

Sophia Kofoed - Student Trustee

My name is Soph Kofoed and I'm running for student body president at SBCC with a mission to increase community engagement and belonging for all students on campus.

My values center around equity and inclusion. I want to make sure that every student has a voice and feels like a valuable member of the SBCC family. That's why I plan to create a committee that welcomes you on the first day of each semester, with trained volunteers posted around both campuses to help you find your classes and answer any questions you might have.

I also want to make sure that you have access to healthy, affordable snacks on campus so that you can attend class with a full stomach and focus on learning. And if you're struggling with the housing crisis, I plan to develop a support system to help you find affordable housing, with counseling sessions available to provide advice on everything from finding housing to financial planning.

Mental health is another area of focus for me. I want to increase events to promote mental health around campus and make mental health services more accessible, especially for homeless students. And to keep you informed and involved, I plan to create a weekly email newsletter to share updates and provide a platform for you to communicate your problems and ideas.

As a dedicated student, hard worker and action-taker, I'm committed to making SBCC a more inclusive and welcoming environment for you. I want to hear your problems, your opinions, and your voice. Together, we can make SBCC a better place for all students.
