "Unit Value" of the service (listed in the Unit Value Schedule) by the appropriate "Unit Allowance" listed in the Unit Allowance Schedule. The "Unit Allowance" varies according to the service area of the provider.

2. For any procedure not listed in the Unit Value Schedule, the claims administrator will provide a benefit on the basis of comparable service.

3. The Unit Value Schedule listed in this benefit booklet is only a partial listing. For services provided by a physician who is a non-participating provider, the maximum allowed amount will not exceed the amount determined by the following process. First, the claims administrator determines the appropriate "Unit Allowance" for the service by determining in which service area the physician performed the service. Then, the claims administrator multiplies the "Unit Value" of that service by the appropriate "Unit Allowance". The resulting amount is the maximum allowed amount the claims administrator will allow for that service under the plan.

The claims administrator has developed a Unit Value Schedule for covered services. An excerpt of this Schedule is set forth in this section. Notice that for each service listed in the Schedule, there is a "Procedure
Code” and a "Unit Value". Physicians use these Procedure Codes to identify their services for billing purposes. These codes are published by the American Medical Association and are widely used throughout the medical profession.

Your physician should be able to identify for you which "Procedure Code(s)" applies to the service(s) to be performed. Remember, the maximum allowed amount may be less than the physician’s charge for such services. You are responsible for paying any amount by which this charge exceeds the maximum allowed amount, in addition to any Deductible and Co-Payment required under this plan.

If you want assistance in determining the maximum allowed amount for services provided by a physician who is a non-participating provider, you may telephone the claims administrator at the number shown on your identification card.

Remember, if you obtain your health care services from a participating provider, you will be able to determine the amount of your financial responsibility more simply. Participating providers have agreed to accept the maximum allowed amount as payment in full for covered services, they should not send you a bill or collect for amounts above the maximum allowed amount, leaving you only the amount of your Calendar Year Deductible and Co-Payment described in the SUMMARY OF BENEFITS.

**SURGERY (two or more surgical procedures).** When two or more surgical procedures are performed during the same operative session, the claims administrator will calculate the maximum allowed amount for all of the services combined by adding:

- The maximum allowed amount for the primary procedure plus
- A reduced percentage of what the scheduled amount would have been for each of the additional procedures if these services had been performed alone.

**SURGERY (assistant surgeon).** The Unit Value for the services of an assistant surgeon will be a reduced percentage of the scheduled amount for the primary surgeon.
ANESTHESIA (anesthesiologist or anesthetist). The total Unit Value for the services of an anesthesiologist or anesthetist is the basic anesthesia value for that procedure and a Unit Value for the actual time spent administering anesthesia.

CHARGES BY A HOSPITAL WHICH IS A NON-PARTICIPATING PROVIDER

1. The maximum allowed amount for outpatient care provided by a hospital which is a non-participating provider is the amount determined under YOUR MEDICAL BENEFITS: MAXIMUM ALLOWED AMOUNT.

2. The maximum allowed amount for inpatient care provided by a hospital which is a non-participating provider is $600 per day.
FOR YOUR INFORMATION

Your Rights and Responsibilities as a SISC III Member

As a SISC III *member* you have certain rights and responsibilities to help make sure that you get the most from your plan and access to the best care possible. That includes certain things about your care, how your personal information is shared and how you work with us and your doctors. It’s kind of like a “Bill of Rights”. It helps you know what you can expect from your overall health care experience and become a smarter health care consumer.

You have the right to:

- Speak freely and privately with your doctors and other health professionals about all health care options and treatment needed for your condition, no matter what the cost or whether it’s covered under your plan.
- Work with your doctors in making choices about your health care.
- Be treated with respect, dignity, and the right to privacy.
- Privacy, when it comes to your personal health information, as long as it follows state and Federal laws, and our privacy rules.
- Get information about our company and services, and our network of doctors and other health care providers.
- Get more information about your rights and responsibilities and give us your thoughts and ideas about them.
- Give us your thoughts and ideas about any of the rules of your health care plan and in the way your plan works.
- Make a complaint or file an appeal about:
  - Your health care plan
  - Any care you get
  - Any covered service or benefit ruling that your health care plan makes
- Say no to any care, for any condition, sickness or disease, without it affecting any care you may get in the future; and the right to have your doctor tell you how that may affect your health now and in the future
- Participate in matters that deal with the company policies and operations.
- Get all of the most up-to-date information about the cause of your illness, your treatment and what may result from that illness or treatment from a doctor or other health care professional. When it seems that you will not be able to understand certain information, that information will be given to someone else that you choose.
- Get help at any time, by contacting your local insurance department.

