EXPOSURE TO BLOOD or OTHER POTENTIALLY INFECTIOUS MATERIALS

If you are exposed to blood or other potentially infectious materials:
   1. Immediately wash area(s) with soap and water and use an emergency eyewash or shower for 15 minutes.
   2. Obtain medical help.
   3. Notify your supervisor.
   5. Document the incident by filling out an Incident Report Form located at http://www.sbcc.edu/adminservices/.
