SBCC Student Survey of Two Summer Sessions 2016

16	Not taken the elective courses	8/1/2016 10:56 AM
17	I enrolled in three Summer one sessions - all 100 level courses, and the work load was so unreasonable that I had to drop two of the classes. I'm a working person and have come to find out that, though it's a community college, which are traditionally known for allowing working people the opportunity to advance their education, the 100 level classes at City College demand the normal workload of university sophomore or junior level courses, the very few night classes are offered, and the course scheduling is so full of conflicts that I have a very hard time fitting basic courses together in a schedule that works for me. I tried summer sessions to resolve this, but I'm not going to write a four page paper every week for a 100 level history course.	8/1/2016 6:28 AM
18	I wouldn't have been able to take a class.	7/30/2016 9:47 PM
19	tied to take other things needed or just wait	7/28/2016 10:40 PM
20	Year long course	7/28/2016 6:29 PM
21	Summer session is very helpful	7/28/2016 3:42 PM
22	Since I was enrolled in eleven courses this summer, I'd have likely split it up between another community college with a session 1, and SBCC.	7/28/2016 1:56 PM
23	Waited until the Fall term to take the class.	7/28/2016 1:54 PM
24	I actually liked the two summer sessions as I was able to get a lot done. The classes are very intense, so spreading them out between two sessions is helpful. Thank you!	7/28/2016 1:12 PM

46	My home school is Antelope Valley College and they do not offer two summer sessions. I needed to complete two classes during the summer that my school didnt offer. In fact SBCC one of the few schools that offers pathophysiology online. During summer 1 I took my last requirment for my AA degree. For summer II I took my last requirment to transfer to my University. I was extremely geateful that I could take both classes during the summer and separately. 1	Online summer classs are great, however, the deadlines to submit work are too narrow on students with work schedules.	8/15/2016 11:00 AM
2	The class I did eventually take: Film Masters 102 was excessive with too many films to watch per week. Also, there were no instructions, guidance as far as those coming from the assigned Professor, and in that sense was very poor all together. The entire class felt like a senseless race on watching films, till your eyes hurt and you lost your basic interest altogether. I dropped it and I don't usually do it. My advise: less quantity, more quality and a professor that is engaged in teaching, inspiring.	8/15/2016 8:22 AM

4	Make classroom open to students 5 days a week, teachers have open labs, but times are limited and at times conflict with other obligations. Help cover for the teachers by making computer labs open longer hours M-F.	8/14/2016 5:18 PM
5	I currently do not have any comments or further needs that were not met	8/14/2016 5:15 PM
6	I would need to get student disability.	8/13/2016 1:09 PM
7	Textbooks are too expensive	8/12/2016 10:23 PM
8	I think that the 2 summer semesters gives opportunity to complete more classes/credits more manageably, than if only one were offered.	8/12/2016 7:29 PM
9	The extra week between Spring and summer would make a huge difference in my progress an that of other students seeking to complete their degrees in the most efficient amount of time.	8/12/2016 1:33 PM
10	The week off after spring, before the start of summer session I, is a fantastic idea and should be implemented. This way final grades can post, and students and professors can take a breath after perhaps a grueling semester! There should be more emphasis on when the drop day is for summer classes so that a W does not appear on the record. It should be reiterated to students somehow that they only have the first week in which they can drop the course without adverse transcript effects.	8/12/2016 12:29 PM
11	The Mathematics department shouldn't require 5 exams -exam every week- as it becomes very stressful to do in six weeks...	8/12/2016 11:43 AM
12	Nothing everything was fine for me.	8/12/2016 8:23 AM
13	Access to housing for students.	8/12/2016 12:01 AM
14	I think that every thing was perfect	8/11/2016 11:25 PM
15	I was definitely a little exhausted going straight to the second session, but college is an option and I will learn to adjust my work load! This is such a great opportunity, and as a student athlete I am grateful that summer classes are an option.	8/11/2016 5:49 PM
16	Summer I was very disappointing because I got a NP in a one unit class because the teacher was rude and racist	8/11/2016 4:12 PM
17	Add nutrition please	8/11/2016 2:44 PM
18	keep it up. :))))))	8/11/2016 2:35 PM
19	So not stop summer sessions please!!!	8/11/2016 1:44 PM
20	Thank you for having two summer sessions really helps if i don't pass a class and helps advance if i feel like doing summer classes.	8/11/2016 1:34 PM
21	Online courses are awesome	8/11/2016 12:17 PM
22	More HIT classes	8/11/2016 11:09 AM
23	I really need to take 104 during summer	8/11/2016 10:45 AM

28	Most amazing academic experience of my life.	8/11/2016 5:34 AM
29	I like the two summer sessions	8/11/2016 12:19 AM
30	Keep providing summer 1 and summer 2 classes. Maybe the price for summer classes can lower.	8/11/2016 12:18 AM
31	I just want to mention that tutors were very helpful and that should definitely continue to be available to students especially for a 6 weeks course.	8/10/2016 11:44 PM
32	Not yet.	8/10/2016 11:08 PM
33	Worked out well for me. Took 2 credits of work experience and was able to fulfill them by working two part-time jobs.	8/10/2016 11:08 PM
34	I loved that there was 2 summer sessions! I can finish my classes sooner! Hope it's like this next year too!	8/10/2016 10:11 PM
35	Maybe the classes are too short. We covered a lot of material for one week.	8/10/2016 9:34 PM
36	I took the Jazz seminar , and I would say it was great!	8/10/2016 9:21 PM
37	I really enjoyed my online class.	8/10/2016 8:51 PM
38	I thought it was excellent. Thankyou for the opportunity.	8/10/2016 8:00 PM
39	more classes offer during summer	8/10/2016 7:59 PM
40	Teacher should understand web design better. Syllabus was a nightmare for Spanish 102 OL.	8/10/2016 7:44 PM
41	Loved the online classes	8/10/2016 7:33 PM
42	Nothing more	8/10/2016 7:26 PM
43	Everything was great. Thank you very much	8/10/2016 7:24 PM
44	None at the moment.	8/10/2016 7:21 PM
45	Evening on campus classes for those of us who work full time	8/10/2016 7:10 PM
46	Making sure online teachers actually included lectures online.	8/10/2016 7:02 PM
47	n/a, I highly recommend SBCC online courses when necessary	8/10/2016 6:54 PM
48	The main campus cafeteria is a little bit expensive.	8/10/2016 6:14 PM
49	Please keep summer sessions!	8/10/2016 6:07 PM
50	nothing everything was great.	8/10/2016 5:57 PM
51	Professor Bursten was a great teacher Summer 1. Thank you SBCC for offering 2 summer sessions. I wish SBCC would offer weekend classes Sat/Sun for students that cannot attend school weekdays or weekday nights.	8/10/2016 5:47 PM
52	Liza Black is a wonderful instructor.	8/10/2016 5:42 PM
53	it would help if the same classes offered on campus were offered online for those that do work over the summer sessions so they could attend during the fall & spring semesters. It's difficult for those like myself to attend on campus when we live 45 minutes out of town.	8/10/2016 5:36 PM
54	All was great!	8/10/2016 5:13 PM
55	I loved the teacher I had for my psychology class and the model website worked well!	8/10/2016 5:10 PM
56	It was a terrific resource. No improvement suggestions.	8/10/2016 4:53 PM
57	Great job guys, but it would be nice to be able to take up to 12units	8/10/2016 4:51 PM
58	More classes Offered	8/10/2016 4:48 PM
59	Able to purchase books prior to classes starting. Book store closed until first day of fall semester	8/10/2016 4:47 PM
60	Have a wide variety for the classes that are online only.	8/10/2016 4:47 PM

64	thank you for having 2 summer sessions	8/10/2016 4:27 PM
65	I enjoyed all the classes I took.	8/10/2016 4:22 PM
66	Nothing. SBCC meets all my requirements Thanks!	8/10/2016 4:20 PM
67	Summer classes are freaking godsend!	8/10/2016 4:17 PM
68	would have attended summer session 2 but class was cancelled.	8/10/2016 4:17 PM
69	Classes with labs had to meet 3 nights, plus all day Saturday... it was too much and I could not attend every class. My grade slipped a bit because of the intense schedule.	8/10/2016 4:15 PM
70	I think that the curriculum could have been formatted for 6 weeks rather than the same course designed for 16 weeks.	8/10/2016 4:13 PM
71	Martha Lizalde at Schott Center helped me a lot. She resolved all my questions. Thanks Martha I feel confident and I'm ready to have success at college.	8/10/2016 4:07 PM
72	Summer school classes were very fun and I am glad that I took the two classes	8/10/2016 4:07 PM
73	-- nothing it was great	8/10/2016 3:55 PM
74	6 week course is too fast for someone who works full time. It would be nice if there was a 12 week session offered.	8/10/2016 3:50 PM

