Creating Your “Short List” of Possible Transfer Majors

This is a quick exercise that allows you to create your “Short List” of possible transfer majors. Trust your first instinct. Don’t spend time “over-thinking” your responses.

**Step 1:** Go through the list and cross out all the majors that you know you would never pick.

**Step 2:** Go through the list again and:
- Put a check mark by all the majors that sound interesting to you.
- Put a question mark by the majors that you might be interested in.

### List of University Majors
