

## Office of Equity - Umoja Program

Isaac Jimenez

Submitted by Casey Ysaguirre

Isaac is truly a definition of "ten toes down" for the community. He has been an Umoja student since Spring 2020 and his presence in Umoja surpasses that of in person charisma and big personality. Isaac has always been an advocate for the Umoja community especially with the football team. He consistently speaks highly of the program and its benefits to anyone who will listen and persistently echoes the needs of the Umoja students who are also his team mates and more so always passes along any messaging needed to keep student athletes up to date. Isaac is a leader, an outstanding student and an outstanding Umoja community member.