79	open hour of library is short, make it longer if it is possible	8/10/2016 3:38 PM
80	Wanted to attend summer session 2 but the class I wanted to take (chem 156) was already full and I did not get a spot even though I was on the waitlist.	8/10/2016 3:33 PM
81	Love the idea of a week break in between the end of spring and first week of summer session very much.	8/10/2016 3:32 PM
82	I wish the teacher had been actively updating my grades for the class so I could have seen where I needed to improve and work harder.	8/10/2016 3:32 PM
83	Cafeteria would be open with normal not shortened hours.	8/10/2016 3:29 PM
84	Nope	8/10/2016 3:29 PM
85	I would consider extending the add deadline another day or two. It was really chaotic trying to add when waitlisted by the second day of class.	8/10/2016 1:57 PM
86	fix the library hours during summer sessions. make JSB open later and close later for those who have 6pm class who are just getting out from work . EVERYTHING CLOSES EARLY . limited on resources	8/10/2016 7:37 AM
87	The course moved very quickly - trying to complete 16 weeks of material in 6 weeks. Unfortunately, I had to drop the summer class as my husband had some health issues and I couldn't keep up with the workload and care for him.	8/9/2016 2:43 PM
88	Longer hours in both the library and the LRC, longer hours for the cafeteria to be open, and increase the maximum number of units allowed to at least 9.	8/9/2016 2:35 PM
89	Became homeless after having to leave my apartment due to mold.	8/8/2016 3:16 PM
90	A wider variety of non GE classes would be nice	8/8/2016 2:43 PM
91	For an online course, teacher to student communications need to be strong. My teachers were extraordinarily slow to respond and sometimes didn't respond at all. This needs to be improved.	8/8/2016 10:40 AM
92	Go back to the old system of one 6 week session. There were barely enough students to fill my class. It was really frustrating to deal with the uncertainty of the class happening or not	8/8/2016 10:26 AM
93	Adding a break of a week or so after the spring break would be better. Or maybe a break between the first and second summer session.	8/7/2016 10:07 PM

96	Enjoyed summer sessions very much, look forward to finding out my grades.	8/7/2016 5:16 PM
97	NONE AT THIS TIME.	8/6/2016 7:48 PM
98	I think there is an underlying racism in Santa Barbara, just like there is anywhere else. But in SB it is portrayed as solved when most people agree it is not. I don't feel discriminated against and using the term solve racism doesn't make much sense but I think campus wide talks on why racism exists or nonviolent conflict resolution to bigotry would be a fine addition to this already fantastic school	8/6/2016 7:34 PM
99	I had never used the online book for homework or tests and my teacher did not run through or show the class how to access certain assignments. When I asked her personally after class, I found that it was hard to communicate with her and so I had to figure out how to do it on my own but was often confused. Also for the oral presentation the guidelines I received in my pipeline email said that she would show the class what she expected from us by letting us view a sample presentation- she never showed one. While the presentations supposed to be done in class, the teacher often had technical difficulties working with her own computer and projector. One time while I was taking my online test, the program didn't save my scores so I had to retake it in class a week later. I did not prefer the online part of the course only because I had a lack of directions informing me on how to do it.	8/6/2016 2:52 PM
100	I thought the SBCC made it really easy on me this semester. Also the bus system worked very well :)	8/6/2016 1:14 PM
101	SBCC was great for me i don't think it needs a change.	8/6/2016 12:38 PM
102	This is the first time taking online classes, and I did not like it. It is informal.	8/5/2016 11:07 PM
103	A break after the Jan-June semester and before Summer Session I would be so nice! Other than that, my professor did a really good job letting us know that we really needed to keep on top of things as the summer classes move f-a-s-t! She was right.	8/5/2016 8:29 PM
104	none	8/5/2016 7:02 PM
105	This may be more of a general complaint, but I would really appreciate it if Professors only entered textbooks as "required" if they actually planned on using them. I spent \$90 on a textbook for summer session 2 and did not use it once, and I can only sell it back for a fraction of the initial cost. While my finances are not the best, I can only imagine what people with less financial stability than me must feel about this.	8/5/2016 7:01 PM
106	I understand that teachers needed vacation. I am grateful for the proposed options from which to choose possible.	8/5/2016 3:26 PM
107	I wish you would offer Chicano Studies 113 in the summer session or evenings at 5pm during the fall. That's all I need to a Liberal Arts Degree in Chicano studies.	8/5/2016 2:42 PM
108	Session 2 was already full. I asked the instructor and was not given an approval. Given this is online, I wish they can accommodate more students.	8/5/2016 12:36 PM
109	Maybe shifting session two so that you could have 1 week off before session one, then just one week after session 2, i would have probably taken summer 1 as well. Also, if you offered more engineering or physics classes over summer	8/5/2016 11:17 AM
110	The pace of a summer class was something I needed to adjust to and I was not quite ready for.	8/5/2016 11:02 AM
111	nothing, good cheap books, and excellent communication, website maybe easier to use tho	8/5/2016 2:32 AM
112	It would be much better if the cafeteria/food cafes would be open all day instead closing at 1.	8/4/2016 10:48 PM
113	I loved this!	8/4/2016 7:10 PM
114	Classes that are only a couple of weeks and not a full semester should be offered in summer sessions. Such as many CNA courses that are about 9 weeks only.	8/4/2016 5:47 PM
115	There needs to be some break period for student in between summer sessions 1 and 2. I understand that not all students take both sessions consecutively however for the ones that do going straight through the spring semester to summer 1, followed by summer 2 is extremely taxing. That is a total of 27 straight weeks of school for those students who are working diligently year round to meet their academic goals. I believe that a one week break is more than deserved by these hard working students.	8/4/2016 4:14 PM
116	A break between semesters. More one on one meetings with students.	8/4/2016 3:06 PM
117	I enjoyed it fully. Shout out to Mr. Cook!	8/4/2016 2:44 PM
118	Muhammad is a terrible teacher	8/4/2016 2:30 PM
119	I thought the summer session was wonderful, both of my professors were more than helpful. Very happy this program exists!	8/4/2016 12:56 PM

SBCC Student Survey of Two Summer Sessions 2016

120	Really really stressful with how accelerated the class was. You should have one summer semester 2 weeks longer instead of 2 6 week sessions.	8/4/2016 12:47 PM
121	None	8/4/2016 12:44 PM
122	One week break from spring to summer.	8/4/2016 10:20 AM
123	Introduce more of the HIT courses during summer.	8/4/2016 9:59 AM
124	You should offer more engineering and technical classes online to compete with other colleges.	8/4/2016 8:51 AM
125	SBCC is a great school and a friendly environment.	8/4/2016 7:24 AM
126	Having access to a course I registered for that was cancelled would be helpful. I was no longer able to take summer session 1 because by the time my course was cancelled it was too late to look for another open course	8/4/2016 7:18 AM
127	The spiny chairs are AWESOME!	8/4/2016 6:54 AM
128	I wish you would offer more evening classes both in the Summer and regular semester.	8/4/2016 5:54 AM
129	SUMMER SESSION TWO DIDN'T OFFER ANY CLASSES I NEEDED.	8/4/2016 4:59 AM
130	A one week break between spring and summer 1 would be VERY beneficial. I also don't think it would be beneficial to students to only offer one summer session.	8/4/2016 4:37 AM
131	My teacher was gone for around two weeks during a critical time(for me) of the course and was unresponsive for about that length of time. Classes for me are hard enough to complete without being in a classroom with the teacher so when i cant even get through with an email it makes it really difficult	8/4/2016 2:10 AM
132	It was my first college course and I'm happy about how it went.	8/4/2016 1:40 AM
133	I absolutely love 2 summer sessions. It makes getting courses out of the way much easier financially and time wise.	8/4/2016 1:02 AM
134	I think some online classes can be better mananged. Besides, one of my online teachers was quiete rude to me when I was asking him questions by e-mail. I believe all professors need to be professional.	8/4/2016 12:16 AM
135	I liked it. It was my first semester.	8/4/2016 12:14 AM
136	Make more art classes available if possible. If a student is only taking summer courses online or off campus, still give them their sticker on their id so they can take the bus. I had a class that was not on campus (astronomy lab at the planetarium) , but I had a hard time getting to it because I had no access to transportation.	8/3/2016 11:30 PM
137	Try to add physics 105/110/106/111 And Bio 101/102/103. Although I'm grateful that chem 155 and 156 were offered during the summer session, I would've liked to see higher level biology and physics. Otherwise stem majors are stuck at SBCC for a long time.	8/3/2016 11:03 PM
138	I feel that tutors should not be grading papers submitted to the professor. The tutor, melissa for the physiology class in tanowitz was a very very harsh grader, would deduct points if a WORD was missing. It's summer class for sakes.	8/3/2016 10:54 PM
139	clean up moodle and make it less jumbled and complex. simplify it!	8/3/2016 10:45 PM
140	more choices to get e-text books as well	8/3/2016 10:27 PM
141	Summer session 1, and 2 the way they were was perfect because it was better for us to get our work done and complete units faster.	8/3/2016 10:23 PM
142	make it an option for us to take acccelerated courses(6 weeks), While also offering longer 8-10 week courses	8/3/2016 10:21 PM
143	More evening schedule, that is really helpful for people that works during the day.	8/3/2016 10:19 PM
144	Get some more business classes that transfer to Cal Poly going.	8/3/2016 10:19 PM
145	don't waste my time	8/3/2016 10:18 PM
146	A break in there somewhere would be nice, especially for students enrolled in both Summer Sessions.	8/3/2016 9:40 PM
147	Thank you for giving us 2 weeks of break before the fall semester starts its awesome and it motivated me to not drop out of the second summer session.	8/3/2016 9:39 PM
148	Teachers seemed very stressed because there was not break between Spring and Summer. Very disappointed that my class (which I needed for my transfer to Nevada State this month) was canceled.	8/3/2016 7:56 PM
149	I thoroughly enjoyed my Summer II Session at SBCC in the Film Studies program	8/3/2016 7:36 PM

