

SANTA BARBARA CITY COLLEGE
2007-08 CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION BREADTH PATTERN

The General Education Breadth Pattern (G.E.B.) for the California State University system (CSU) specifies courses within subject areas that will satisfy the 39 lower division G.E.B. requirements at any campus of the California State University system.

Students can transfer up to 70 semester units from a community college.

I. CSU ADMISSION REQUIREMENTS - FALL 2008

A Santa Barbara City College student who is planning to transfer to one of the campuses of the CSU system can qualify for admission by meeting the following requirements:

1. Lower Division Transfers: (1 - 59 semester units) Some campuses restrict enrollment of lower-division transfer students. California residents may be eligible for admissions with fewer than 60 transferable semester units (90 quarter units) if they: 1) Have a college grade point average of 2.00 or better in all transferable college units attempted; 2) Are in good standing at the last college or university attended, i.e., eligible to re-enroll; 3) Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies they had in high school if they did not complete the 15-unit (a-g) pattern of college preparatory subjects; 4) Meet the eligibility index required of a freshman. Some campuses may require lower-division transfer students to have completed English composition and general education mathematics prior to transfer. Some campuses do not admit lower-division transfer students. Contact your campus of choice to determine whether there are admission limits on the number of lower-division transfer students. **Note:** Students who completed college units before they graduated from high school or during the summer between high school graduation and CSU enrollment are considered first-time freshmen and must meet those admission requirements. For more information regarding general education and pre-major requirements, please consult with a counselor and visit www.assist.org.

2. Upper Division Transfers: (60 - 70 semester units) You are eligible for admissions with 60 or more transferable semester units (90 quarter units) if you: 1) Have a college grade point average of 2.00 or better (2.40 for non-California residents) in all transferable college units attempted; 2) Are in good standing at the last college or university attended, i.e., you are eligible to re-enroll; 3) Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of courses equivalent to general education requirements with a grade of C or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course of at least 3 semester units (4 quarter units) required in college-level mathematics.

II. CSU GENERAL EDUCATION BREADTH OBJECTIVES AND REQUIREMENTS

Santa Barbara City College (SBCC) strongly recommends completion of the SBCC-CSU lower division G. E. B. pattern (39 units minimum) prior to transfer. Completion of the G.E. requirements is not required for admission to CSU. However, students who do not complete all the lower division G.E. requirements will not be fully "certified." As a result, these students will be subject to additional G.E. requirements after transfer. Some campuses are moving toward requiring full completion of lower division general education before transfer. Please refer to the respective CSU campus catalogue for campus-specific G.E.B. requirements. Students have the option of completing IGETC to fulfill the G.E requirements for CSU. For more information about IGETC, visit SBCC's website at www.sbccc.edu/transfercenter/Igetc.pdf.

Students may not use the same course to satisfy more than one area (double counting is not allowed) except for the American Institutions Requirement (A.I.R). See shaded area on next page.

In order to graduate from the CSU, a minimum of 9 additional upper-division semester units from areas "B", "C", and "D" must be completed at the student's CSU campus of choice after transfer.

III. SBCC's CSU CERTIFICATION PROCESS

A) Students transferring to the CSU must request that official SBCC transcripts be sent from the SBCC Admissions and Records Office to the CSU of their choice. A separate request for G.E. certification must be submitted to the Transfer Center after the student's **last semester** in attendance at SBCC.

B) Coursework completed at other regionally-accredited two or four-year colleges will be used in the CSU certification process if the content is appropriate to meet GE requirements. Students must attach copies of their transcripts from other colleges to their request for CSU certification. Certification request forms can be obtained in the Transfer Center.

C) Official transcripts from other colleges must be on file in the SBCC Admissions and Records office. The student must request from other accredited colleges or universities that official transcripts be sent to the Admissions and Records office at SBCC.
