Cal Poly San Luis Obispo Transfer Supplemental 1 & 2 and Major-Related 1, 2, 3

Completing the application accurately is a Cal Poly SLO admission requirement. It is critical that you record the courses in the appropriate section on the application to ensure that you receive the maximum points for having the requirements completed.

You will need the following Materials/information:
- Printed copy of your SBCC transcript – available in Pipeline. Click on Student Records then on SBCC Free Unofficial Transcript
- All other college transcripts and AP or IB exam results, if applicable
- Articulation agreement for your major for Cal Poly SLO and SBCC available at [http://www.assist.org/web-assist/SBCC.html](http://www.assist.org/web-assist/SBCC.html)

**TIPS**
- Start 1st with the Major-Related Courses 1, 2, 3 section on page 15 in the Cal Poly SLO application.
- Use the Skip and Jump link on the left side of the page to go to page 15.

**Major-Related Courses 1, 2, 3**

Major-Related Courses must be reported only in the Major-Related Courses section not in the Transfer Supplemental 1 or 2 sections.

Use the following process to determine which courses are designated as Major-Related 1, 2, or 3 and need to be reported:

**SBCC Courses**

1. Go to page 15 in your Cal Poly SLO application.
2. Scroll down until you see the Major-Related 1 section and then click on the *green INSTUCTIONS* tab.
3. If your major is not on the chart you do not enter any courses in the Major-Related 1, 2, 3 sections. Not all majors require courses to be reported.
4. If your major is on the chart, you will also see the titles of the Cal Poly SLO courses that need to be reported in each section.
5. Go to [www.assist.org](http://www.assist.org) and pull up the articulation agreement between Cal Poly SLO and SBCC for your major.
6. Use the ASSIST articulation agreement to find the CPSLO course title and the equivalent SBCC course that satisfies the requirement.
7. Enter the units and the grade or IP/PL for each course. If there is no equivalent SBCC course you will not report that requirement.
8. Put a check mark next to the course on your SBCC transcript so you know you have entered the course on the application. *Remember: Do not enter the same course more than once on the Transfer Supplemental and Major-Related 1, 2, 3 sections.*

**Courses from Other California Community Colleges**

Use the same process outlined for SBCC courses but use the articulation agreement from the other community college/s you attended.

**Courses from California 4-year Universities and Out-of-State Colleges and 4-year Universities**

If you are using non-California Community College courses, please consult with a counselor.

**Transfer Supplemental 1 & 2 Sections**

1. You need your SBCC transcript and the Transfer Center’s Cal Poly SLO 2015-16 Transfer Supplemental Guide to complete these sections.
2. Start with your 1st term at SBCC and if the courses you took are on the Transfer Supplemental Guide, circle the course. Repeat this process for the courses from all your terms including Fall 2014 & Spring 2015.
3. Enter the courses in the appropriate section in the Transfer Supplemental 1 & 2 and then put a check mark by the course after you have entered it.
4. You can enter four courses per section.

**Courses from Other Colleges**

Please consult with a counselor.