SBCC Student Survey of Two Summer Sessions 2016

150	A break between classes would have been much appreciated, even if only a week. The last break I had was over winter, and I am very much looking forward to the break between session 2 and fall semester. I would not recommend mathematics (summer classes) for students who also work, even part time, as there is a significant amount of homework to be done outside of class. I feel my GPA has taken a huge hit because of this, and it would have worked out better for me to simply stay at cc another semester and complete the courses to the best of my ability.	8/3/2016 7:23 PM
151	Stage combat was cancelled because there was not enough enrollment. I wish they had notified me beforehand so I could get people to sign up!	8/3/2016 7:18 PM
152	More online classes	8/3/2016 7:08 PM
153	I preferred previous summer sessions that were longer. The classes already have so much information that it was hard to keep up with the work and retain it. I ended up having to drop because I forgot an assignment and was not going to be to get my grade up enough before the session was over	8/3/2016 7:05 PM
154	I have taken many online classes. I have taken classes at UCLA and SBCC online as well as classes through Coursera. The Finance class at SBCC was terrible. The teacher never responded to at least 4 emails. She never commented on the discussion board. The teacher was totally ABSENT from the class and unresponsive. To make matters worse, the class pacing was bad. Two tests and two research projects were ASSIGNED and DUE in the last week. I emailed the instructor regarding this but, as with my other emails, she never responded. This was the most poorly planned course in my long academic career.	8/3/2016 6:58 PM
155	I have no suggestions for improvement.	8/3/2016 6:58 PM
156	I wish I could give feedback on my teachers	8/3/2016 6:53 PM
157	I think specifically that the General Chemistry 1 class I took was too difficult for the length of the summer session. The teacher didn't give equations on any of the exams and it felt impossible to memorize all the material fast enough. So I guess courses with better guide lines on how much to instruct on certain topics. That would be helpful.	8/3/2016 6:38 PM
158	Keep on with the good job	8/3/2016 6:37 PM
159	Redo your entire website. It is extremely hard to navigate and it is full of glitches. Because of the glitches I wasn't able to take another course in SS2. Clean it up, reorganize it, and put things in a logical order.	8/3/2016 6:29 PM
160	For chemistry in the summer, place a day in between the second and third day of the course. So two days of class, a day off, third day of class. There is so much material to cover, and the work load so intense, that having a day to absorb the information would help with stress and ability to understand the material. Especially since we are tested in the third day. It just seems unnecessary to cram everything into such a small time frame. Give the students time to learn.	8/3/2016 6:22 PM
161	Longer waitlists	8/3/2016 6:21 PM
162	The summer session courses are more rigorous due to the shortened time to go over material. For myself, I use the library often, and is a great resource for me. Due to the summer sessions short time, I found that I needed to commit more effort and time into studying in the summer session than in a regular semester. That being said, the library hours were very limited and not available when I felt I need that resource the most. I would take summer session again if the library has the same hours and availability it does during the regular semesters.	8/3/2016 6:11 PM
163	The moodle page was giving me problems and was unable to access the information from moodle. Was able to work out a solution with the instructor.	8/3/2016 6:07 PM
164	I really enjoyed my class, teacher and classmates but...I am an older adult taking a class because I wanted to. It was a bit expensive.	8/3/2016 6:07 PM
165	I really love the opportunities summer classes allowed me. My only concern is having a weekend between spring semester and both summer session. It's makes learning really stranius and difficult to continue to pursue	8/3/2016 5:56 PM
166	Moodle was very straight forward and easy to use	8/3/2016 5:53 PM
167	Actually, all the summer classes I've taken at SBCC have been awesome! Keep up the good work! :)	8/3/2016 5:48 PM
168	Offer more classes that are offered after a work schedule and offer more math classes	8/3/2016 5:45 PM
169	I would have liked if they offered longer hours for the library and the LFC	8/3/2016 5:40 PM
170	Offer more classes	8/3/2016 5:32 PM
171	I had to drop the self paced Spanish class because it wasn't clear what the dates were so I thought it was from April through August because it said that on one schedule. So I would make it more clear on apps schedules.	8/3/2016 5:24 PM
172	Definitely keep the 2 summer sessions. When I first attended SBCC the single summer session was such a drag. I can get more classes completed this way.	8/3/2016 5:24 PM

SBCC Student Survey of Two Summer Sessions 2016

173	Very good program	8/3/2016 5:23 PM
174	More online options	8/3/2016 5:22 PM
175	I don't know why any class of Computer Science was not offered.	8/3/2016 5:21 PM
176	Please include nutrition class, it's in demand	8/3/2016 5:13 PM
177	None needed so far	8/3/2016 5:09 PM
178	It's fine.	8/3/2016 5:04 PM
179	SBCC is one of the best online experiences I've ever had. Extremely organized and progressive in the online world. I love how many courses SBCC offers and that there's two sessions through summer. I highly recommend SBCC to all my friends as my experience has been more than superb.	8/3/2016 4:57 PM
180	Some classes need longer than one session. Perhaps a summer class that lasts longer than 6 weeks would help students	8/3/2016 4:53 PM
181	Took Spanish 1-2 with Prof Holdren-one of the best teachers I've ever had, and I've had many (law school graduate).	8/3/2016 4:47 PM
182	the online pharmacology course was adequate for my needs but I would have liked to have more discussion and essay type points available instead of tri-weekly quizzes and midterms and final exams.	8/3/2016 4:43 PM
183	The length of the classes were to short. I don't recommend Chemistry for summer, because there is to much information, and not enough time.	8/3/2016 4:38 PM
184	Great idea !	8/3/2016 4:38 PM
185	I am I high school student, so I could not attend Summer I. However, I realize that it would be difficult to cram two sessions in the high school's summer break, so I have no complaints.	8/3/2016 4:34 PM
186	I LOVE DR MELOY AND HEATHER AGUILERA!!	8/3/2016 4:33 PM
187	I do think there should be a week of in-between spring and summer 1 and then again between summer 2 and fall. Solely due to the fact that when I took both sessions last summer and worked myself to the bone I was very drained because there was a lack of time to rest my brain after 4 long months. As well as this played a large factor into my lack of motivation in fall due to no time off. Also I noticed that there are almost no lower prerequisite classes offered my husband really needed to take them and they just weren't offered.	8/3/2016 4:32 PM
188	Just overall comment that professor not very sympathetic with disabled students. My limitations caused me to fail my summer 2 class. No accommodations were made.	8/3/2016 4:31 PM
189	Give more classes at different time frames, because during summer people have jobs, friends, and family.	8/3/2016 4:31 PM
190	Summer classes condense a semester of material into a six (6) week course. Be prepared to take vigorous action on consistent basis.	8/3/2016 4:30 PM
191	It is a lot to do two classes over summer session. and teachers assume that you're only in one and assign so much work its over whelming and not enough time in the day.	8/3/2016 4:27 PM
192	This faster system is great for lower level classes and for those who just need a quick brush up to correct past mistakes they made in their education	8/3/2016 4:27 PM
193	Love you guys!	8/3/2016 4:23 PM
194	Make all sessions 11 weeks.	8/3/2016 4:19 PM
195	One session would be better	8/3/2016 4:19 PM
196	Got dropped from my class because I broke my hand teacher had no right I had a doctors note and still did not miss the amount of classes to automatically be dropped from class like he stated on syllabuse I would like my money back for that class since it was not fair and not allowed if I had a doctors note	8/3/2016 4:18 PM
197	More choices	8/3/2016 4:15 PM
198	I had issues with SBCC loosing my Dual Enrollment form so being more organized.	8/3/2016 4:15 PM
199	Evaluate the teacher each semester or at least before summer starts.	8/3/2016 4:10 PM
200	met all needs	8/3/2016 4:09 PM
201	I wanted to take the theatrical combat class second session but had so many issues registering that I never was able to and then the class got cancelled for lack of enrollment, but maybe it had a lack of enrollment because other people had trouble enrolling too. Thanks for the double summer session. It's a great idea!!	8/3/2016 4:05 PM

