

Hello, everyone! I am excited about the opportunity to join the Associated Student Government at SBCC with the goal of making it the best school in America. Here, I experienced homesickness, which was alleviated by participating in club-organized events. These experiences inspired me to run for ASG, focusing on enhancing mental health support, improving campus safety, and actively planning diverse student events.

I plan to enrich mental health resources to ensure that all students can reliably access the support they need and to organize wellness and social events to foster a connected community. For safety, I will work on enhancing security measures and ensuring well-lit campus areas to make SBCC safe at all times.

Furthermore, I want to lead events that cater to various interests, contributing to enriching our academic and social lives. Although English is not my first language, my determination to make a positive impact will help me overcome this challenge.

Together, we can make SBCC a more inclusive, secure, and vibrant place for everyone. Thank you for considering my candidacy; I look forward to working with you all to achieve these goals.