You have the responsibility to:

- Choose any primary care physician (doctor), also called a PCP, who is in our network if your health care plan says that you have to have a PCP.
- Treat all doctors, health care professionals and staff with courtesy and respect.
- Keep all scheduled appointments with your health care providers and call their office if you have a delay or need to cancel.
- Read and understand, to the best of your ability, all information about your health benefits or ask for help if you need it.
- To the extent possible, understand your health problems and work with your doctors or other health care professionals to make a treatment plan that you all agree on.
- Follow the care plan that you have agreed on with your doctors or health care professionals.
- Tell your doctors or other health care professionals if you don’t understand any care you’re getting or what they want you to do as part of your care plan.
- Follow all health care plan rules and policies.
- Let our Customer Service department know if you have any changes to your name, address or family members covered under your plan.
• Give us, your doctors and other health care professionals the information needed to help you get the best possible care and all the benefits you are entitled to. This may include information about other health care plans and insurance benefits you have in addition to your coverage with us.

For details about your coverage and benefits, please read your Benefit Booklet.

ORGAN DONATION

Each year, organ transplantation saves thousands of lives. The success rate for transplantation is rising but there are far more potential recipients than donors. More donations are urgently needed.

Organ donation is a singular opportunity to give the gift of life. Anyone age 18 or older and of sound mind can become a donor when he or she dies. Minors can become donors with parental or guardian consent.

Organ and tissue donations may be used for transplants and medical research. Today it is possible to transplant more than 25 different organs and tissues; this can save the lives of as many as eight people and improve the lives of another 50 people. Your decision to become a donor could someday save or prolong the life of someone you know, perhaps even a close friend or family member.

If you decide to become a donor, please discuss it with your family. Let your physician know your intentions as well. You may register as a donor by obtaining a donor card from the Department of Motor Vehicles. Be sure to sign the donor card and keep it with your driver’s license or identification card. In California, you may also register online at:

www.donatelifecalifornia.org/

While organ donation is a deeply personal decision, please consider making this profoundly meaningful and important gift.

ANTHEM BLUE CROSS WEB SITE

Information specific to your benefits and claims history are available by calling the 800 number on your identification card. Anthem Blue Cross Life and Health is an affiliate of Anthem Blue Cross. You may use Anthem Blue Cross’s web site to access benefit information, claims payment status, benefit maximum status, participating providers or to order an ID card. Simply log on to www.anthem.com/ca, select “Member”, and click the "Register" button on your first visit to establish a User ID and Password to access the personalized and secure MemberAccess Web site. Once registered, simply click the "Login" button and enter your User ID and Password to access the MemberAccess Web site.

LANGUAGE ASSISTANCE PROGRAM

Anthem introduced its Language Assistance Program to provide certain written translation and oral interpretation services to California members with limited English proficiency.

The Language Assistance Program makes it possible for you to access oral interpretation services and certain written materials vital to understanding your health coverage at no additional cost to you.

Written materials available for translation include grievance and appeal letters, consent forms, claim denial letters, and explanations of benefits. These materials are available in the following languages:

• Spanish
• Chinese
• Vietnamese
• Korean
• Tagalog

Oral interpretation services are available in additional languages.
Requesting a written or oral translation is easy. Just contact Member Services by calling the phone number on your ID card to update your language preference to receive future translated documents or to request interpretation assistance. Anthem Blue Cross Life and Health also sends/receives TDD/TTY messages at 866-333-4823 or by using the National Relay Service through 711.

For more information about the Language Assistance Program visit www.anthem.com/ca.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending physician (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call the customer service telephone number listed on your ID card.