SBCC Student Survey of Two Summer Sessions 2016

202	The art history classes could be online - I would be able to take them and finish my certificate.	8/3/2016 4:04 PM
203	Extremely fast paced but worth while!	8/3/2016 4:04 PM
204	I withdrew from Summer Session 2 due to unexpected work demands. Thought it was a great class, plan to take it again in the future.	8/3/2016 4:04 PM
205	Offering more classes in both section so if we need one specific class we don't have to wait until the second session to complete it.	8/3/2016 4:03 PM
206	The class was too difficult to complete for a high school student Should not have enrolled	8/3/2016 4:00 PM
207	Online classes should be more instructed. I couldn't finish the only class I took online on summer 1 because I had an emergency trip in the middle of the course since my dad passed away. Also I didn't feel like the teacher answered all my specific questions which helped me to give up and get a W.	8/3/2016 3:58 PM
208	Thanks for online and other flexible summer offerings. It helps while juggling work	8/3/2016 3:58 PM
209	Offer more courses. There are very few to select from for HIT. I could complete my certificate more quickly and more effectively without the stress of too many classes during the regular semester(s).	8/3/2016 3:57 PM
210	I think it's a great idea that they offer two sessions in the summer. yes, there was hardly a break from spring to summer but i feel it would have been harder to go back after a week off.	8/3/2016 3:55 PM
211	I really like the two summer session options. Thank you for providing this format.	8/3/2016 3:55 PM
212	Give registration times according to number of units	8/3/2016 3:54 PM
213	It was great to have the two session as an option	8/3/2016 3:54 PM
214	Communication courses are difficult but very easy to grasp concepts over summer	8/3/2016 3:52 PM
215	I would prefer more classes on campus rather than online.?I am okay with 2 sessions on summer.	8/2/2016 2:15 PM
216	It was well planned out with the exception of the fact that if one more class for the medical coding certificate were offered I could take off one semester earlier. As online programs are first come first serve many peers did not get the classes they need for prerequisites so they only have two Fall classes when they need four classes to carry twelve units and be done in 1.5 years with both summer one and summer two classes also.	8/2/2016 11:04 AM
217	A short break between Spring and Summer I would be nice. Maybe a few days between Spring and Summer and a few extra days between Summer I and Summer II	8/2/2016 9:26 AM
218	I have been able to successfully enroll in my required classes, for this fall, I placed myself on the waiting list and successfully was able to enroll :)	8/2/2016 4:45 AM
219	Your academic counseling is very hard to schedule into a regular day as they only do walk-ins. It has really made my academic plan very hard to set up.	8/2/2016 1:00 AM
220	Having Fun!!!	8/1/2016 6:46 PM
221	The courses I took - HIT 201 and HIT 204 - were so fast-paced that it was next to impossible to actually learn the material. With so much information compressed into 6 weeks, it was more a matter of checking tasks off a list rather than internalizing the huge volumes of information we were presented. The course format and pace were not conducive to education.	8/1/2016 10:41 AM
222	The Luria Library should be open more hours/days to provide a place to study.	8/1/2016 10:37 AM
223	I strongly believe that my opinion on this issue does not matter, that what really drives this college is keeping international and out-of-state students in Santa Barbara as long as possible to so that higher tax rates can be collected from the extortive rental market. This is the only way you can pay many of these community college instructors upward of six figures a year.	8/1/2016 6:33 AM
224	Look, we all know that 6 weeks is a very short time to cram in all that they course covers. I took summer last year too. But you have to do what you have to do. I love it.	8/1/2016 6:12 AM
225	Make sure the professors have a lesson plan or if they wing it have them show extra steps and give review work.	8/1/2016 1:06 AM
226	N/A	7/31/2016 11:06 PM
227	I do not have any complaints or comments regarding my summer class.	7/31/2016 9:51 PM
228	I think it is great that there are 2 different summer sessions available.	7/31/2016 9:29 PM
229	Short break between Spring and Summer 1 would've been good	7/31/2016 9:02 PM
230	Honestly I thought the classes were fine. I can't think of anything wrong with them off the top of my head	7/31/2016 5:41 PM

SBCC Student Survey of Two Summer Sessions 2016

231	I like the double summer session. Is there a winter session also?	7/31/2016 10:56 AM
232	Last summer I took classes in both summer session and it was helpful to get GE classes completed during the summer. It was grueling to take classes spring, both summer session and fall with very little break, but it was worth it for me. It would be nice if more HIT classes were available as summer sessions.	7/31/2016 9:50 AM
233	someone needs to oil the squeaky doors. The door to the drafting room is so loud that it's really hard to concentrate.	7/31/2016 8:47 AM
234	I would have been more likely to have taken a class during session 2 if there was a small break in between sessions.	7/30/2016 10:54 PM
235	I had to drop summer session two because after completing session one I had personal problems and had to W because it started off very fast.	7/30/2016 9:56 PM
236	For the class I needed only online classes were available, which I think are not as good as on campus classes.	7/30/2016 9:50 PM
237	As mentioned before a small break between Summer 1 would of been lovely, i think small breaks are good for students to take a small breather and think.	7/30/2016 9:07 PM
238	Thank You	7/30/2016 8:28 PM
239	Yes, we need a break after the end of Spring semester.	7/30/2016 7:59 PM
240	I would like more art classes available. Summer 2 could be a week longer if there was more of a break somewhere else in the summer too	7/30/2016 6:33 PM
241	N/A	7/30/2016 5:39 PM
242	There is too much material that has to be covered in such a short amount of time.	7/30/2016 5:23 PM
243	I wish you also had 12-week classes so I could have done my Cancer Information Management Internship class in the summer.	7/30/2016 5:13 PM
244	i wish Bms 108 (physiology) was offered in summer 2. it would have been a great transition for those who took bms 107 in session 1 and want to continue without waiting for Fall.	7/30/2016 3:22 PM
245	They should open more selection in ECE, and English	7/30/2016 3:09 PM
246	I love the fact that there is two sessions during summer. I just wish I could have taken English in the evening as I have a full time job and can only do evening hours. English was not available in the evening for summer sessions. I needed English 70	7/30/2016 1:02 PM
247	My only comment is the workload between my 3 classes has varied significantly and it surprised me. One definitely had too much work and unrealistic expectations for the work completed in one week for 6 weeks straight.	7/30/2016 12:37 PM
248	Very competitive to get registered in the classes, as there is a huge demand by high school students. Perhaps have more history classes in order to accommodate more students to complete our high school requirements	7/30/2016 11:31 AM
249	The personal at schott center are friendly and special Martha Lizalde that had been there to support me and have success at SBCC. Thanks.	7/30/2016 10:59 AM
250	The library needs to be open at all time, at least until midnight every day. It is a resource being wasted. The school is filthy and almost every area, not the least of which is the bathrooms. Janitor, employees, smoke on the grounds and throw their cigarette butts down. Service employees, janitors: stop spitting all over the sidewalks where people walk. Instruct people who use the field and track to stop spitting on the field and rack. There is not nearly enough security on campus for an unarmed group of citizens. Sincerely, Joseph C.Carbone III K00707097 818 669 0738	7/30/2016 10:40 AM
251	I think the intensity of some of the classes was too much. I emailed my professor to ask for more time to study for the final (which is upcoming) but she said she couldn't give us more time bec the grades are due. We do not have enough time to study for the final bec in the final week we have to cover two intense chapters and then also find the time to study for the 22 chapters we have covered. I feel I haven't really learned in the way that is meaningful- I have crammed and studies over 30 hours a week and it's just not material that should be crammed. It is a biomedical class. At least for me because I have no previous knowledge of the material.	7/30/2016 10:14 AM
252	a break before summer session 1	7/30/2016 10:10 AM
253	I was able to take all my elective courses so I happy I did.	7/30/2016 9:48 AM
254	I failed my current course as the accelerated program was not conducive to my ability to learn and understand the material	7/30/2016 7:54 AM
255	If Intermediate Piano would have been offered on Session 2 (with the same teacher) I would have taken it	7/30/2016 7:38 AM
256	Please send an online survey to every student who attended Summer 1 & Summer 2 to find out how they felt about the class, teacher, and program. More surveys are needed.	7/30/2016 7:00 AM

