

Santa Barbara City College has changed my life in the most positive way. This school gives me hope, challenges me, and makes me a better person. I want to be Vice President of External Affairs again because I want people to see SBCC the way that I do. I want to be a leader, a friend, and a supporter to all. If I am elected as VP of external affairs I will strive to always speak on behalf of the students, be impeccable with my word, and always be a positive influence on those around me. I will make sure students are educated on the resources available to them and I will also make sure that I am up to date with happenings around the school. I will stand up for what is right and never let anyone be forgotten or left out. I will be assertive with my communication and hold myself accountable. I will be the change I want to see and handle any issue that comes my way with grace, empathy, and compassion. SBCC and the ASG hold such a big place in my heart and I want to serve my community, the students, and this school.