STATEMENT OF RIGHTS UNDER THE WOMEN’S HEALTH AND CANCER RIGHTS ACT OF 1998

This plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). If you have any questions about this coverage, please call the customer service telephone number listed on your ID card.
Effective April 14, 2003, a Federal law, the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended by the Health Information Technology for Economic and Clinical Health Act (HITECH), requires that health plans like the Self-Insured Schools of California (SISC) group health plan (hereafter referred to as the “Plan”), maintain the privacy of your personally identifiable health information (called Protected Health Information or PHI).

- The term “Protected Health Information” (PHI) includes all information related to your past, present or future health condition(s) that individually identifies you or could reasonably be used to identify you and is transferred to another entity or maintained by the Plan in oral, written, electronic or any other form.

- PHI does not include health information contained in employment records held by your employer in its role as an employer, including but not limited to health information on disability, work-related illness/injury, sick leave, Family and Medical leave (FMLA), life insurance, dependent care FSA, drug testing, etc.

A complete description of your rights under HIPAA can be found in the Plan’s Notice of Privacy Practices, which was distributed to you upon enrollment in the Plan and is available from the SISC website at www.sisc.kern.org. Information about HIPAA in this document is not intended and cannot be construed as Plan’s Notice of Privacy Practices.

The Plan, and the Plan Sponsor (the SISC Board of Directors), will not use or further disclose information that is protected by HIPAA (“protected health information or PHI”) except as necessary for treatment, payment, health care operations and Plan administration, or as permitted or required by law. In particular, the Plan will not, without your written authorization, use or disclose protected health information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor.

Except as permitted by HIPAA, the Plan will only use or disclose your PHI for marketing purposes or sell (exchange) your PHI for remuneration (payment), with your written authorization. The Plan may disclose PHI to the Plan Sponsor for the purpose of reviewing a benefit claim or for other reasons related to the administration of the Plan.

A. The Plan’s Use and Disclosure of PHI: The Plan will use protected health information (PHI), without your authorization or consent, to the extent and in accordance with the uses and disclosures permitted by HIPAA. Specifically, the Plan will use and disclose protected health information for purposes related to health care treatment, payment for health care, and health care operations (sometimes referred to as TPO), as defined below.

- Treatment is the provision, coordination or management of health care and related services. It also includes but is not limited to consultations and referrals between one or more of your health care providers. The Plan rarely, if ever, uses or discloses PHI for treatment purposes.

- Payment includes activities undertaken by the Plan to obtain premiums or determine or fulfill its responsibility for coverage and provision of Plan benefits with activities that include, but are not limited to, the following:
  a. Determination of eligibility, coverage, cost sharing amounts (e.g. cost of a benefit, Plan maximums, and copayments as determined for an individual’s claim), and establishing employee contributions for coverage;
  b. Claims management and related health care data processing, adjudication of health benefit claims (including appeals and other payment disputes), coordination of benefits, subrogation of health benefit claims, billing, collection activities and related health care data processing, and claims auditing;
  c. Medical necessity reviews, reviews of appropriateness of care or justification of charges, utilization review, including precertification, concurrent review and/or retrospective review.
• Health Care Operations includes, but is not limited to:
  a. Business planning and development, such as conducting cost-management and planning-related analyses for the management of the Plan, development or improvement of methods of payment or coverage policies, quality assessment, patient safety activities;
  b. Population-based activities relating to improving health or reducing health care costs, protocol development, case management and care coordination, disease management, contacting of health care providers and patients with information about treatment alternatives and related functions;
  c. Underwriting (the Plan does not use or disclose PHI that is genetic information as defined in 45 CFR 160.103 for underwriting purposes as set forth in 45 CFR 164.502(a)(5)(1)), enrollment, premium rating, and other activities relating to the renewal or replacement of a contract of health insurance or health benefits, rating provider and Plan performance, including accreditation, certification, licensing, or credentialing activities;
  d. Conducting or arranging for medical review, legal services and auditing functions, including fraud and abuse detection and compliance programs;
  e. Business management and general administrative activities of the Plan, including, but not limited to management activities relating to implementation of and compliance with the requirements of HIPAA Administrative Simplification, customer service, resolution of internal grievances, or the provision of data analyses for policyholders, Plan sponsors, or other customers.