SBCC Student Survey of Two Summer Sessions 2016

257	More opportunity for makeups considering it is summer.	7/30/2016 12:04 AM
258	The two summer session options are fantastic. I am so glad that I'm able to get ahead over summer	7/29/2016 11:17 PM
259	Perhaps send out information about the class earlier (at least 2 days before he start). Also, have the course website ready to go on day 1. There was a two or three day delay for my Philos 101 course.	7/29/2016 10:43 PM
260	Extra time with those with disabilities register	7/29/2016 6:33 PM
261	I'd like it if the cafeteria had longer summer hours	7/29/2016 6:30 PM
262	Plz offer many courses...	7/29/2016 5:26 PM
263	If it's the last semester you offer a course, you should let the studen know before they register. And also put on the class bill the final day to drop with a refund.	7/29/2016 5:14 PM
264	please add physics 110 and 111, they were the only two classes that I needed to take before transferring and theyre always full in the fall/spring especially since only one is offered per semester.	7/29/2016 4:41 PM
265	Nil. Things went smoothly at the right time	7/29/2016 4:38 PM
266	Moodle tech support needs to be more attentive to the students needs.	7/29/2016 4:14 PM
267	I wish there were more indept summer classes not so rushed. We need more than basics. There should be some sort of advancement goal in place so you can feel like your advancing not taking class's over and over, but in owner to take them ovet	7/29/2016 4:10 PM
268	Having the two sessions helps provide more options to advance my educational career	7/29/2016 3:59 PM
269	Great classes and teachers, you have done a great job with your school.	7/29/2016 3:12 PM
270	Distance customer service is bad, did not feel like a priority or like my needs were important b	7/29/2016 12:49 PM
271	Thanks :)	7/29/2016 12:37 PM
272	None, I'm grateful and appreciative that SBCC offers summer sessions! That's great!	7/29/2016 12:15 PM
273	It would be nice if the computer lab was more accessible and the hours were posted on the door to the building.	7/29/2016 11:57 AM
274	I proud of obtaining the A in an online class but I got a D in Calculus 2. So might as well take Calculus 2 in Spring	7/29/2016 11:39 AM
275	Peter Georgakis is an amazing math teacher!!	7/29/2016 11:35 AM
276	SBCC should go back to the old summer school schedule, one summer session and that is it. My summer session I class was cancelled three days into the semester due to low enrollment which cause inconvenience to the entire class.	7/29/2016 10:46 AM
277	Please select instructors for summer sessions that are able to teach effectively. I am currently enrolled in a summer session math course that I need for my major, and the professor is a very poor at teaching mathematical concepts to students who are new to the material. This professor is new to SBCC and was clearly hired for the summer, although they received very low student ratings from previous universities. This is very disappointing, especially during a summer session where a semester of material is condensed into 6 weeks. I am spending money to learn material well, and to be instructed by an individual who is able to communicate the material clearly. While I do understand there are many factors involved in finding summer session instructors, I am sure that it would be greatly appreciated by all students at SBCC if professors hired for summer sessions where chosen more carefully. Thank you.	7/29/2016 10:29 AM
278	Perhaps a break before summer session 1.	7/29/2016 10:05 AM
279	I'm an instructor in the ESL Dept. as well as a student. I feel our program would do better if we returned to one summer session.	7/29/2016 10:01 AM
280	Summer sessions have made my schedule a lot easier. They are very beneficial!	7/29/2016 9:54 AM
281	I really enjoy having the opportunity to take classes with two summer sessions. It makes it easier to manage my time and fit more classes in.	7/29/2016 9:46 AM
282	I am really grateful for the opportunity to complete a 3 unit semester course in the condensed 6 week session. The caliber of the instructor and review of the materials is competitive and worthwhile.	7/29/2016 9:43 AM
283	They were great, I enjoyed having access to all school resources, our counselors, and other administrative deparments. This school really helps their students reach their goals.	7/29/2016 8:15 AM
284	Offwe more classes	7/29/2016 8:11 AM
285	More variety of online classes	7/29/2016 8:05 AM

SBCC Student Survey of Two Summer Sessions 2016

286	Excellent class	7/29/2016 6:18 AM
287	There should be an online economics class	7/29/2016 1:11 AM
288	Overall it was pretty good class to take for summer session. I would have preferred if the classes had more time choices.	7/29/2016 1:03 AM
289	I had planned on taking one or both summer classes during the first summer session. Those courses were full, so by default I took both in summer session 2. I was very happy they were offered and available after the first session was full. Thank you.	7/29/2016 12:36 AM
290	Everything was good	7/29/2016 12:18 AM
291	I thank you SBCC for let me take course in here amazing and beautiful campus! I love you SBCC!!	7/28/2016 11:53 PM
292	Taking on online classes is hard especially when the quizzes are timed, I wish they were a couple minutes longer m. Every time I did a quiz I would never finish it because I took to long which hurt my grade. Resulting to withdrawing summer 1 before I got a bad grade.	7/28/2016 11:45 PM
293	Tell youre Choir program to being bias and stereotypical to the Latinos	7/28/2016 11:32 PM
294	A week break between the two summer sessions would be soooo nice . After working so hard in session one at such a fast pace I feel that a week to re cooperate before beginning session two would have been very helpful before starting another fast paced intense session .	7/28/2016 11:24 PM
295	I would like daily classes length to be as foreseen, not cutting by the teachers	7/28/2016 11:21 PM
296	Appreciate having the 2 summer sessions. Thinking about taking session 1 next year of it is available.	7/28/2016 11:14 PM
297	offer more than one chemistry class 155/156 fill up very fast	7/28/2016 10:46 PM
298	longer Cartwright learning Center hours or at least part of Saturday if the weekdays are shorter. Financial aid be correct and accurate in their projections and ultimate aid. They told everyone one thing, changed it and then everything counted on was wrong. The summer money projected was not there. STRESS Free printing in CLC	7/28/2016 10:45 PM
299	I wanted to take summer session two but the class that followed my first class in session one was full (chemistry). it was very upsetting not to be able to continue on my academic course as I had planned. I was wait listed for both sessions and only got in summer one.	7/28/2016 10:39 PM
300	Management Class 101 was not helpful enough to a new student learning the material.	7/28/2016 10:34 PM
301	The library should be open during the last weekend of summer session 1 and 2 since it's technically the finals week of classes. It was difficult not having a easy meeting place for study groups during the summer.	7/28/2016 10:30 PM
302	Everything was perfect, I have no complaints!	7/28/2016 10:22 PM
303	My daughter also enrolled and certain classes were not available in session 2 that were in 1 but 1 was full.	7/28/2016 10:20 PM
304	I satisfied with my summer class	7/28/2016 10:07 PM
305	I would be extremely helpful to students if you offered biology classes over the summer (Bio. 1, 2, or 3)	7/28/2016 10:02 PM
306	Place a week or two between Summer session One and Two	7/28/2016 10:00 PM
307	It would be helpful to be able to be enrolled in a class while being on the wait list for another class that is already full. That way if you can get into the class you are on the wait list for then you can drop the other one, but if you don't get into it you can still take the other class and won't be left with nothing.	7/28/2016 9:32 PM
308	I loved having Dr. DiVitto as my teacher for summer school. She was great and it went by pretty fast.	7/28/2016 9:23 PM
309	Offer more classes after 6	7/28/2016 9:10 PM
310	It was everything I needed to be successful for fall	7/28/2016 8:55 PM
311	Please make more flexible schedule and offers more classes in summer section	7/28/2016 8:52 PM
312	nothing because I thought that every thing excellent.	7/28/2016 8:37 PM
313	Offer more general Ed classes , make it worth it	7/28/2016 8:37 PM
314	Out of high school which is the reason, I was not able to attend session 1. Teacher got very off topic which was why in my opinion students got distracted so easily	7/28/2016 8:35 PM
315	Classes should be 5 days a week.	7/28/2016 8:22 PM

SBCC Student Survey of Two Summer Sessions 2016

316	I know that there is concern of having 2 summer sessions with a lot of students as well as teachers. I realize (from experience) that it's very tiring for students to continuously take classes from spring to summer I to summer II, but I also believe it's extremely beneficial to have two sessions instead of one. It's better for students who have many classes to complete because they can take multiple classes. Those who do not want to take more than one class only have to enroll in one. While it is very draining to be taking classes constantly, I signed up for both sessions knowing how difficult it would be. I'm grateful that there were two sessions this summer, and I know other students are too.	7/28/2016 8:20 PM
317	I suggest to only take one class at a time and make sure you have time for you to study.	7/28/2016 8:08 PM
318	If you could create a summer session that is not too fast, maybe increase the number of weeks. Summer session seems like built for a full time student. Most students with jobs I think have a hard time catching up the lessons, thus it affects the quality of their study which will lead to a poorer grade.	7/28/2016 7:32 PM
319	Good	7/28/2016 7:00 PM
320	I think dividing summer classes to 1& 2 is great.	7/28/2016 6:39 PM
321	there is a distinct lack of food and library services present during summer the library closing at 3 is honestly ridiculous	7/28/2016 6:38 PM
322	U don't offer many classes for hit program. There r no more I can take in summer. Too bad. I could have taken another or taken 2 and really gotten ahead.	7/28/2016 6:32 PM
323	Holy shit the history 101 class I took was unbelievably difficult due to the course work	7/28/2016 6:28 PM
324	It would be nice to have the necessary bio plug classes offered over summer. And more online classes would be great	7/28/2016 6:23 PM
325	More physics and chemistry classes, especially the higher level classes, please	7/28/2016 6:20 PM
326	I love SBCC	7/28/2016 6:20 PM
327	Nothing. This college is excellent!	7/28/2016 6:19 PM
328	More summer classes	7/28/2016 6:08 PM
329	Didn't find the CIS classes I wanted in either 1 or 2 cummer classes	7/28/2016 6:02 PM
330	Nothing to add!	7/28/2016 5:58 PM
331	Too many students, too few classes to pick.	7/28/2016 5:53 PM
332	Thank you for leaving a 2 week break before the fall begins. Last year I decided to drop out of the second session because there was only a one week break. This year I took both sessions	7/28/2016 5:46 PM
333	Free segways for inter classroom transportation.	7/28/2016 5:46 PM
334	NIL	7/28/2016 5:45 PM
335	I love taking summer classes	7/28/2016 5:43 PM
336	Offering CIM classes during summer session would be extremely helpful!	7/28/2016 5:37 PM
337	Dropped the class, very difficult	7/28/2016 5:33 PM
338	I was enrolled in a non-credit course, however I dropped the class from my schedule when I discovered it was taught in the Mac lab (at the Wake Center). There was only ONE course offered for credit (both sessions) that would have helped to advance the progress in my degree program. The schedule for the class meetings (Monday-Thursday mornings) conflicted with other commitments, therefore I could not enroll in the course. Had the course been offered in the evening, I would have enrolled in this course during the Summer Session.	7/28/2016 5:32 PM
339	More food options available over the summer. More bus lines?	7/28/2016 5:23 PM
340	Just always try and have the website up and running during the summer when students are taking online courses. Sometimes, 12am IS the only time we have to do our class work between school, work, and family. Otherwise, great course! Thank you.	7/28/2016 5:19 PM
341	Offer classes on climate change, the most important issue facing humankind	7/28/2016 5:06 PM
342	You offer so many nursing prerequisites, please add nutrition too. It will be more appealing for students do it all in one place..	7/28/2016 5:05 PM
343	I would recommend that you do two summer sessions again next year, as I have planned all my courses accordingly that would require two summer sessions in 2017.	7/28/2016 5:01 PM
344	no comment	7/28/2016 4:44 PM
345	More thorough notes and lessons.	7/28/2016 4:40 PM

SBCC Student Survey of Two Summer Sessions 2016

346	I appreciate that SBCC has created a calendar so that there can be TWO summer sessions, but I wish that there was not an overlap with the public high school calendar. That makes it too hard for HS students to attend Session 1.	7/28/2016 4:38 PM
347	Honestly, I find summer 1 & summer 2 a bit confusing.	7/28/2016 4:27 PM
348	I had to drop, I took psychology with the only teacher that had an online class and he was condescending and rude. I will be speaking to the dean in the fall. I should have looked him up on rate my professor, he has a 1.3! Lowest I have ever seen!	7/28/2016 4:26 PM
349	I think there should have been at least a week between summer session 1 and summer session 2. Going directly from session 1 to session 2 with no breaks in between was very difficult and stress-inducing.	7/28/2016 4:23 PM
350	Stop making all semesters overlap it's the reason I left.	7/28/2016 4:21 PM
351	Make available all the HIT classes during Summer. I would think this would promote the program by possibly getting it done sooner.	7/28/2016 4:20 PM
352	Look more into the teachers one of my teacher for psych 145 is amazing sends us regular emails how're my poli sci 101 teacher hasn't emailed us since the beginning of summer 2 and never answers his emails	7/28/2016 4:18 PM
353	I small break between the spring and summer I session would be nice since the spring session is so such longer the following two summer sessions	7/28/2016 4:16 PM
354	The amount of work required for the Medical Terminology course was ridiculous. Most of the people doing the online course were working professionals and it's almost impossible to complete all of the assignments on time. Requiring 2 or 3 chapters a week is reasonable... but this class requires 4, 5 and even 6 chapters a week! It's not fair to the students that have other commitments besides this one class.	7/28/2016 4:09 PM
355	I would like CIM courses offered in the summer.	7/28/2016 4:08 PM
356	Great professors. Marketing. Julie Brown	7/28/2016 4:08 PM
357	I am a dual enrollment student and love having 2 summer sessions to choose from. I would like to be able to enroll in summer classes sooner then allowed for dual enrollment students. Once we as dual enrollment students are allowed to enroll, the desired classes are usually full and we have to get on a waiting list. Very frustrating process.	7/28/2016 4:06 PM
358	I think it would have been better to have one semester instead of two seperate semesters during summer. Having them so condensed makes them a lot harder and more stressful.	7/28/2016 4:01 PM
359	No comments.	7/28/2016 4:01 PM
360	I would actually like the Summer session to be 1 full semester instead of being broken up into 2	7/28/2016 3:59 PM
361	I think that the SBCC registration is very efficient, for someone who is familiar with the process. New comers may have more difficulty, though. The first time that I registered for a CC class was very tedious as the directions were unclear as to what I should bring to the admissions office (as a dual enrollment student), so I had to make several trips to the SBCC office.	7/28/2016 3:57 PM
362	Nothing. Great classes and wonderful teachers to guide me	7/28/2016 3:57 PM
363	atleast a week or two break between the fall and summer sessions. It would be a lot better.	7/28/2016 3:54 PM
364	No changes	7/28/2016 3:49 PM
365	Keep them a comin!	7/28/2016 3:47 PM
366	Let the students give feedback on each professor. It helps the customer service.	7/28/2016 3:46 PM
367	Reduce the class capacity back to 16	7/28/2016 3:43 PM
368	It was great! I loved being able to complete a semester course in 6 weeks. It was intense, but totally worth the savings in time.	7/28/2016 3:42 PM
369	The online classes are a joke. I didn't even buy the book. Every quiz I took I was able to find the word for word answer to the word for word question. If the teachers aren't going to put in the time, I am not either. I will be finishing my summer 2 session with 100% and I didn't read a page of the reading material. Thanks to quizlet	7/28/2016 3:41 PM
370	the teachers should be selected carefully. some move way to fast and no one can learn a new math concept one day then be traded the next	7/28/2016 3:38 PM
371	Please keep both summer sessions next year! They are very beneficial for students.	7/28/2016 3:32 PM
372	none	7/28/2016 3:31 PM