B. When an Authorization Form is Needed: Generally the Plan will require that you sign a valid authorization form (available from the SISC Privacy Officer) in order for the Plan to use or disclosure your PHI other than when you request your own PHI, a government agency requires it, or the Plan uses it for treatment, payment or health care operations or other instance in which HIPAA explicitly permits the use or disclosure without authorization. The Plan’s Notice of Privacy Practices also discusses times when will be given the opportunity to agree or disagree before the Plan uses and discloses your PHI. The Notice is available on the SISC website at www.sisc.kern.org or from the SISC Privacy Officer.

C. The Plan will disclose PHI to the Plan Sponsor only upon receipt of a certification from the Plan Sponsor that the Plan documents have been amended to incorporate the following provisions. With respect to PHI, the Plan Sponsor agrees to:
  1. Not use or disclose the information other than as permitted or required by the Plan Document or as required by law;
  2. Ensure that any agents, to whom the Plan Sponsor provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to such information. This Plan hires professionals and other companies, referred to as Business Associates, to assist in the administration of benefits. The Plan requires these Business Associates to observe HIPAA privacy rules.
  3. Not use or disclose the information for employment-related actions and decisions,
  4. Not use or disclose the information in connection with any other benefit or employee benefit Plan of the Plan Sponsor, (unless authorized by the individual or disclosed in the Plan’s Notice of Privacy Practices).
  5. Report to the Plan any use or disclosure of the information that is inconsistent with the uses or disclosures provided for of which it becomes aware,
  6. Make PHI available to the individual in accordance with the access requirements of HIPAA,
  7. Make PHI available for amendment and incorporate any amendments to PHI in accordance with HIPAA,
  8. Make available the information required to provide an accounting of PHI disclosures,
  9. Make internal practices, books, and records relating to the use and disclosure of PHI received from the group health Plan available to the Secretary of the Dept. of Health and Human Services (HHS) for the purposes of determining the Plan’s compliance with HIPAA, and
10. If feasible, return or destroy all PHI received from the Plan that the Plan Sponsor maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made. If return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction if feasible.

D. In order to ensure that adequate separation between the Plan and the Plan Sponsor is maintained in accordance with HIPAA, only the following employees or classes of employees may be given access to use and disclose PHI:

1. The Plan's Privacy Officer;
2. SISC Health Benefits staff involved in the administration of this Plan;
3. Business Associates under contract to the Plan including but not limited to the PPO medical, dental and vision plan claims administrator, preferred provider organization (PPO) networks, retail prescription drug benefit plan administrator, the Wellness program, the telemedicine program, the Medicare supplement administrator, the COBRA administrator, Health Flexible Spending Account (FSA) administrator, the Plan's attorneys, accountants, consultants and actuaries;

E. The persons described in the section may only have access to and use and disclose PHI for Plan administration functions for the Plan. If these persons do not comply with this obligation, the Plan Sponsor has designed a mechanism for resolution of noncompliance. Issues of noncompliance (including disciplinary sanctions as appropriate) will be investigated and managed by the Plan's Privacy Officer (the Coordinator Health Benefits) at the address noted here:

   Self-Insured Schools of California (SISC)
   2000 “K” Street P.O. Box 1847 - Bakersfield, CA 93303-1847
   Phone: 661-636-4410

F. Effective April 21, 2005 in compliance with HIPAA Security regulations, the Plan Sponsor will:

1. Implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of electronic PHI that it creates, receives, maintains or transmits on behalf of the group health plan,
2. Ensure that the adequate separation discussed in D above, specific to electronic PHI, is supported by reasonable and appropriate security measures,
3. Ensure that any agent, including a subcontractor, to whom it provides electronic PHI agrees to implement reasonable and appropriate security measures to protect the electronic PHI, and
4. Report to the Plan any security incident of which it becomes aware concerning electronic PHI.

G. Hybrid Entity: For purposes of complying with the HIPAA Privacy rules, this Plan is a “hybrid entity” because it has both group health plan functions (a health care component of the entity) and non-group health plan functions. The Plan designates that its health care group health plan functions are covered by the privacy rules. The health care group health plan functions include the services related to the “Plan.”