SBCC Student Survey of Two Summer Sessions 2016

373	I think your system is great, I was able to get the classes I needed. The active online summer professors have a great layout set up. It does not seem nor feel like I am taking a 16 week course crammed into 6 weeks.	7/28/2016 3:20 PM
374	A break break between spring &/or summer sessions I & 2 would be EXTREMELY helpful ,also appreciated.	7/28/2016 3:13 PM
375	No enough of my classes for my major available.	7/28/2016 3:12 PM
376	more ability	7/28/2016 3:10 PM
377	Super fast paced and kind of hard to grasp all the information.	7/28/2016 3:06 PM
378	I had a great experience with my online classes during this summer, I couldn't be happier.	7/28/2016 3:05 PM
379	I think that a single summer session would be easier. The classes that I needed to take had too much information in them to complete in that short a span of time. I ended up having to drop the courses.	7/28/2016 3:01 PM
380	Having two summer sessions is fantastic and allowed me to get married last year and move to Berkeley before school starts this year.	7/28/2016 2:59 PM
381	online courses require too many hours	7/28/2016 2:57 PM
382	I had a great experience with my summer classes. I found them to be at a reasonable pace, and I was given all the time and resources necessary to succeed while taking 3-5 credits each session. I would have utilized the library if it was open later on Mondays an Thursdays, and I definitely would have appreciated having the cafeteria open until at least 3:00pm.	7/28/2016 2:56 PM
383	Certain teachers such as Veronica Johnson need to cater better to the students needs in summer classes and need to not rush through the material so much. Made it very difficult and hard to understand. Did very poorly in the class.	7/28/2016 2:53 PM
384	Longer library summer hours! Longer vegetarian hours for summer. We are students the same as regular semester	7/28/2016 2:47 PM
385	I like the two sessions	7/28/2016 2:46 PM
386	Lived in the math Lab all Summer long! Keep that place rocking.	7/28/2016 2:44 PM
387	Mathematics 120 college algebra with Mr Porter was great. I hope to have him in other math related classes.	7/28/2016 2:44 PM
388	Would have preferred to take in class political science instead of online.	7/28/2016 2:42 PM
389	Bio 140 OL is great. The instructor is terrific and the format is easy to follow. It is one of the only Biology classes that has a lab attachment offered OL in CA which is a huge bonus. Wish I had found this school sooner. The price is right as well.	7/28/2016 2:42 PM
390	Add additional classes in the science field, especially in computer science.	7/28/2016 2:41 PM
391	Counsellors should let students know about academic renewal before enrolling to classes	7/28/2016 2:38 PM
392	Offer longer breaks between lecture and lab for science classes such as Bio 100.	7/28/2016 2:36 PM
393	Offer English online!!	7/28/2016 2:34 PM
394	Please take Ignacio Alarcon off the schedule for teaching. He obviously doesn't want to do this anymore and no one should have to suffer through his awful classes.	7/28/2016 2:32 PM
395	Thanks for making this survey. A week between Spring and Summer 1 would be great.	7/28/2016 2:28 PM
396	Instructors should help students more, understanding that we're learning the material in a month and not a semester.	7/28/2016 2:27 PM
397	I didn't complete either session. I have a full-time job so squeezing so much work into 6 weeks instead of the old format is difficult.	7/28/2016 2:27 PM
398	A break between Spring and Summer 1, and a break between Summer 1 and Summer 2 would be nice as having all three one after another gets to be a lot. But overall I am very glad I took the classes I did over summer	7/28/2016 2:23 PM
399	It was an interesting experience. I was blindsided by how expensive it was depending on the classes so I feel that should be addressed more. However it might have been my ignorance that is to fault.	7/28/2016 2:23 PM
400	If we could Do More Of these all year I would be thrilled. It is a great tool to have!!	7/28/2016 2:22 PM
401	More class room courses, not on line by great teachers who are wasted without personal contacts.	7/28/2016 2:19 PM

SBCC Student Survey of Two Summer Sessions 2016

402	For summer session one I enrolled into a online math class! I am a full time employee but also trying to finish some classes I need to transfer I wish I would have know sooner that I would have to take the test and quizzes on campus before I signed up because I could have arranged something with my work but I didn't know untill the first day of class when I got the syllabus and it was to short notice to tell my work what was going on! So I had to drop the class! In the future I'm not sure if all math classes online are like this were it requires u to go inside a classroom to take a test or find a proctor but I'm not familiar with any proctors at cc to take the test so it was inconvenient!	7/28/2016 2:17 PM
403	It was a really good course! I'm glad I could take it In short time and have two weeks before fall starts!	7/28/2016 2:16 PM
404	An increase in the cafe hours.	7/28/2016 2:15 PM
405	Everything was fantastic this summer. I am going to miss SBCC very much. It was such a great experience for me.	7/28/2016 2:14 PM
406	I understand summer session is harder because of the short time frame but the management class i took was much to difficult. Four to five chapter per week plus three writing assignments and a test every week was too much to handle.	7/28/2016 2:13 PM
407	I think it would be cool to offer a single, longer summer session alongside what is currently offered. A twelve week class for something that you are just taking for fun, or for a class that you need, but struggle in would probably be very popular.	7/28/2016 2:11 PM
408	I feel that my performance in session 2 could have been better supposing there would have been a week break between each session. (Spring session ends with a break between session 1, a week break between session 2, and a week break before fall) I think that a break between the sessions is vital in order for the students to process the information from the class they've just taken, and properly prepare for the next. It's also important for students to have time off, and cramming personal time into a weekend is more stress than relaxation.	7/28/2016 2:04 PM
409	It would be ideal if summer session 1 did not overlap with spring classes at San Marcos High School. This would allow me to take 1 course each summer session.	7/28/2016 2:04 PM
410	Please offer counseling APPOINTMENTS that can be scheduled online. The need to show up in person to schedule same-day appointments only weed out your working students from the ability to see academic counselors.	7/28/2016 2:02 PM
411	no comments	7/28/2016 2:01 PM
412	I believe there should be more classes offered. And a break between semesters would be much better. I got VERY tired	7/28/2016 1:59 PM
413	As noted in one of the questions, I think it would have been great to take a week break from Spring Semester to Summer Session I.	7/28/2016 1:59 PM
414	MGMT 101 has too much work to be done for a mini Summer Session class. It needs to be spread over the whole summer. I ended up dropping it for this reason. The textbook should be bound, as the loose leaf format, the pages are too fragile.	7/28/2016 1:58 PM
415	Late night Library hours or weekend hours would help augment a very abbreviated Library schedule during Summer 1 & 2. Monday - Thursday, with partial day hours on Monday & Thursday, closed Friday - Sunday is not enough library study time for 6 week abbreviated semesters.	7/28/2016 1:58 PM
416	The summer class I'm taking is not very helpful. I'm basically just reading the textbook and getting a quiz online for a grade. I wish the teacher would provide videos or more interactive coursework to aid in the course work.	7/28/2016 1:55 PM
417	Good selection, but quick to fill. Maybe more sections of maxed out classes...	7/28/2016 1:52 PM
418	More HIT classes in the summer	7/28/2016 1:49 PM
419	I love the online system they had here to get my GE's done quicker. I am now completed with GE's and very satisfied.	7/28/2016 1:49 PM
420	The Professor for Mngmt 101 requires 3 600 word essays per week in addition to weekly quizzes, midterms, etc. This requires an unrealistic amount of time.	7/28/2016 1:48 PM
421	I am very pleased with SBCC and the classes offered over the summer. I understand that certain classes like CHEM 155/156, BIO 201/202 are compacted due to high demand. The only thing that kept me from enrolling in the classes I need is priority registration dates.	7/28/2016 1:48 PM
422	Please offer CS courses, even if the extend longer than 6 weeks. Maybe 8 weeks. Maybe offer the electives such as android or IOS/Swift programming. Maybe webmastering courses. More CIS courses. Offer some kind of online or after 5pm courses for majors such as CS.	7/28/2016 1:47 PM
423	This was my first online class, and I think it went well, and I'm very happy about it. However the time commitment was over double what was listed at the time of sign up, I wasn't quite prepared to devote 20 hours a week vs the 9 listed on the class summary description.	7/28/2016 1:43 PM

SBCC Student Survey of Two Summer Sessions 2016

424	Summer sessions are the perfect length. Fast paced and over quickly	7/28/2016 1:43 PM
425	Summer session 2 class was cancelled so now I have to take it in the fall...	7/28/2016 1:42 PM
426	My professor in section 2 drop me from the class because she said that she did not have time to help me in and the best for me should be take English 111 in a regular semester ?? Not even a chance to try and I never miss a class and I always turn in my homework ??	7/28/2016 1:41 PM
427	Teachers obviously increase the workload because of the shorter session and class time, but sometimes the work adds up way too much. I took 2 summer classes and it was more work than my 5 school-year classes in the fall.	7/28/2016 1:40 PM
428	The professor should engage more with the student, not just throw a list of assignments and never respond to email.	7/28/2016 1:40 PM
429	Better information on which class will and won't be dropped.	7/28/2016 1:39 PM
430	8 weeks might be better than 6 and more degree applicable classes would be helpful	7/28/2016 1:37 PM
431	I love that SBCC offers two summer sessions. I think it is very beneficial to students trying to complete their coursework.	7/28/2016 1:36 PM
432	A mini break in between both summer session. I was fine with going straight to Summer Session 1 but felt very drained and tired once Summer Session 2 started.	7/28/2016 1:36 PM
433	Longer break in between sessions	7/28/2016 1:36 PM
434	In general, many of my professors have not updated grades until the very end of the semester. It would be nice if the professors continually updated throughout the course so there isn't a shock at the end of the course, and two so if there is an error it could be addressed promptly.	7/28/2016 1:35 PM
435	For 3 unit online summer classes the professors should give you more than 4 days to complete the first week. He wanted everything due Thursday instead of Saturday or Sunday. For a working employee this was too fast and I had to drop the class. I needed this class for my degree but now I have to wait. He also didn't tell us what book we needed until the Monday the class started, that was crappy.	7/28/2016 1:34 PM
436	I needed to take anatomy and physiology this summer and found it difficult to do both. Given both classes have a heavy work load, I would've liked to have one of courses in summer session 2 so I could've had the opportunity to focus on one course in session 1 and another in session 2.	7/28/2016 1:33 PM
437	6 am summer sessions are entirely too short to cover 16 wks work of material. I attempted to take math100 but had trouble with 1 day of material and could not continue. I also had an EOPS TUTOR but still had to withdraw from the class as not to have a unsatisfactory grade on my transcript. Again too much material too fast to really do well.	7/28/2016 1:33 PM
438	A week between regular and summer classes would benefit every student psychologically and physically.	7/28/2016 1:32 PM
439	I registered for a class in Summer I term, but then realized that since the class was so condensed, I would have to read about 50-70 pages per week of a very complex textbook. There was no way I could do that, since I am working full time. So I dropped the class before it began.	7/28/2016 1:30 PM
440	Make sure we can add the class at the first day of the class and instruct our teacher to provide add code on the first day.	7/28/2016 1:29 PM
441	I liked the summer course I took. The only issue was that my instructor was not very helpful. His instructions were vague for the essay requirement and the quizzes/tests contained very specific information that were never in the notes and were barely mentioned in the text	7/28/2016 1:27 PM
442	Communication in what is offered I didn't know about some cool classes that I would have enrolled for if I had known about them	7/28/2016 1:25 PM
443	It all went pretty smoothly.	7/28/2016 1:25 PM
444	I love these fast paced summer classes. I enjoy the variety of classes that are offered as well.	7/28/2016 1:23 PM
445	Financial aid sucks. They need to be more attentive and respond to their students. I got no aid because of the dumb financial aid advisor who says she'll call back within 24 hours but doesn't even though I've called every day so far.	7/28/2016 1:21 PM
446	I am a dual enrollment student so summer 1 is hard due to the overlap with finals at high school.	7/28/2016 1:20 PM
447	More extra credit points or other ways to get points towards grade	7/28/2016 1:20 PM
448	SBCC is an amazing school!	7/28/2016 1:18 PM
449	I did not complete the course I felt it was too much work for that short period of time.	7/28/2016 1:17 PM
450	i love SBCC !	7/28/2016 1:17 PM

SBCC Student Survey of Two Summer Sessions 2016

451	Ha! That class was my last for my AA & Igetc. I stayed in it so I could finish my goals, but it was the absolute worst of all my years at SBCC. The prof literally copied and pasted her responses to multiple students on the forum acting as if the responses were unique to each student. She changed deadlines constantly and too close to do the work (I did the work and got my A, but she was just terrible). Oh and her comments on essays were just pointless. My favorite (sarcasm) part was when she told students the incorrect information on which anonymous comments were her's so students would then follow 'peer review' comments as if they were the professor's! So stupid. It resulted in just stupid, incorrect 'corrections' to their essays! What a waste of time for so many people. So, how about, my comment to help SBCC better meet my summer class needs is make sure the professors have a clue how to use moodle.	7/28/2016 1:16 PM
452	Offer courses such as AJ 101 in summer 2 as in class in addition to online. These classes for majors or AA in liberal studies should have at least one class that is traditional in class in addition to online options.	7/28/2016 1:16 PM
453	The faster schedule was challenging, but doable. I would suggest that exams be given in Monday to allow for studying over the weekend. Our class had three days of instruction and then an exam every Thursday, which did not allow sufficient time to review.	7/28/2016 1:16 PM
454	Moodle and McGraw Hill smart books are worthless.	7/28/2016 1:16 PM
455	I think the one to two week break before the fall session is more important than the break proposed before the summer session. Thank you!	7/28/2016 1:15 PM
456	I love this new summer session schedule because it allows us students to progress quickly with our class requirements.	7/28/2016 1:15 PM
457	I know it's hard to include summer art courses because of the time frame and studios require more time, but it would be great if there were more art/graphic design courses offered. I have my BA from a university and am takin courses to expand my career options and the summer is always a great/easy time for me to pick up one class. The class I took was interesting but I really only took it because it was he only option offered	7/28/2016 1:14 PM
458	I have Professor Black for History 102, and she is the most FANTASTIC teacher ever! I have learned so so much information since beginning this class, and I have already started telling all of my friends to take in her class next year. She does a great job of making the class so interesting, and it has been so much fun this summer completing my history requirements for high school with such a phenomenal teacher!	7/28/2016 1:13 PM
459	A break between both summer sessions would be a god send.	7/28/2016 1:13 PM
460	Summer session are heavy. A lot of homework and sometimes we can not catch alll the information	7/28/2016 1:13 PM
461	I would prefer the required English and Math classes be offered at SBCC rather than have to enroll in a different school to accomplish this.	7/28/2016 1:13 PM
462	I've had pleasant experiences with great professors, keep doing what you're doing!	7/28/2016 1:11 PM
463	I had hoped to enroll in Summer 1, but it took some time for my transcripts to arrive from other universities and colleges, so I missed the deadline. However, once my transcripts were received at SBCC, the process to review and approve my pre-req verification form was quick and smooth. Thank you!	7/28/2016 1:11 PM
464	If an online class requires exams at SBCC, please specify that in description better.	7/28/2016 1:11 PM
465	Make all terms between 8 and 10 weeks. Maybe even 12. Well, 11. This way we still have the same amount of week per year.	7/28/2016 1:10 PM
466	The fact that I had to pay over \$100 for an online book that I cannot sell back and will not be able to access once the class is finished is appalling. There should always be a printed text option so someone who does not have a lot of money, like most students, can sell it back when they are finished, or better yet simply rent it or check it out from the library. I was very disappointed by that.	7/28/2016 1:09 PM
467	I think it's perfect, but maybe instead of two weeks break between session 2 and fall, there could be one week break between session 1 and 2 and one week break between session 2 and fall. Thanks for everything! =]	7/28/2016 1:09 PM
468	computer science department lacks in necessary courses needed for a quicker graduation	7/28/2016 1:09 PM
469	Library is closed on the weekend, and my online quizzes and midterms are only to be taken between Friday-Sunday. It's risky to take then on my own laptop because if anything happens the professor won't accept my excuse since he has mentioned that he will only accept excuses as long as they happen in the library.	7/28/2016 1:09 PM
470	Jeff Grey should be way more prepared to teach high level math. Seriously. It is pretty bad. He openly admits to being a bad teacher for math 220.	7/28/2016 1:08 PM
471	Thanks for offering online classes unavailable elsewhere! Pharmacology & pathophysiology!	7/28/2016 1:08 PM
472	Kee doing 2 summer sessions	7/28/2016 1:07 PM
